## OUR LADY OF SORROWS

In shade of death's sad tree stood doleful she.  
 Ah, she, now by none other  
 Name to be known, alas, but Sorrow's Mother.  
     Before her eyes,  
     Hers, and the whole world's joys ,  
 Hanging all torn she sees; and in his woes  
     And pains, her pangs and throes:  
 Each wound of His, from every part,  
 All, more at home in her one heart.

What kind of marble, then, is that cold man  
 Who can look on and see,  
 Nor keep such noble sorrows company?  
     Sure, e'en from you  
     (My flints) some drops are due,  
 To see so many unkind swords contest  
     So fast for one soft breast;  
 While, with a faithful, mutual flood,  
 Her eyes bleed tears, His wounds weep blood.

RICHARD CRASHAW (1613-1650)

## Editorial

### Golden Jubilee

Our readers will notice that this year we have appeared in a new cover, which is in honour of the Golden Jubilee of the Marist Brothers Old Boys' Association, for we, in Johannesburg, have once more had the opportunity of celebrating a jubilee year. This time, the Old Boy's Association has followed in the steps of the Colleges and we have to congratulate the Old Boys' Association upon its Golden Jubilee.

Many of the old boys will be able to recall the names of the old stalwarts, who banded themselves together as a nucleus, which to-day has grown up to be the senior Old Boys' Association on the Witwatersrand, an honour of which we are very proud.

We, of the present generation, owe a great debt of gratitude to those who laid the trails and worked so hard to form our Old Boys' Association and who did so much to further the aims of all matters connected with the name of Marist in Johannesburg, whether it was on the sports field, in the class room or in the wider sphere of the professional and business worlds.

Space does not permit the recording of all the names of those great men who strove so valiantly to further and develop the Old Boys' Association

during the past fifty years, but we cannot let this opportunity pass, without commemorating the name of our dear friend, the late Clarrie Becker, who is recognised by us as the founder of the Marist Brothers Old Boys' Association in Johannesburg. We perpetuate his memory on the bowling green at the Old Maristonian Club and we here pay tribute to the great work done by this grand Old Maristonian.

Upon this occasion, we should also like to pay tribute and say thank you to the Marist Brothers for the encouragement and assistance, which they have rendered to the Old Boys' Association at all times. We Old Boys do really appreciate their hospitality and friendship, and trust that the great bond of good fellowship which has existed between the Brothers and the past pupils of the school shall continue, for we feel that this vital link with the "Old School" is one of our most treasured possessions. We pray, that God may grant abundant graces to the Members of the Marist Order, so that their work may flourish and that the youth of Johannesburg and elsewhere will be able to reap the benefits of their labours and in turn, the Old Boys' Association and the Old Maristonian Clubs throughout the country go from strength to strength.

## Greetings

The Brothers extend their best wishes to Parents, Pupils, Old Boys and Friends for a Christmastide fraught with Blessedness and for all Happiness in the Coming Year.

## *Golden Jubilee Dinner and Ball*

The Annual Dinner this year was held on Saturday, 6th October, 1951, in the new hall at the Observatory College. This event was a real fitting celebration for our Golden Jubilee Year. Many old friendships were renewed and a very healthy spirit of conviviality and hospitality prevailed.

Over one hundred and fifty old boys gathered for this function and much reminiscing prevailed during the evening.

Among our guests of honour were the Rt. Rev. Bishop W. P. Whelan, O.M.I., D.D., Councillor I. Attwell, Deputy Mayor of Johannesburg and five of the members of the original Marist Old Boys' Association Committee in Johannesburg, namely, Frank Lucas, K.C., Arthur Lawson, Reg. Smith, F. C. W. Ingle and J. M. Kennedy.

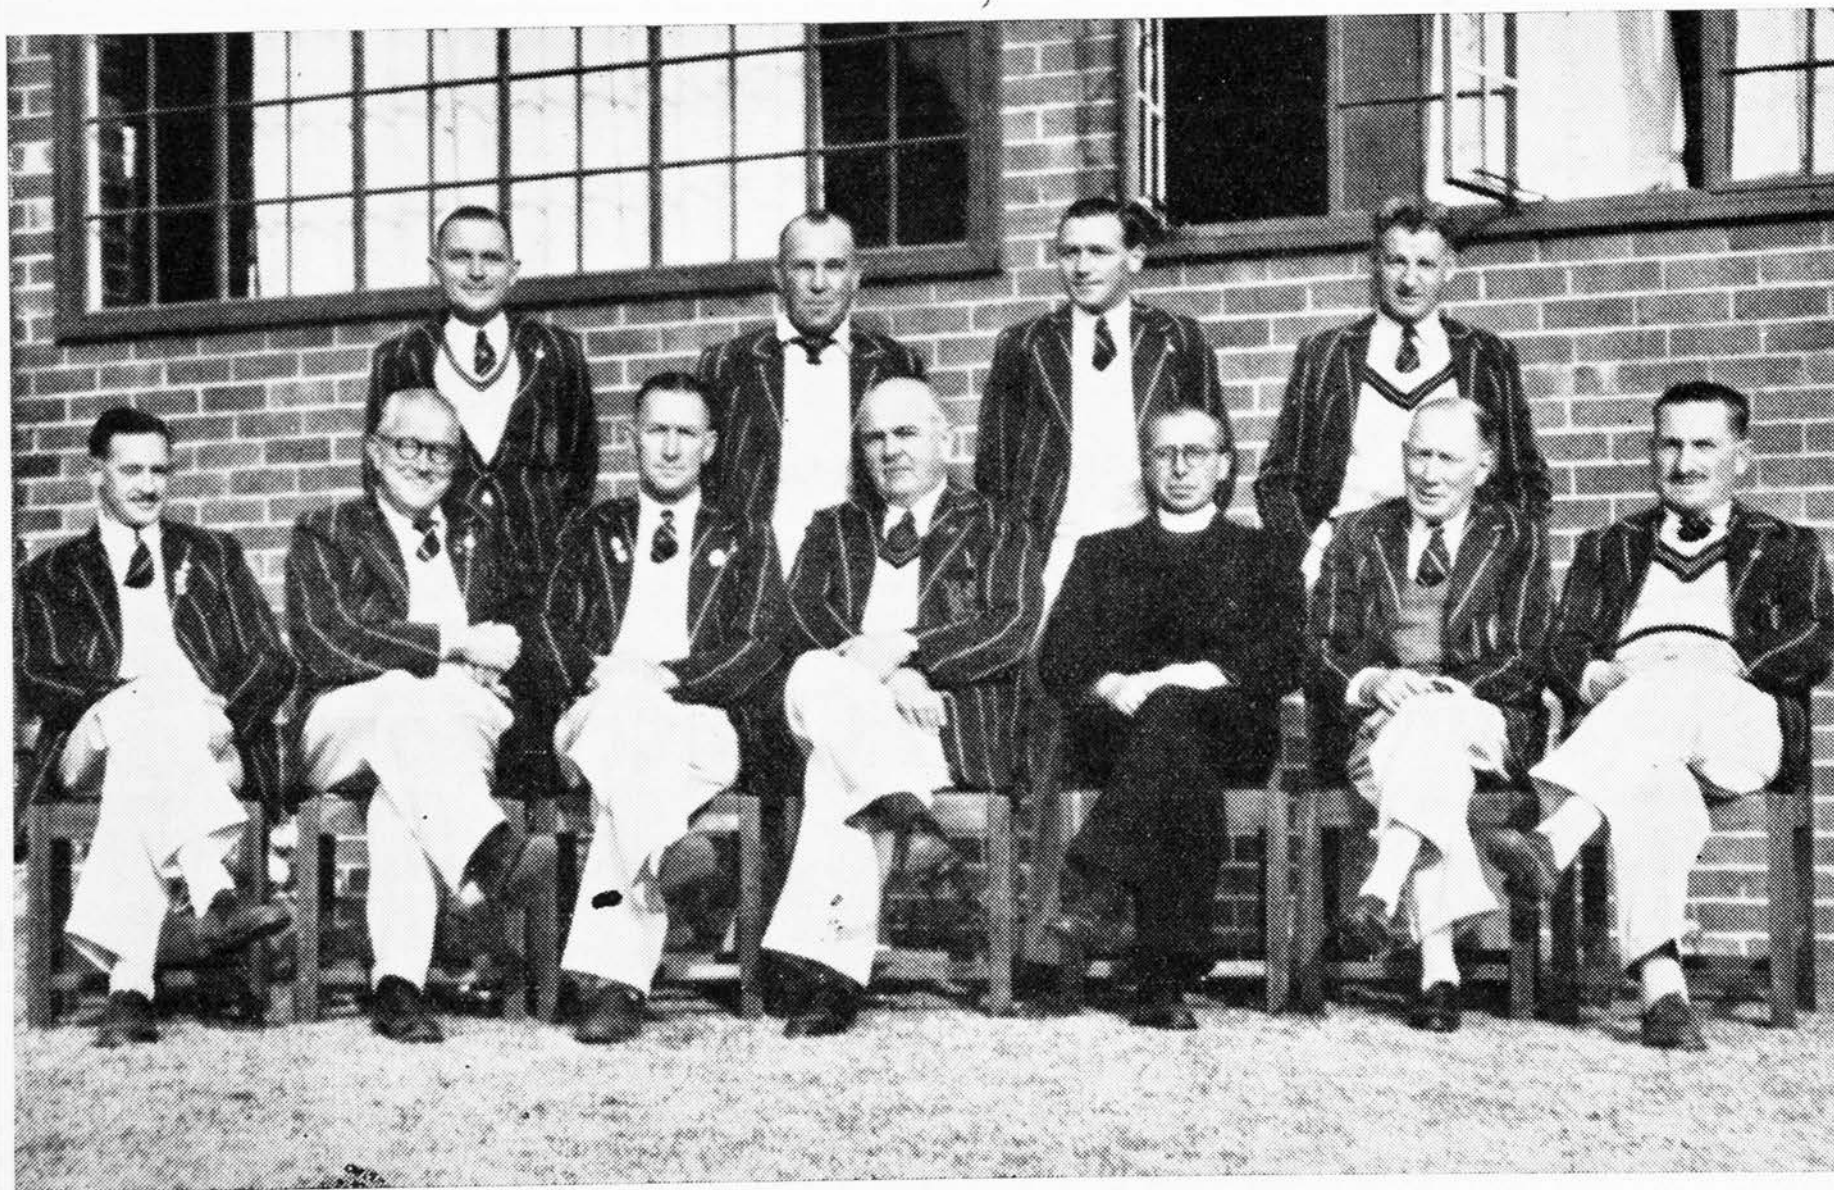

The principal speakers during the evening paid tribute to the late Clarrie Becker, and those, who with him, founded the Marist Brothers Old Boys' Association, and tributes were also paid to the members of the Marist Brothers Order for the

magnificent work they have accomplished in this country.

A vote of thanks was proposed by Bro. Conall to the Chairman, Mr. F. G. Hoppert, and the Honorary Secretary, Mr. F. Anderson, and to the members of the Committee, who were responsible for the organising of this dinner, which has been acclaimed as the best dinner yet held by the Association in Johannesburg.

On Thursday, 11th October, 1951, the Golden Jubilee Ball was held at the Selborne Hall. On this occasion we were honoured in having present with us, the Mayor and Mayoress of Johannesburg, Councillor and Mrs. C. F. Beckett. Brilliant were the frocks worn by the ladies that evening and the wearers added to the enjoyment of a grand evening's entertainment.

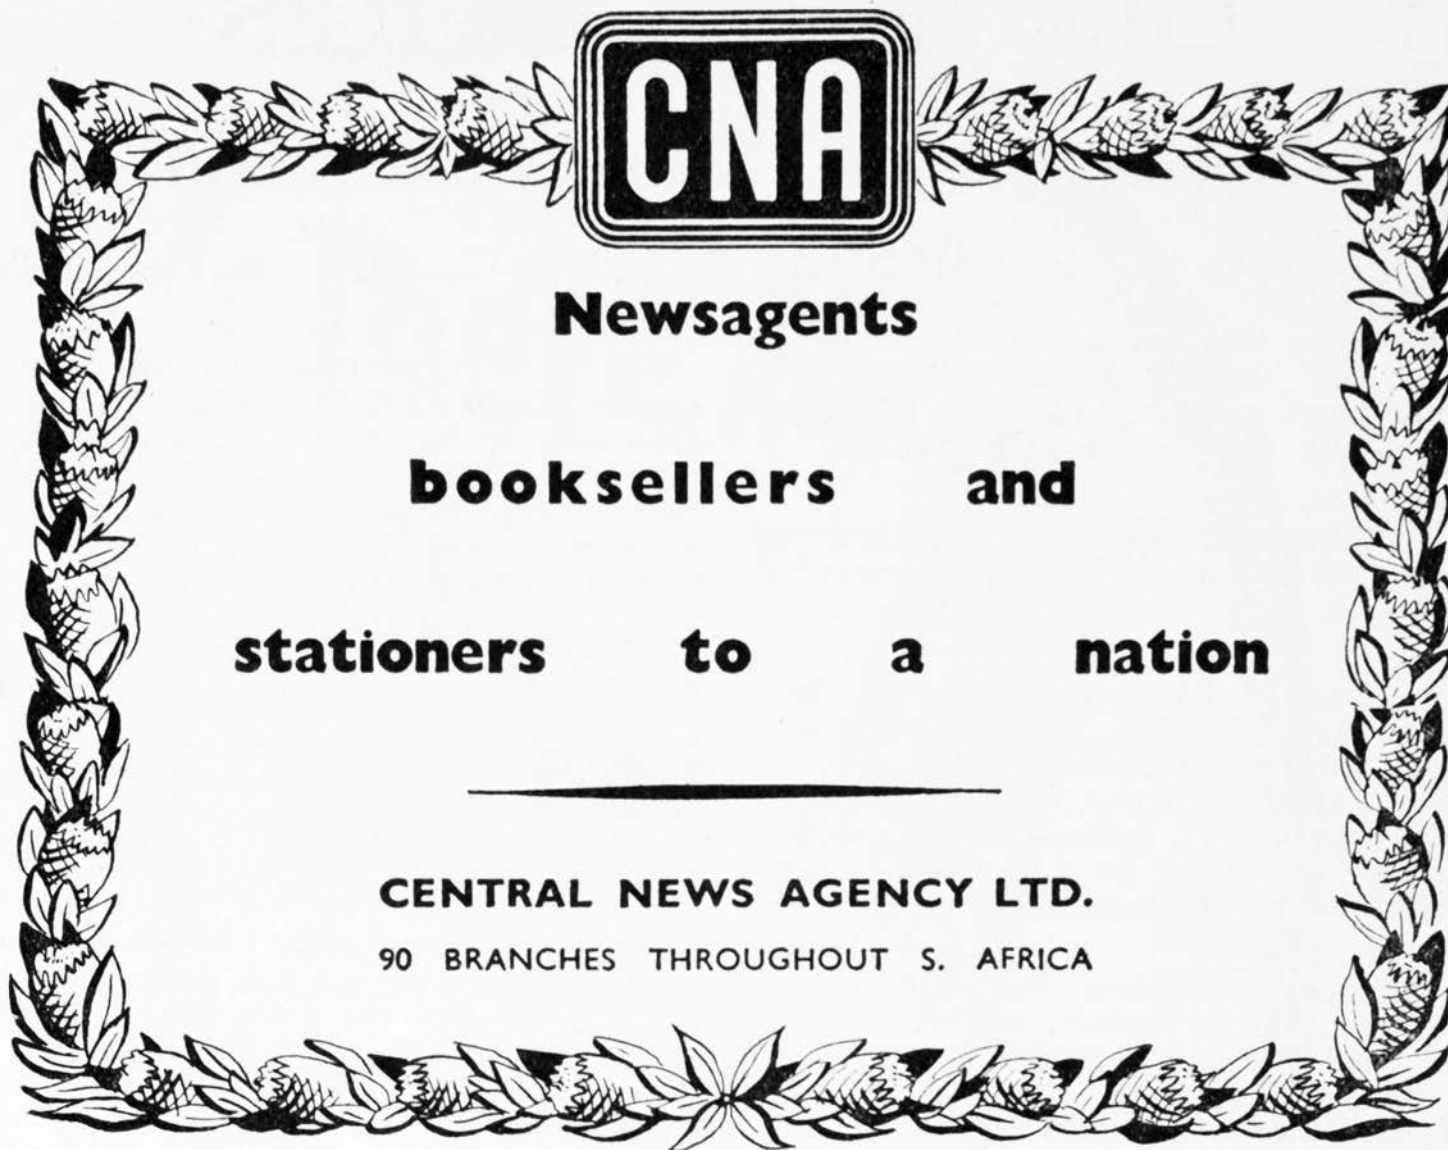

We wish the Marist Old Boys' Association in Johannesburg long life and prosperity and may God guide it through the years ahead and may it serve Marist Brothers in the future as it has in the past. May the Blue and Gold forever be at the top of the Standard.

# BOB GOES AROVING

Most Old Boys in touch with local affairs know that Bob Effren, who left school more years ago than anyone cares to remember, but has never left the Old Boys Association, since he first joined and has moreover spent himself in its service, went to Europe on a holiday trip last year. Since his return he has had many tales to tell of his experiences on the trip, but every effort has failed to get him to write an article for the Maristonian. The editor, however, was not to be outdone and so laid a trap for him. He chose the writer to carry out the task whether because I am a very young reporter or else because he felt that I was so innocent, Bob would fail to see through my desire to be regaled with yarns about European affairs. However, the afternoon was pleasant, the Triangular Sports were on at Inanda, the tea (genuine tea) had been good and Bob was in reminiscent mood. Yet there were snags. I am no shorthand typist nor was there one available and had there been, Bob would have smelt a rat. He told me much more than appears here, but there is sufficient to show how observant he is and what a lover of all things Marist.

His first stop after leaving Johannesburg, was Cape Town. While waiting for his boat he went out to St. Joseph's College at Rondebosch and there bumped into Father (now Monsignor) Galvin. As Father is one of the Johannesburg Representatives on the Marist Federation, they had a long chat about things Marist. Later he went to see the new Marist venture, the Marist War Memorial Club, and in the evening he attended a Show in aid of the Club, given in the College Hall. Here he was introduced to the men who had battled to build the Club, a battle that was not in vain as results now show.

After a short stay in England, Bob crossed the Border to Scotland, and of course, called at St. Joseph's College, Dumfries, where he was welcomed and entertained by the Principal, Rev. Brother Joseph. Brother took him around the classes and introduced him as an African Old Boy. Although the Boys were glad to see him they were somewhat disappointed that an African Old Boy should look so fair. Nevertheless, Bob was delighted by the welcome and as an Ex-Chairman of the Old Boys Association away back home, he was struck by the beauty of the War Memorial Chapel erected by the Old Boys of St. Joseph's, following the first World War. He was also taken over Mount St. Michael's, the Headquarters of the Marist Brothers in Great Britain and Eire, and but a stone throw from the College. Here he was introduced to several of the Brothers and brought away pleasant recollections of his short stay. Following a few weeks spent in England he took his car to the Continent and made a bee-line for Genis Laval, the Mother House of the Marist Brothers in the World. Here he felt at home, because he was entertained by Reverend Brother Superior General, Brother Leonida, whom Bob had officially entertained when in South Africa. He told me he felt like a member of the family by the time he had been introduced to several of the Members of the General Administration. Bob was entertained right royally by the Superior General and Rev. Brother Augustine and was presented by

Reverend Brother with delicious samples of the wines and liqueurs made by the Marist Brothers. This impressed Bob very much, because he never dreamt that the Brothers had ever attempted anything beyond Education!

From France he crossed into Italy and so to Rome. He was impressed by the magnitude of St. Peter's and by the tremendous crowds that the Holy Year had brought. One thing that disappointed him greatly was the fact that while he was away from home, the Secretary of the Old Boys Association in Rome, had sent a Circular Letter around the world, notifying all Old Boys that when they found themselves in Rome, they were to phone him and he would find accommodation for them and have them entertained while in the Holy City. Great was Bob's disappointment when he heard what he had missed, more especially as he would have been assured of a royal welcome and of a sort of official tour of Rome. If I know anything about him, I feel that he will one day visit Rome again.

It was growing dark by this time and the victors and vanquished were leaving the field when Bob suddenly said: "Have I ever told you about my trip to U.S.A.?" I assured him he had not and so I suddenly felt myself sailing past the Statue of Liberty and joining in the whirl of life on Broadway. In spirit we visited that magnificent pile of buildings known as St. Anne's Academy. Here Bob had been greeted by the present Provincial, but the then Principal, Brother Thomas Austin. Bob could not say enough in praise of this wonderful building. Later he went to Mount St. Michael's in the Bronx where he met an old International Soccer Player in Brother John and also a Brother Nicholas, who was very helpful in the matter of showing him round.

Shortly after he visited the College in Philadelphia. Before that, however, he visited a group of Old Boys engaged in an American Rugby practice. Unfortunately, however, he had no Brother with him and although they made him welcome they would not practise while he remained. Bob has a shrewd suspicion that they feared he might issue a challenge to bring over a team of Springboks and they were really afraid he might discover some weaknesses. Be that as it may he lost his one opportunity of seeing American Old Boys in action. Here again I feel that he will repeat his visit.

Darkness had now fallen and as Bob was getting ready for his East African trip, I had to release him in the full assurance that if he found anything of Marist interest during future wanderings over the globe, I should score a scoop as far as he was concerned.

## PERSONALIA

We, Old Maristonians in Johannesburg, extend to the parents of Bro. Justin our heartiest congratulations upon their Golden Wedding, which they celebrated recently. We hope and pray, that God may grant these two parents long life and happiness.

## *College Notes*

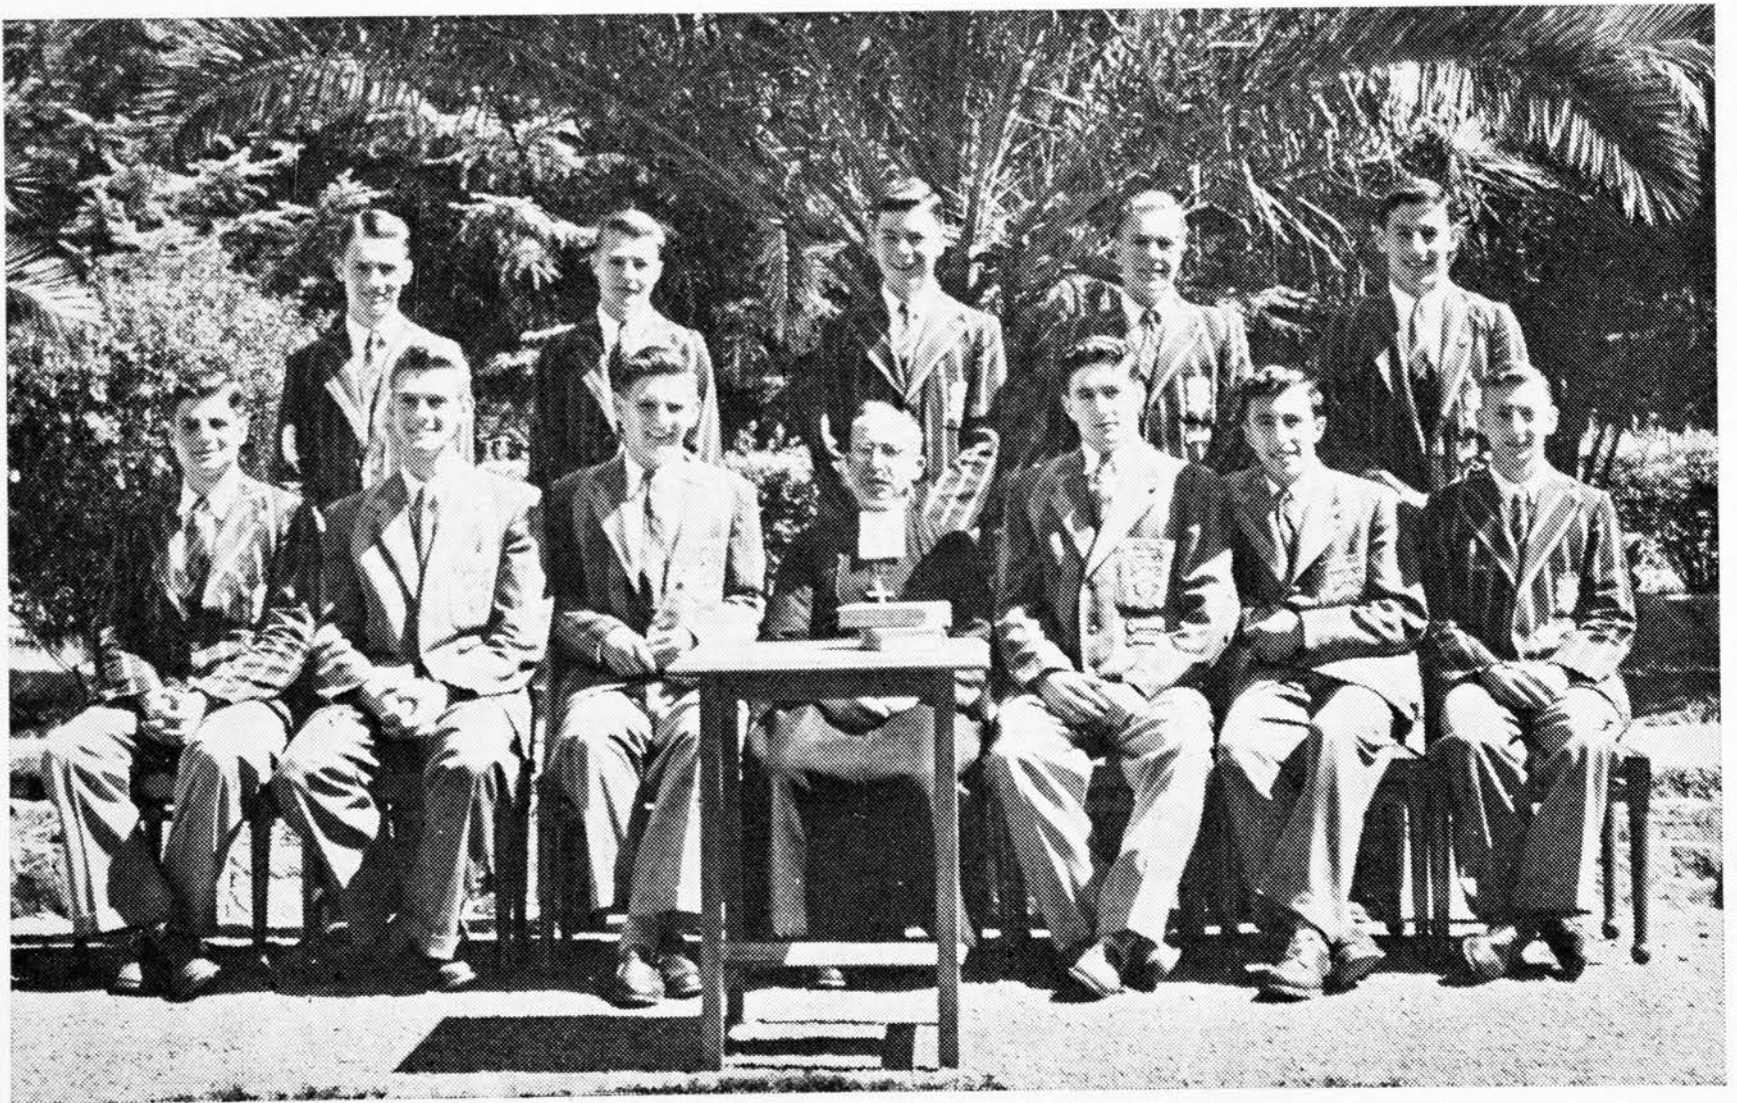

On Easter Sunday we were agreeably surprised to learn that Rev. Brother Justin, Provincial, had been appointed the Assistant Superior General of the Marist Brothers with jurisdiction over the British Empire. We felt all the happier when we remembered that Reverend Brother had once been Principal of the College. We have also realised that he will now be in a position to further the interests of the Marist Brothers of South Africa and we can rest assured that he will not forget Johannesburg, a place of which he was very fond.

We were not left very long to wonder who would take Brother Justin's place, because we soon learned that it was to be our own very popular Principal, Brother Raymond. Those of us who have been here for any length of time were not in the least surprised at the news. Brother Raymond has all

the qualities necessary for his exalted office and the record of his hard work at Observatory is a guarantee of his success as the Brother Provincial of South Africa.

On our return after the July Holidays, we found that a new Principal had taken over in the person of Brother Conall, who had been here for short period during the early years of the War, but had left for Rondebosch, where he spent eight years at St. Joseph's College. We take this opportunity to wish him a successful term of office.

We sadly miss Brother Marcellin, who, owing to a long spell of illness, has had to take an enforced rest at the coast. We pray heartily for his quick recovery. He celebrated his Golden Jubilee this year and we sincerely hope he will be spared to us for many a long year.

# THE GRAND CONCERT

HELD ON THE OCCASION OF THE OPENING  
OF THE NEWLY RENOVATED HALL ON  
FRIDAY AND SATURDAY 8th and 9th JUNE,  
1951

The announcement of this concert under the above title on the beautifully printed programme was the culmination of much hard work and to take the words of one of our leading statesmen "much blood, sweat and tears."

The idea of the show was born about three months before when Mr. Dunford and I approached Bros. Anthony and Peter and suggested that it might be an idea to put on a show on the new stage. They were very keen and so we asked the headmaster Bro. Raymond, who gave us permission. Bro. Jordan was made the chairman of the committee, Bro. Berthold, treasurer and Bro. Adriaan in charge of the "Programme advertising." Bro. Anthony and I were in charge of production, Mr. Dunford in charge of the music. Bro. Peter was the stage manager, a job that he did very well.

We called for talent and the individual items began to rehearse. Every day every break they went until finally on the 5th June, we had our first dress rehearsal. This turned out to be not too bad and the next night we had the final dress rehearsal. Bro. Raymond attended and passed the Programme and we were ready for the "Show."

Bro. Adriaan had in the meantime filled the Programme with advertising and this was very encouraging. The amount of work that he did to do this can never be described. Bro. Jordan had organised chairs from all over the place and on Friday night at 7 p.m. there were 800 chairs in the hall. Bro. Berthold's tickets had been sold and everything was to go on.

The first act "the Overture" by the school orchestra began and was very well received. I wondered if the audience knew of the amount of work that had been put into the music for the "Show."

The next act "the Ten Little Nigger Boys," by Std. 1, was very well received. These little boys excelled themselves and again I thought of the hard work for that item put in by the Teacher of the class and the parents of the boys. The costumes were grand. They were all cut out by Mrs. Nortje.

The next turn, a song by Ruth Heynes with George Thompson at the piano was also well applauded. I now began to feel that the "Show was going to be a success."

After the song we had dancing by the girls of the "Maguerite Harker School of Dancing." This dancing was all of Spanish Folk Variety. It was very well done and the audience enjoyed it very much.

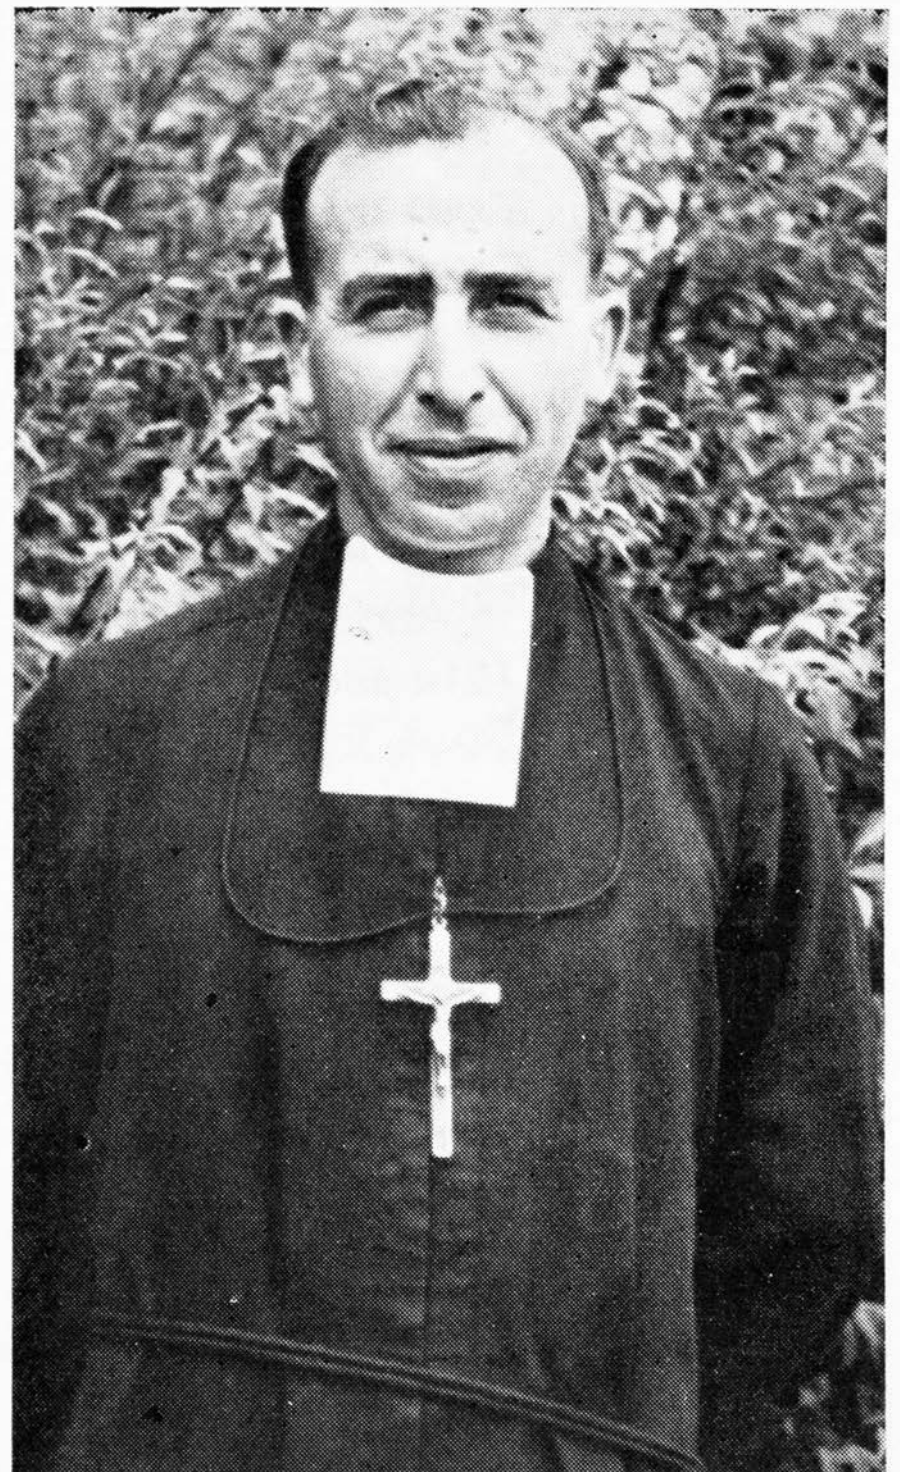

The Piano Accordion Band was very well done, the players were dressed as Voortrekkers and played all Afrikaans tunes. While the Mouth Organ Band were dressed as Coons and played all Negro melodies. These items were very popular with the audience and were very well received.

The Gym display showed how hard work can produce a flawless spectacle. It was very well done and was a credit to Mr. Schmeets, who trained them.

The Dance Band entertained the audience for about half an hour with some fine playing. Finally 6A put on their play. The play was written by Brian Cleeve and was very well acted and received. The boys were made up by Mrs. Cleeve, and I could hardly recognise my class among the Arabs on the stage. This was the end. During the Interval on the First Night we were given a stirring address by the Bishop of Johannesburg. His Lordship, The Right Reverend Bishop W. P. Whelan, O.M.I., D.D., who opened the hall instead of the Mayor Councillor Claude E. Beckett, who was unable to attend.

Our thanks are due to all the people who helped to make the "SHOW" a success.

H. H. LAMONT, B.A.

REV. BRO. RAYMOND.

# THE MARIST BROTHERS AS MISSIONARIES

The Marist Brothers of the Schools may rightly claim the title of Missionary Congregation. From the earliest days of its Foundation the Congregation took pride in Missionary and essentially apostolic work, and Brothers were sent to far-off countries to spread the knowledge and love of Christ by means of Catholic Education amongst children and youth.

The Founder of the Congregation, Venerable Marcellin Champagnat, volunteered for the Missions and had chosen as his field of Apostolate Oceanica, but his Superiors having decided that his real work was elsewhere, he made his missionary work effective by preparing many Brother Catechists and sending them as helpers, auxiliaries of the Marist Fathers in the distant Missions of Polynesia.

In 1836 when the first Missionaries left for Fiji three Marist Brothers were in the Group. One of the Brothers was Brother M. Nizier, who was the companion and the assistant of Blessed Chanel, who was the First Martyr in Oceanica.

In the years that followed many Brothers offered themselves for the Mission and went to swell the ranks of those who were working for the final triumph of Christ, and His Church in Pagan Lands. Within a short time the Marist Brothers had established Missions, Schools and Colleges in pagan countries.

The following list shows how widespread this missionary effort was: In 1867 they started work in South Africa; to-day there are nine schools or colleges for Europeans and one Native school. Other fields of activity with the date on which work began are: Turkey and Lebanon 1868; in spite of persecution and hampering restrictions there are seven schools functioning in these regions. Australia followed in 1871. 51 schools and colleges flourish there now in two "Provinces," namely Victoria and New South Wales: New Caledonia, 1873, which has four Houses; New Zealand, 1875, which is now a "Province" of 18 Houses; Seychelles, 1884, and four years later Fiji (Marist Brothers Foundation) and Samoa which now boasts nine flourishing Mission Schools.

Colombia, 1889, China, 1891, which to-day is a "Province" of 19 Establishments although recently most of these schools have been closed or reduced to inactivity through Communistic influences;

Aden (1892); Egypt (1898); Iraq (1902); Syria, New Hebrides, Jugo-Slavia and Bulgaria followed. Unfortunately not all these Missions survived the troubled years that followed, but the fact remains they were once foundations.

Greece was opened up as a field of Marist Apostolate in 1907 and Rumania the following year. Belgian Congo, Ceylon and Madagascar were all opened in 1911 and to-day they have a total of 22 Missions, Schools and Colleges as well as Training Centres.

## Effect of Wars

The last foundation previous to the First World War was in Spanish Morocco and the disastrous effects of that War can be seen in the fact that the next foundation in the Foreign Mission Field was in the Solomon Islands in 1936 — a lapse of a full generation. Three years later came Kutama in Southern Rhodesia and in 1946 Mtendere, Nyasaland.

World War One and its consequences may have limited activities in the Mission Field, but this cannot be said of World War II, because since the 14th General Chapter held in 1946 (Sept.—October) the following Missions have been set up: The Philippine Islands (1948), Mozambique, Owerri (Nigeria), Macao (China), Hong-Kong, British Malaya, all in 1949. Last year came New Guinea and Sumatra and at the moment efforts are being made to start schools in Japan. The total number of schools thus set up is 16 and while it must be pointed out that although some of these foundations are the result of expulsion from Communistic China yet the normal missionary development remains considerable.

The statistics of the Institute on January 1st, 1951, reflected the following figures:—

Aspirants (Juniors, Postulants, Novices)	4,769
Professed Brothers	7,795
Total number of Subjects	12,564
Number of Pupils in the Schools	214,868
Number of Houses in the World	721
Number of Dioceses in which Brothers Work	260
Number of countries in which Marist Brothers have Schools	51

The Countries are:

Europe, 13 Countries — England, Ireland, Scotland, Belgium, Spain, France, Germany, Greece, Holland, Italy, Lichtenstein, Portugal, Switzerland.

Asia, 7 Countries — Ceylon, China, Lebanon, British Malaya, Syria, Macao, Hong-Kong.

Africa, 9 Countries — South Africa, Algeria, Belgian Congo, Madagascar, Spanish Morocco, Mozambique, Nigeria, Nyasaland and Rhodesia.

America, 13 Countries — North: Canada, United States, Mexico. Central: Cuba, Guatemala and Salvador. South: Argentine, Brazil, Chile, Colombia, Peru, Uruguay, Venezuela.

Oceanica: 9 Countries — Australia, Fiji, Phillipine Islands, New Guinea, New Caledonia, New Zealand, Solomon Islands, Samoa, Sumatra.

In all the countries which may still be termed Missionary Zones and that excludes South Africa, Australia and New Zealand, the Marist Brothers have 84 Missions. Two are in Colombia carrying out work amongst the Native Tribes, 17 in Oceanica, 34 in Asia and 31 in Africa. 557 are Missionaries

## The Starry Firmament

The earth is a great ball floating in space. It is not the only world; it is only a fragment of the great universe. Round the sun are many other stars and worlds, all centering around our sun.

Such is the magnitude of the firmament that through thousands of years man has never ceased to wonder and explore this unknown field, which even to-day with all our scientific knowledge, still holds many mysteries.

It is commonly known to many people in our present age that we have a northern and southern solar system which was used by mariners to find their way on the sea and by travellers on the land.

These northern and southern systems have been grouped and given names, such as, in the north, Polar star, Alpha of the plow, Great Bear, Little Bear, etc., and in the south, Southern Cross, Three Kings, Centaurus, Argo, Orion, etc., and because of their fixed nature, travellers depended upon them for their guidance.

According to science, stars are made up of the same materials as exist on this earth. The earth whilst considered a solid and a cooled off star, the stars are still in a burning state; the sun may be considered as an example of a star. Many stars are inert, but reflect light and are named planets, the same as ours. One of the most famous star formations is called the Milky Way and constitutes an assembly of millions of small stars.

It is a strange fact that the human eye can only count about 3,400 stars in the southern hemisphere and approximately 4,000 in the northern.

By modern telescopes there are millions of stars brought into vision and with our improved one to-day it has been discovered that there are other suns with their own solar systems, and more startling still one sun if placed in our solar system would cover the whole lot.

Considerable thought has been given to the speculation that there is a possibility of there being life, in some form on one or other planet.

I wonder if ever, man, will travel to any of our neighbouring planets which to us are only stars in the Great Firmament created by God.

GERRON ELFERINK (J.C.b.)

## The American Library

A few days ago our class went on an educational visit to the American Library. We set off shortly after half past eight and a private bus took us from school to town. We then walked to the library.

After arriving there, the receptionist explained to us, that in the two films which we were to be shown, as much information as possible was to be given about America.

The first picture was partly of Canada and showed the iron ore being taken by electrical steam-

shovels from the mountains, loaded onto trucks and from there to the ships. This has to be transported over the great lakes, one of these being Lake Superior. There it is made into steel.

The second part of the programme was devoted to a school in Smalltown, America. It is a kindergarten. In the pictures it shows an attractive scene of the first fall of snow to cover the town. The school also has a clinic where the children are examined. They are all very healthy and happy.

When the entertainment had ended, we wandered about the library looking at the various books and magazines. In explaining the American flag, the librarian told us that the forty eight stars represented the Colonies and the stripes represented the States.

The time passed quickly and after a most enjoyable morning we reluctantly wended our way back to the bus.

P. FROST.

(Continued from page 17)

of whom quite a number are Chinese, Singalese, Congolese and Natives of Madagascar. In these Mission schools 38,458 Pupils are instructed. Juniorates and Noviciates are situated in all these Countries to recruit and train subjects for the Brotherhood.

### International Juniorate

Since 1909 a Juniorate on International lines has been functioning at Grugliasco some five miles to the North-West of Turin. This Juniorate called after St. Francis Xavier has already sent out hundreds of Brothers, nationals of practically every country in Europe (on this and on the other side of the Iron Curtain) to all Missionary Zones and has accepted and trained subjects from the United States, Mexico, South Africa, Ceylon, Aden, China and Madagascar. To-day the Francis Xavier Juniorate has some 100 Juniors, Postulants and Novices, proof enough that the call of the Missions, and the idealism of sacrifice still beckon to the Youth of to-day.

Here it may not be out of place to mention the Brothers who have died what may be termed the death of Martyrs in missionary countries: Oceanica two, China ten, and to these we should add the name of Br. Joche Albert, Superior at Si-Chang, who was shot by Communists on April 21st of this year. 173 Brothers were shot in Spain during the Marxist Revolution (Persecution) of 1936-39.

In all these countries where the Marist Brothers were the Pioneers of the Gospel at times, they are still the heralds of Good Tidings and the Assistants and co-operators of secular and regular Clergy, in their efforts to form Native Souls to the likeness of Christ and His Church.

With the Missionary personnel already at its disposal the Institute takes pride in developing its already established Missions and as the missionaries increase in number existing missions will be improved and new ones created so that under the protection of Our Lady, the Patroness and First Superior of the Institute, Our Lord's Prayer after the Last Supper may be realised . . . "that they may know Thee, the only True God, and Jesus Christ, whom Thou hast sent."

'Lion' country**

# BOXING

Our first boxing tournament, held on 11th May, this year, was against our sister school Inanda, and, as usual, the newly reconstructed hall was packed to the hilt, long before the commencement of the bouts. It was extremely gratifying to see such a record attendance in spite of bad weather.

The boxing was of a very high standard and the Observatory team was the stronger and more experienced, thus winning nine out of twelve bouts. The final and star bout of the evening was between M. Zimmerman (Obs.) and R. Gibson (In.), and apart from being the respective captains of their teams, were in the heavy division. This bout will long be remembered, and, highly approved of by the daily newspapers and boxing periodical, was the best of many good fights put up during the session.

Rev. Bro. Raymond made a speech from the ring, expressing his thanks to the spectators and officers for their keen support. A special vote of thanks was expressed to Mr. Jack O'Malley, the manager and trainer of the Observatory boxing team.

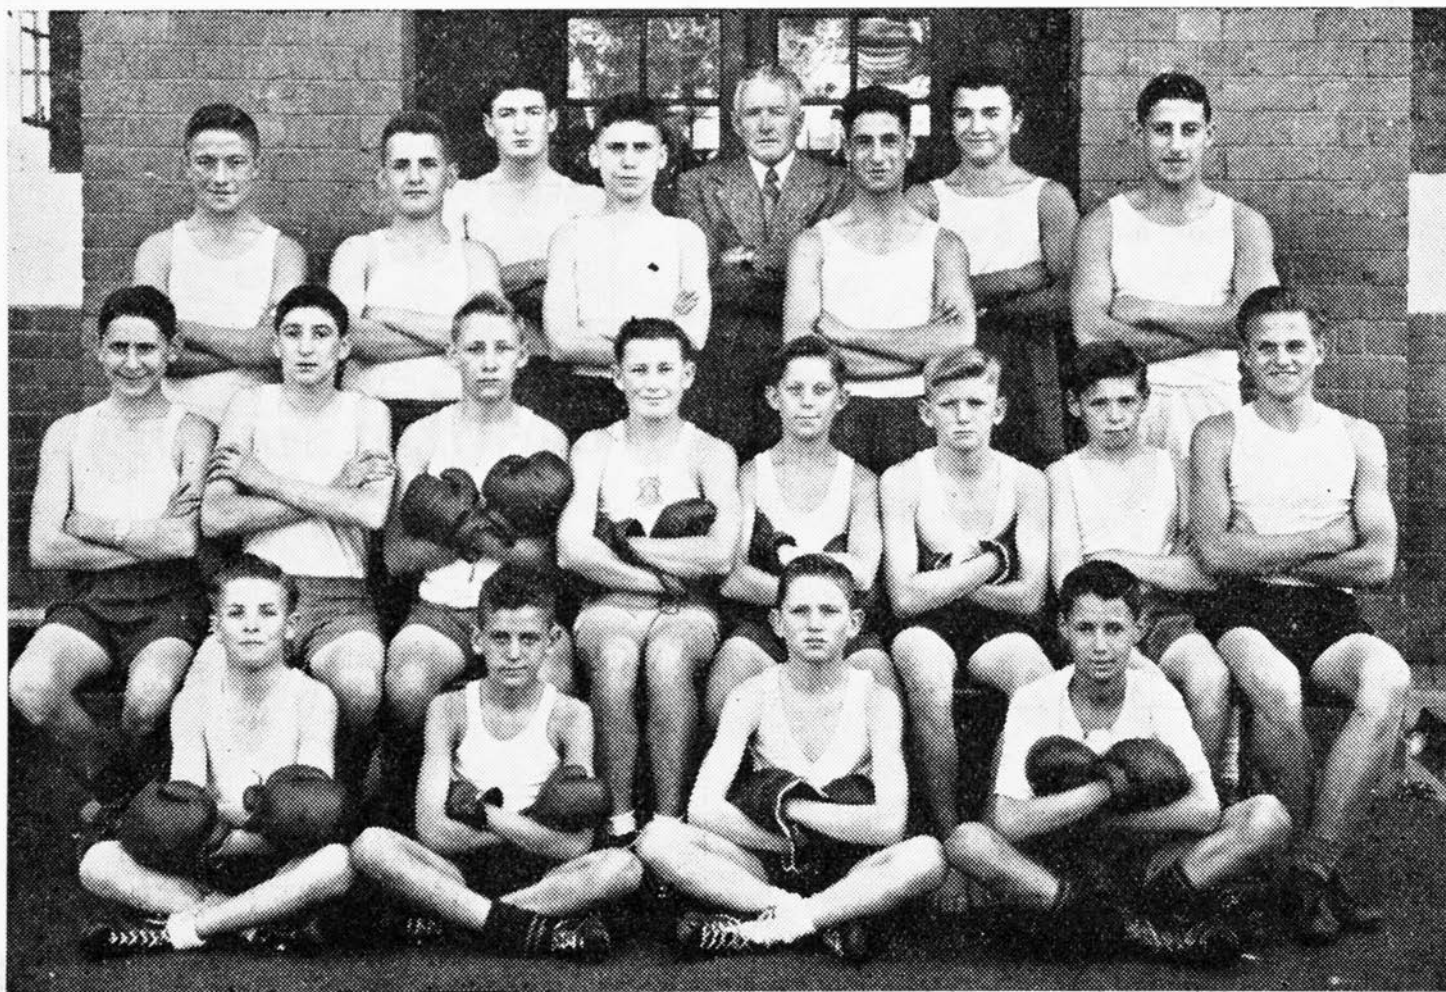

During the High School Championships, which took place in June, we had a little disappointment owing to the small team entered, and, our 1950 High Schools' titleholder, who was a probable to win another title for the School, had to be scratched, due to him being 3 ozs overweight. Yet, despite these obstacles, and, after three days of hectic fighting, two of the three other boys entered, went through to reach the finals. The results were that M. Zimmerman and L. Meyer were impressive runners up, the first mentioned, being just shaded by the reigning South African Champion.

Later, on the 27th September, our inter-school tournament was arranged between Observatory and Athlone High School, the latter being our old rivals, against whom we have played second fiddle for many years.

Our team of 16 boxers trained very hard under the experienced and shrewd supervision of Mr. O'Malley. The tournament took place in the School quadrangle and it was a beautiful evening for an open air session. A large audience were rewarded with a night of boxing that reached a very high standard. The bouts were a credit to the trainers and boxers of both teams, and the exhibitions of clean entertainment were delightful to watch and were fully appreciated by those who attended.

The Observatory team under the leadership of M. Zimmerman, their captain, showed top form, by winning 10 out of the scheduled 16 fights. The only knockout of the evening was scored by our last year's High School Champion, and many bouts were won insided the distance. Rev. Bro. Conall commented on the sportsmanship shown by both teams, and, Mr. Brauer of the J.A.D.A.B.A. congratulated them for the fighting spirit exhibited during the evening. Also, Messrs. Davis and Combrink of Athlone High School were thanked for the fine show put up by their team and, it is hoped that Observatory and Athlone will meet in the finals of next year's High School's Championship.

Thus ended this year's boxing activities, and for outstanding performances in this "gentlemanly art of selfdefence," M. Zimmerman, Alex. Zimmerman and G. Page were awarded boxing scrolls.

# CRICKET

The 1951 season was not a particularly successful one. With only two of the previous years' team back at school an almost entirely new XV had to be formed.

The team, however, did not reach the standard that might be expected from a College First XI. The practices were well attended and the games played in the proper spirit.

There is still evident in our cricket that same old lack of confidence which has spoilt Observatory cricket for the last three years. That this lack of confidence in self and in one's team has been the course of most of our failures is no far-fetched deduction. We have good cricketers who meet with only a meagre share of the success their talent deserves.

B. Daly and B. Michelson, were our most successful cricketers of the 1951 half of the season.

There were no outstanding players in the Second and Third Elevens. This indeed, is a great pity, as until these teams are at least fairly good it will never be possible to build up a really outstanding first eleven.

The Under 14 team is probably the best all-round team in the College. They put up some brilliant performances and should give a good account of themselves during the coming half of the season.

The Under 13 side is a team of outstanding little players. They were always confident and optimistic. From this team and the under 14 we look to our future middle and senior teams hopefully.

## FIRST XI RESULTS

### vs. Old Boys:

Observatory 1st Innings, 93 all out (Fuller 32, Ross 20).

Old Boys 105 (Kotzen 5 for 28, Seegers 3 for 34).

Rain Stopped Play.

## The English Association

The meetings were late in starting this year owing to the fact that there was no Brother with time to devote to the Association. Special arrangements were made so that Brother Matthew was able to preside.

A general impression is that the Association this year has been fighting a rear-guard action for survival. Quite a number of the members joined for whatever the social side could offer. Some were willing to spend the Sunday evening out of study. A few really wanted to get something out of it, and it was the few who really prepared anything.

The visible and audible results are therefore somewhat meagre. But they are positive. Members learnt to speak earnestly and, in general, without reading scripts. Some could speak with precision, and nearly all without hesitancy. Some three or four developed an individual and interesting debating ability. Our one outside debate resulted in an easy victory for Maryvale Convent. The subject was: That progress has made Mankind happier.

A great deal of credit is due to those who persevered. They kept the goal in front of them, and stuck gamely to the task they set themselves. Often without guidance, they showed a will to succeed which, it is hoped, will inspire those who follow.

### SECOND ELEVEN

**Front Row:** S. Perlman, L. Breitz, I. Cunningham, S. Dupont, L. Schmidt, M. Jacquet, E. McKay.

# RUGBY

The 1951 First team was moderately successful: of the fourteen Inter-High School matches played, 6 were won, five were lost and three were drawn. R. Hunt and T. Eckstein, were the captain and vice-captain respectively.

The forwards and threes combined well to produce delightfully open rugby in many of the matches played.

Hunt, excelled in the line outs and proved a fine leader of a good, although a very light pack. Other outstanding forwards were Vieira, Behr and Lahoud.

The half-backs Daly, and Eckstein, developed a fine understanding with the result that the threes moved well, but unfortunately, lacked the speed to be really dangerous in attack. Most outstanding in the back division were Ekstein, Burke and Waberski.

Scrolls were awarded to R. Hunt, T. Eckstein, D. Daly, C. Vieira, M. Behr, A. Burke, M. Lallas and A. Lahoud.

The following players comprised the First Team: M. Comititis; B. Waberski; B. Himpoo; A. Burke; D. Hart; T. Eckstein; D. Daly; M. Behr; C. Vieira; J. Dunn; A. Egedy; R. Fowler; R. Hunt; M. Lallas; J. Camizianos; A. Lahoud; B. Welman.

## SECOND XV

The Second XV possessed a solid pack of forwards whose good work was spoiled by a weak three-quarter line, whose chief weakness was bad tackling.

The record of this team is not particularly impressive on paper, but many of the matches were lost by narrow margins.

## THIRD AND FOURTH TEAMS

The Third Team had a very successful season. Although heavily outweighed by their opponents, they played hard and attractive rugby. Due to injuries, several members of the team were promoted to the Second XV, where they gave a very good account of themselves.

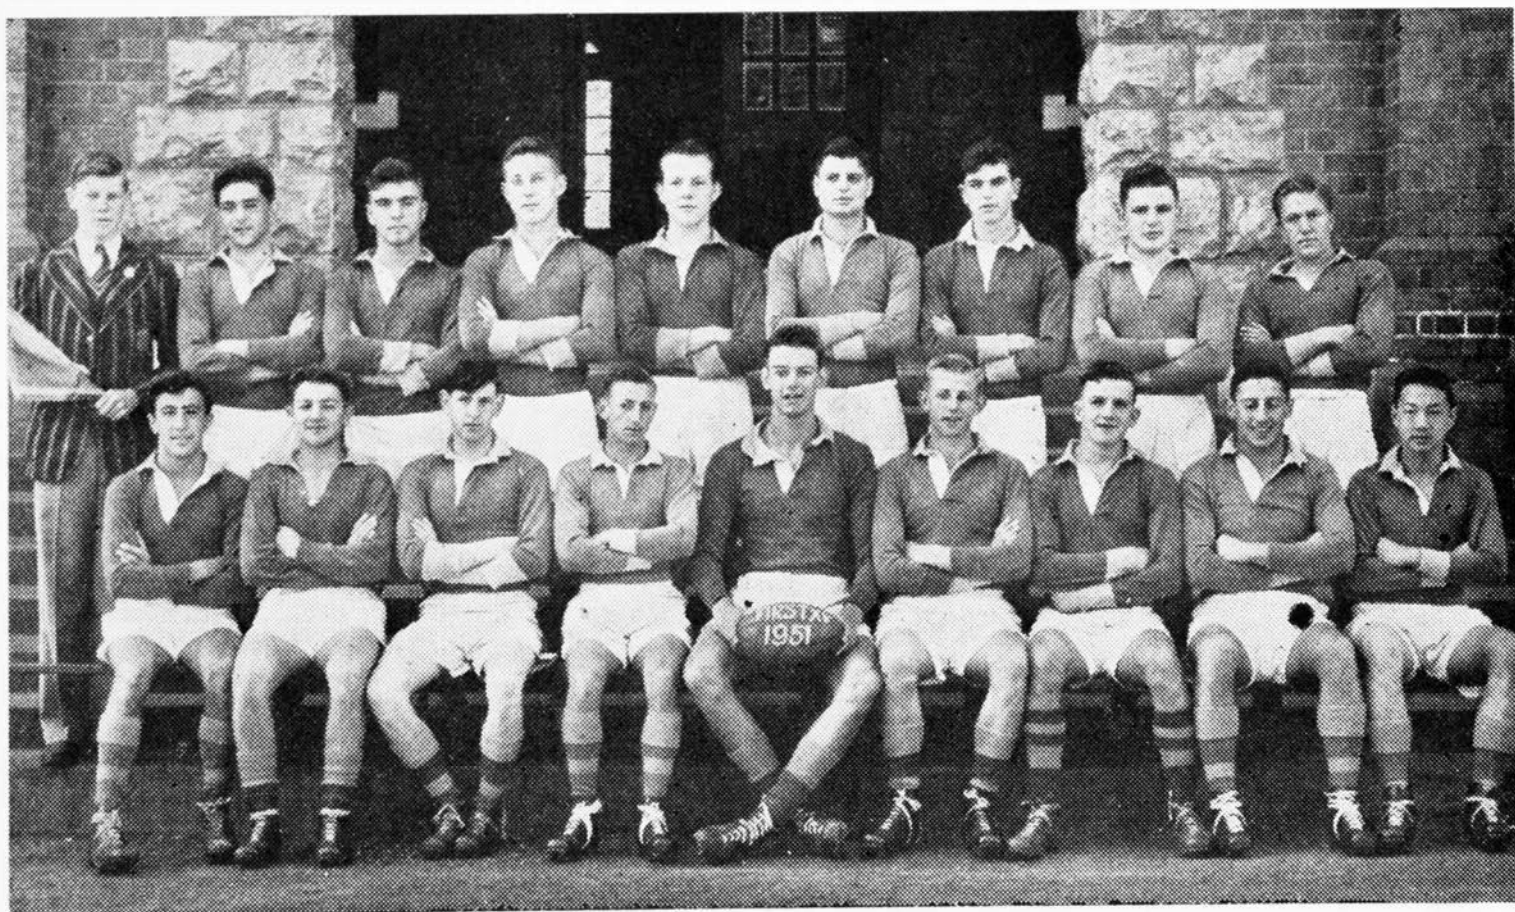

The players of the Fourth XV were very willing but at no time did they ever look like developing into a good side.

## JUNIOR TEAMS

The fact that our Junior sides enjoyed a successful season is a bright augury for the future. Five under 15 teams played regularly. The under 15B, were the winners of the Efficiency Cup.

The under 14 division has this season been most unfortunate in that several of the outstanding players were injured, with the result that many positional changes had to be made. There is a wealth of rugby talent here and they have set about their task of building up a great side for the future.

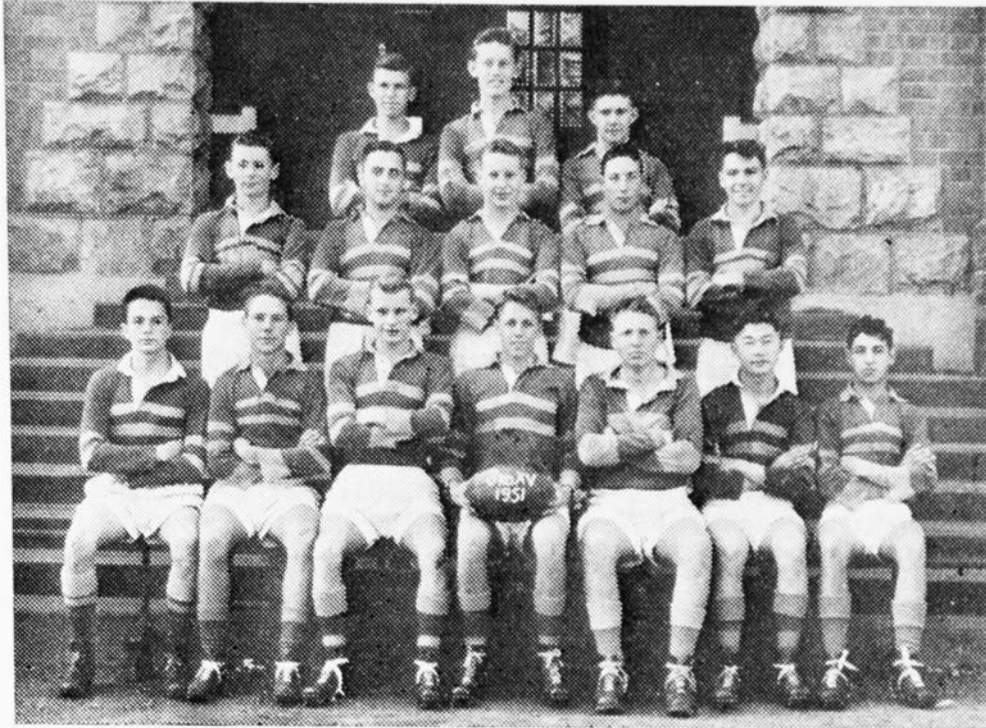

The young members of the under 13A Team, have lost only two matches. Many of these boys have taken up rugby for the first time. The wins they have registered go to show that they have given themselves to the game wholeheartedly and with a will to win.

## RUGBY 1st XV

**Back Row:** D. Moffat, J. Camizianos, A. Egedy, R. Fowler, J. Dunn, M. Lallas, D. Hart, M. Behr, B. Wellman.

**Front Row:** C. Vieira, M. Comititis, D. Daly, T. Eckstein, R. Hunt (Capt.), B. Waberski, A. Burke, T. Lahoud, B. Himpoo.

## *Religious Notes*

We were sorry to lose our zealous Chaplain, Rev. Fr. Konz, O.M.I., who was transferred to Basutoland. We wish to express to him our deep gratitude for all the conscientious work he did among us.

We take this opportunity to welcome our new Chaplain, Rev. Fr. H. Dalton, O.M.I. and express the fond hope that he will stay amongst us for many years and that his apostolate at the College will be a fruitful one.

### **Annual Retreat**

This important religious exercise in the College year was this year conducted by our new and devoted Chaplain, Rev. Fr. H. Dalton, O.M.I. The various conferences were attended by all the senior Catholics. The many questions that were asked on various topics showed the great interest all were taking in the holy exercises.

### **Sodality**

On 17th June, the Sodality of Our Lady was established in the College. The following members, after several months of probation, were received by the College Chaplain: S. Muller, H. Muller, M. Clarke, C. Vermeulen, O. Gilbert, J. Jacobs, M. Quinlan, P. Hartmann, V. Rugani, P. Crowther,

A. Nizetich, T. O'Connor, M. von Guillaume, P. Strong, J. Tonetti, I. Barale, F. Vale, P. Desilla.

At a meeting held after the reception, M. Clarke was elected Prefect, P. Strong, Secretary, C. Vermeulen, Treasurer, and H. Muller, Sacristan.

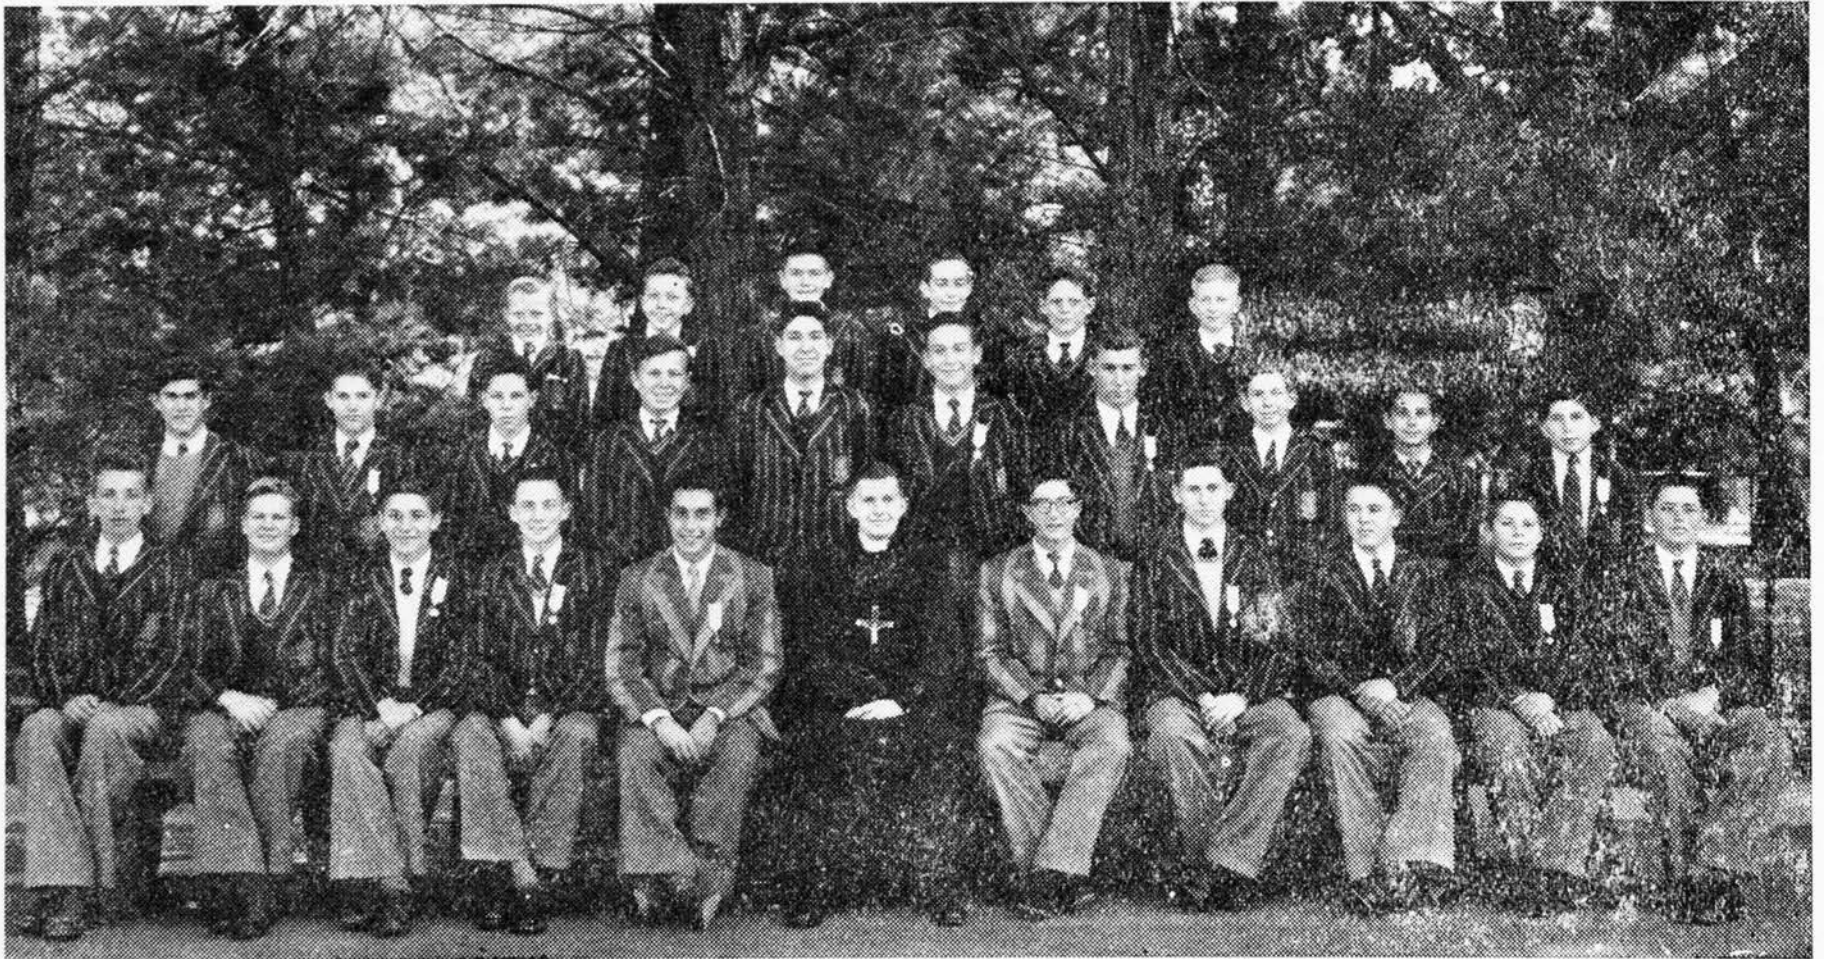

The weekly Office is said every Saturday at 7.30 a.m. after which the Chaplain gives an instruction on Our Lady. On the third Sunday of every month a meeting is held at which a suitable subject is suggested by the Chaplain for discussion.

The establishment of the Sodality has been the source of much joy to the College and we look forward to it to be a nursery for vocations to the Priesthood and Brotherhood.

### **First Communion**

On the feast of Christ the King thirteen College boys had the great honour to make their first Holy Communion. After weeks of careful and serious preparation to this all important day in a child's life, the Rev. Father Dalton judged the little ones ready for their approaching the Table of God.

The College Chapel was suitably decorated for the great occasion by our matron, Mrs. Knight, and Rev. Bro. Joseph.

### **SODALITY OF OUR LADY**

**Front Row:** A. Lasich, P. Freemantle, A. Nizetich, J. Tonetti, C. Vermeulen, Rev. Father Dalton, O.M.I., M. Clarke, P. Strong, J. Livingstone, P. Desilla, S. Muller.

# COLLEGE NOTES

## Death of Rev. Bro. Edward

On the 25th June, we received the news of the tragic death of our Bro. Edward. After a long service in the Marist Province of South Africa, the good Brother had taken the plane at Palmietfontein in order to enjoy a well deserved holiday with his relatives in Spain. As we all know from the press, the plane on which Bro. Edward was travelling, struck the side of a mountain in Moravia and all aboard were killed.

The day after the official announcement of the crash was made, a solemn Requiem Mass was said at the College. All the senior boys of the Inanda School, Brothers from the three Johannesburg communities, parents and friends of the deceased, attended the service.

Bro. Edward was still a comparatively young man, but his life as a Brother in South Africa had been a full one and there is no doubt that he had done enough to earn an eternal rest in heaven.

## School Fête

At the beginning of December, 1950, a School Fête was for the first time held at the College. The day will be long remembered by all the boys and the parents who attended it, for it was a day

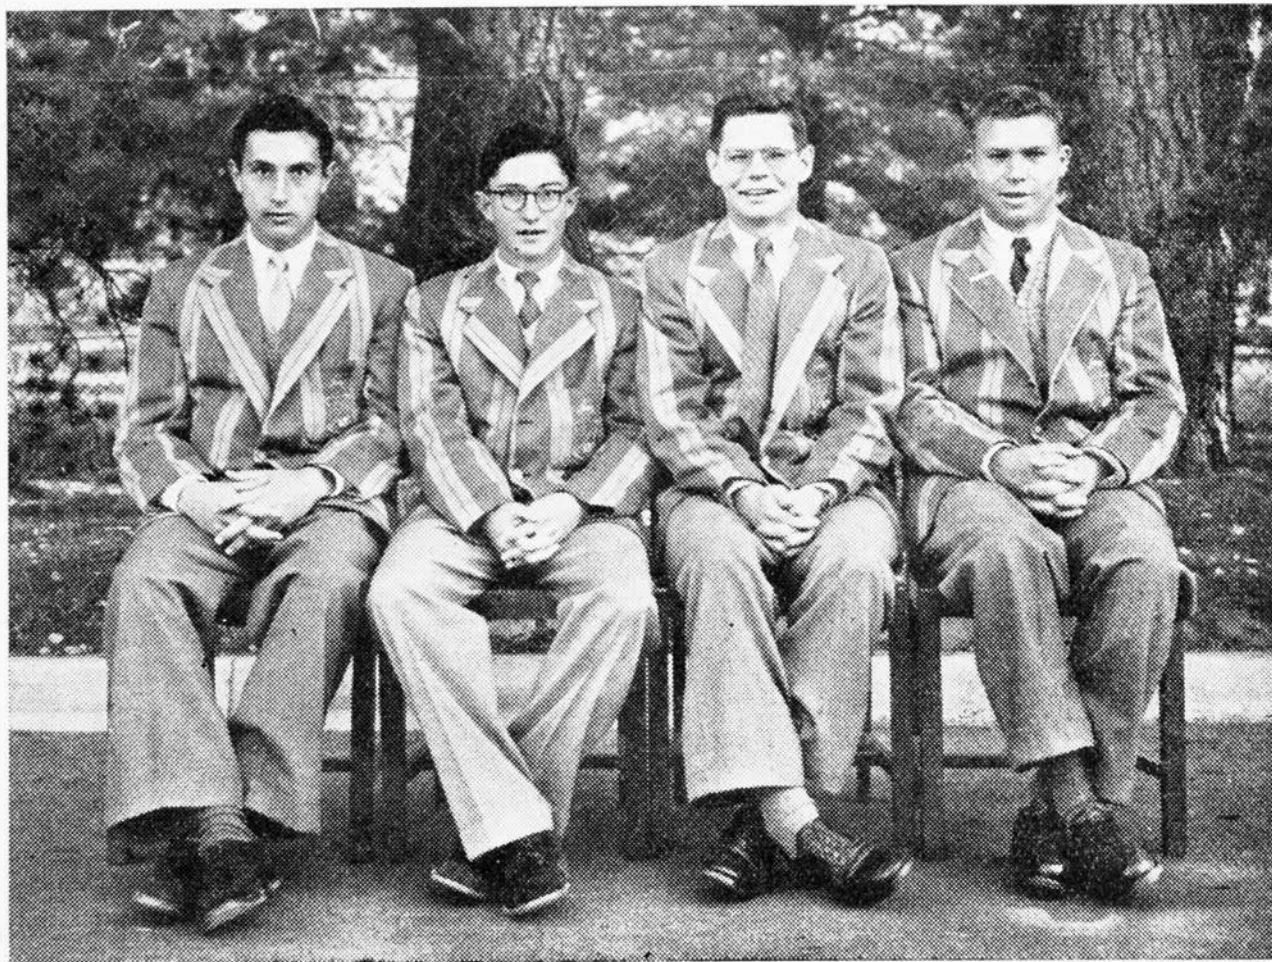

of beautiful sunshine, of great activity and one that offered entertainment to even the most exacting ones.

Rev. Bro. Richard, helped by a large and willing band of parents, had done a wonderful job of organisation and special thanks are due to him for the great success that this function turned out to be. Opened in the morning by His Lordship Bishop W. P. Whelan, D.D., and by Councillor C. Beckett, Mayor of Johannesburg, the fête was well attended throughout the day and lasted till midnight, when the last revellers sang: "Show me the way to go home."

The fête was held in order to raise funds to enable the College to develop sporting facilities for the boys. A cinder track has since been laid out, six concrete cricket pitches have been built, six grand stands have been purchased, two tennis courts have been resurfaced, and a complete loud-speaking equipment has been acquired.

## Bro. Urban Cricket Trophy

In order to perpetuate the memory of Rev. Bro. Urban, principal of Inanda College from 1944 till 1950, Dr. J. S. Leigh, himself a great friend of the late Brother, has presented a beautiful shield to be competed for annually by the Observatory and Inanda Colleges. We are grateful to Dr. Leigh for his kind gesture.

COLLEGE PREFECTS

C. Vermeulen, M. Clarke, I. Kerley, A. Zylstra.

*Boxing*

The Annual Boxing Tournament was held in the College Quadrangle on Friday evening, 4th May. We were proud to welcome once again Mr. Johnny Arthur, who undertook to referee the bouts. The large crowd of parents and boys who were present, thoroughly enjoyed the evening as the boxing, thanks to the coaching of Mr. Harry Best and his son, Brian, was of a high order. The following boys were winners of their sections:

A. Swanson (50 lbs.), B. Swanson (62 lbs.), R. Woodward (69 lbs.), R. Wicks (69 lbs.), N. Cefreith (72 lbs.), P. Owen (72 lbs.), J. Freemantle (87 lbs.), W. Collard (80 lbs.), M. Funston (84 lbs.), J. Miller (100 lbs.), C. Metcalfe (113 lbs.), N. Morgan (127 lbs.), P. Du Buisson (132 lbs.), B. Stepney (143 lbs.), R. Gibson (145 lbs.).

In June Inanda College made its first venture in Inter-school Boxing against Observatory College. It was soon evident that we had tackled more than we had bargained for, and although most of our boys put all they had into their bouts, we were generally outclassed. Great credit, however, goes to R. Metcalfe, J. Freemantle and N. Cefreith who, by winning their bouts robbed Observatory College of a Grand Slam.

# RUGBY

This Season 1951, will long be remembered by the Staff for the tremendous enthusiasm displayed by the boys. At times, due to illness and crocks, great difficulty was experienced in raising sides, but a word to the respective captains generally sufficed to ensure that 15 players became available.

The "A" teams always played well. Some of the "B" teams showed amazing determination and zest for the game, but were too often outweighed to do themselves justice.

To Bros. Aquinas and Joseph must go deserved praise for their enthusiastic coaching. To M. Forrester, R. Gibson and others of the 1st XV, who helped coach the Juniors, the staff says Thank You and may your example be followed by all 1st XV's of coming years. To R. Metcalfe a special word for his able handling of the Games Room.

### 1st XV

The first played hard rugby at all times. Too frequently we saw the pack lay the foundation for victory by literally running the opposition off its feet only to have the Backs mull their chances. Vice-Captain Forrester did great work in the pack and must be congratulated on his consistent displays. Among the backs, R. Gibson always played a captain's game and was always to be found where the going was toughest. Many of his

opponents will long remember him by his forceful and determined tackling.

However, it was repeatedly felt that inexperience and lack of cool thinking in the back division prevented narrow defeats from being victories.

This 1st XV has left the future 1st XV's something to live up to viz: their solid defence and their perfect fitness.

### Rugby Scrolls:

The following awards were made: R. Gibson, M. Forrester, T. Kilgour, P. Losmarin, R. Kipper, M. Clarke, M. De Souza, N. Lazarus.

**2nd XV**

Despite a very weak Back Division, the 2nd XV always tried to play rugby, whilst winning no matches, they must take great credit for many courageous displays. A. Lasich, who initially captained the side, was afterwards promoted to the 1st XV, when the captaining was shared by P. Strong and G. Truby.

**Summary of Matches**

Played 11 W. 0 L. 10 D. 1 Pts. For 23 Ag. 189

**UNDER 15 "A"**

A side whose performances give promise of a lively competition for places in the 1st XV next season. O. Gilbert captained the side. The forwards were strong and nippy. The backs, at first proved too small; but after several changes were made, they became a useful group. However, their performances were never calculated to set the Thames on fire.

**Summary of Matches**

Played 13, W. 6 L. 6 D. 1 Pts. For 65 Ag. 104

**UNDER 15 "B"**

Congratulations to a side whose sheer enthusiasm won them more matches than their early efforts led them to expect.

Played 12 W. 4 L. 8 D. 0 Pts. For 39 Ag. 166

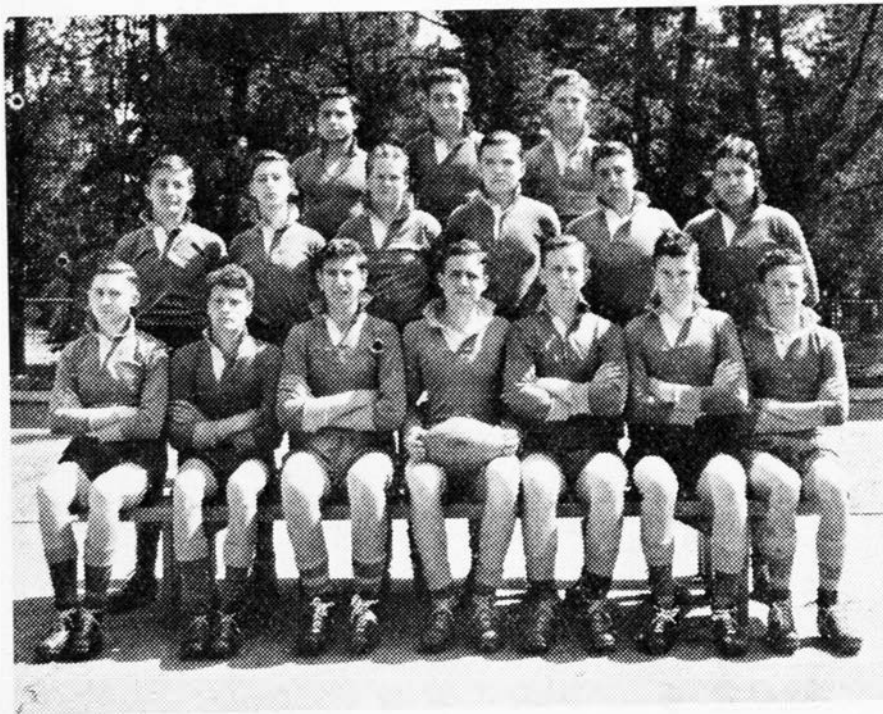

**UNDER 14 "A"**

The season's Champions. Congratulations on a highly successful season to Br. Joseph, the coach and to Walker, the captain.

Played 14 W. 8 L. 6 D. 0 Pts. For 105 Ag. 69

## Tennis

This branch of sport has taken on a new lease of life.

After the newly top-dressed courts had been inaugurated by an exhibition given by Mr. E. Sturgess and Mr. L. Norgarb, many boys expressed the wish to take up this most sociable of all sports. Special days were set aside for the beginners and the practices have been well attended. We are very grateful to Mrs. P. Owen who has taken the junior players for practice twice every week. Under her capable tuition great progress has been made by many boys.

The senior boys entertained several teams drawn from among the the parents of boys attending the College. The afternoons were always enjoyed by both the parents and the boys. Though the College team emerged as winners on these occasions, the boys have learnt much concerning courtcraft from their experienced, albeit slower, opponents.

During the year matches were played against St. Charles' College, Pietermaritzburg, Parktown Boys' High School and St. Vincent's School for the Deaf.

In order to offer more facilities to the many boys who are being coached, two more courts are being laid out, and it is hoped they will be ready for use before the end of the year.

## Swimming

The night of 9th February, saw the College Baths crowded to capacity. It was the Annual Swimming Gala which the hundreds of parents had come to attend.

A high standard both in swimming and diving was attained by the competitors and several new School records were set up.

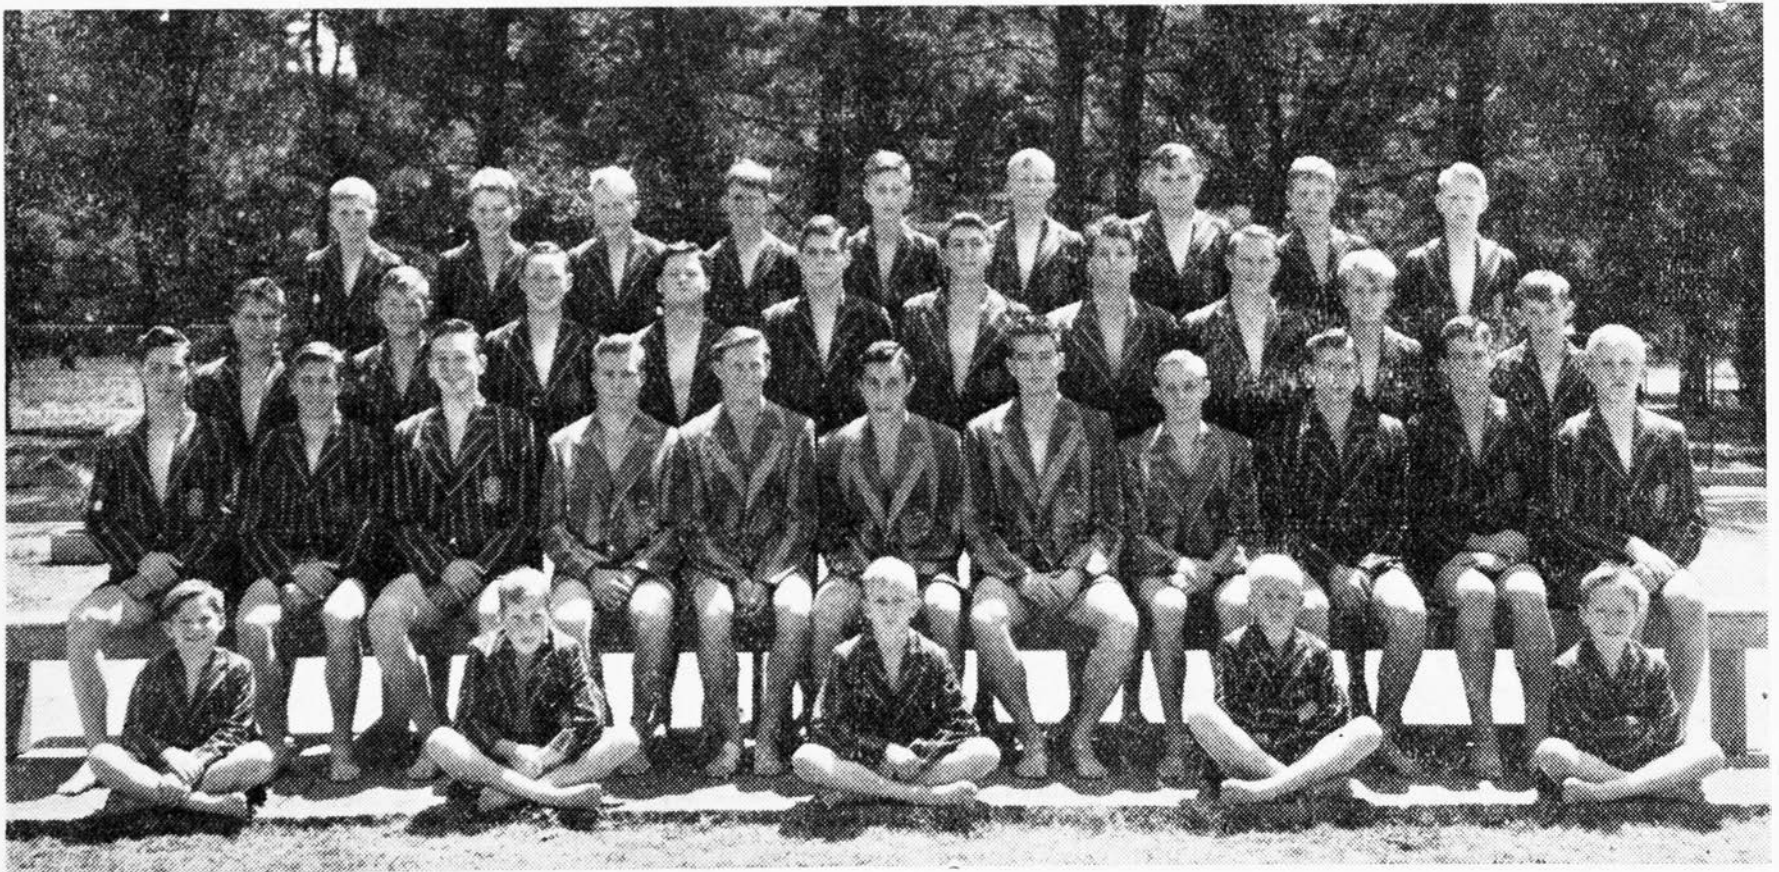

Thanks to the officials, the House captains and the excellent behaviour of the boys, the programme, which was longer than in previous years, was gone through without any delays.

Rev. Fr. G. O'Callaghan, parish priest of Rosebank, presented the prizes and granted the boys the concession they generally expect on an occasion like this.

Bishops House won the meeting narrowly from College, who were followed by Osmond and Benedict Houses. T. Kilgour became senior champion for 1951, while E. Falkow and C. Vermeulen shared this honour for the Under 16 age group.

Taking part in the Inter-Schools Gala the Inanda boys distinguished themselves in several events. Against very strong opposition from the other competing Schools our boys did extremely well to gain second place.

With the regular instruction our boys are receiving from Mrs. W. Ballard this year, more and better junior swimmers should be available in 1952, so that we can maintain our place and perhaps, even, beat all comers.

# SOCCER

The football season came to an end on the 3rd Sept., 1951, after a series of well-played and finely contested matches by the three teams we entered to play in the Johannesburg Schools' Football Association's matches.

All three teams played very good football and could always be relied upon to try their utmost to play the game cleanly, fairly and sportingly.

The Under 10 Team played brilliant football and had only one goal scored against them, and this occurred when they were defeated in the Semi-Final at Balfour Park on the 3rd September.

The results of the matches were as follows:

### UNDER 12

Played 10 matches. Won 8. Lost 2. Goals for 29.  
Goals against 6.

### UNDER 11

Played 14 matches. Won 11. Drew 1. Lost 2.  
Goals for 44. Goals against 9.

### UNDER 10

Played 9 matches. Won 8 Lost 1 Goals for 28.  
Goals against 1.

Three teams were entered for the Six-a-Side Competitions which were played on the 1st Sept.

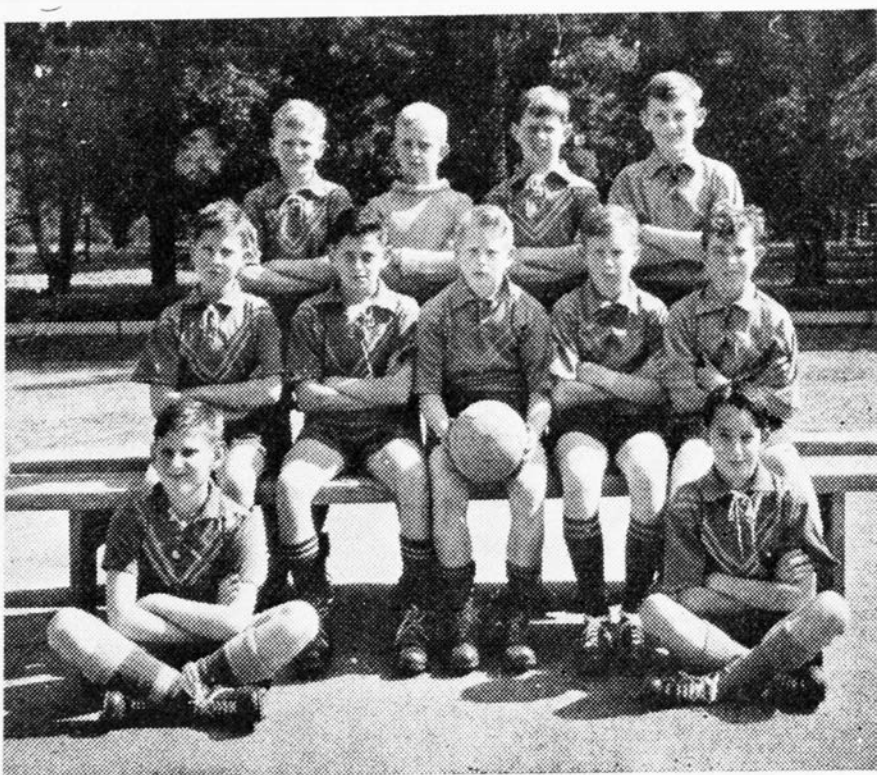

These teams played excellently; the Under 10 Team and Under 11 Team won all of their matches and the members of the teams were presented with medals, while the Under 12 Team succeeded in reaching the Semi-Finals.

We are extremely grateful to Mrs. S. Swanson, Mrs. J. Laing, Mrs. Herber, Mr. and Mrs. Hellig, and all the other parents of the boys who so ably and kindly assisted us when we required transport for the boys. We thank you all most heartily not only for the transport but also for the valuable time you sacrificed on our behalf.

### UNDER 11

E. Da Silva, A. van Gass, P. Herber, R. Woodward, H. Snipelisky, K. McQuaide, R. Morgan (Capt.), G. Raubenheimer, N. Ceprench, B. Swanson, J. Mills.

# ATHLETICS

## ANNUAL ATHLETIC MEETING

The Rugby season was scarcely over when training began for the Athletic Sports. There was great enthusiasm among the boys and the staff, for this year's meeting was to be held on the new track on which work had been in progress since March. As there was to be an A and a B race in most events, even the second and third raters trained assiduously in order to gain a few points for their Houses.

On September 15th the biggest crowd to attend a function at Inanda was present to witness some excellent individual performances and a very close Inter-House competition. The efforts made by Brothers and boys in the preceding weeks were well rewarded, for no fewer than nineteen new records were set up.

His Lordship, the Rt. Rev. Bishop W. P. Whelan, D.D., opened the new track by acting as starter in the first event of the afternoon. After he had presented the prizes, His Lordship congratulated the boys on the high standard they had attained in athletics, on the sportmanship he had witnessed, and on the fine track the Brothers had built for them.

Osmond House won the competition by  $1\frac{1}{2}$  points from Bishops House. The victores ludorum of the various age groups were: T. Kilgour (Open), P. Snyders (Under 16), D. Lombard (Under 15), J. Tonetti (Under 14), I. Fraser (Under 13), A. Zunckel (Under 12), P. Owen (Under 11), F. Poretti (Under 10), B. Roberts (Under 9), R. Witham (Under 8), P. Lindegger (Under 7), C. Dempster (Under 6).

New records were set up by: B. Stott (High Jump, Under 15), R. Kourie (Long Jump, Under 14),

C. Gilfillan (Discus, Under 15), P. Snyders (Discus, High Jump, Under 16), C. Nicholls (Shot Put, Under 16), T. Kilgour (Shot Put, Open), A. Zunckel (100 and 220 yards Under 12), D. Lombard (100 and 220 yards Under 15), H. McDougall (Shot Put, Under 15), J. Tonetti (440 yards and Hurdles, Under 14), O. Gilbert (Hurdles, Under 15), R. Gibson (Hurdles Open), B. Stepney (Discus, Open), R. Clayton (Mile, Open), Relay Bishops House.

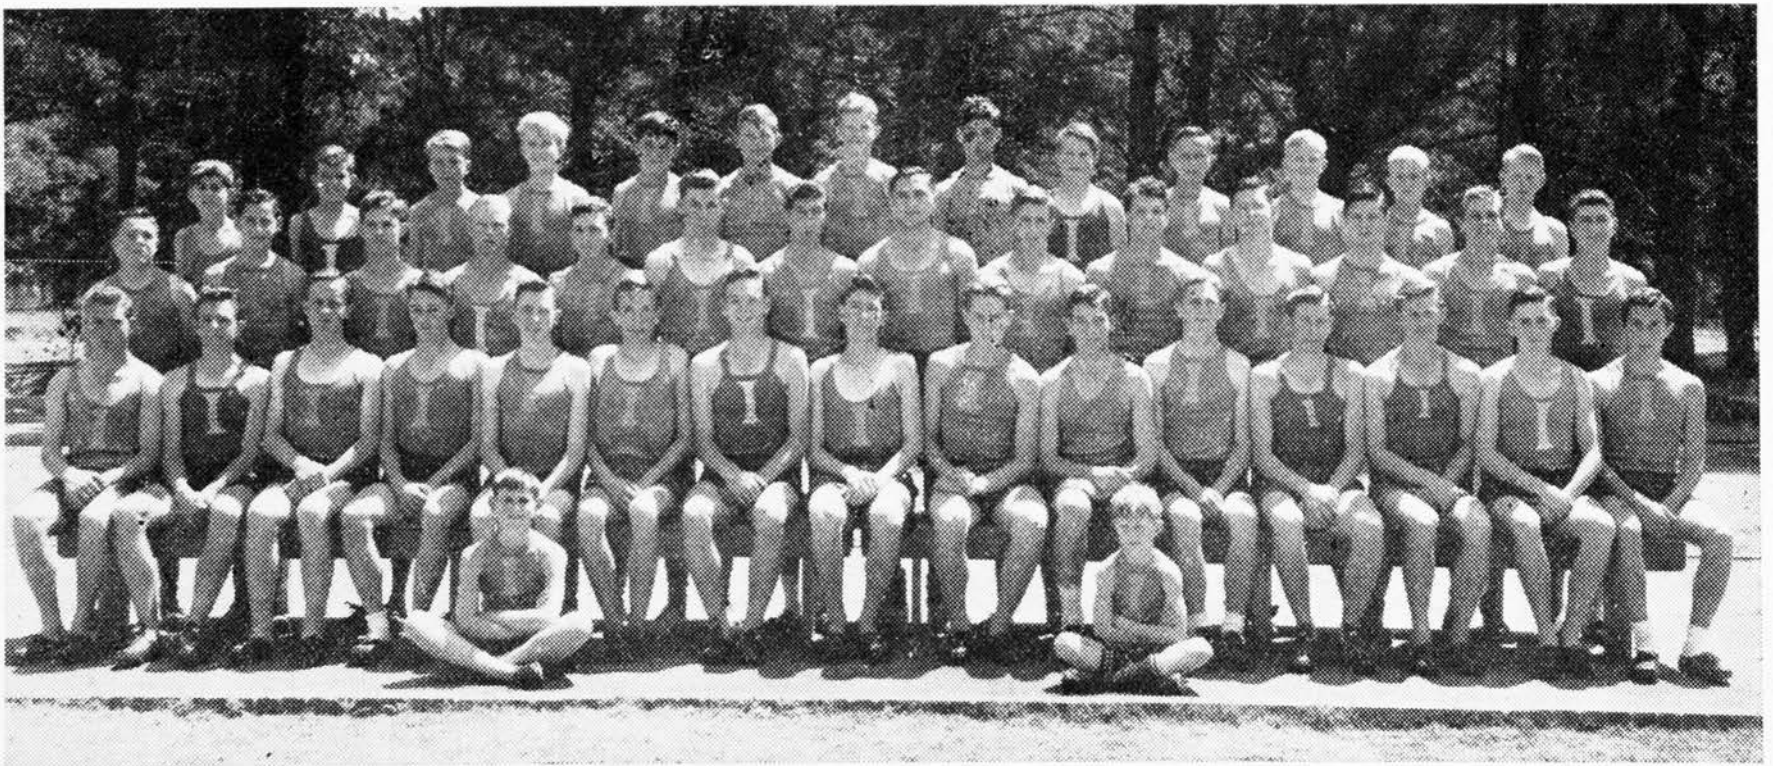

## INTER-COLLEGES ATHLETIC MEETING

The Annual Athletic Meeting between Christian Brothers' College, Boksburg, and the Marist Brothers' Colleges of Observatory and Inanda, was held this year on the new track at the Inanda College. Attended by a large number of parents and boys, this competition, in which no prizes are at stake and in which all numbers are team events, proved to be a most exciting one, as the three Colleges strove with might and main to wrest the honour of first place from the other two.

There is no doubt that this annual meeting is becoming more and more popular: it gives hundreds of boys the chance to meet in friendly rivalry, it fosters a team spirit in the competitors, it makes our boys make great efforts for no personal gain.

This year's competition was won by the Marist Brothers' College Observatory; second and third places were filled by Inanda and Boksburg respectively.

If any individual efforts are to be mentioned, they should be those of B. Peers (880 yds and the Mile), D. Fowler (Shot Put), C. Post (High Jump), J. De Souza (Discus), T. Kilgour and R. Gibson (Hurdles).

## Vocations

To many boys the word, Vocation, has a vague meaning of a kind of life completely foreign to the ordinary way of living. They, therefore, pass the word over whenever they happen to come across it in their reading, or to hear it mentioned by someone during the course of a conversation. "That is probably intended for so-and-so, he is the good type. One can almost see his wings sprouting already. But that sort of life would not suit me." This is how many reason.

A Vocation means a Calling, and as children of God, we believe that He has, in His Wisdom, called each one of us to fulfil a particular role in His Plan. It is, therefore, important that we pray to God very frequently to guide us in our choice of a career. In this way we shall be blessed, and we shall be sure that He will inspire us to follow the path He has mapped out for us. We shall also be giving glory to Him Who made and redeemed us.

The need for men of action is voiced on every side, but few respond. Why? Because we either do not hear the call clearly, or we just vaguely feel that is for others more suited than we. Which call can affect me, a pupil of the Marist Brothers?

Long after I have left school, Brothers must go on teaching. Would God wish me to take the place of one of the Brothers who taught me?

That is the question you must answer for yourself. Ask your Heavenly Mother, Mary, who is also the Mother of Jesus, to help you find the answer.

To become a Brother you need not be a great Saint nor a genius. If you are a normal boy with a will to please God and His Blessed Mother, you can consider a vocation to the Marist Brotherhood. As a Brother, you aim at becoming a saint, and by giving the children under your care, a knowledge and love of God and of His Immaculate Mother, you help to bring the kingdom of God onto this world.

What career can be more useful? You become an Apostle as truly as were those first Twelve under Jesus Christ, and it is to Him that we look for the strength to do good. We can count also on His promise to St. Peter of the hundredfold in this life, and Life Everlasting in the next. Think well on it. God is Truth and He has promised Heaven.

"If to-day you hear His Voice, harden not your hearts." What Our Lord told St. Paul, He tells us also: "My grace is sufficient for thee." And let us be brave enough to answer the call.

### CONFIRMATION CLASS

**Back Row:** F. Heilig, Artico, Pienaar, E. van Rensburg, Wallenkamp, Vercueil.

# COLLEGE NOTES

## ITEMS OF INTEREST FOR 1951

**7th Feb.:** His Lordship, Bishop D. O'Leary, visited the College. He addressed the boys assembled in the College Hall. To commemorate the occasion, a half-holiday with no homework was announced.

**25th March:** The news was announced of the appointment of Rev. Br. J. JUSTIN as ASSISTANT GENERAL. Simultaneously it was announced that Rev. Br. Raymond, ex-principal of Observatory, had been appointed to succeed Br. Justin as Provincial Superior.

**24th April:** Rev. Br. Justin was entertained at the OLD MARISTONIAN CLUB prior to his departure to assume duties at the Mother House.

**May:** The Month of May was celebrated in the usual Marist Tradition. Thanks to the usual willingness of Br. VIDAL, the Catholic boys were able to assemble in the Hall where a statue of the Blessed Virgin had been installed and surrounded with flowers.

**5th June:** Rev. Father Bolger, of the Salesians, preached a three-days' Retreat to the Catholic Boys of the College. Thanks to his untiring efforts, the boys were able to forget about their schoolwork and devote some time to the THINGS THAT MATTER.

**18th June:** Feast of the Sacred Heart. Holy Mass was celebrated in the College Hall. To mark the occasion, the boys were granted a Half-day.

**28th June:** Rev. Br. Lawrence, one of the teachers of the Staff, left for a well-earned holiday in Scotland. He was able to see his father back in Glasgow.

**9th July:** The Brothers and Members of the Staff, learnt with sorrow, the death of Miss Barbara McDermott, only daughter of Mrs. A. McDermott, who has been a faithful teacher at the School for a number of years. To Mrs. McDermott and her sons, we give the assurance of our prayers for the repose of the soul of Barbara.

**15th Aug.:** To-day, the feast of THE ASSUMPTION of OUR LADY, was a Church Holiday. For that reason there was no school.

**22nd Sept.:** A team of boys represented the School at the INTER SCHOOL SPORTS which were held for the first time at INANDA. Thanks to Br. Walstan who was responsible for their training, they put up a good fight; but they were still too slow for their opponents.

**26th Sept.:** We regret to announce that Mrs. McDermott has been advised by her doctor, to give up teaching. May we take this opportunity of expressing our sincere thanks to Mrs. McDermott for all she has done for the boys at Koch Street, who were fortunate enough to pass through her hands. At the same time we wish Mrs. McDermott many years of well-earned rest.
