"Diamond Jubilee"

We extend our heartiest congratulations to the Marist Brothers on this the Diamond Jubilee of the arrival of the Brothers in Johannesburg, and for all associated with the School it will stand out as a prominent milestone in the road of progress.

The Marist movement has made great strides during the past sixty years, and much ground has been cut since the arrival of the Marist Brothers in Johannesburg. The Diamond Jubilee of the "Grand Old School" has a significance which will never fade, and the Brothers, Old Boys, Pupils and all associated with the School celebrated the event with dignity, enthusiasm and festivity.

Let us cast our minds back to 1889 when three Brothers arrived in the City of Gold, to plant the seeds of education which were to germinate into the full grown tree, whose fruits have been spread throughout the Union and beyond the borders. These Brothers were not daunted by the magnitude of their task or by the enormity of the difficulties and problems which faced them in the then small mining camp of Johannesburg; on the contrary their faith, and courage strengthened them in their calling to carry out God's work of providing education for

youth. Theirs was not an easy task and many were the obstacles which they had to overcome before success rewarded their efforts, and as Johannesburg grew so also did the Marist Brothers develop, and thanks to the spirit of service which marked the Brothers who followed in the footsteps of those three dauntless pioneers the Diamond Jubilee of the arrival of the Marist Brothers in Johannesburg is the crowning glory of the solid foundation upon which the College had been laid.

Old Boys of the Marist Colleges in Johannesburg are scattered throughout the length and breadth of the land in all stations of life, and their allegiance to the "Alma Mater" is a very strong tie.

To-day three great Monuments in Johannesburg stand as a testimony to the faith and noble work of those grand men who have devoted their lives to the education of youth, the "Old School" at Koch Street, Observatory College and Inanda College. The names of Brothers Frederick, Albert Dominic and Euphrase will live forever in Marist history and will be remembered by all Old Boys. Their work is done, but their spirit will never die. May all Old Maristonians show the same courage and faith and ever be loyal to the traditions of Marist.

KOCH STREET

"Diamond Jubilee 1889-1949"

Three score years in the life-time of a college is no great span, but still long enough for three generations to have gone through the classes of the school.

The Marist Brothers came to Johannesburg just 60 years ago and literally pitched their tent at the site now known as Sacred Heart College (Junior Department), Koch Street. The appearance of Koch Street has altered down the years and all that the first pupils recognise as belonging to the original buildings is the little cottage in the Brothers' garden where the Brothers of those days had their small community chapel.

Former pupils of a later generation point out Br. Ernest's Chemistry Room in the corner of the yard, but note — almost with regret — that the old "gym." has given place to a more modern structure. All the trees — bar one — which sheltered classes who had tired of the tedious tent atmosphere have been cleared away to make a football pitch. Even this is no longer the bright red ground which endeared itself to so many Old Boys, but is covered over with asphalt. However, such externals affect the school very little. To the Old Boys returning, there are hundreds of screaming, squealing youngsters swarming over the yard just as noisy, playful, and mischievous as were their fathers and grandfathers. With few exceptions the Old Boys no longer meet their old teachers and names such as Frederick, Columbanus, Valerian and Callixte are shrouded in the veil of veneration which envelopes the objects of school-boy worship; the people and things which remain ever-present to the youth who was a boy, to the youth who becomes a man and to the man who, in his old age, is still child enough and man enough to speak of his teachers with awe, respect and affection.

KOCH STREET is the parent school of Observatory and Inanda and if these two very fine colleges can boast of beauty, attractions and amenities which Koch Street can never have, these children must bear in mind whence they derive their greatness, whence their spirit comes, and they must not forget that it is natural for a child or grandchild to wish to outshine a parent and that the fond parent gladly watches with justifiable pride and satisfaction the progress and advancement of the off-spring.

Old Boys find the new generation of Brothers much as the old generation was. In fact, they are pleasantly surprised that the younger men know so much about the worthy pioneers, and hold them in exactly the same deserved admiration as any child ever had for his Brother-Teacher. This may be due to the fact that trying to lead the same life as the early Brothers they are in a better position to appreciate the merit of the lives of those great men.

The worth of the first Brothers and that of those of later years has been shown by the manner in

which their Past Pupils have rallied within the last week to mark with fitting celebrations, religious and secular, the 60th anniversary of the Brothers' arrival in Johannesburg.

On Sunday, October 16th, His Lordship Bishop Whelan, celebrated Pontifical High Mass in the Koch Street quadrangle in thanksgiving for the graces granted to the Brothers and their schools, and as a token that the Brothers are not unmindful of the goodness with which Almighty God has favoured them and their efforts. In his sermon His Lordship stressed that the "old school" had been built on the determination of the parents to give their children the education which they thought best for them and which they claim an inviolable right to give. No State can ever interfere lawfully with the right of the parents in this respect. To avail themselves of the right parents had to make sacrifices and suffer. Such sacrifices have been made in the past and would be endured in the future should the necessity arise.

On Saturday, 9th October, the Old Boys' Dinner was held at the Maristonian Club House on the Pretoria Road. Some two hundred Former Pupils attended and enjoyed themselves. Among the guest-

speakers were His Worship the Mayor, Councillor S. P. Lee, and His Lordship, Bishop Whelan, O.M.I. Acting-Justice Lucas paid a noble tribute to the Marist Brothers and their work in South Africa in general and Johannesburg in particular, and made an eloquent plea for less cramming and more effort at right and constructive thinking in modern education. There is more need to teach to think than to make our youths store houses of facts or submitting them to an intensive and exhaustive course of instruction, which fits them only to exploit their lesser-gifted or less fortunate fellow men.

Acting-Justice Lucas was replied to by Reverend Brother Aquinas, present Superior of Koch Street. Brother Justin, Provincial of the Marist Brothers in South Africa, toasted the guests of the evening and a concluding speech abounding in flashes of splendid wit was ably delivered by Mr. L. C. Burke, Post-Master General. The Banquet and speeches were most certainly a success and will go down in Marist history in Johannesburg as one of the best functions held in the 60 years of the school's existence.

It is only right to mention that the Banquet was extraordinary in so far as the local Association had as its guests Marist Federation representatives from Cape Town and the Eastern Province, who had attended the bi-annual conference of the Federation at Koch Street that morning. Mr. D. A. Daly, the newly re-elected Chairman of the Federation, was present as well as Mr. A. Maccelari, Chairman of the Western Province Association, and his Vice-Chairman, Mr. J. de Nobrega. Mr. Barry Assheton-Smith, Chairman of the Port Elizabeth Association, represented his centre and Uitenhage had an enthusiastic and worthy deputy in Mr. McAninch, who had come over from Pretoria for the occasion.

At the conclusion of the function Mr. A. Lawson, one-time Chairman of the Johannesburg Association, and present Vice-President of the Federation, presented the Club with the minutes of the very first meeting of the Marist Old Boys' Union held at Koch Street on 5th April, 1902. These minutes have been framed and will be jealously guarded at the club-house as a souvenir of pioneers who had confidence in their fellow Old Boys, who started a movement which has grown in prestige with the years and whose ultimate strength and influence none can foresee.

The following day, 9th October, actually Foundation Day, was marked by the opening of the bowling greens for the new season, divers sports and the presentation of the Sussman Cup, which had been won by the Old Maristonian Soccer Club. General jollification prevailed among the boys who attended.

On Tuesday, 11th October, another very pleasant event was held at the club. This was a cocktail party at which Mr. Len Pollock and his wife were the "Hôtes Parfaits" to a large gathering of Brothers, Brothers' Boys, Brothers' friends and well-wishers of their Association in Johannesburg.

After having been entertained to lunch at Koch Street the members of the Old Boys' Association Committee and that of the Maristonian Club went up to Observatory, where they watched a cricket match between Inanda and Observatory.

Cricket bats were presented by the two Chairmen, Messrs. R. Effren and L. Pollock, to the boys who had put up the most meritorious performances. They were Master L. Rafferty of Observatory and Master A. Zylstra of Inanda.

A "gym" display was given on Saturday afternoon,

15th October, by the scholars of the Sacred Heart College, Eckstein Street, Observatory, under the direction of Mr. S. Meets. The variety of the exercises, the precision of the movements, and the ability of the Participants was a matter of no small wonder to the parents and spectators. The exhibition showed that the Marists in Johannesburg have moved with the times and it must have recalled to the Past Pupils present happy days spent with Messrs. Vieyra and Lilly. It was a grand show and all credit must go to Mr. Meets and the Brothers who co-operated with him in the organisation.

In the evening, the week's festivities organised by the Association came to an end with a Grand Ball in the City Hall. Some four hundred Marist Associates danced to their hearts' content with evident enjoyment and becoming gaiety.

At the conclusion of the dance, Mr. "Bob" Effren thanked the Ladies' Committee and all who had helped to make the week's celebrations a success, and he said a final word about the Marist Brothers and their influence in Johannesburg. He paid tribute to the loyalty, nay, veneration, which existed among the members of the Association for the Brothers and all they stand for in education.

A word of thanks and congratulation to Honorary Secretary, Mr. Frank Anderson, and his assistants, Messrs. Jimmy Young and Frank Russell, is most deserving.

Obituaries

On June 11th **Brother Bernard**, after four days' illness, died in the Kensington Sanatorium.

Brother Bernard was born in Zermatt, Switzerland, in 1872 and as a young man entered the Congregation in Lyons, France. After having spent several years in Glasgow, where he distinguished himself as a teacher, he came to South Africa at the end of the last century. During his many years in the Union he spent most of them on the staffs of Koch Street, Cala, Cape Town and Rondebosch.

Many of his old pupils will remember him as an exemplary religious man and as a painstaking and efficient teacher.

To his brother, sister and relatives in Switzerland we offer our deep sympathy. R.I.P.

Mr. Jack Stevens. To Mrs. Stevens and family we offer our condolences on the death of her husband. Jack was a loyal Old Boy who never lost his interest in his old school, was a member of the Old Boys' Committee and a foundation member of the Old Maristonian Soccer Club. R.I.P.

Rev. Father J. Gerstner, O.S.B., Ph.D. The late Father died on September 29th in Lusaka, Northern Rhodesia. He was resident in the College for the past two years, during which time he acted as the Brothers' Chaplain. To The Right Bishop Bilgeri and the Benedictines of the Eshowe Vicariate we tender our sincerest sympathy and prayers. R.I.P.

Religious Notes

December 8th, 1948.—The pupils attended Mass in the Cathedral to thank God for many blessings received during the scholastic year. The Rev. Father Braniff, P.P., addressed the children and exhorted them to be faithful to the practices which had been instilled during the past year.

February 2nd.—Catholic children of the Vicariate gathered at the Observatory College for High Mass, Rosary and Benediction of the Blessed Sacrament in Honour of Our Lady of Fatima.

February 28th.—Two Former Pupils of the College, Joseph de Nobrega and Felix, pronounce their First Vows at the Oblate Novitiate. Bro. Raymond Leo-Adrian represented their former masters.

April 3rd.—Two Holy Masses are celebrated in the College Chapel for the intention of Our Holy Father the Pope that reparation may be made for the blasphemies, etc., against the Church in Eastern Europe.

April 6th.—Commencement of a Three days' Retreat for the boys. This was given by the Rev. Father Fitzimmons, O.M.I., of the Cathedral Parish.

April 8th.—Close of the Retreat. Holy Mass celebrated by His Lordship the Bishop.

April 14th.—The boys of Standards Five and Six attend the Cathedral for Holy Mass and the Blessing of the Oils.

May 6th.—To-day representatives from the three Colleges met at the Observatory College to present a Chalice to The Right Rev. Whelan on the occasion of his appointment as Bishop of the Transvaal Vicariate. On making the presentation Brother Provincial spoke of the great work His Lordship had done in the Transvaal as a priest, as Administrator of the Cathedral and as Editor of the Catholic Times. In his reply the Bishop again made an earnest appeal for South African Vocations to the Brotherhood.

June 5th.—The following boys of the College were Confirmed by His Lordship Whelan in the Pro-Cathedral: R. Nobrega-Coata, I. Miller, M. Longley, F. Linde, W. Koch, B. and D. Baker, J. Goedhals, M. West, C. Toplis, B. Wenzel, D. Pearshall, D. Smith, I. Rees, R. Still, A. Serafini, I. Bailey, D. Johannsen, C. Hardy, J. Russell, G. Urbani, R. Seegers, J. Capelle, S. Yenson, R. Fernandes, K. Innovation.—During the third quarter weekly shows of educational films have been given to the pupils. Judging from the results this experiment has, so far, proved successful.

ST. JOHN AMBULANCE CADETS:

Some 120 boys form the Cadet division of the College and, under the tutorship of Brother Richard and Major Huskisson, it continues to play a very active part in the life of the College. During the present year 80 of the cadets obtained First Aid Certificates. In the Inter-School Competition for the Milne, Anderson Trophy our representatives were successful in winning the much coveted trophy.

In the different sports events for the Cadet Division of St. Johns our boys came fourth in the Annual Swimming Gala and reached the Finals in the Soccer Competition.

The cadets collected £40 in their effort to help the St. John Ophthalmic Hospital. At the Annual Rally of Cadets held in the City Hall during September 50 of our cadets formed a very picturesque and effective Tableau depicting the work of St. John.

To Major Huskisson the Brothers are sincerely grateful for his great interest in the Koch Street Cadets and to him and his Orchestra we say "Many thanks" for all that they did to make the Jubilee Concert such a success.

Sport

At the beginning of the year several teams took part in the Inanda and Observatory Swimming Galas.

Mr. Frank Warne, the Observatory College Cricket coach, took the boys once a week for practice and the results of his coaching were very apparent in the matches that the Under 13 and Under 14 teams played against the other Colleges. Recently a concrete wicket has been put down; this, we hope, will make up for the lack of a turf wicket.

Six teams were entered in the School's Football Leagues. The Under 13 won the League Shield and the Under 12 won their six-a-side competition. The following are the positions of the different teams in their Leagues:

Team	P.	W.	L.	D.	F.	A.	Pts.	Positn.
Under 11 'A'	14	11	3	0	36	9	22	2nd
Under 11 'B'	10	4	4	2	13	10	10	3rd

Religious Notes

FIRST COMMUNION:

The following boys were prepared to receive the Divine Guest in their hearts for the first time: Rinaldo Pardini, Bruno Venier, Enrico Beltramo, Hal Wilson, Terence Riley, Arthur Hunt, John Vos, Jan Stanko, Hendrik van der Wal, John Chidrawi, David Greenstone, Basil Greenstone, Alan Guthrie, Robert Panicco, Basil Burnard. We thank God, who gave them this grace; we congratulate them and pray that this first Holy Communion will have a salutary influence during the rest of their lives.

CONFIRMATION:

Roberto Bozzone, Basil Burnard, Peter Comfort, José Campos, Richard Drabbe, Peter Frost, Cecil Gedye, Alan Guthrie, Thomas Kukuljevic, James Looby, Neville Londt, Kenneth Londt, Michael Mamet, Laurence O'Donoghue, David O'Donovan, Henry Panicco, Charles Ryder, Clive Weldon, Kevin Barrett, Roland Milella, George Buric, Christopher Buric, David Greenstone, Basil Greenstone, Arthur Hunt, Elviro Matilde, Jan Stanko, John Chidrawi, Albert Egedy, Gerald Nevin, Lewis Wintermtz, Brian Jeffreys, Leslie Lai, Quinton Bolton, Desmond O'Donoghue were confirmed by his Lordship Bishop Whelan. We pray that they may always be loyal soldiers of Jesus Christ, ready to endure hardships in the service of their Leader.

ANNUAL RETREAT:

As soon as the classes were organised and the boys had settled to their work the retreat began to ask God's blessing on the year's work. Rev. Father Pilkington, C.S.S.R., was the preacher, who clearly put before the boys the truths of their Religion, and their duties to live up to their Faith. The retreat closed with a general Communion. Each day of the retreat the boys were privileged to hear Holy Mass and receive the Holy Eucharist.

HIS LORDSHIP'S VISIT:

His Lordship Bishop Whelan made his first official visit of the College at the end of the first school quarter. Rev. Brother Justin, the principals of the three Johannesburg Colleges, a delegation from the Marist Old Boys Association, all the Observatory pupils and representatives of Koch Street and Inanda welcomed his Lordship in the College Hall. Bishop Whelan presented the certificates gained at the 1948 examinations, and after congratulating the winners, he commended the work of the Marist Brothers in Johannesburg. He pointed out that if their work was to go on, it was necessary that more South Africans should heed God's call and consecrate their lives to the education of the youth of their country.

VISIT OF THE VERY REV. SUPERIOR GENERAL:

The Marist Brothers of South Africa had the joy and privilege of receiving the visit of the highest authority in the Institute, the Rev. Brother Leonida, their spiritual father and Superior General. To enable the Brothers to have a personal contact with their

venerated superior a retreat was held at the Observatory College on the first day of the New Year. Reverend Brother Leonida took advantage of his visit to see all the Marist Colleges, and witness the work of the Old Boys' Associations. May much good accrue to the Marist organisation from this historic visit, and may God grant our head Superior a long term of service in the Marist cause.

VOCATION WEEK:

This practice, which began some years ago, was carried out with the customary seriousness. Rev. Father M. Killoran took charge of the exercises and carried them out with the zeal and thoroughness that the subject of vocations deserves. The closing took place on the 6th June, the day in which the Ven. Founder of the Marist Brothers was called to a happy eternity.

THE NECESSITY FOR SOUTH AFRICAN VOCATIONS

The first religious reached South Africa about a hundred years ago. As members of the various communities were no longer able to perform their duties they were replaced from seminaries in Europe. But a catastrophe second only to the Deluge in the History of Man struck the world. World War II. Students left the seminaries to answer the call of their country. Some did not return. Seminaries were destroyed and unsettled conditions make the rebuilding very difficult. The ravages of war have left the inhabitants of several parts of Europe in a state of despair with the consequent deterioration of morals. Religious, who would once have been sent to South Africa, will have to remain in Europe to take their part in the rehabilitation of these lost souls so sadly war-torn.

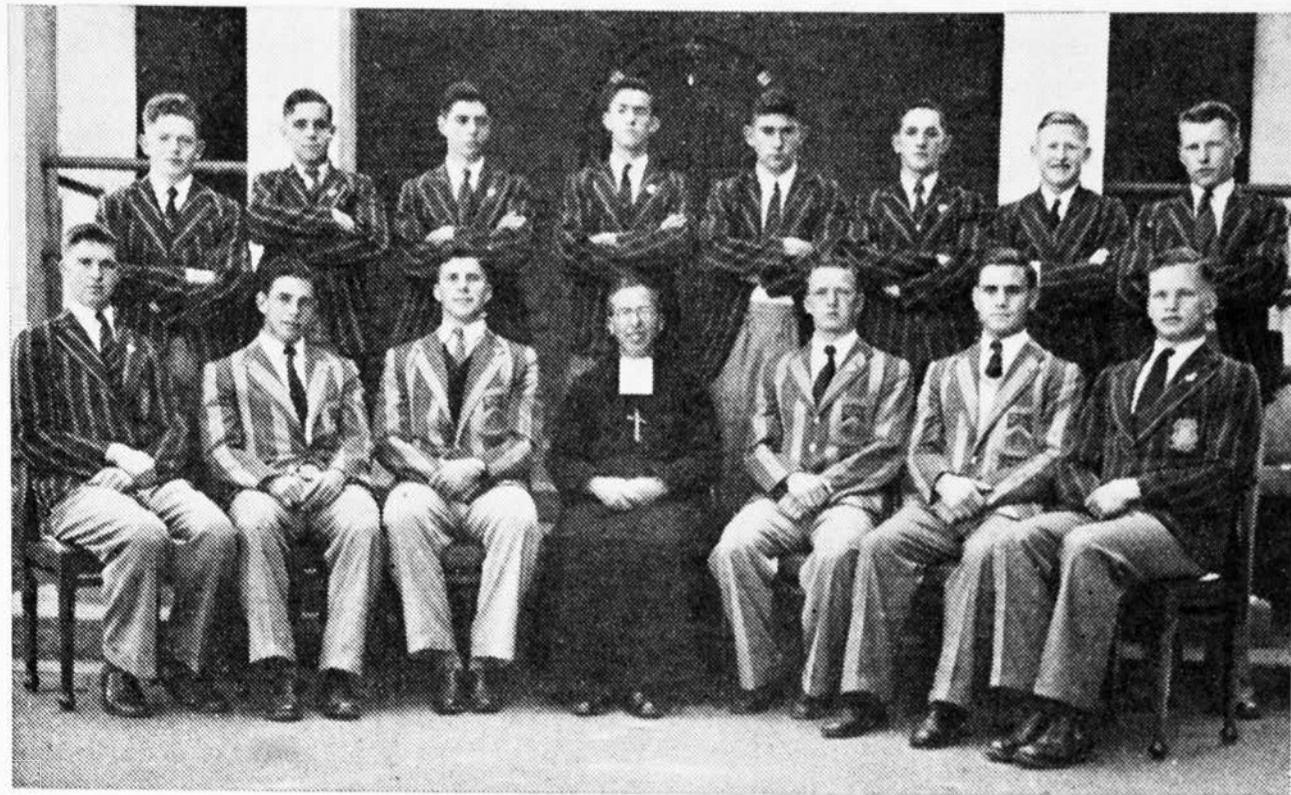

The missionary field in South Africa is enormous and the few gallant labourers whom God has sent into the vineyard are hopelessly overworked. Does it not sound strange that one priest should be responsible for the spiritual welfare of thousands of souls? The Africans may be black, but, as much as we, they were created in the image and likeness of God and they have immortal souls to save. Priests are sorely needed for work on the African missions.

South Africa is a non-Catholic country where Catholics form a minority. The religious, therefore, have, in addition to caring for the spiritual needs of the faithful, the added task of bringing back to God those who have strayed from the right path. This means that their work is doubled and, since each priest has to work at full strength, even in Catholic countries, the number of religious must also be proportionately increased or they will not be able to carry out God's command, "Go ye forth—teach all nations."

Europe has not sufficient priests for its own needs. Where will these priests and brothers come from? Only South Africa can answer that question.

Old Boys Bursaries

The Chairman, Mr. Bob Effren, presented Ivor Green with the Valerian Bursary, and Arnaldo Ansermino with the Vital Bursary. These two students and members of the Staff wish to place on record their deep appreciation for and gratitude to the Old Boys Association. Theirs is the duty, when at the end of the year they join the ranks of the Old Boys, to see that they do their share to encourage studies at the College. On many an occasion the Old Boys Committee gave up their time and put off their business engagements to attend the various College events. The College deeply appreciate their interest and loyalty.

RUGBY

FIRST XV.

Having lost our first three matches we felt that we were going to be one of the weakest teams in our section, but due to fine team work and several fine efforts of opportunism we started winning games and finally we settled down to become one of the finest sides the College has produced.

Our full-back, Boris Livshitz, is in a class of his own and on many occasions saved the side in the manner of Van der Schyff or Bob Scott.

Waltman and Lurie, our very fast wings, were rather inexperienced and nervous, but in the last few games they gave us grand service.

The two centres, Lovell and Freeman, were really dangerous and often had the opponents guessing, but they could have fed their wings a little more often at times.

The fly-half, Mathieson, showed improved form on the previous season, and in some matches was very effective, and his touch kicking combined with his breaks assisted greatly in the splendid results of the side.

Credit must be given to Griffiths, scrum-half, who though erratic at times gave good service from the base of the scrum.

Of the forwards, special mention must be made of Ansara, No. 8, Duff and Beretta, flankers, who were seen to advantage in all the games. Ansara and Beretta, rather seasoned players, did their jobs well, and Duff, after the first few games, settled down nicely. My sympathies go to opposing halves!

In my opinion our front rankers, Assad, Vieira and Kacmacarez, were the best we have had at the school for many a year. They were even better than those of 1947. You must excuse me if I happen to mention my own name!

Stitt and Martinovich, even before Dr. Danie Craven told them that they were doing the donkey work, knew it and felt it. These two, the locks, together with the front rankers, were the hardest workers in the tight and the line-outs.

Last but not least mention must be made of Br. Gerald, our coach. Through his untiring efforts he got the side to play rugby as it should be played and our success, equal to the best, is also his.

LOUIS BERETTA.

SECOND XV.

This year's 2nd XV has had a somewhat successful season. The side played 12, won 7, lost 4 and drew one.

F. Cooke, our scrum-half, gave good service and though D. Gay, the fly-half, was at times rather slow off the mark he fed the threes well, and Esrock and Tucker, the centres, were always dangerous in attack and solid in defence. The opposing centres had to be exceptionally good to get past these two and more than good to stop them.

The two wings were newcomers to the side and also new to the game, but they took to it kindly and improved much with every game.

The forwards more than held their own against the other High Schools and it would not be just quite the thing to mention any one in particular for on every occasion the whole pack combined well and excelled in the line-outs and especially in the

loose, from which many a try was scored by the backs.

Our full-back, also new to the game (by the way, his name is Digidomini), will probably be the 1st XV full back in 1951 and that says a lot, for the College has always had outstanding full-backs and the one in charge makes certain that the last line of defence is calm, fast and sure of himself.

LALLAS.

THIRD XV.

This side was very successful. It lost only one game of 10 played. There were a few who were new to the game and that the team did well is due to the keenness shown by all players.

The halves, D. Hart and Jackson, made a fine combination and through them with the magnificent work put in by the forwards led by Muller, the side proved a very difficult one to beat.

The centres, Sam and Smith, were fast, knew how to side-step, and the wings, Apostolis and Marsicano, were given many opportunities that they very seldom failed to make use of.

With forwards such as Maroun, Gibson and Taborda, the school has three fine prospects. All line-out work was safely left to them and the others excelled in the loose, McDonald and Wing outstanding.

The full-back, Wellman, commonly known as Wakkerman, was a pillar of strength, and in all the games played he let the opponents through on three occasions only. You can gather from this what his defence is like.

Not every opposing hooker could out-hook Boshoff, and Balsdon was continually a source of worry to the opposing halves.

THE CAPTAIN.

JUNIOR TEAMS

As long as our junior sides, Under 14, Under 13, Under 12, Under 11, get the grand systematic coaching as they have been getting in the past and especially lately, the rugby at the College will always be of the best and the College senior sides need have no worry that their fine record of the past will suffer in the least. With coaches such as Brothers Berthold, Leonard, Anthony and Ephrem, who know all there is to be known of the game, we can rest assured that when these junior sides come to play for the College 1st XV they will be well acquainted with all the essentials of good rugby.

WENTWORTH-BALL.

UNDER 15's

It was the lot of Br. Benedict to get all these boys playing rugby. And what a fine job he made of it! He ran four sides in this section and they did well, but especially the (A) XV.

The two halves, Michelson and Eksteen (Captain), were the outstanding players in the side and among the forwards Behr, Peers, Walters, Sleep and Jannie were always seen to advantage in all the games.

Morrison, the one centre, showed wonderful improvement as the season progressed and he is going to prove a very valuable player for the College 1st XV. in a season or two.

This side lost somewhat heavily to one or two teams at the beginning of the season, but in the return games it was a very different story.

SHAKESPEARE AND SCHOOL-LIFE TO-DAY

It seems to me that Shakespeare, besides being a most prolific playwright, was a great thinker of much foresight and wisdom, and the scholar of to-day can find a practical philosophy of life and sometimes comfort in his daily difficulties.

While anticipating a forthcoming science period, I read from Macbeth: "Present fears are less than horrible imaginings," and for the while my mind was put at ease.

Which student does not at one time or another think of the examination the following day, and Shakespeare once again has an apt remark: "My dull brain is wrought with things forgotten"; while it is not only once during the year that Shakespeare puts to us that ominous question: "If we should fail?"

It seems, also, that even in Shakespeare's age school commenced with the ringing of a bell. "I go and it is done; the bell invites me," he says.

Macbeth's famous words often re-echo in one's ears at night in the dormitory disturbed by the sawing of wood, "Sleep no more!" Later, on waking up on the balcony, we draw the blankets over us, thinking, "But this place is too cold for hell!" As the fatal dawn grows near, even the housemaster quotes Shakespeare, "Shake off this downy sleep!"

Before supper while we line up wondering what's for "grub" to-night, Shakespeare aptly warns us, "We will keep ourself to supper-time alone, then, God be with you."

It is not seldom that our thoughts rush back to our early schooldays and we remember our teacher saying, "Leave no rubs nor blotches in the work."

On ending a day at school our impression is often a day of "Double, double, toil and trouble"; and finally, having returned home at the end of the quarter, our fathers, dismayed at our results, shout in despair, "Bring me no more reports!"

AN OLD ELEPHANT

The elephant is the biggest animal. He lives in the forest. He lives on corn, roots and mealies. He has very good ears and can hear a hunter a long way off. Hunters only kill the elephants for their ivory tusks. The African elephants are bigger than the Indian elephants. An elephant is a very heavy animal.

When an elephant is angry or mad he uproots trees, stampedes and sometimes even ruins the farmers' fields. He likes to play and bathe in the rivers.

The cow elephant is more on the lookout for enemies than the bull elephant. When an elephant is wild he is a very dangerous animal.

Elephants are often trapped and tamed for zoos, where they give children rides. A person should never be unkind or cruel to an elephant because he will get his revenge as an elephant never forgets.

OLD ACQUAINTANCE

It seems but yesterday that I last heard of James Harley. I liked him very much indeed. It was a pity that we did not get to know each other a little better. James was an excellent customer — prompt in his payments, and never too fussy. When I heard of him last, I felt a strange regret that I would never see him again. To be frank, not altogether because I had lost someone for whom I was developing a genuine attachment, but also because I had lost my best and most interesting customer. What a pity he ended up as he did; he was such a fine fellow!

I think it was in 1945 that I first became acquainted with him. Then he was a struggling clerk, who received a mediocre salary, and wore mediocre shirts, always with inkstains on them. As time went on his salary was raised, for he began wearing those Irish linen shirts — very expensive, and very smart. Oh yes, James Harley seemed to be progressing excellently — financially. He carried on in this way for some time. He was always clean, neat, and my regular customer. Then came the beginning of the trouble. Why or how it started, I am unable to say. He began taking to drink! His shirt reeked drink. Liquor stains replaced inkstains. I knew he had lost his job.

From then on there was a rapid degeneration. I heard nothing of him for weeks. When I finally did, I knew that was the end of Jim Harley as far as his character was concerned. His shirt was filthy, smelling of alcohol. He did not pay me that week, or the week after. But I did the job free of charge, out of sheer affection.

Well, James Harley is too far gone to care about sending his shirt to the laundry. I, Fing Ho, have lost my best customer. You see, I never really knew James Harley personally; as a matter of fact, I had never even seen him. But his shirt told his story very well.

THE ADVENTURES OF A CAT

It was a fine afternoon in the autumn when pussy, a young cat, decided to explore the little fishing port in which she had been born.

She walked quietly along sometimes hiding behind barrels or coils of rope. Sometimes running along piles of planks. Try as she might, however, those beautiful birds always rose and flew away screaming whenever she came near. Pussy looked around and she saw a bird just above her. How she wished to catch it!

She thought to herself, "I will go on the boat and there I might catch a bird." She jumped on and forgot all about catching birds. This was the first time she was on a big boat. There was an entrancing smell of fish about everything and there were dark places where a rat could hide. Soon Pussy had explored the boat and came to a large hole where the fish were kept. She soon had a happy time eating the fish. Then she washed her face and paws and went to sleep.

She was awakened by a noise. Looking rather surprised she found herself away from the shore. She had become a ship's cat just by an accident.

JOUBERT PARK

As I dodged my way through a maze of ice-cream boys and their bicycles, I was surrounded by native nannies and babies flocking through the entrance to the park.

I sauntered past the playground to the quieter part where I hoped to enjoy the swaying trees and the scent of the flowers. It was a warm day and people were sunning themselves after a bout of cold weather.

Near me a little boy was frightened by a big Alsatian which had ambled up in a friendly way, and he screamed loudly. His scream brought to the minds of all nurse-girls that their charges were missing. In a few moments that part of the Park looked like a bee-hive, with the gaudy-clothed natives scrambling about in a frenzy.

A little girl in blue came crawling under my bench and started playing with my shoes. Suddenly a tornado in red and yellow made its arrival and left again, nearly taking my feet with it. When I dared to look around again, I saw the fairy in blue being yanked bawling back to her proper place from which she would soon disappear.

The statues of Peter Pan and Wendy, symbolising the bouyant, inquisitive spirits of these real boys and girls, were standing on the edges of the inviting green lawns on either side of the main pathway. I wished wistfully that the live ones sometimes kept as still as the images.

On my way out I stopped at the fish-pond. Instead of seeing my reflection in the limpid water, I read the story of life in the many ripples. They began with a drop, then gradually widened; grew sure of themselves; their paths crossed; they came into conflict. Some survived, others were helped along their paths. All in turn faded away leaving smooth water.

A fish jumping out of the water brought me back to my surroundings.

HOW WE LOVE SCHOOL

Our story opens in a certain school; in the classroom of VII. (B) homework is being corrected. There is nobody in this class who does not do his homework. There are only twenty boys on the platform, awaiting their doom, with a very pleasant smile.

When the homework is corrected the teacher starts asking the prep. All the boys in this class know their work so well that it would seem as if they were reading it from a book, which they do while the teacher is not looking. Finally the bell goes for break, and the boys leave the classroom looking very gloomy indeed. The reason for this is simple: We love school so much that we think this small break unnecessary and a sheer waste of time. But, when the break is over the usual high spirits return as the class gets ready for maths. Everyone just loves maths. The theorems of geometry and factors of algebra are very simple for such brilliant scholars as we. After maths. we have English. Our class has the boys who have the best handwriting in the school, if you can call it that. In most compositions there is no punctuation in a whole page. All we do is start with a capital letter and end with a full stop. Then much to our disappointment the bell goes again for yet another break.

After this break we have science. Now, science can be a most interesting subject. All you do is sit comfortably in your comfortable little desk and listen to the interesting speech of the teacher. After science we have Afrikaans. The Afrikaans teacher gives us a few short notes, which take no longer than five minutes to write down. The boys keep asking for more, but the kind-hearted teacher refuses. When the notes have been completed we get such a lot of homework that we are up all night doing it, but none of us ever complains. After the Afrikaans period comes geography, which is the last lesson of the day. Each of the three Standard VII. classes receives a few simple questions to answer. Of course, we always win, as we have thirty-nine of the school's most brilliant scholars in our class.

Finally our day's work is done and we all feel very gloomy, until eight-thirty the next morning.

M. LEESON, VII. (B).

THE STORY OF A RUGBY BALL

I am an old rugby ball. I belong to a boy called Jack, and he keeps me in his toy box. Jack likes me and he plays with me every day. He polishes me every week to make me look new.

One day Jack kicked me over the fence into the street. A lorry rode over me and I burst. Jack took me to the shoemaker and the man mended me. Now Jack plays with me and I am happy again.

A DATE WITH A GHOST

For the past three months the residents of Streator, a tiny European town near Madison, have been keeping a dawn vigil for a ghost which haunts a spot at which a Native committed suicide last year by hanging himself from a tree.

Because I was very curious a photographer and I decided to go to Streator. Before daybreak we started our journey. It was ideal weather for ghost-hunting. The sky was heavy with rain clouds, and a westerly wind was moaning and howling as we made our way in silence to the spot.

There was no one about, although friendly lights burned in several homes as the menfolk of Streator, most of whom are railway workers, were preparing to catch the early train to Madison. The ghost could not have chosen a better place to haunt. Near the tree from which the Native hanged himself are two graves with nameless headstones, probably the resting place of old pioneers. We did not have to wait long for the ghost. As the grey light of the morning spread slowly over the sky, we suddenly saw a dark bat-like figure, silhouetted against a background of trees. There was something menacing about its appearance. The photographer and I exchanged sheepish glances — I don't believe in ghosts, of course — and when we looked up again the strange form had moved towards us. When it got closer the apparition lost its sinister appearance and we saw what looked for all the world like a law abiding Native, hurrying along on some early morning mission.

But some people are convinced that the mysterious figure is a ghost. A lady told us that she had seen the ghost usually in the early hours of the morning, its appearance heralded by a strange, frightening noise. Some people want to stretch a wire over the ground to trip him, but I do not think that you can trip a ghost — or can you?

A DAY ON THE FARM

On Saturday I spent the day on my aunt's farm. We got up at cock-crow, and, as soon as I was dressed, my aunt told me to go out and feed the chickens.

When I had finished I went to the stables, and, as the horses were already saddled, I was allowed to ride one. I rode around the farm until breakfast time watching how everything was done.

After breakfast I helped my uncle to plough the fields, and he let me drive the ploughing machine for a little while.

Then as a little boy from the next farm came over we all went for a swim in the dam. In the afternoon my friend from the other farm and I both got stung by bees as we were trying to break a hive.

When I had to leave I was very sad, although I was still feeling very sorry for myself because of all my bee stings.

THE MARIST FAMILY

During the recent visit of the All Blacks rugby team from New Zealand, I was very glad to think that I shared something in common with some of the visiting players. No boys from other schools who sat in the great crowd at Ellis Park could claim such a distinction as we Marist boys, who had our old boys playing for New Zealand. It was wonderful to think that although they came from the other end of the earth, they shared with us that common bond of comradeship which all Marists have wherever they are found. It made me think of the great brotherhood of Marists, a universal family grouped loyally together under the beloved Blue and Gold.

I was thrilled with the thought that we Marist boys are members of that great family numbering many thousands in so many countries. No matter what their trade or profession or station in life, Marist boys are bound together with a bond of friendship that can never be broken. This was shown when the Marist boys in the All Blacks team came to our Old Boys club to open our new rugby ground and to enjoy a real Marist afternoon.

To the Marist Brothers who have left their homes and everything else to teach in many lands, we owe this great world brotherhood. How proud we should be to be members of it and someday we will look back on our school days and be glad that we can boast that we are members. Across the seven seas and over the five continents the Blue and Gold banner flies proudly, showing all the world how men can be like brothers. Long may the Marist work continue. Come on, the Brothers!

V.E. NIGHT IN LONDON

The grandest night of rejoicing in London was V.E. night. My mother and father were living in Leicester Square, right in the heart of London and on V.E. day they came down and fetched my brother and me back from school for the celebrations.

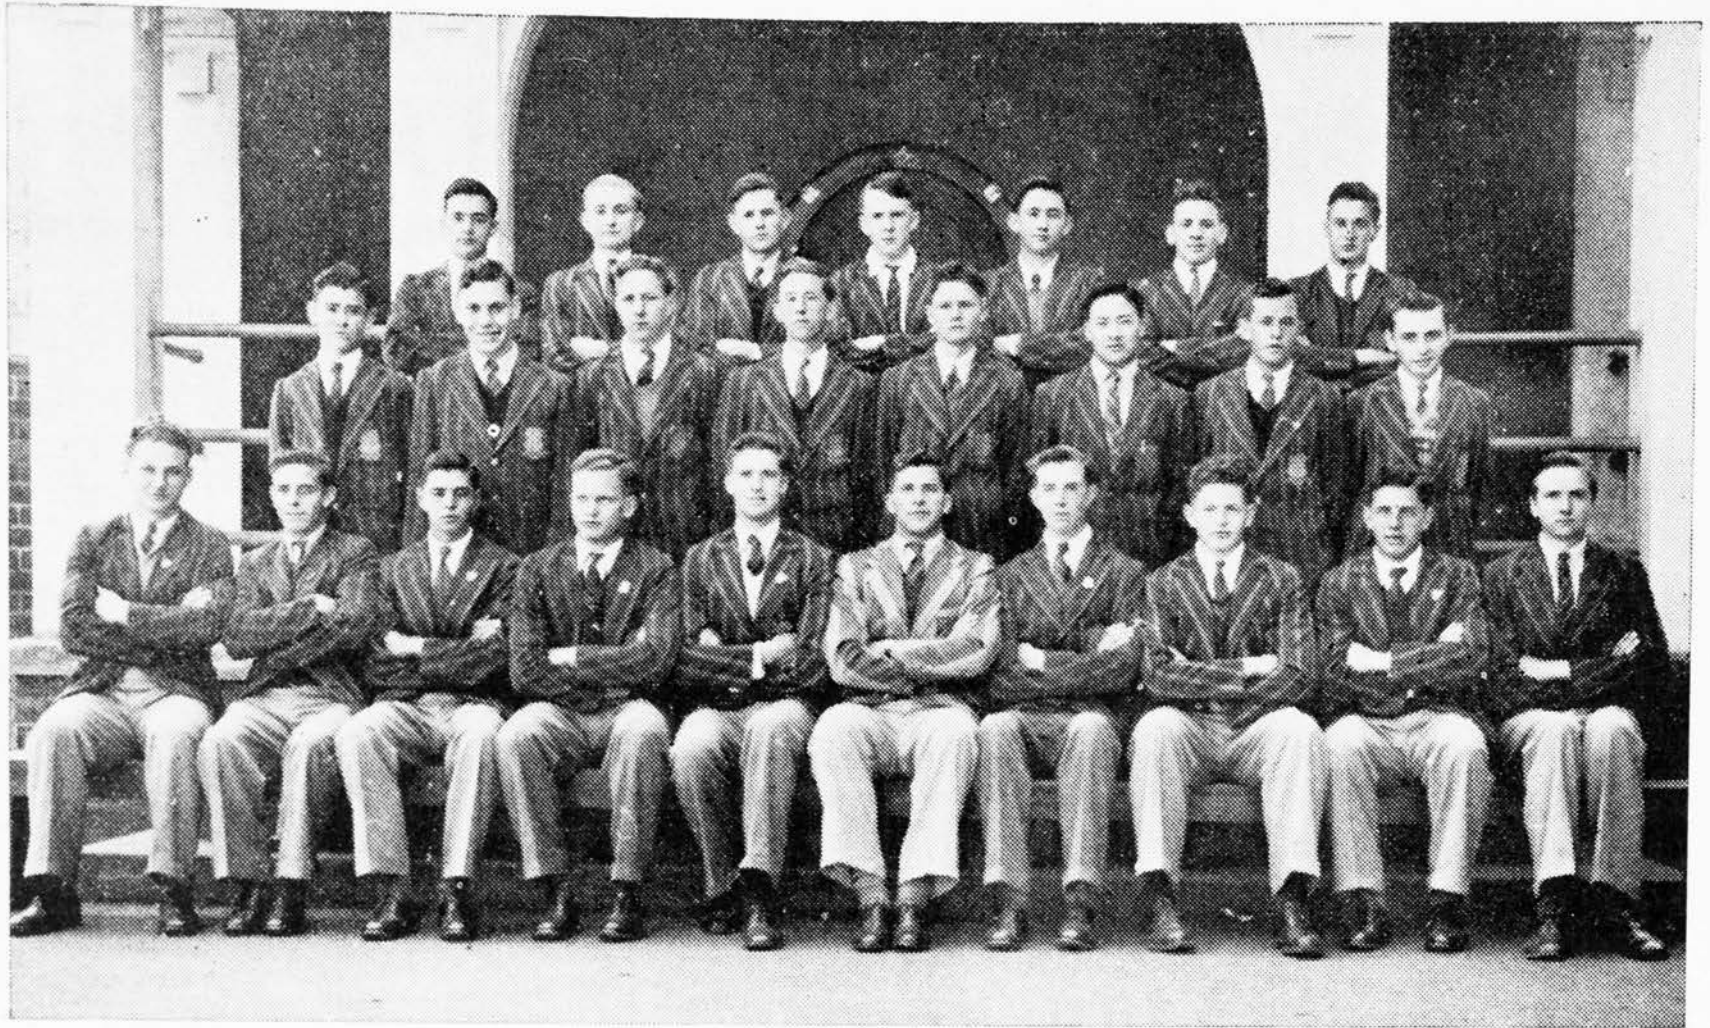

We watched the crowds passing all day from our flat windows. At about 10 p.m. we joined the people thronging the streets. We made our way down to Trafalgar Square, holding tightly to each other for fear of losing one another in the vast crowds.

The whole square was lit up for the first time in six years. We made our way very slowly down the Mall to Buckingham Palace where the crowds were dense. People had climbed Queen Victoria's monument hoping to catch a glimpse of the King and Queen. The Palace had been floodlit. At 12.30 a.m. the King and Queen appeared for the eighth time. The cheering and singing was deafening. At midnight the fireworks and search-lights had started. It was difficult to know which to watch. We left the Palace and made our way round to Piccadilly. There were bonfires on all the street corners, and the people were dancing round, everyone joining in. Piccadilly was a blaze of lights, cars were trying to get through at a snail's pace, people were climbing and sitting on the roofs.

We were now feeling very tired. It was 1.30 a.m., so we made our way as best we could to Leicester Square. Long after we were in bed until morning the crowd sang and danced.

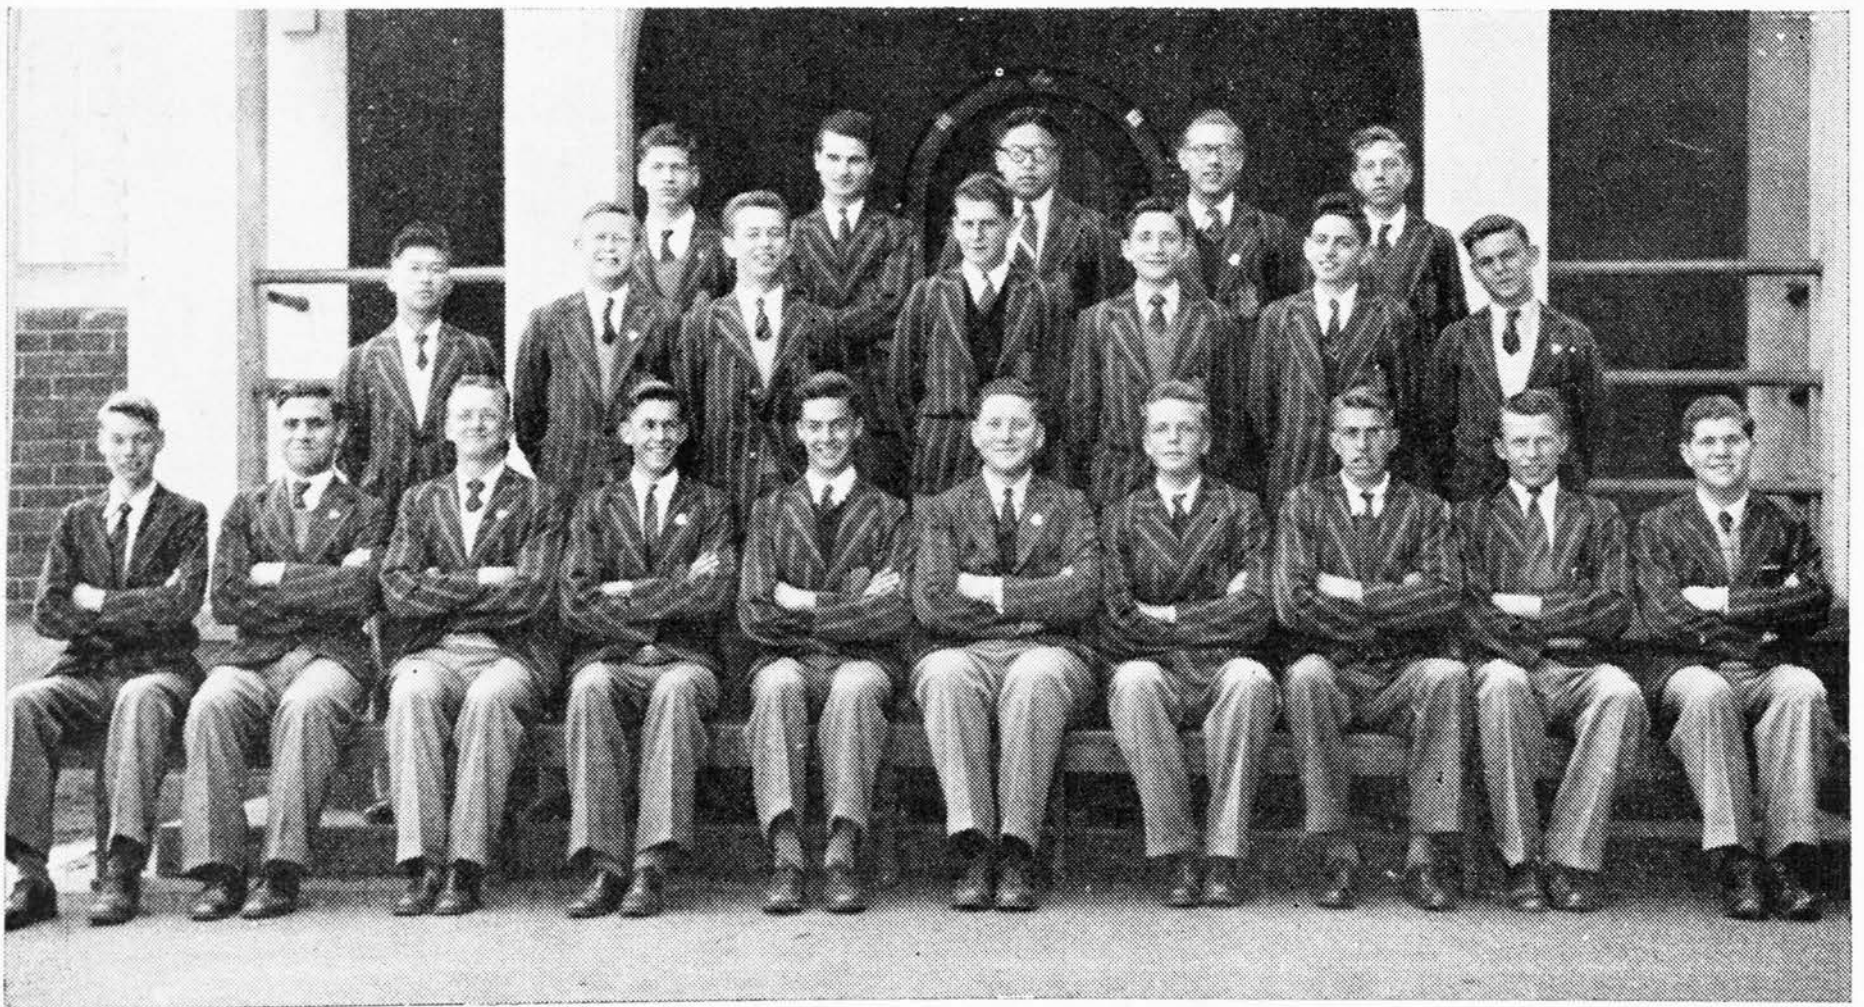

For six years London had been blacked out, now the war was over

“I SHALL TELL THEM SOMETHING IN DENMARK

My friends at home told me I should miss my Danish lager in South Africa. I shall tell them they were wrong.

This **CHANDLER'S** of yours; why it is **good** lager. It has a flavour, a sparkle that we in Denmark regard almost as special to ourselves. I can see that Copenhagen will have to look to its laurels.”

INANDA

College Notes

RELIGIOUS NOTES

The thanks of the Community and of the school are tendered to Rev. Father Konz, O.M.I., for his devoted service as College Chaplain. His regularity and punctuality are an unfailing source of admiration for us all.

The annual Retreat was conducted by Rev. Father Pilkington, C.S.S.R. of the Redemptorist Monastery, Pretoria. All Catholic boys in the senior school attended and quite a large number of their fellow students followed Father Pilkington's inspirational talks throughout the Retreat. The Chapel was completely filled.

Each quarter we appreciate the visit of Rev. Father Ramsay, O.S.M., as extraordinary confessor to both the community and the boys.

Since Brother Bartholomew's transfer to Durban, the position of College organist has been ably filled by Ivan van Rensburg.

PERSONAL NOTES:

The excellent health record of Inanda is due largely to the unremitting care and attention of Dr. J. S. Leigh, assisted by Brother John and Matron Knight. We offer them our sincerest thanks. Linked to them we join the S.A. Liberal Insurance Co., Ltd., who control our Accident Insurance Policy that covers all injuries received from the time a pupil leaves home to come to school until he returns. It has proved most successful. To Drs. Charlton, Craib and Loots, who attend to the X-ray side of school accidents, we express our appreciation.

During the last half year we said good-bye to Mrs. E. Basson, who was in charge of music since 1943. Mrs. Basson, with her husband, has taken charge of the Royal Hotel, Uitenhage.

Mrs. Walsh (IV) and Mrs. Stirton (Grades) rejoined the Department. Mrs. Stirton had been in charge of the Grades from the opening of the school in 1941 and in that time saw it develop from a kindergarten to a senior school. To Mrs. Stirton, Mrs. Walsh and Mrs. Basson we express our very sincere thanks for their years of devoted work in building up the school.

We welcomed back Mrs. L. Lidston to replace Mrs. Stirton, while Mrs. Phillips takes over Music and Mrs. Field, Standard IV.

BROTHER MICHAEL:

Inanda Old Boys will be pleased to hear that Brother Michael is at present in Europe following the course of the Second Novitiate in France. On its conclusion in January, he will have an opportunity of looking around Europe and the British Isles. Prior to his departure he was Bursar at St. Charles' College, Pietermaritzburg. He will return to South Africa in the new year.

BROTHER BARTHOLOMEW:

At the beginning of this year Inanda sustained a serious loss in the transfer of Brother Bartholomew to Durban. Appointed Senior Housemaster in 1944 his conscientious and unending attention to duty, his pleasant manner and his unruffled disposition laid the foundation of the family spirit that is conspicuous in the school. In his capacity as sportsmaster he organised house leagues in all games and kept his teams busy throughout the year.

THE NEW PLAYING FIELDS

The levelling of the front fields commenced on the day that the Inanda's first Matric, 1948, wrote their first paper. Tournapulls cutting, loading, transporting and spreading 20 tons of soil at a time, soon had the top terrace cut away and dumped on the lower one. Intervening banks were pushed over by bulldozers. The rough levelling was completed when school re-opened at the end of January when power-graders smoothed out the surface. The rush of waters following the summer storms ate away the banks in places, but the construction of concrete drains prevented further erosion. The banks were planted with kikyu, which should give adequate protection.

THE TURF WICKET:

Under the guidance of Mr. Max Houliston, the curator of the Wanderers' Club, Kent Park, the centre of the ground was excavated to a depth of 3 feet over an area of 90 feet by 60 feet. This was filled with alternate layers of top soil and kraal manure to within 3 in. from the top. The black clay for the surface of the wicket was given free of charge by the Union Fireclay Works, Boksburg, through the courtesy of Mr. Tait, Jnr., and Mr. Marshall, of Jeppe Boys' High School. This was planted with Maginiss grass early in March and was top-dressed with light layers of clay until it is now up to top level. Before long it will be mowed and we hope to open it before the close of the year.

TURFING OF THE FIELD:

The whole levelled area was subdivided to provide a cricket ground of about 5 acres in area. This was to be turfed. The remaining portion was divided into three soccer fields for the juniors. In summer these will be used for cricket and special hard pitches have been laid down for them.

The turfing of the cricket ground was an extensive job. It was decided to plant kikyu grass after the model of Ellis Park so that the field can be used both for cricket and rugby. It will give us two further rugby fields. The planting began in mid-March and

College Notes (cont.)

many a sceptical eye-brow was raised when the planting continued throughout the winter. The ground staff under Jerry worked at it continually and did a grand job to have it finished in 5½ months. By then it was springtime when the green shoots all over the field showed that the policy of winter planting was successful.

In the autumn young jacarandas were planted around the field. They were the gift of Mr. E. Falkow of "Monterey." Guards were erected around them and they were thatched to protect them against the winter frosts. They all survived their first winter. In a few years' time Inanda's jacaranda cricket field will be a thing of beauty.

Our debt of gratitude for assistance received is heavy and widespread. Our sincerest thanks are expressed to Mr. Max Houlston, of the Wanderers' Club, to the Directors of the S. and T. Construction Company for voluntary help, to the Transvaal Rugby Union through its Secretary, Mr. Reg Smith, and Mr. Saunders, the curator of Ellis Park, to Mr. E. Falkow, to Mr. Kennedy of Bird Investments, Ltd., to the Southern Merchants Investment Trust, Ltd., through Mr. Birt, and the Coveney Kennels, who gratuitously supplied the vast quantity of grass required for the oval.

Valuable assistance was given by a squad of J.C. and VII boys who voluntarily helped throughout the year and gloried in the title of the labour gang—Lamberti, B. Kippen, McMullen, Ferreira, Kelly, Lamb, McAdam, Kidney and R. Metcalfe.

The thanks of the school are due to all who contributed to the Grounds Fund. A special word of appreciation goes to the following for their generosity: Mr. Asher Swede, Mr. and Mrs. J. Risi, Mr. F. Brottom, Messrs. Lane and Dove, Dr. and Mrs. J. S. Leigh, Mr. and Mrs. C. E. Berry, Mr. and Mrs. E. J. Rohan Irwin and Messrs. H. and V. Muller.

THE ANNUAL DANCE

The Annual Dance was again one of the highlights of the year. A notable supper had been prepared by the lady members of the staff, Mrs. Kempster, Mrs. Brophy, Mrs. Fernig and Mrs. Knight, assisted by our old friend, Mrs. Ferns, who came in from Florida with young son William to help in the work. The hall had already been decorated by Lamberti and his labour gang. While the ladies were preparing the supper the "gang" did the transport and cleaning-up work. During the evening, both the supper-room and the supper came in for much favourable comment, especially Pete's cup of hot soup at mid-night when the dance finished. The orchestra, from the Springs Revellers, kept everybody on their toes.

Our special thanks are due to the ladies of the staff, to Mrs. Basson, of Uitenhage, who sent a cake for the occasion, to Mrs. Ambrosioni for a basket of fruit. By a strange co-incidence, both of these prizes were won by Mrs. Schultz, who gave them to the boys of Standard IV. To Mr. F. Britton and Mr. P. Schultz for gifts, and to Messrs. L. Pollock, E. J. Rohan-Irwin, J. P. Richardson and Mrs. P. Sykes for their assistance.

THE B. R. HUNT SCHOLARSHIP TROPHY

In November, 1948, Inanda rose to the status of a senior school. The policy adopted by the Council was to build up the school from within. From 1943, a class has been added each year until Senior Matric was reached in 1948. The senior boys who had grown up from the Junior school set a standard of conduct and study that any school could be proud of.

To commemorate this event and to give that incentive to scholarship that is applied so frequently to sport, a beautiful silver cup was presented by Mrs. Gertrude Hunt in memory of her late husband, Mr. Bert Hunt. It will be awarded each year to the dux of the school and the award will be made on the results of the Senior Matriculation Examination held by the University of South Africa. The Cup was given to the College at the Senior Matric Final Luncheon at which Mrs. Hunt was the guest of honour. The first presentation was made by Mrs. Hunt to Peter Bailey at the Annual Presentation of Awards in May.

FRIENDLY SERVICE**

Our modern windows — more than 50 of them — extending over the three frontages of Pritchard, Von Brandis and Kerk Streets, are daily revealing the movements and changes in goods closely associated with the trends of fashion and things of utility and adornment for the home. They reflect the important new additions that have, in many instances, been added to the store's great assortments but a few days before. They are interesting and instructive — for they keep the shopper well-informed of what the world's leading manufacturers are producing.

We search the world for the world's most dependable goods. Here you may see wide ranges of new and up-to-date merchandise that provide a pageant for the fashion-minded and those in search of quality merchandise for the home.

Boxing

After all the competitors had been declared fit after examination by Dr. J. S. Leigh, the first spring rains again drove us in-doors to carry off the Third Annual Boxing Tournament. The cool change, after the hot, dry, dusty weeks of training, gave the competitors that extra vim that made most of the contests vigorous and interesting. The skill shown by some of the juniors was a high tribute to the instruction they have received during the year from Mr. Harry Best, the Gym master. Mr. Best was referee, Brothers Edwin, Lewis and Alban the judges and Brother Urban, timekeeper. The judges were unanimous in nominating Roy Gibson the best boxer of the day. The Burman Cup for the House Aggregate was won by College (Ananiadis) followed by Osmond (Smith), Benedict (Barale) and Bishops (da Cruz).

In the Senior Heavyweight Smith had a walkover. The other results are as follows:

D. de Villiers (78) drew with J. Freemantle (76).
 T. Ward (68) defeated R. Woodward (62).
 N. Cepernic (70) defeated R. Wicks (70).
 B. Kippen (112) lost to N. Morgan (111).
 P. Dubuisson (123) defeated R. Reso (126).
 G. Babaya (160) defeated M. de Souza (167).
 H. McDougal (91) defeated A. Anagnoscu (93).
 D. Stephan (83) defeated P. Owen (80).
 P. Denny (104) defeated R. Snell (97).
 R. Gibson (135) defeated I. Kerley (147).

Boxing Scrolls were awarded to the following:

D. Smith, Senior Heavyweight.
 B. Babaya, Heavyweight.
 E. Barale, Welterweight.
 P. Dubuisson, Middleweight.
 R. Gibson, Lightweight.

RUGBY

Great enthusiasm was shown in the game throughout the winter. Though handicapped by the temporary loss of two fields for practice because of turfing operations, each of the six teams seemed to find a corner somewhere on the senior field to carry out its training. Sometimes the corner was enlarged and it seemed impossible that three-quarter movements up and down and across the field should not collide. They didn't.

The First XV, under the coaching of Brother Alban, showed excellent form in the beginning of the season. They were at their best to beat Parktown High at Parktown by 5-0 and they held Observatory at Observatory in a close game that Observatory won 9-3. A feature of the season was the combined game in which Observatory and Inanda combined to play the Maristonian Club under 19 at the opening of the Club's rugby ground in the presence of the All Blacks. The Combined Marists were defeated by 6-0.

The team was admirably led by Barale through all the games and before he was injured in one of the closing games the hooking of West was outstanding. The forwards were a grand pack and they deserved their colours.

The 1st XV wish to express their thanks to Brother Macartin, the Principal of St. Henry's and to the parents of their hosts who entertained them when they visited Durban in May. They, like the All Blacks, found Durban's winter rather warm for rugby.

ATHLETICS

This year we held our Annual Meeting at Kent Park where the condition of the track and the excellence of the field appointments gave every opportunity for good times. This was countered somewhat by a rather boisterous wind that came up during the afternoon. The Long and High Jumps were finalised beforehand as well as the 880 yards Senior and Junior and the Cross Country event.

The House Championship was won by College—Captain Ananiadis, followed by Benedict (Barale), Osmond (Smith) and Bishops (da Cruz).

Victor Ludorum was H. Grisdale, who won the Freemantle Cup. He gained his points by winning the open 100 yards, 220 yards, creating a new record of 24 seconds, and the 440 yards. The runner-up was Frank McGrath, who won both High Jump, 5 ft. 1 in., and the Long Jump, setting a new record of 20 feet. The Risi Cup for under 16 went to M. Forrester, who won the Mile open, the 120 yards Hurdles and the Cross Country. Dubuisson won the under sixteen 100, 220 and 440 yards. The 880 yards went to M. Rogers, who raced above his group to win in the good time of 2 min. 10.8 secs. Rogers won the Bob Effren Under 15 Cup by carrying off the 100, 220, 440 yards and the Long Jump. His performance was the outstanding one of the meeting and he now holds five records: 100 yards, 11.1 secs.; 220 yards, 25 secs.; 440 yards, 58.1 secs.; Under 18 880 yards, 2 min. 10.8 secs., and the Long Jump, 17 ft. 10 in. Gibson won the 120 hurdles and tied in the High Jump with Babaya at 4 ft. 9 in.

Clive Nichols won the J. P. Richardson Cup Under 14 by winning the 100 yards, 220 yards, 440 yards and the Long Jump. Sieling won the Hurdles and Snyders the High Jump.

Otto Gilbert nearly duplicated this performance under 13, for which he was awarded the Junior Freemantle Cup. Stephan won the 440 yards and Ian Irvine created a new Under 13 record in the High Jump by clearing 4 ft. 2½ ins. R. Kourie won all events under 12 to be awarded the Kitty Shaw Cup under 12, and J. White won the Kitty Shaw Cup under 11 by a similar performance. The George Roy Trophy under 10 went to A. Zuncle and the George Roy Trophy under 9 to P. Owen. The E. V. Hulse Cup for the Open Mile was won by M. Forrester. At the conclusion of the meeting the trophies were presented by the Chairman of the Maristonian Club, Mr. Len Pollock.

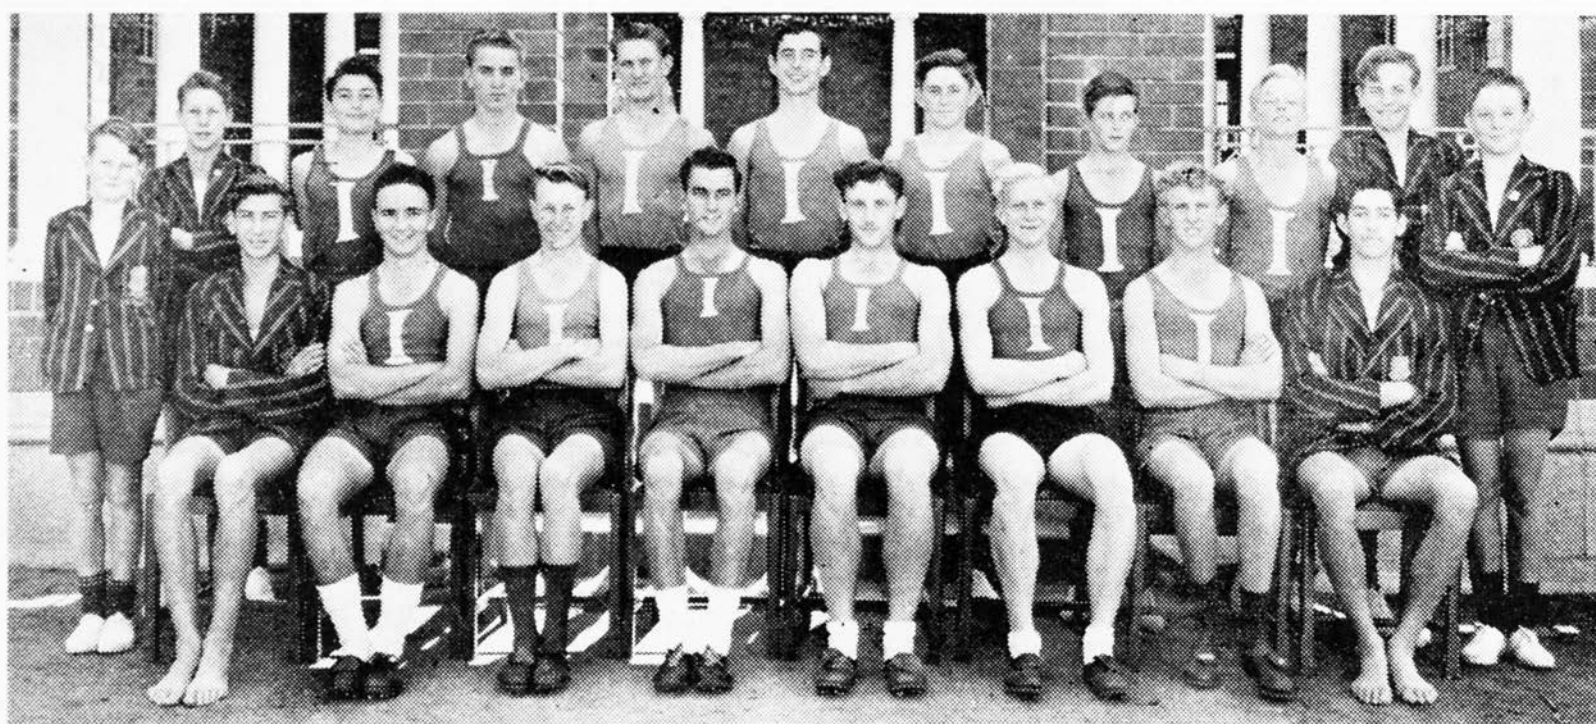

THE INTER-COLLEGE MEETING

Observatory, September 24th

Observatory again acted as host to C.B.C., Boksburg, and Inanda for the Inter-College Meeting held on Saturday, 24th September. The final result placed Inanda first with 133 points, C.B.C. Boksburg 2nd with 123 and Observatory 3rd with 120 points. After the last event Brother Raymond congratulated Inanda on its victory and thanked Boksburg and Inanda for coming.

Inanda was represented by the following teams:

- Open:** Grisdale, McGrath, da Cruz, Risi, E. West, Barale.
Under 16: Forrester, Dubuisson, Perino, Leon Kerley, Magrath.
Under 15: Rogers, Rethman, Gibson, Cazalet, Babaya.

Old Boys' Notes

OLD MARISTONIAN SOCCER SECTION

It is many years ago since soccer was first played at Koch Street College; way back in 1912 the Old Boys won the Transvaal Challenge Cup, and this year, 1949, the Old Maristonians' Club senior team have won the Southern Transvaal Third Division Cup for the second year in succession, and so to the soccer section goes the honour of bringing the first cup to the Old Maristonian Club.

The 1949 season has been successful not only on the field of play, but also the name of Old Maristonians has been put on the map among soccer circles in Johannesburg, which is no mean achievement as this is only the third season the Club has been playing under the name of Old Maristonians.

The senior team lost only one league game during the season, and finished up by winning their league by three points. At the end of the season they played Y.M.C.A. for promotion in the best of three games. The team won the first two games in grand style so there was no need for a third game, and next year will play in the Southern Transvaal Second Division. So here is hoping it will not be very long before the senior team is in the Transval First Division.

The junior teams have had a good season. No leagues were won, but an excellent nursery has been built up which will prove an important factor in the years to come. The under eighteen were unlucky in a number of their games and finished up second last in their league. They have none the less formed themselves into a grand team of sportsmen and next year should see them well ahead in their league.

The under sixteen came third in their league and reached the semi-final of the under sixteen cup

when they were beaten by the strong Rangers team (who reached the final) after extra time. Next season ninety per cent. of this team will still be under sixteen, so we can expect great things from them. During the Diamond Jubilee Celebrations they played the Old Crocks at the Club and drew 2-2. The boys are convinced that the referee was organised by the Old Crocks, and I must admit that he did save a few goals for the Old Crocks. Anyhow, the Old Crocks have been challenged to another game next season.

During the season the section held a most successful dance at the Club which was attended by a large number of Club members. The Wanderers Clubs' senior team were our guests at a cocktail party at the Club after our senior team had played them in a friendly game, which our boys won 5-0 in one of the best games they played during the season. Also during the season members of the Club were guests of the Wanderers Soccer Section at a dinner and dance at the Wanderers Club. A grand spirit of friendship and sportsmanship has been built up between our soccer section and the Wanderers which we hope will be continued for many years to come.

In conclusion, the soccer section wishes to thank all members of the Club who supported them during the season, and to Brother Aquinas, who has done such great work for the section during the last three years. Congratulations on the Diamond Jubilee of Koch Street College.

CONGRESS OF THE FEDERATION OF THE MARIST BROTHERS OLD BOYS' ASSOCIATION

The Eighth meeting of Congress was held at Koch Street College, Johannesburg, on Saturday, 8th October, 1949.

Mr. D. A. Daly presided at the meeting, which was attended by the following delegates:

Western Province: Messrs. J. Nobrega and Macceleri.

Port Elizabeth: B. Asshton-Smith.

Uitenhage: Mr. Macininch.

Durban: Rev. Bro. Connell.

Pietermaritzburg: Rev. Bro. Justin.

Johannesburg: Messrs. R. E. Effren, J. P. Richardson, A. Lawson and F. M. Anderson.

Registrar: G. Dobson.

Rev. Bro. Aquinas welcomed the delegates at a social tea, which was held at the College.

Serious discussion took place on a number of subjects pertaining to Marist Old Boys' matters.

In the evening the delegates were the guest of the Johannesburg Old Boys' Association, at the Diamond Jubilee Dinner which was held at the Old Maristonian Club House.

On Sunday, 9th October, 1949 (Founder's Day), the delegates were entertained at the Old Maristonian Club, when the Bowling Green was opened for the new season, and the Annual "Old Crocks" versus "Present" soccer match was played.

PRESIDENTIAL REPORT

At the very outset we were restricted to some extent in developing as much as we wished, since some of our Associations were trying to rehabilitate themselves after the war and in so doing had to confine the major portion of their activities to domestic matters. Reports we have received from time to time, however, clearly reflect that our members have been generally very active.

Our duty as a Federation, after all, is that of being a body to assist our members in their work and when our members do not appeal to us for assistance or guidance we rightly assume that our services are not required. The Federation, nevertheless, is a very important body since in time of need it can speak for its members with one voice and if membership is sufficiently strong, this voice becomes a powerful weapon. My advice to you, fellow past students, is to go back to your Associations and continue to build them up and make them strong and active. Our schools may need our assistance and support at any time and as South Africans we must, at all times, be ready to rally to their aid. I also feel that past pupils of Marist Brothers' Schools and Colleges in this country are not sufficiently represented in public life. Here we must strive to help each other. We must aim at better representation in this respect and I feel confident that with strong Association support this can be achieved. I am, however, happy to say that many of our Old Boys are playing their part in the most important walk of life in this country — the Service of God. The vocations which were conceived and fostered in our Schools and Colleges must be a great consolation to the Brothers. As your President I am very mindful of this fact and I know that you all share my pride in those past pupils of various denominations who are carrying out these great services.

At the beginning of this year we were honoured with a visit from the Very Rev. Brother Leonida. This was an historic occasion and tribute to its importance was paid in the form of a Civic Luncheon given by His Worship the Mayor of Cape Town.

As your representative I had the privilege of presenting Bro. Leonida at a special function organised by the Old Boys' Association (W.P.) and held in the City Hall, Cape Town, with an illuminated address artistically executed by one of Cape Town's leading painters. The address itself expressed our loyalty to the Marist Brothers and appreciation for all they had done for us and are continuing to do for the welfare of this country. I would add that the badges of all the schools and colleges in South Africa appeared on the address in their natural colours. Brother Leonida was particularly impressed with our Old Boys' tie and took one as a sample with the object, if possible, of making this the universal tie for all Old Boys' Associations.

During the football season just ended we were also honoured with a visit from Old Boys who were members of the All Blacks Rugby Touring Team. On behalf of the Federation, I was happy to extend to them a hearty welcome to our country and in September last, wished them "Kia Ora" on their return to their native land.

Your Federation met regularly and at no time was it necessary to postpone a meeting owing to the lack of a quorum. This I consider is a tribute to the enthusiasm with which your interests were served. It would not be fitting to let this occasion pass without expressing my appreciation for the tasks performed by those who represented you at these meetings. I refer to Rev. Fr. Galvin, Rev. Bro. Connall, Messrs. Lawson, Taylor, Carden, O'Farrell, Boule, de Nobrega, Dobson and Maccelari. I also wish to record my thanks to Mr. Davies, who was Registrar for three quarters of my term of office. He was an asset to the Federation and a great help to me. He was sorely missed when he left to take up residence in Rhodesia, but we were fortunate to find such an able substitute in Mr. Dobson. To him I also extend my thanks.

Finally, I wish to express my gratitude to the Chairmen, Executive Members and all other members of the various Associations for their co-operation and support during the past two years.

" A TRIBUTE " by D. A. DALY

Despite the passing years there comes before our minds a long chain of memories. We recall events that were serious, those that rocked us with laughter and those when we were upholding the honour of our Schools in examinations and on the field of sport. We call to memory the untiring interest of the Brothers in all our achievements and defeats and how they were ever ready to congratulate us or to sympathise with us and always offering a word of encouragement.

In these our post school years, we recall and appreciate that it was always the aim of the Brothers to put us into the business world fully prepared and competent to carry out the occupation of our choice and to take our place in Society as men worthy of the Brothers and with the spirit of Christianity to the fore.

Is there an Old Boy who has not seen the readiness and eagerness of our Old Masters to participate in all our functions and above all to join in our joys and laughter.

There is also the crowning memory that it has been our good fortune to be educated by the Marist Brothers. Great men banded together by the noble ideals of service and sacrifice.

Recalling all this must bring instantly to the mind of every Old Boy what a deep debt he owes to the Marist Brothers. Every Old Boy owes and should give freely what the Brothers gave — service and sacrifice. Service to maintain the School and sacrifice of the necessary time in order to achieve this. This can be best done by banding ourselves together into Associations, building up these Associations and making them worthy of the Cause and on the lips of each and every one of us should be the words: "Thanks, Brothers. We serve you."

BRO. PAUL MEDAL:

The Trustees of the Marist Old Boys' Association in consultation with the Marist Brothers have decided to accept the generous bequest provided by the late Malcolm Forsyth in his will.

The income received will be used to provide annually a gold medal to be known as the "Brother Paul Medal," and will be awarded to the Junior Matric scholar at Inanda College, Johannesburg, who obtains the highest marks in Mathematics in the year-end examinations.

The first award will be made on the results of the 1949 examinations.
