ZWEIGENTHAL

The
ST. DAVID'S
College
Review
1969

O Lord, our Lord,

How wonderful is your name in all the earth,
You who have set your majesty
high above the heavens!
Out of the mouths of babes and sucklings
you have provided praise,
Against your foes,
to silence the enemy and the avenger.
When I look at your heavens, the work of your fingers,
the moon and stars that you have set up, –
What is man that you remember him,
the son of man that you care for him?
Little less than the angels have you made him,
you have crowned him with glory and honour,
You have given him rule over your handiwork,
setting all things under his feet:
All the sheep and the oxen,
all the beasts of the field,
The birds of the air and the fish of the sea,
all that swims through the sea-ways.
O Lord, our Lord,
how wonderful is your name in all the earth!

(Psalm 8)

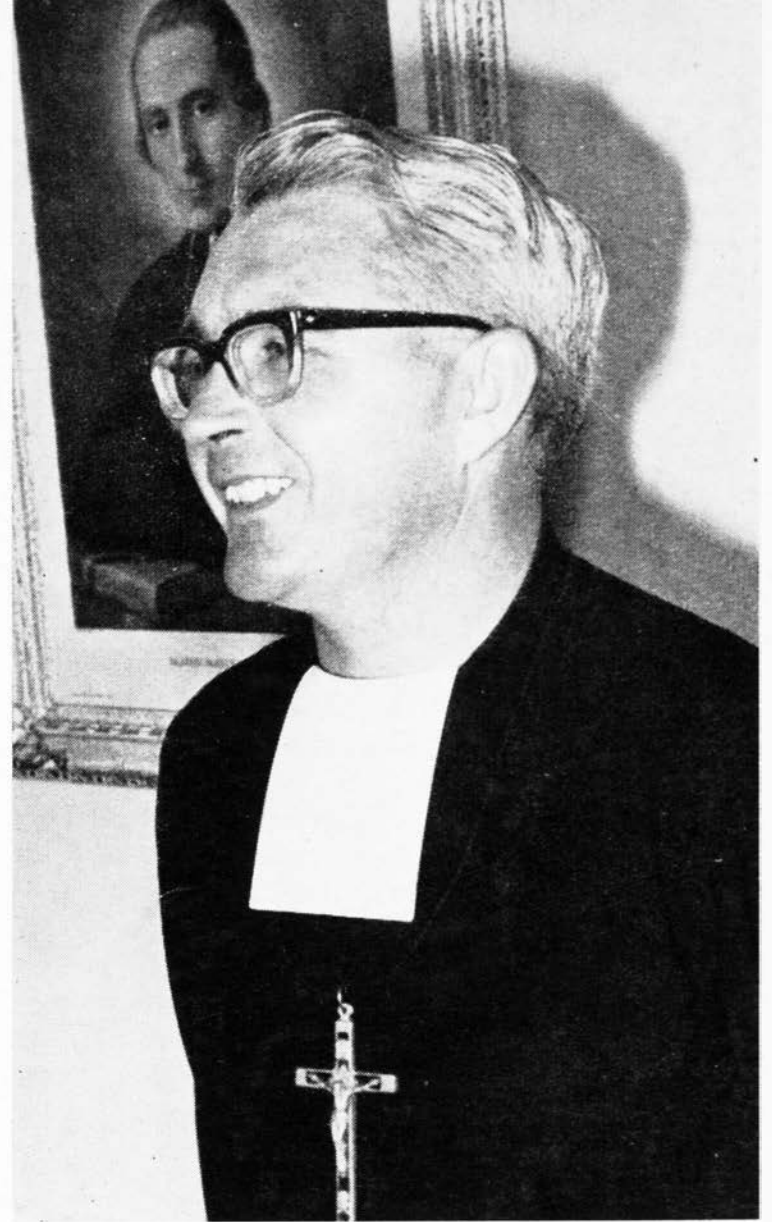

Aerial view of the College, taken March 1969.

(COURTESY OF MR. M. ROSS)

“We fly to your patronage, Holy Mother of God
do not despise our petitions in our necessities
but deliver us from every evil
O Glorious and Blessed Virgin”

*(Probably the most ancient formal prayer to the
Blessed Virgin; it has been found on a Greek
papyrus said to be of the third century.)*

Editorial

Rev. Br. Anthony, Headmaster.

“I HAVE A DREAM!” — famous words of the American idealist Martin Luther King. These are words which also characterise Reverend Brother Anthony who this year completes 10 years as Headmaster of St. David's. His dream is that St. David's will be a great College — and the fact that this dream is stronger, clearer and closer to realisation in 1969 than it was in 1960 is evidence of his abiding youthful enthusiasm and determination.

Dream has of course become reality in many ways in these 10 years: the remarkable degree of parent participation; the provision of numerous new facilities for pupils; the expansion of the school roll; academic results rivalling the best produced by other leading Colleges; the establishment of Clubs and Societies to develop varied interests and talents — above all, the maintenance of a very fine school spirit — these are all great achievements.

Few schools can boast that their parents are as actively interested and involved in school matters as those of St. David's. Brother Anthony has started several Committees to canalise this interest and to cater for such diverse school activities as Tuck Shop, Library, Cadets, Swop Shop and Horse Riding. The co-ordinating body — the Parent-Teacher Association — also owes its establishment to him. These Committees have helped to spread the burden of running a large school (and St. David's roll has expanded from 500 to 800 in 10 years) and have also made possible some new activities for the pupils.

Brother Anthony's “pride and joy” is the new property that was purchased from Mrs. McGill-Love in 1965. This at present is being developed into first-rate playing fields that will give every boy the opportunity to participate in the many organised sports that the school provides. The coloured aerial photograph gives

a good idea of the remarkable progress made on these fields since 1966 when the property was cleared. A keen sportsman himself, Brother Anthony has inspired and encouraged a high standard in most competitive sports, especially cricket, swimming and athletics.

From an academic and cultural point of view there has been great progress also. The College records indicate that between 1960 and 1968, 300 boys matriculated with a total of 66 distinctions and 70 first class passes. An Art Room and a Library have been established as well as new Junior Classrooms and an Administration Block. Several important cultural functions appear regularly on the College Calendar e.g. the Art Exhibition, the Senior and Junior Best Speaker Contests. A more varied curriculum is being offered, including such subjects as Physics, Chemistry, Add. Maths., Biology and French.

School spirit is a difficult thing to define and analyse, but no visitor leaves St. David's without commenting upon the spirit that animates the school. The basis of it is Brother Anthony's personal interest in every member of staff, every parent, and every pupil, and in all activities undertaken by them. A Headmaster is called upon to make frequent decisions and judgments: Brother Anthony's have always been sound, just and eminently reasonable — the most severe of them softened with a smile and a joke!

The master-plan that is published elsewhere in this Review is clear proof of how close Brother Anthony's dream is to realisation. Next year will see the commencement of building operations on a splendid Department of Natural Sciences building. In gratitude to Brother for his ten years of selfless unremitting work for this College, we can wish him nothing better than the full realisation of his dream.

AD MULTOS ANNOS !

Reverend Brother Jordan — Provincial

IN JANUARY OF THIS YEAR, Rev. Br. Jordan was elected to succeed Rev. Br. Ephrem as Provincial Superior of the South African Marist Province. Brother Jordan is well qualified both academically and in virtue of his wide experience, to be the Provincial of a teaching Order. He has a degree in Arts, and a University Education Diploma from the University of South Africa; a B.Ed. from the University of Cape Town (his Thesis: "Origin, development and future of the Marist Brothers in South Africa"); an M.Ed. from Wits. University (his Thesis: "History of the Holy Family Sisters in the Transvaal"). He has been Headmaster of our Colleges in Rondebosch, Observatory, Walmer and Pietermaritzburg. For many years he has been on the Provincial Council, and represented the S.A. Marist Province at the recent General Chapter held in Rome.

We wish him a very fruitful term of office.

Br. Jordan, Provincial.

Rev. Br. Aidan — Provincial Bursar

*Rev. Br. Aidan, elected
Provincial Bursar, February 1969.*

R.I.P. Brother Edmund Macdonald

BROTHER ARTHUR EDMUND MACDONALD of the Marist Brothers School, Hatfield Street, Gardens, died in his sleep while recuperating at Groote Schuur Hospital on March 11. He was 74.

Brother Edmund was born in Scotland and joined the Marist Brothers in 1910. He then taught in France for a few years. Appointed principal of the Marist College in Aden, he held this position for 31 years.

Brother Edmund came to South Africa in 1950 and taught in various colleges here.

He was Bursar at St. David's from 1965-1967.

“80 years ago . . .”

The first High School in Johannesburg, Sacred Heart College, Koch Street, opened by the Marist Brothers 80 years ago.

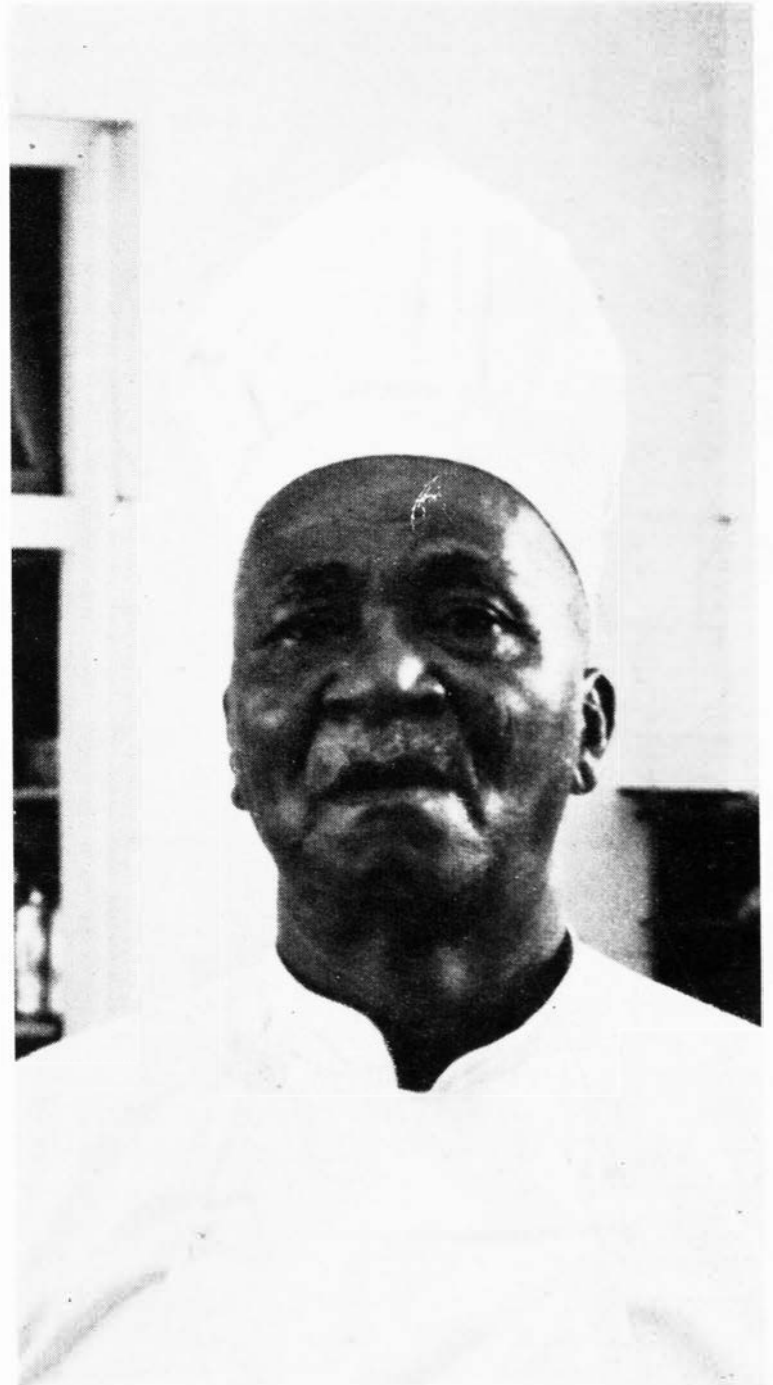

ONE MORNING during the year 1889 two men in clerical garb stepped out of the coach just arrived from Kimberley to the jubilant notes of the bugle. These two men were the centre of curiosity for the moment, the clerical habit not being a familiar sight in the mining camp of Johannesburg. “Ain’t it against the rules for a parsin ter prospect?” asked a burly Australian of his neighbour. “Maybe they’re gonna start a Cathedral all on their own,” was the not inapt reply.

Paying no attention, however, to these remarks the two new arrivals went straight to the Government offices — a large marquee — and interviewed the sheriff. They emerged carrying a bundle of papers and hurried off to the north-east, under the guidance of a phlegmatic old Boer, until they arrived at the foot of a low ridge. Here, after consulting their plans, they drew lines on the ground and took rough measurements and angles. By this time their baggage had arrived, whereupon they pitched a little belltent and laid out the camp equipments.

In the course of three short weeks a small cottage had been built, and a large piece of ground around it, fenced in. A few visits to the near-by convent resulted in the arrival one day of a mule trolley carrying fourteen small boys. Our friends in black conducted them all through the tiny cottage. That night the two men, in company with the resident Catholic Priest, went into all the rooms of the little house reciting prayers and finally bestowing benediction. The following morning early fourteen boys duly arrived, this time each carrying a few books. When the door opened they all crowded in and the pioneer College of the Rand was in being. The two black-coated men were the Reverend Brothers Frederick and Albert Dominic. They were among the very few who came to the Rand in those early days with motives other than of gain.

It was actually on a Wednesday morning, the 9th October 1889, that the first Boys School in Johannesburg opened its doors. This was Marist Brothers, Koch Street.

(Extract from Br. Jordan’s Thesis: “Origin, Developments and Future of the Marist Brothers in South Africa”.)

Mr. Piet Andreas Newane who in February 1970, will have completed 50 years of Service to the Marist Brothers in Johannesburg

The Marist Brothers in the Biafran War

(An extract from an article by Brother Francis who has been in Biafra throughout the war. The Article first appeared in the July 1969 edition of the Bulletin de l'Institut des Freres Maristes des Ecoles.)

AT THE BEGINNING OF THE WAR there were about 70 Brothers in the eastern region of Nigeria which is now known as Biafra. In addition about 30 African boys were in training. Of the 70 professed Brothers, 13 were European Brothers from the Province of Great Britain.

After the fall of Enugu, on the 1st October 1967, and the advance of the Federal troops on the outer fronts, the refugees poured into the Ibo region. Soon a dangerous quota had been reached, and it was impossible to ignore the millions of people who were living in the bush, with hardly anything to eat. As our Primary schools had not reopened after Christmas 1967 we decided to use our buildings to house as many refugees as possible and each local Community had to do its best to feed them. Their condition worsened very rapidly as fever and sickness made their ravages.

With the help of money sent from the British Province a local committee was organised to buy little plots of ground for each refugee family and yam plants were bought for them to plant.

As the local hospital was full not only of sick refugees but also with wounded soldiers there was only one thing to do — open up our own hospital. Early in 1968 we began with the aid of two nurses to run a dispensary which opened twice a week. However the crowd of sick people was so great that daily care became necessary, and so a Dormitory for the Juniors was converted into a temporary hospital. Soon the number of people treated daily reached 200. We thought that this would be the maximum when on a certain unforgettable day more than 150 sick and dying children arrived in two large trucks. We had neither space, nor medication, nor food to cater for such a crowd. We quickly made up our minds that whatever the cost we would not abandon one of these children, though the work seemed impossible. From the oldest Brother to the youngest Junior everyone set himself to the task.

Our greatest support at this time was an old truck which used to arrive regularly carrying supplies. It bore the moving slogan "I believe in God!"

Very sad days followed the arrival of dying children. The little procession to the cemetery four or five times every day became a habit. Equally depressing were the overcrowded dormitories — everywhere one could see the frightening work of hunger. Little bodies swollen from head to foot from lack of proteins, or the skin which could no longer hold the pressure of the flesh broken and shrivelled up all over the body.

Other little bodies were as fragile as glass to such an extent that one dared not even move them. And as we began to care for each group we began to see that there would be a double task ahead — one to restore health to bodies, the other to restore the spirit. The latter was a much more difficult task to achieve. The world had dealt these children a violent blow. Was it any surprise that they arrived with haggard eyes, eyes

Rev. Br. Francis with a Biafran child dying of starvation. The inset is a picture of Br. Peter with his harmonica

turned inwards, haunted by horrors that they should never have seen, eyes filled with suspicion and defiance towards a humanity that had betrayed them. Many times we had to wait a week before we got a single smile out of such children, and we had to rack our brains even to achieve this much.

Food itself had little effect. The injections and unpleasant medicine we had to administer certainly did not help in this respect! There was only one solution, that of Christ — endless personal attention to these children. Br. Peter introduced an idea which was to become a determining factor in the rehabilitation programme. Having a musical ear, and a small harmonica of which he is very proud, he made his way from dormitory to dormitory whistling and playing the harmonica. The healthy children began to stand up on their mats, keeping time by clapping their hands. At the same time, Br. Rufus would tour the rooms dancing to the accompaniment of the harmonica. Soon some children began to dance. From then on, every evening Br. Peter assembled all the healthy children and from a collection of little drums, tin cans bottles, boxes, anything that could help the volume — an orchestra was born! And this "orchestra" did valuable work in cheering up the sick children.

One idea led to another and soon Br. James uncovered rolls of wire, electric installation tubes and two loudspeakers and after many failures we had music from a tape recorder which cried out its message above the cries and groans of the dying for those who still had the will to live.

Men will always owe a great debt to Charlie Chaplin! Never has this been better realised than during those harassing months at Uturu. Once again it was Br. James' idea to show Charlie to the children and he did this religiously day after day so that the first welcome which he had each morning from the children was "Brother Cinema"!

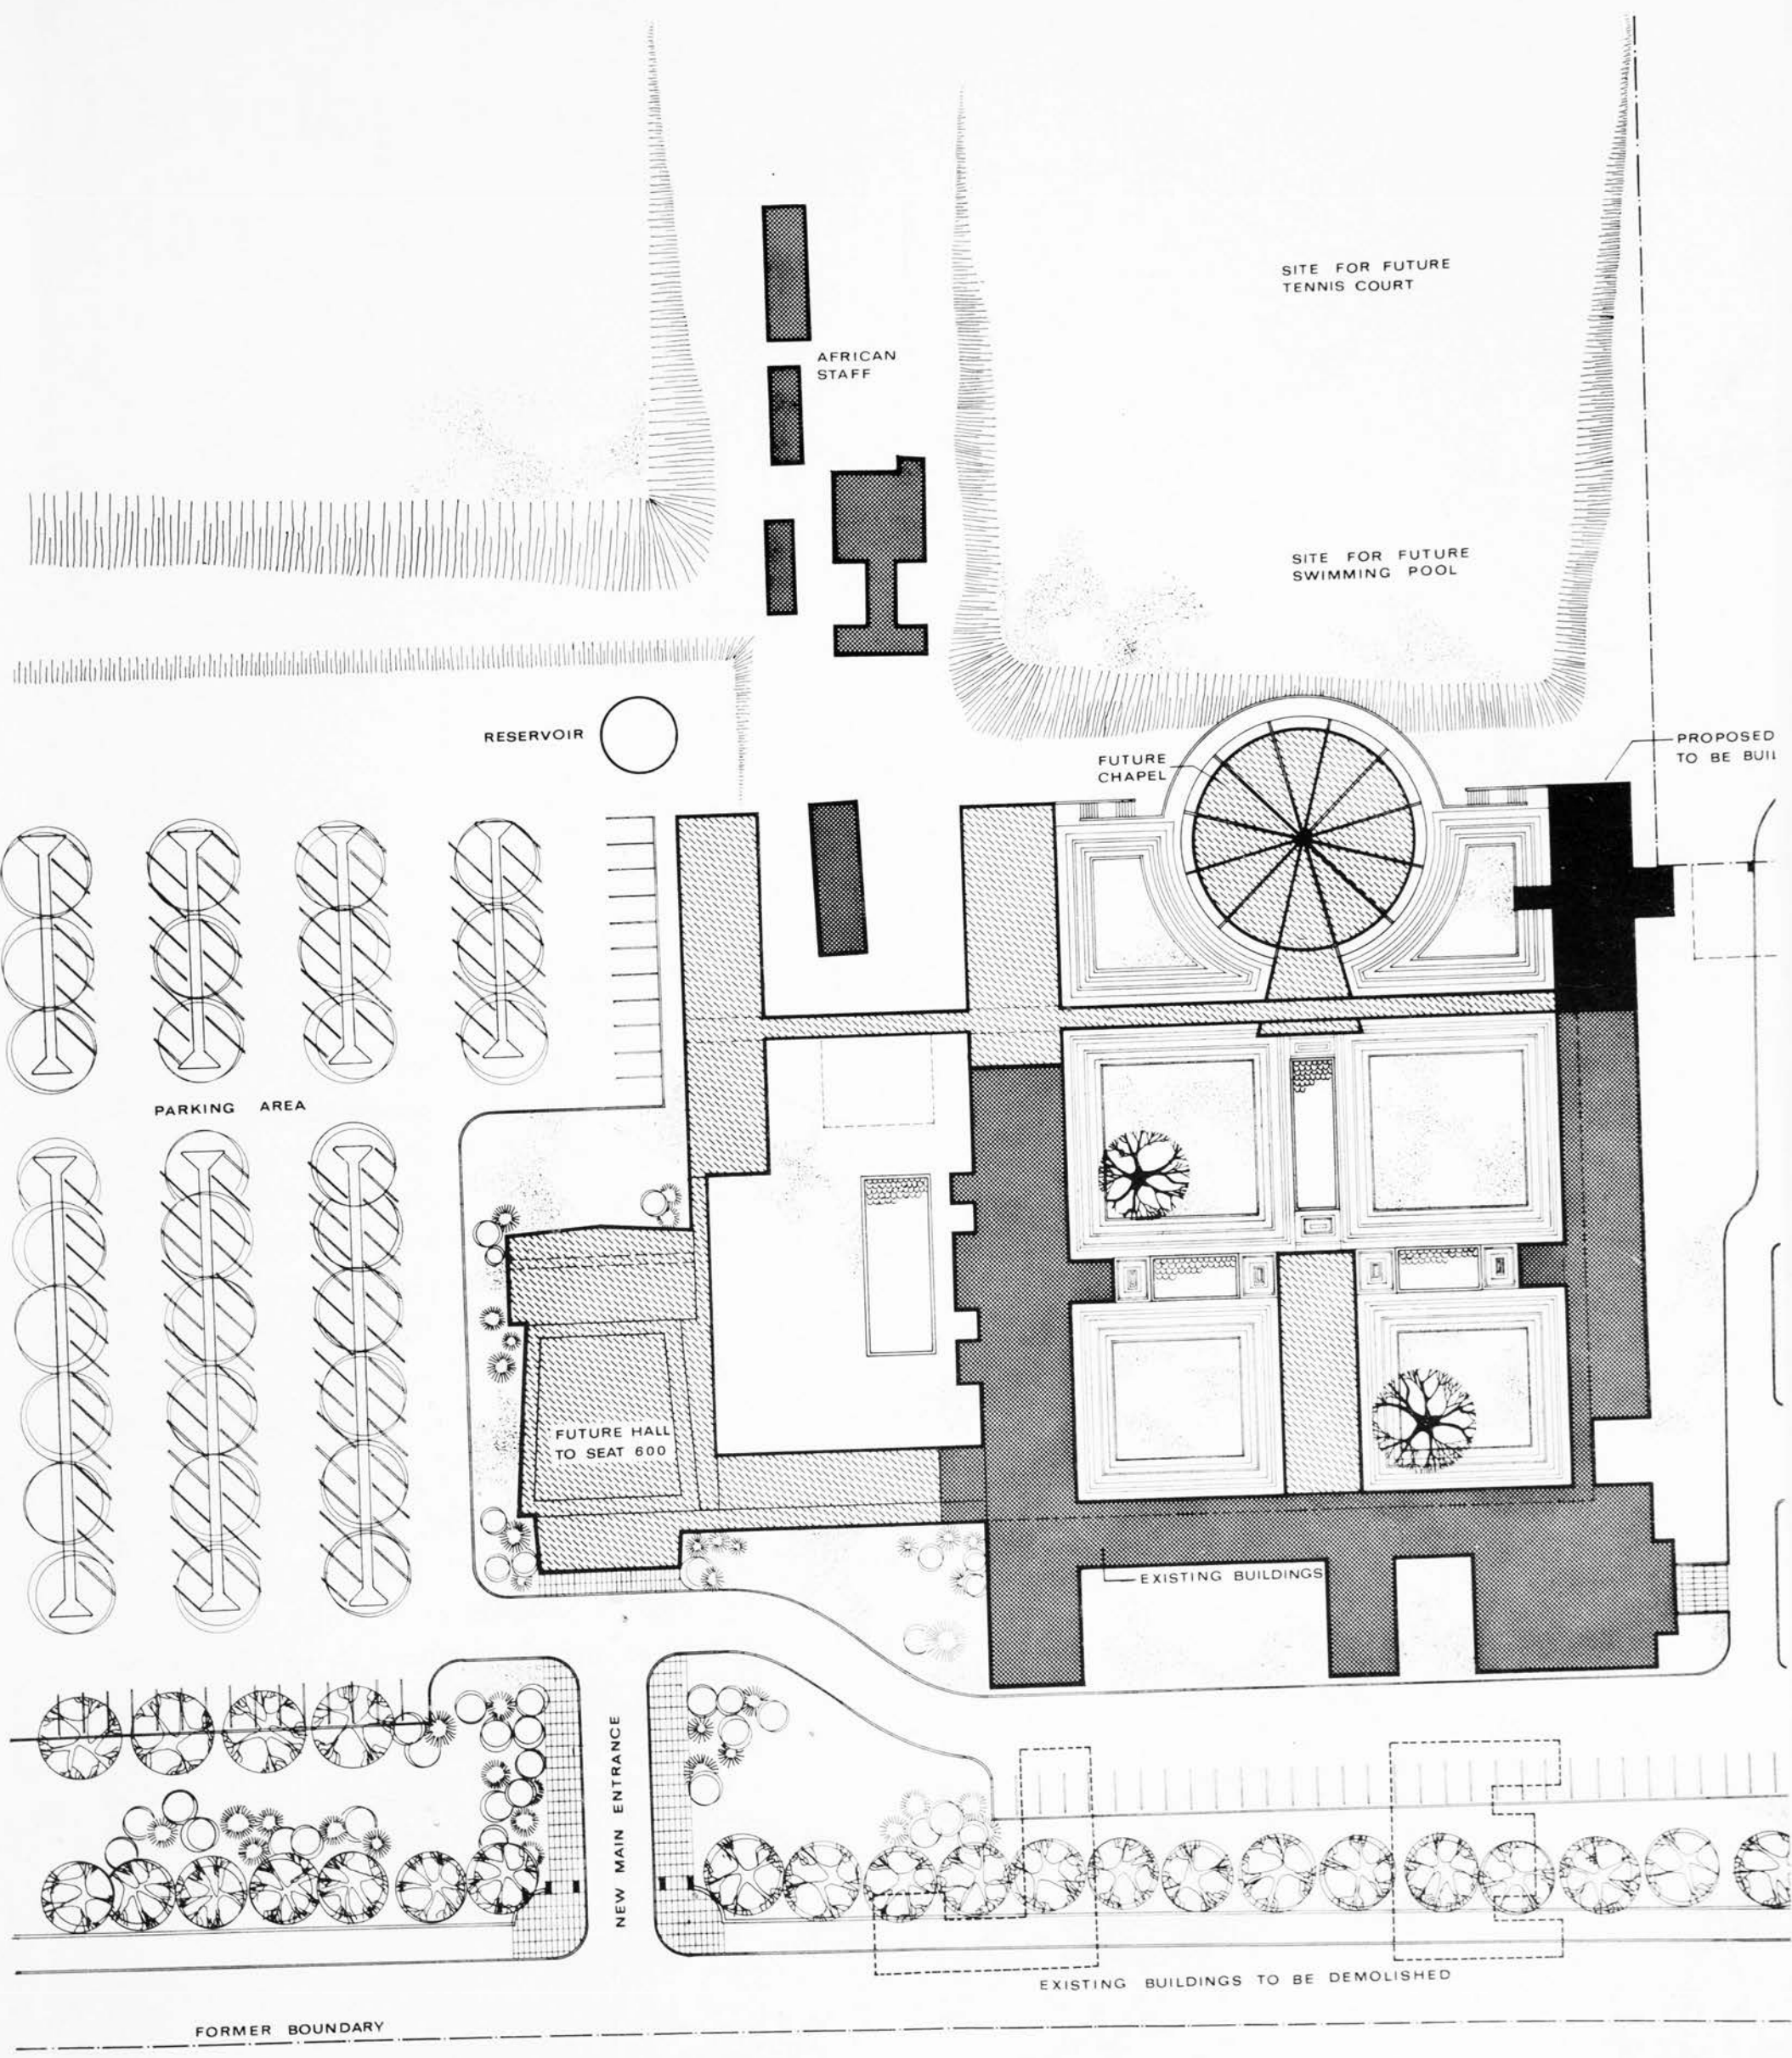

(Other Brothers have been engaged in distributing food supplies for Red Cross and Caritas. The British Brothers have frequently commented upon the remarkable dedication of the Biafran Brothers in this crisis.)

Development Plan

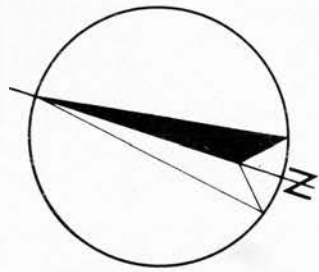

THE MASTER PLAN proposed here envisages development of the school over the next five years and beyond, based on the assumption that the Sandton authorities will expropriate a strip of land fifty feet wide from the western boundary of the property. This will necessitate the demolition of both junior school buildings near Rivonia Road. The architect envisages an entirely separate primary school on the Boundary Road end of the original main fields (beyond the Cricket score box) and the use of these fields for primary school sporting fixtures.

The laboratory block to be built in 1970 is clearly indicated (see also the Architect's impression and accompanying description) as well as the sites for a hall (close to a new Main Entrance) a chapel and further facilities such as a library (the wing projecting from the present Boarders' Dining Hall) and other special teaching rooms (such as a language laboratory) which will be included in the extension of the Boarding Department wing and in the wing running parallel to it on the left. The Senior quadrangle is shown divided into several courtyards by means of ponds and attractive paving, and adequate parking space is provided in the surroundings of the Hall.

The architect responsible for the Development Plan is Professor John Fassler, former Head of the School of architecture at the University of the Witwatersrand.

FIRST AVENUE

ERS' COLLEGE, INANDA, JOHANNESBURG.

College Diary

FIRST TERM

January

- 21st** School reopens.
Rev. Br. Andrew's familiar face is missing. In his place as Assistant Headmaster is Rev. Br. Denis who was on the Staff in 1960, 1961 and 1962.
- 22nd** Rev. Fr. John Goller, S.J., National Director of the C.L.G. Movement commences his visit to give specialised help to the three Groups in the College.

February

- 5th** Retreat for Catholic boys in Std. IX preached by Rev. Fr. Broderick, M.S.C.
- 8th** Rev. Br. Anthony is elected Vice-Provincial of the South African Marist Province. Rev. Br. Aidan is elected Provincial Bursar in addition to being the College Bursar.
- 9th** Lower Primary Swimming Gala won by College House.
- 14th** Senior Best Speaker contest won by Kenneth Sprenger of Std. IX.
- 16th** Upper Primary Swimming Gala won by College House.
- 17th** Annual General Meeting of the Parent-Teacher Association.
Rev. Br. Ephrem commences his visit to give Vocational Guidance to the Matrics.
- 19th** Ash Wednesday. Ashes distributed in the Senior School by Rev. Fr. A. Bailey O.M.I. and in the Junior School by Rev. Fr. J. Goller S.J.
- 24th** "Springbok Stampede" performs for the entire school assembled in the Senior Quadrangle.

March

- 1st** Senior Swimming Gala run with great enthusiasm and efficiency. Osmond House wins by a substantial margin.
The following Prefects are appointed: K. Shaw (Head); P. Cudmore and G. Cogan (Vice-Head); C. Dalton; R. Robinson and B. Stephens.
The following Monitors are appointed: G. Canning; J. da Canha; G. Mazaham; J. Sadowski; E. Valente; and R. van't Hof.
- 8th** The keenly contested Marist Observatory-St. David's Swimming Gala held at Observatory.
- 11th** Death of Rev. Br. Edmund, Bursar at St. David's 1965-1967. R.I.P.
- 14th** Very successful C.L.G. Social organised by our own Group — held at Maryvale Convent and attended by about 250 C.L.G. members.
- 23rd** Annual Prize Giving.
Rev. Br. Anthony is Guest Preacher at all services at the Anglican Church of St. Martin's-in-the-Veld, Rosebank.
- 28th** School closes for the Easter Vacation.

SECOND TERM

April

- 14th** School reopens.
- 15th** Rev. Br. Provincial begins his Annual Visitation.
- 21st** Rev. Br. Provincial completes his visit.

May

- 1st** Rev. Br. Bernard (who was Junior Boarder-

master in 1950) visits the school from Rhodesia. He is one of a famous Canadian family eight of whom are Marist Brothers!

- 4th** Tennis Championships.
- 7th** Death of Tommy Cobbett who has four brothers at the College. R.I.P.
- 26th** Dress Rehearsal for the Variety Concert "A Song in the Air".
- 27th** Matinee and evening performance of the Concert.
- 29th** Evening performance of the Concert.
- 31st** Final performance of the very successful "A Song in the Air".

June

- 6th** Champagnat Day celebrated with a Solemn Mass in the Rosebank Parish Church (attended by the Std. 3-10's) 18 C.L.G. members make their Act of Consecration at the Offertory.
- 7th** Rugby against Observatory is a disappointment for us again!
- 13th** Junior Best Speaker Contest is won by Geoffrey Drust.
- 25th** Rev. Br. Denis leaves by plane for the Second Novitiate at Fribourg, Switzerland.
- 26th** Annual Matriculation Dance — the theme is an Eastern one.
- 27th** School closes for the July Vacation.

July

- 7th** Conference of Teaching Brothers held at the College. 30 Brothers attend. Opened by Rt. Rev. Bishop Hugh Boyle.
- 11th** Conference of Teaching Brothers closes.

THIRD TERM

- 22nd** School reopens for the Third Term.
- 26th** 350 people participate in the "Marist Charity Walkathon" raising R6,000 for Charity.

August

- 2nd** Rev. Br. Bosco is the first to appear in the Brother's "New Look" — collar and tie!
- 3rd** Junior Athletics Meeting is won by College House. Held for the first time on a Sunday afternoon draws a large crowd of parents.
- 7th** Rev. Br. Kenneth (Headmaster of St. Mungo's Academy, Glasgow) comes to spend a few weeks recruiting his health at the College.
- 9th** Senior Athletics Meeting won by Benedict House is marred once again by cold weather.
- 15th** Special Assumption Day Assemblies held in the Senior and Junior Schools. At the Senior Assembly folk hymns sung accompanied by guitars.
- 18th** Rev. Br. Gerald Burns, Manager of the Australian School's Rugby Team pays a brief visit to the College — meets the Brothers and some members of the 1st XV.
- 21st** Rev. Br. Andrew returns from the Second Novitiate and a holiday at home in Spain. He is appointed to St. Patrick's, Walmer, for the remainder of the year.
- 25th** "Walkathon" Cheques handed over to representatives of the Christian Life Group Movement, African Children's Feeding Scheme, the Civilian Blind Association and Guild of St. Theresa.

September

13th Victory for the College in the Catholic Inter-High Athletics Meeting. St. David's are the hosts this year.

17th Rev. Br. Quentin, Vicar General, commences his

5-day Visitation of the College.

21st Rev. Br. Michael "shows them how" by scoring a not-out century in a 1st XI match against the Fathers!

26th School closes for the 3rd Term.

Architect's impression of proposed natural sciences wing

THE VIEW IS FROM THE SOUTH-EAST, i.e. from the street level in First Avenue. The building adjoins the present Senior classroom block, running approximately west to east (on the right). The top floor contains two senior laboratories (Stds. 9 and 10) for physics and chemistry respectively and the middle floor houses corresponding junior laboratories (Stds. 6, 7 and 8). Both chemistry laboratories are on the east

end of the wing with the physics laboratories lying between the classrooms and the centre projection. The ground floor contains an auditorium to seat 154 people and a biology laboratory on the east end.

The projection to the south serves the following purposes: top floor — lecture room for one class of 36; middle floor — workshop and preparation room; ground floor — biology museum and preparation room.

Other facilities included in the block are: preparation and store rooms for the physical sciences; an office for the members of the Science Department; a tea kitchen to serve the auditorium; and for the auditorium, black-out facilities and a projection room (the present games room).

The Architect is Prof. John Fassler.

Architect's impression of proposed Department of Natural Sciences.

Religious Notes

Time of Sunday Mass

THE DOCUMENT ON THE LITURGY issued by Vatican II calls Sunday "the original feastday" and the "foundation and kernel of the whole liturgical year". In order to stress the importance of Sunday Mass we have changed the time from 7.00 a.m. to 9.00 a.m. with very happy results. Participation — whether by saying the responses, or singing the hymns, or simply attending to the sermon — is far better. We are very grateful to the Dominican Fathers who have made it possible for us to have Mass at this time, also to Mgr. Anthony Kelly who has helped out on several occasions.

Choir

Another factor contributing towards improved participation has been the formation of a small Choir of Junior Boarders (12 in number). Choir stalls have been erected on the lefthand side of the altar and the new electric organ purchased this year, has been placed next to them. The ministerial role of the Choir becomes clear from this position. On occasion the Choir has come in Procession with the Celebrant and servers to further illustrate their function. They lead the Congregational singing; sing verses of Psalms to which the whole congregation responds; sing Motets at the Gradual and Communion; and introduce the Eucharistic Acclamations. Sincere thanks to Mrs. Dorothy Castle who plays the Organ at Sunday Mass and assists in the training of the Choir.

Friday evening Mass

An innovation this year has been a Friday evening mass at 6 p.m. It was thought that Boarders would find it easier to come to Mass at this time than any other time of the week — in general attendance has proved this idea correct. We owe this Mass to the generosity of Fr. Anthony Bailey O.M.I., the College Chaplain. We take this opportunity of thanking him for all his services to the College; his interest in all College activities is highly valued by Staff and boys.

Retreats

We held two retreats this year, one for the Std. IX's (preached by Fr. Broderick M.S.C.) and the other for Matrics. The latter was the first "Ecumenical Retreat" we have had; it was directed by Fr. Victor Whelan

O.M.I. and the Rev. David Jones of the Linden Methodist Church. It ended with a Unity Service in the Chapel. All who participated in this Retreat found it very stimulating and heartily endorse the idea.

Visiting Ministers

Last year we were very pleased to welcome Rev. Fr. Hugh Harker who takes the Anglican boys for a lesson once a week. This year he was joined by Mr. Ted Goodyer, an Anglican Deacon, who gives the Anglicans in the Senior School a lesson once a week. Rev. Mr. David Jones, Mr. Parker and Mr. Brown all of the Methodist Church are now also regular visitors to the College. They have taken it in turns to instruct the Protestant boys in the Matriculation classes. We are extremely grateful to them, and their Anglican colleagues for giving their time so generously.

Month of May Devotions

The month of May was marked by short devotions held in the Chapel every evening. These took the form of the singing of the *Salve Regina* in English, before a candle-lit shrine of Our Lady. Large numbers of Boarders attended each evening.

Visit of Rev. Fr. John Goller S.J.

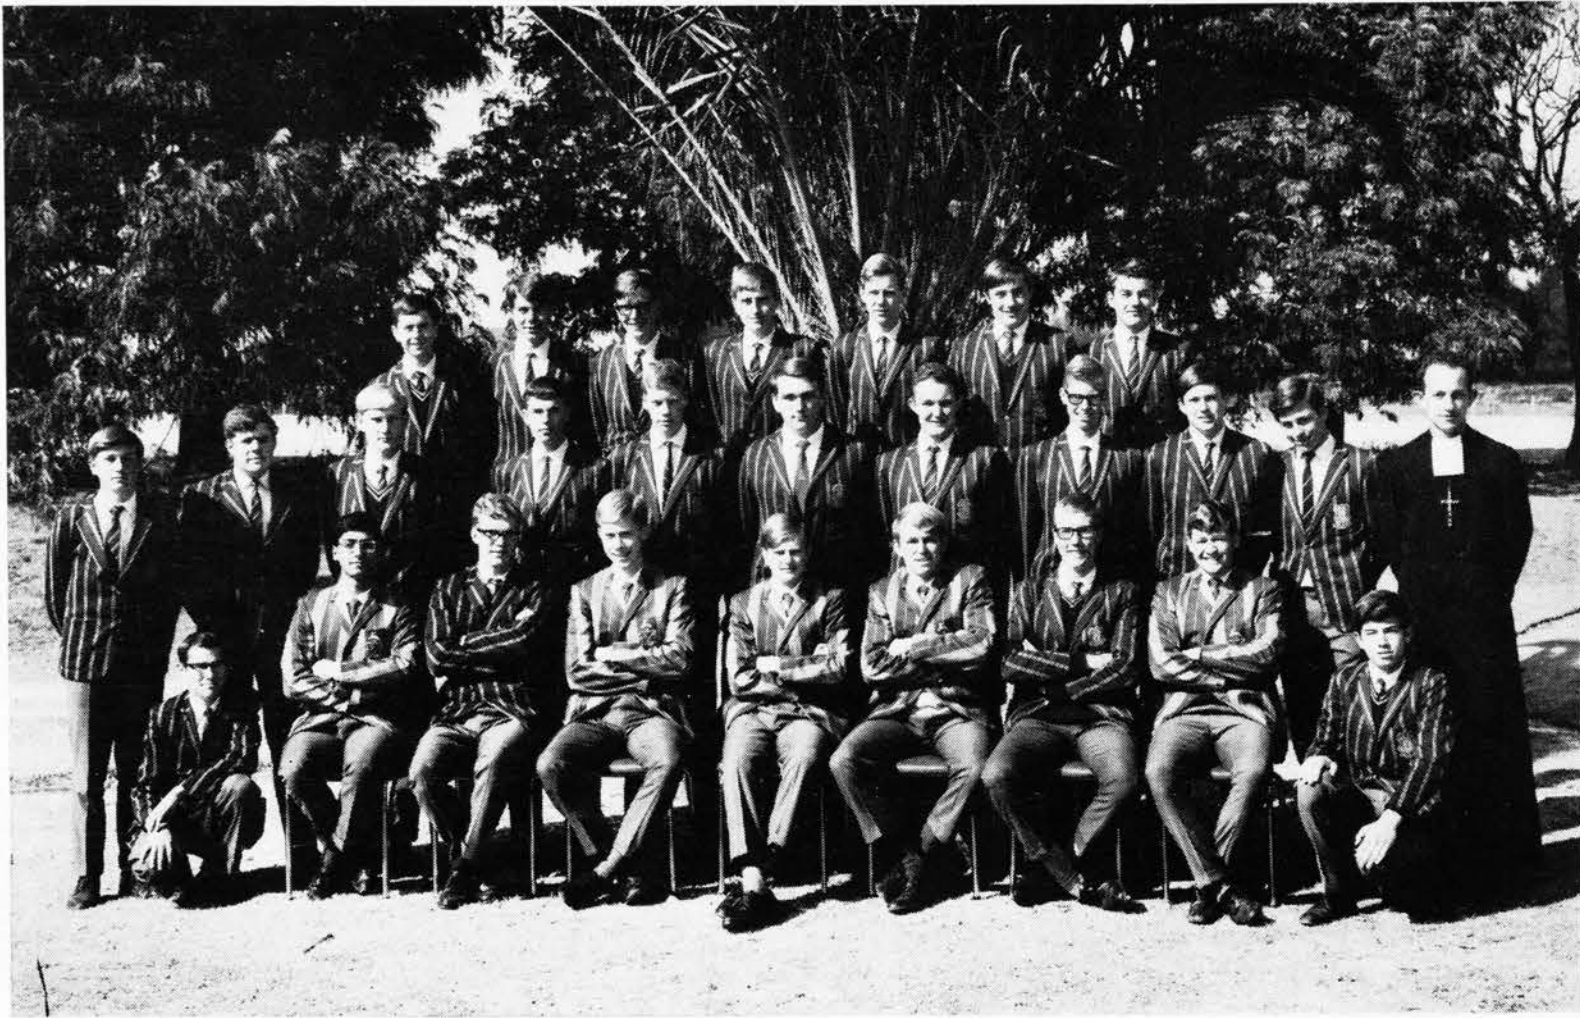

In the first term we were privileged to have Fr. John Goller (National Assistant of the C.L.G. Movement) with us for about five weeks. He came to give specialised assistance to the three C.L.G.'s in the school. He sat in on all the C.L.G. general and council meetings, giving very valuable advice; he visited many of the classes to recruit new members; he addressed the Senior School staff and the parents at the A.G.M. of the P.T.A. We are quite sure that under his leadership the C.L.G. movement will make phenomenal progress in this country.

80th Anniversary Mass

To mark the 80th Anniversary of the arrival of the Marist Brothers in Johannesburg, a Solemn High Mass was celebrated in the Cathedral of Christ the King on Tuesday 21st October. This Mass was attended by all the pupils of the three Marist Colleges in Johannesburg, together with a large crowd of parents and past pupils. The principal celebrant of the Mass was His Lordship Bishop Boyle — he was assisted by six Priests who are past pupils of the Brothers.

(FROM TOP TO BOTTOM):

- LEFT: 1. Flavio Maraschin plays the piano accordion at the Concert.
2. The Greek dance at the Concert: Elias Proxenos, John da Canha, Richmond Smith.
3. The Std. 3 Choir, accompanied by Drummond Bell.
4. Rev. Br. Anthony, Headmaster and Rev. Fr. Bailey, Chaplain, inspect the Cadet Detachment. (PHOTO: GAVIN ROACH)
- CENTRE: 1. (TOP): Rev. Br. Denis conducts the Senior Boarders' "Glee Club".
2. "Los Muchachos" — much merriment, and music from James Harrewyn, John Stavrou, and Gary Hunter!
- RIGHT: 1. Philip Karakashian accompanies his own singing on the guitar.
2. Rev. Br. Anthony, Headmaster, introduces His Lordship Bishop Hugh Boyle to the Mayor of Johannesburg, Councillor Patrick Lewis before the start of the "Marist Charity Walkathon". Also in the photograph are Rev. Br. Jordan, Provincial and Fr. Luc Matthys, Bishop's Secretary. (PHOTO: REV. BR. RUDOLF)
4. The Mounted Escort that greeted the Mayor and Bishop when they came to start the "Walkathon": Noel Roach, Noel Ticina and Gavin Roach. (PHOTO: REV. BR. RUDOLF)

Standard Ten

BACK ROW: K. Ralphs, J. Tangney, G. Roach, A. Marsay, M. O'Brien, F. Maraschin, B. Havenga.
 CENTRE ROW: T. Kriseman, P. Rule, D. Wimpey, P. Dawes, V. Hamilton, E. Valente, I. Weir, T. Sewell, P. Murray, D. Hare-Bowers,
 Rev. Bro. Bosco.
 FRONT ROW: J. Anderson, G. Mazaham, G. Brauning, B. Stephens, R. van't Hof, R. Robinson, A. Morris, C. Dalton, R. Rey.

Standard 10

John Morley Anderson. Age: 17 years. Years at School: 1. Height: 5' 4". Weight: 118 lbs. Activities: C.L.G.; 3rd Cricket; Science Club.

David Jule Bergman. Age: 17 years. Years at School: 5. Height: 5' 10". Weight: 150 lbs. Activities: Vice-Captain: 2nd Rugby and 2nd Tennis; Athletics; Squash.

Gunther Brauning. Age: 17 years. Years at School: 5. Height: 6' 3". Weight: 150 lbs. Scrolls: Studies. Activities: English Association; Science Club; Business Game (Research and Development director); Photographic Club. Ambition: B.Sc. Engineering.

Allan Christopher Dalton. Age: 16 years. Years at School: 5. Height: 5' 8". Weight: 145 lbs. Scrolls: Prefect; Merit; Athletics. Activities: 1st Rugby; Captain Athletics team; Band; Prefect; Vice-House Captain: Benedict House; Squash; 1st Hockey. Ambition: M.A. B.Sc. (Geology).

Peter David Dawes. Age: 17 years. Years at School: 5. Height: 6' 0". Weight: 135 lbs. Scrolls: Debating. Activities: Kolbe Debating; Secretary of English Association; Golf Club; Science Club (committee member); Photographic Club; School Platoon; Business Game (production); Hockey.

Victor McKelvey Hamilton. Age: 17 years. Years at School: 12. Height: 6' 1". Weight: 150 lbs. Scrolls: Studies. Activities: C.L.G.; President: Golf Club and Science Club; Hockey; School Platoon. Ambition: B.Sc. Engineering (Chemical).

Dillon Patrick Hare-Bowers. Age: 17 years. Years at School: 5. Height: 5' 9". Weight: 150 lbs. Activities: 3rd Rugby; 2nd Tennis; Business Game (finance). Ambition: C.A.

Barry John Havenga. Age: 16 years. Years at School: 2. Weight: 135 lbs. Activities: Science Club; 5th Rugby. Ambition: B.Sc. Engineering.

Anthony Kriseman. Age: 17 years. Years at School: 11. Height: 5' 5". Weight: 125 lbs. Scrolls: Studies. Activities: 7th Rugby; Treasurer of Science Club; Hockey. Ambition: M.B. B.Ch.

Flavio Maraschin. Age: 17 years. Years at School: 5. Height: 5' 8". Weight: 150 lbs. Activities: Variety Concert (chief performer); Athletics. Ambition: B.Sc. Engineering (Civil).

Andrew John Marsay. Age: 17 years. Years at School: 6. Height: 5' 9½". Weight: 140 lbs. Scrolls: Studies; Athletics; Merit. Activities: C.L.G.; Athletics; School Platoon.

Gary George Anthony Mazaham. Age: 17 years. Years at School: 12. Height: 5' 0". Weight: 138 lbs. Scrolls: Prefect; Merit; Debating. Activities: President C.L.G.; Kolbe Debating; Treasurer English Association; School Platoon; Science Club. Ambition: L.L.B. B.A.

Andrew Allan Morris. Age: 17 years. Years at School: 5. Height: 6' 3". Weight: 155 lbs. Scrolls: Studies. Activities: 1st Tennis; 2nd Cricket; Hockey; Business Game (managing director). Ambition: B.Sc. Engineering (Mechanical).

Paul Murray. Age: 17 years. Years at School: 2. Height: 5' 10". Weight: 150 lbs. Activities: 4th Rugby; Science Club; Golf Club; Business Game. Ambition: B.Sc. Engineering (Mechanical).

Michael Robert O'Brien. Age: 17 years. Years at School: 2. Height: 5' 10½". Weight: 145 lbs.

Alan Matthew Ralphs. Age: 17 years. Years at School: 8. Height: 5' 9". Weight: 120 lbs. Activities:

C.L.G. (council); 4th Rugby; 2nd Cricket; Hockey. *Ambition:* B.A. L.L.B.

George Francis Raymond Rey. *Age:* 16 years. *Years at School:* 5. *Height:* 5'5½". *Weight:* 120 lbs. *Activities:* C.L.G.; 5th Rugby; 2nd Tennis. *Ambition:* M.B. B.Sc.

Gavin Patrick Roach. *Age:* 17 years. *Years at School:* 8. *Height:* 5' 10". *Weight:* 1.5 x 10! lbs. *Activities:* Science Club; 4th Rugby (captain); Band. *Ambition:* B.Sc. Engineering (Chemical).

Ronald Robinson. *Age:* 17 years. *Years at School:* 12. *Height:* 5' 10". *Weight:* 150 lbs. *Scrolls:* Prefect; Merit; Debating; Rugby. *Activities:* 1st Rugby; 1st Cricket; Vice-Captain 1st Tennis; Prefect; Kolbe Debating; President English Association; Golf Club; Student Officer; Vice-Captain Bishop's House.

Patrick Michael Rule. *Age:* 17 years. *Years at School:* 11. *Activities:* Captain 4th Rugby; Science Club; Business Game.

Bryan Trevor Sewell. *Age:* 16 years. *Years at School:* 8. *Height:* 5' 10". *Weight:* 130 lbs. *Scrolls:* Studies. *Activities:* Science Club (committee member); Business Game; English Association. *Ambition:* Nuclear Physicist.

Brian Stephens. *Age:* 17 years. *Years at School:* 5. *Height:* 6' 1". *Weight:* 150 lbs. *Scrolls:* Prefect; Merit;

Athletics. *Activities:* Athletics (Vice-Captain); Prefect; President of the Witwatersrand Science Association. *Ambition:* M.B. B.Ch.

John Desmond Tangney. *Age:* 17 years. *Years at School:* 9. *Height:* 5' 10". *Weight:* 145 lbs. *Activities:* 5th Rugby; Science Club; Chess Club.

Evan Rosser Valente. *Age:* 17 years. *Years at School:* 12. *Height:* 6' 3". *Weight:* 210 lbs. *Scrolls:* Prefect; Merit. *Activities:* C.L.G.; 1st Rugby; Athletics; House-Captain College House; Cricket; Prefect; Student Officer. *Ambition:* B.Sc. Engineering.

Ronald Cornelius Walterus van't Hof. *Age:* 17 years. *Years at School:* 12. *Scrolls:* Prefect; Merit; Tennis. *Activities:* Treasurer C.L.G.; Captain 1st Tennis; Student Officer; Prefect; 7th Rugby. *Ambition:* B.A. L.L.B.

Ian James Rose Weir. *Age:* 17 years. *Years at School:* 5. *Height:* 6' 0". *Weight:* 165 lbs. *Scrolls:* Studies. *Activities:* 2nd Rugby; Athletics; Student Officer; 2nd Hockey; English Association; Business Game (financial director). *Ambition:* B.Sc. Engineering (Civil).

David George Wimpey. *Age:* 17 years. *Years at School:* 5. *Height:* 5' 10". *Weight:* 150 lbs. *Scrolls:* Studies. *Activities:* 3rd Rugby; Chess Club; Hockey; English Association; Art. *Ambition:* B.Sc. Engineering (Electrical).

Standard 10 "A"

Angus William Band. *Age:* 17 years. *Years at School:* 11. *Height:* 5' 11". *Weight:* 160 lbs. *Activities:* 2nd Rugby; Business Game; Tennis; Corporal A 1.

Bryan Bechard. *Age:* 17 years. *Years at School:* 9. *Height:* 5' 6". *Weight:* 126 lbs. *Activities:* C.L.G.; Sgt. Major (Band); Hockey; 5th Rugby (Captain); English Association; Horse-Riding Club. *Ambition:* B.Com. at Wits.

Gregory Canning. *Age:* 18 years. *Years at School:* 13. *Height:* 5' 11". *Weight:* 158 lbs. *Scrolls:* Prefect; Merit; Cadets. *Activities:* Vice-President C.L.G.; S.O. School Platoon; Vice-Captain Osmond House; Swimming; Athletics; Water Polo. *Ambition:* Marine Engineering.

Frank Bruno Cattich. *Age:* 18 years. *Years at School:* 4. *Height:* 6' 3". *Weight:* 192 lbs. *Scrolls:* Athletics; Rugby; Merit. *Activities:* 1st Rugby (Vice-Captain); Athletics; 2nd Cricket. *Ambition:* Civil Engineering at Wits.

Gregory Cogan. *Age:* 18 years. *Years at School:* 10. *Height:* 5' 8". *Weight:* 155 lbs. *Scrolls:* Prefect; Merit; Rugby. *Activities:* Vice-Headboy; C.L.G.; 1st Rugby; 2nd Cricket (Captain); Captain Bishop's House; Water Polo; Hockey; Commander "B" Company.

Patrick Rex Cudmore. *Age:* 17 years. *Years at School:* 10. *Height:* 5' 11". *Weight:* 150 lbs. *Scrolls:* Prefect; Merit; Cricket. *Activities:* Vice-Headboy; C.L.G.; Captain Benedict House; Captain 1st Rugby; Captain 1st Cricket; S.A. Marist XI — Cricket; Athletics; Squash; Battalion Commander. *Ambition:* C.I.S.

John da Canha. *Age:* 18 years. *Years at School:* 11. *Height:* 5' 10". *Weight:* 170 lbs. *Scrolls:* Prefect; Merit; Rugby. *Activities:* C.L.G.; 1st Rugby; 3rd Cricket; Water Polo; Hockey; Battalion Sgt. Major.

John Edward George Deeb. *Age:* 18 years. *Years at School:* 11. *Height:* 5' 8". *Weight:* 148 lbs. *Activities:* 3rd Rugby (Vice-Captain); Vice-Captain College House; Corporal A3. *Ambition:* Architecture.

Hugh Eaton. *Age:* 17 years. *Years at School:* 5. *Height:* 5' 11". *Weight:* 170 lbs. *Activities:* 1st and 2nd Rugby; Athletics; Student Officer B3. *Ambition:* Forestry.

Paul Geoffrey Hibbert. *Age:* 18 years. *Years at School:* 5. *Height:* 5' 9". *Weight:* 135 lbs. *Activities:* 5th Rugby; 3rd Cricket; Hockey; School Platoon. *Ambition:* B.Sc. — Natal.

Philip Raphael Karakashian. *Age:* 17 years. *Years at School:* 10. *Height:* 5' 10". *Weight:* 150 lbs. *Activities:* C.L.G.; 2nd Rugby; Hockey; Sergeant A4. *Ambition:* B.Sc. — Textiles.

John Lee. *Age:* 17 years. *Years at School:* 8. *Height:* 6' 2". *Weight:* 155 lbs. *Activities:* Captain 2nd Tennis; 3rd Cricket; 5th Rugby.

Gregory Mance. *Age:* 18 years. *Years at School:* 5. *Height:* 6' 1". *Weight:* 135 lbs. *Activities:* 6th Rugby; Hockey. *Ambition:* Mechanical Engineering.

Robert Derrick Marnewick. *Age:* 17 years. *Years at School:* 5. *Height:* 5' 8". *Weight:* 135 lbs. *Activities:* 1st Cricket; 1st Rugby; 1st Hockey (Captain); Athletics; A-Company Sgt. Major. *Ambition:* Architecture.

Louis Miranda. *Age:* 18 years. *Years at School:* 11. *Height:* 5' 7". *Weight:* 135 lbs. *Activities:* 1st Cricket; Athletics; Student Officer B4. *Ambition:* Business Management.

Peter Garnet Mons. *Age:* 17 years. *Years at School:* 3. *Height:* 5' 8". *Weight:* 135 lbs. *Activities:* C.L.G.; 4th Rugby; 3rd Cricket; Tennis; Athletics; Hockey. *Ambition:* Quantity Surveyor.

Glynn Charles O'Leary. *Age:* 17 years. *Years at School:* 12. *Height:* 5' 8". *Weight:* 130 lbs. *Activities:* 1st Cricket; 2nd and 3rd Rugby (Captain); Athletics; Squash; School Platoon. *Ambition:* B.Com. C.A.

Eric Rostin. *Age:* 17 years. *Years at School:* 7. *Height:* 5' 9". *Weight:* 145 lbs. *Activities:* Squash. *Ambition:* Land Surveyor.

David William Saad. Age: 17 years. Years at School: 6. Height: 5' 9". Weight: 150 lbs. Scrolls: Prefect, Merit. Activities: C.L.G.; 2nd Rugby (Captain); Athletics; Golf; Student Officer A4. Ambition: B.Com. M.B.A.

Joseph Sadowski. Age: 18 years. Years at School: 7. Height: 5' 8". Weight: 154 lbs. Scrolls: Prefect; Merit. Activities: C.L.G.; 1st and 2nd Rugby; 1st Cricket; Hockey; Sgt. (Band). Ambition: Dentistry.

Keith Shaw. Age: 17 years. Years at School: 11. Height: 6' 0". Weight: 155 lbs. Scrolls: Prefect; Merit;

Rugby; Swimming. Activities: Headboy; C.L.G.; 1st Rugby; Captain Swimming; Captain Osmond House; Water Polo; Hockey; "A" Company Commander. Ambition: Dentistry.

Senior Christian Life Group

THIS GROUP was formerly known as the Sodality of Our Lady. However, at the General Headquarters it was decided that if desired the name of the movement could be changed.

Gary Mazaham, Victor Hamilton, Ronnie van't Hof, Alan Ralphs, Leon Saad and Gregory Dunsford-White attended a leadership course in Pietermaritzburg during the December holidays in 1968. This course was run by Fr. John Goller S.J. who is now the National C.L.G. Director for South Africa. A solid foundation was laid at this course for the future leaders of the movement at the College.

The elections for the Council were held towards the end of the third term of 1968. Gary Mazaham was elected President. His council was as follows:

| | |
|------------------|-----------------------------|
| Greg Canning | <i>Vice-President</i> |
| Ronnie van't Hof | <i>Treasurer</i> |
| Leon Saad | <i>Secretary</i> |
| Victor Hamilton | <i>Councillor (Std. X)</i> |
| Alan Ralphs | <i>Councillor (Std. X)</i> |
| Timothy Marsay | <i>Councillor (Std. IX)</i> |
| Chris Benson | <i>Councillor (Std. IX)</i> |

Both Keith Shaw and Patrick Cudmore were elected to the Council, but according to the constitution had to resign as they were elected Head Boy and Vice-Head Boy respectively.

The fourth term of 1968 was spent mainly in organising the groups and sub-committees of the C.L.G. The Grail film "Change" provided the ideal opportunity for the members to submit their ideas on what they felt needed to be altered in the Constitution and the manner of holding meetings.

The remainder of this term was spent having discussions on topics ranging from "leaving home" to "drugs and juvenile delinquency".

It was towards the end of the fourth term that the idea of having one main Charity Campaign originated. The "Marist Charity Walkathon" was suggested. Immediately a sub-committee was elected with Victor Hamilton as Chairman.

For over six months continuous planning for this project was maintained. Gary Mazaham, Ronnie van't Hof and Gregory Canning were also on the Walkathon committee.

The Walkathon was held on Saturday, 26th July, 1969. The Catholic Bishop of Johannesburg and the Mayor and Mayoress of Johannesburg were present to start the Walk. Over 400 people, walkers and their families had gathered on the main cricket oval at 9.00 a.m. The Bishop gave a short talk in which he said he was exceptionally pleased to see the keen spirit of the boys. He then blessed the Walkers; the Mayor spoke briefly and fired the gun for the start of the race.

A loudspeaker car patrolled the route with about ten marshals who also directed the walkers and ensured their safety. The Catering Committee laid on refreshments at five intervals along the route. After the twenty miles had been completed, pies and cool drinks were served to those who arrived back at school. Over 275 people completed the 20-mile walk which passed through Sandown, Bryanston and Rivonia. Among those who walked were three blind walkers. Br. Paul Nolan, the blind Marist Brother, founder of the Guild of St. Theresa for the Blind also walked. He was guided by the president of the Marist Observatory C.L.G. Br. Paul completed 18 miles after he learned that he had been sponsored by the Mayor of Johannesburg for R5 for each mile he walked.

Rev. Bros. Anthony, Bosco, Michael, Joseph,

Council of the Senior C.L.G.

R. van't Hof (Treasurer), A. Ralphs, G. Canning (Vice-President), G. Mazaham (President), V. Hamilton, L. Saad (Secretary), T. Marsay

Vincent, Rev. Frs. Bailey, Goller and Harker and other prominent walkers were among those to complete the walk.

This walk was indeed one of the greatest charity projects which the school has ever undertaken, and certainly the greatest that any C.L.G. of the College has undertaken.

Over R6,400 was raised and this was distributed to the following: The **C.L.G. Movement** in South Africa, the **Guild of St. Theresa**, The **African Children's Feeding Scheme**, the **Johannesburg Civilian Blind Association**, and the **Marist Brothers in Biafra**.

During the planning of the Walkathon, however, C.L.G. meetings continued. Films were shown and guest speakers were invited to address the group. Among the guest speakers were: Fr. Cizcovsky, a Czechoslovakian priest, who managed to escape from his country. He, indeed, had a most fascinating story to tell. Mr. Bird of the Social Welfare Organisation addressed the C.L.G. on "Social Work as a Career".

Junior Christian Life Group

THE JUNIOR C.L.G. is an apostolic movement for the boys in Stds. 6, 7 and 8. This year it had a membership of about 24 who met regularly on Thursdays between 5.00 and 6.00 p.m. Many of the meetings were devoted to enquiries on the C.L.G. way of life and leadership qualities.

The members were deeply involved in the "Marist Charity Walkathon" — they carried the entire responsibility for drawing up and distributing the sponsorship forms, the motor car stickers, and the large posters that lined the 20-mile route.

During April, a social was held at Maryvale Convent, arranged by the St. David's C.L.G. This social was held to welcome Fr. Goller into Johannesburg. All C.L.G.'s in Johannesburg and neighbouring areas as far as Krugersdorp were invited to attend.

During the July holidays three C.L.G. members, Derek Mazaham, Alan Ralphs and Kevin Ralphs travelled to Rhodesia with Fr. Mangan, S.J., the Director of the C.L.G. Movement in Rhodesia. There they gave talks to over twenty C.L.G.'s. They spent two weeks in Rhodesia and found this mission most beneficial and interesting.

In order to build up a greater bond of communication between the local C.L.G.'s three of the C.L.G. Newsletters were circulated over the entire country and also to the C.L.G.'s in Rhodesia.

Parktown Convent C.L.G. was invited to debate against a C.L.G. debating team. The motion was "The Beatles are more popular than Christ". Fr. Goller and Fr. Bailey also gave their views on the subject. This debate was most enjoyable.

In response to Brother Provincial's appeal for the Marist Brothers' work in Biafra they held a successful cake sale in August.

During the last term of the year they plan to visit Hope Home where they will present a short concert to entertain the crippled children.

The following office bearers have been elected for 1970:

| | |
|---------------------|-----------------------|
| Terry van Heerden | <i>President</i> |
| Costa John | <i>Vice-President</i> |
| Christopher Stanley | <i>Secretary</i> |
| Michael Saad | <i>Treasurer</i> |

Thanks are expressed to Fr. Goller S.J. for his interest in the Group, and to Fr. Wolf O.M.I., who celebrated Mass with the group on several occasions.

Council of the Junior C.L.G.

V. O'Mahony, J. Jacobs, D. Castle, M. Saad, T. van Heerden (*Treasurer*), Fr. John Goller S.J. (*National Assistant*), C. Seed (*Secretary*), G. Dunsford-White (*President*), C. Stanley, L. Kourie, M. John, C. John, D. Deeb, A. Simaan.

Science Club

THIS YEAR has proved revolutionary for the science club. The new system of membership has certainly encouraged members to participate more actively, with the result that many worthwhile projects have been produced.

The epic Apollo mission provided incentive for several astronomical studies. Gonsalves and Gilbert gave an interesting talk on how they mapped Mars with a 2-inch refracting telescope; L. Carter, P. Steinhart and S. Gilbert successfully constructed and launched three misguided missiles. T. Sewell and V. Hamilton constructed a 6-inch reflecting telescope using the mirror purchased by the M.B.I. computer company.

Other projects demonstrated included "The visible V 8" by M. Richardson, the construction of a cathode ray oscilloscope by G. Debbo, an accelerometer built by K. Ryan and P. Elliott and a collection of insects by P. Hamilton. The science club also invested in two model computers which were constructed and demonstrated by J. Tangney, T. Kriseman and J. Anderson.

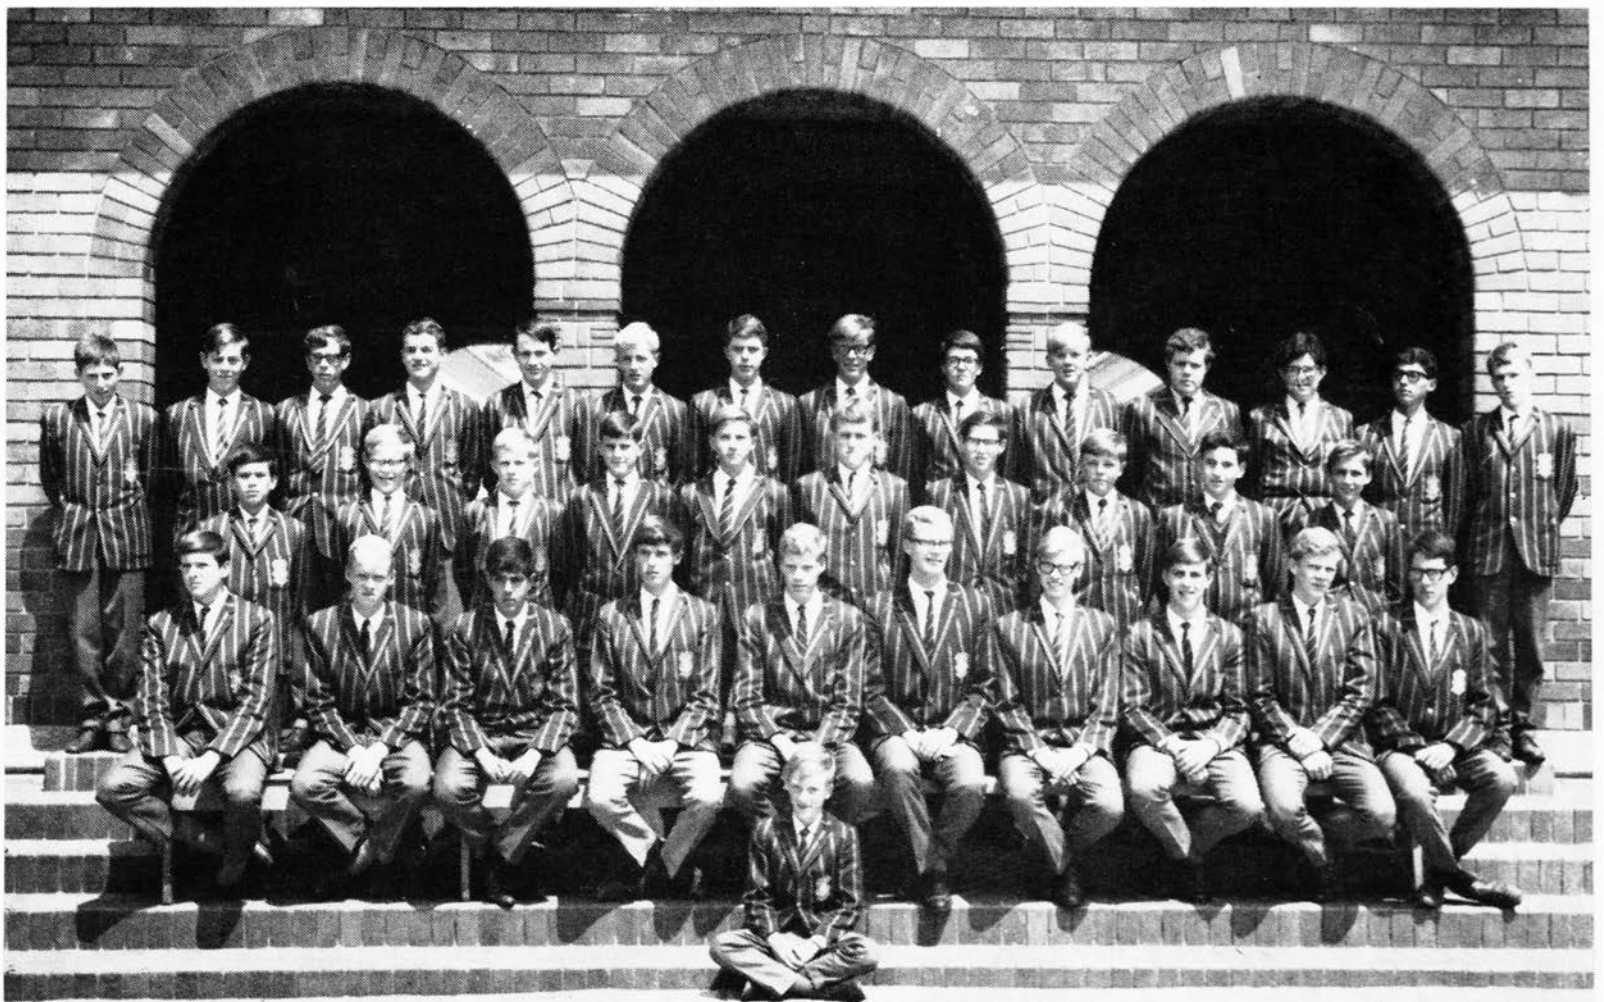

Films played an integral part in the general science club meetings. Major attractions were the Apollo series with "Apollo 11" as a climax. An excursion to the planetarium was arranged and members saw man's first lunar steps on television. It was arranged through Phillips South Africa to have the video tapes of the moon-walk shown to the senior school.

The year's meetings will close with a visit to the Chamber of Mines Research Laboratories.

During the second term 16 science club members entered for the annual Science Olympiad. Of these T. Kriseman, T. Sewell, V. Hamilton and P. Murray came within the first hundred and qualified for a week's stay in Pretoria visiting various scientific institutions.

Office bearers for 1969 were:

V. Hamilton (*President*)
T. Sewell
T. Kriseman
P. Dawes
K. Sprenger

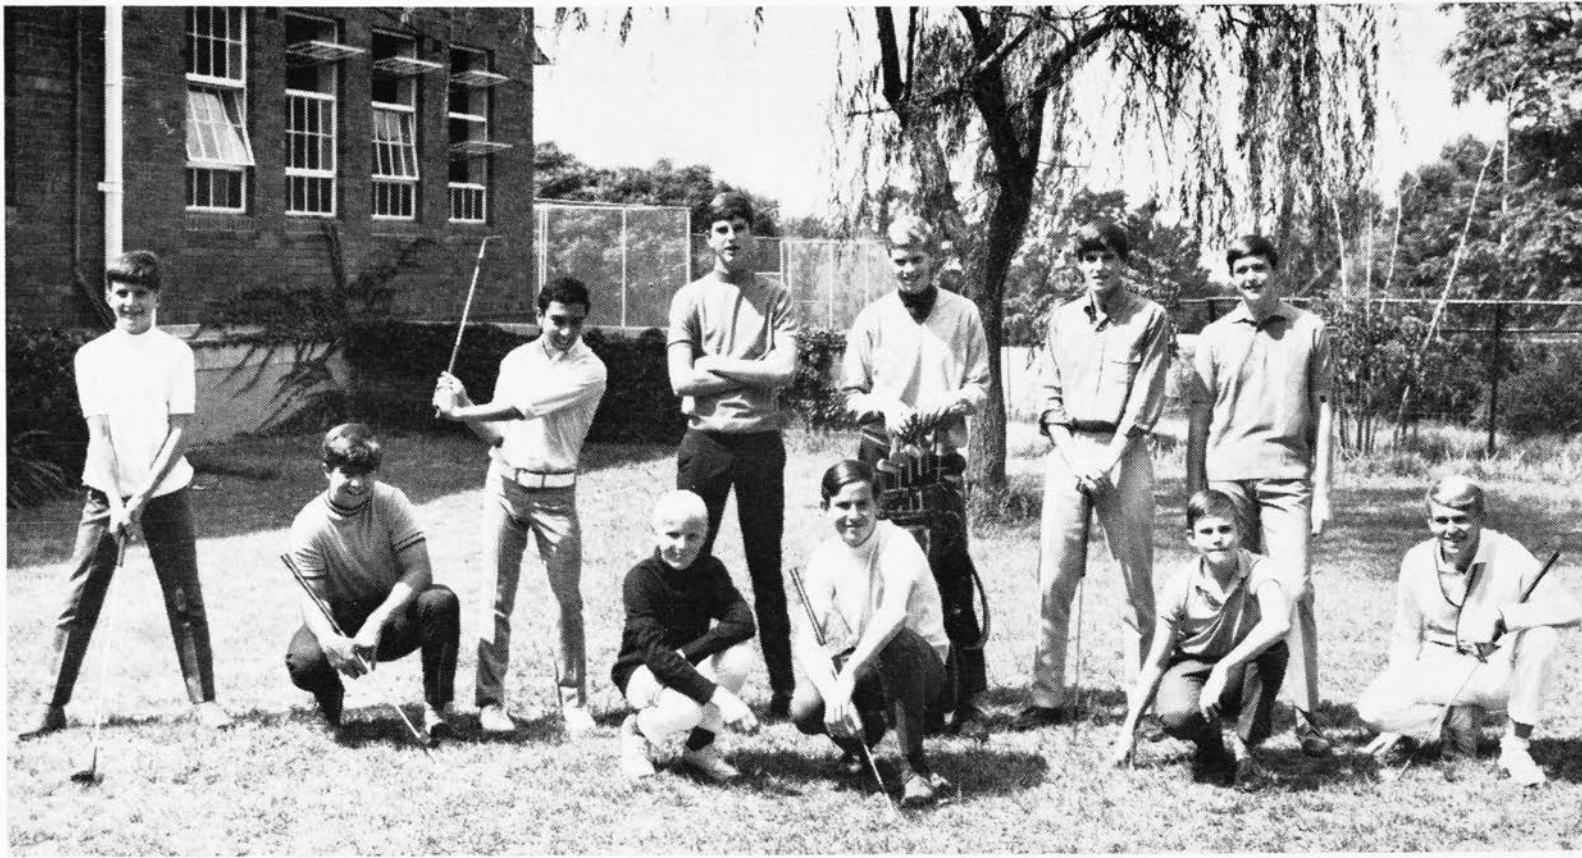

Science Club

BACK ROW: L. Carleo, K. Sprenger, P. Swanepoel, B. Havenga, W. Hewitt, N. Meyer, J. Tangney, G. Roach, R. Guassardo, P. Elliott, P. Rule, G. Debbo, G. Mazaham, H. Gilbert.

CENTRE ROW: D. Gonsalves, J. Jamieson, B. Palmer-Owen, R. Balsdon, T. Kriseman, S. Gilbert, J. Anderson, N. Roach, E. Melman, D. Anderson.

FRONT ROW: P. Murray, P. Hamilton, E. Proxenos, P. Dawes, V. Hamilton (*President*), G. Brauning, T. Sewell, K. Ryan, M. O'Brien, M. Richardson.

ON THE GROUND: U. von Oppell.

Golf Club

STANDING: M. John, L. Saad, K. Cole, V. Hamilton (President), P. Dawes, P. Murray.
 CROUCHING: J. Boyden, L. Martens, P. Wells, S. Goodey, R. Robinson.

Golf Club

ONCE AGAIN membrs were able to forget the worries of school life by playing a leisurely game of golf on the lush fairways of the Wanderers Club on Wednesday afternoons. For this we are extremely grateful to Mr. Schoombie who arranged the "courtesy of the course" for us.

In the July holidays the annual golf competition was staged at the Royal Johannesburg Club. A most enjoyable day was had by everyone that took part. J. Boyden was the winner of the Trevor Elliott trophy for the best net over 36 holes with V. Hamilton as runner-up. The best gross was won by P. Murray with R. Robinson as runner-up.

Thanks to Mr. Dalgarno our golf team represented the school for the first time. Our team, V. Hamilton (captain), J. Boyden, B. Dalgarno, L. Saad and L. Martins, beat C.B.C. Boksburg by one point in a better ball stableford competition. It is hoped that this competition will become an annual event.

In the last term the boys are challenging the parents at Kyalami Golf Club, and are determined to beat the parents this time.

We owe the success of the golf club to the friendly welcome we have received at all the golf clubs, particularly Wanderers, Royal Johannesburg, Germiston and Kyalami.

V. HAMILTON

Witwatersrand High School Science Association

TWO HUNDRED AND SEVENTY high school students from all over the Reef had a Scientific vacation during July.

Brian Stephens, President of the Witwatersrand School Science Association.

The occasion was the 9th annual congress of the Witwatersrand High School Science Association held at the University of the Witwatersrand. On Tuesday 1st July the Congress was officially opened by the Junior Mayor of Johannesburg, Matthew Margo.

During the mornings lectures were held and films on various Scientific subjects shown. In the afternoons a fleet of buses took us on visits to Scientific and Industrial institutes and other places of interest. SASOL, the Chamber of Mines' Human Science Laboratories, the Hartebeeshoek Satellite Tracking Station and two Gold Mines, were some of the places visited.

The band — "Some People's Children" — played at the "session" which was a friendly conclusion to a highly successful and informative Congress.

The object of the Association is to give High School students an insight into the wide range of scientific

careers open to them in industry. Apart from that we are shown how the scientific theories and concepts are put into practice in commerce and industry.

The Association arranges a meeting practically every month at which lectures are given and scientific films are shown.

The organising committee for 1969 comprised the following High School students:

| | |
|-----------------------|--|
| <i>President</i> | Brian Stephens (St. David's College) |
| <i>Vice-President</i> | Charles Griss (Northview High School) |
| <i>Treasurer</i> | Kenneth Sprenger (St. David's College) |
| <i>Secretary</i> | Pauline O'Reilly (Parktown Convent) |

BRIAN STEPHENS

Riding School

THE RIDING SCHOOL was firmly established this year with the help of a Committee of parents and we now have eight school horses and seven privately owned horses stabled at the school. The number of

pupils taking lessons at the moment is 35, and there are a number of pupils on the waiting list. There is a great deal of enthusiasm among the boys and this year they have participated in several shows. A Gala day for the Riders was 26th July when six of them provided a mounted escort for the Mayor and the Bishop who had come to start the "Marist Charity Walkathon".

The Committee of parents formed under the chairmanship of Mr. B. Hewitt have been working hard to improve the standard of the club and have certainly achieved remarkable success in improvements to the stables and the tack room and in clearing the paddock.

Members of the St. David's Riding Club relax after a training session. They are from left to right: Billy Hewitt, Terry Ashbury, Marie-Lou Simaan, Gavin Morkel, Rev. Br. Michael, Billy Greenhalgh.

PHOTO BY COURTESY OF THE NORTHERN REPORTER)

Public Speaking

THE **Senior Best Speaker Contest** (for Std. 9 and 10 pupils) was held on 14th February. It was chaired by Mr. Lee of Toastmasters' and adjudicated by Mrs. Dorothy Castle (Music Teacher and well-known stage personality) and Mr. Lawrence of Toastmasters'. The contest was won by Kenneth Sprenger of Std. IX — the runners-up were Ronald Robinson of Std. X and Leon Saad of Std. IX. It is planned that this competition will, in future years, be held later in the year in order to give the speakers a better opportunity to prepare. In this way it should be possible to raise the standard.

It was precisely for this reason that the **Junior Best Speaker Contest** was postponed for a few weeks. It was eventually held on 13th June. Far more preparation went into this contest than into those of previous years. Every boy in Stds. 6, 7 and 8 was required to prepare a speech as part of his English Course. These were heard in class by the English teachers, and the 30 best were selected. We are very grateful to Mrs. Drust and Mrs. Passmoor (both Speech Teachers) who spent a whole morning listening to the speeches and selected the top 16. These 16 were given additional help by Miss Hartman during the week before the Finals. The Finals were chaired by Mr. Martin Rae (Chairman of the P.T.A.) and adjudicated by Mr. Angus Rose of

Winners of Junior Chamber of Commerce Effective Speaking Contest

T. Kriseman (Impromptu Afrikaans Speech); R. Robinson, (Prepared English Speech).

Kolbe Debating Teams — 1968-1969

L. Saad, D. Mazaham, K. Sprenger, P. Dawes, R. Robinson, G. Mazaham.

the Johannesburg College of Education. The result of the Contest was as follows:

- 1st: G. Drust (Std. VIII)
- 2nd: C. Seed (Std. VIII)
- 3rd: C. John (Std. VI)

The thorough preparation was well worthwhile because the standard of speaking was very high.

In the **Junior Chamber of Commerce Effective Speaking Contest** we were awarded the Trophy for the Best Team. Our team consisted of Ronald Robinson (Prepared English Speech) and Anthony Kriseman (Impromptu Afrikaans Speech). This was the first year we have won the team award — in previous years we have won individual awards.

Leon Saad was adjudicated the winner of the **Rotary Speech Contest** held at Standerton in August of this year. In the finals of the Rotary Speech Contest held at Welkom he received a second place.

Announcing

We continued with the practice started last year of allowing boys to do the announcing at Athletics Meetings and Swimming Galas. This is a valuable training, and this year announcing was very competently done by Gary Mazaham and Simon Gortana.

Debating

Debating this year was limited to the Kolbe Competition. A pleasing standard was reached — for the first time we reached the Finals, in which we were defeated by Edenvale Convent.

The team consisted of Kenneth Sprenger, Leon Saad (and later in the year Paul Sarbutt) and Derek Mazaham. Valuable assistance came from the Floor Speakers — we were fortunate in having experienced debaters in Ronald Robinson, Gary Mazaham and Peter Dawes (who formed the 1968 Kolbe Team). A summary of the Debates is given below:

| Opposition | Motion | Result |
|---------------------|---|--------|
| Mayfair Convent | “The human spirit is happier in a permissive society” | Won |
| Krugersdorp Convent | “Students are revolting” | Lost |

| | | |
|----------------------|---|------|
| Belgravia Convent | “South Africa is the poorer for its rigid censorship” | Won |
| Victory Park Convent | “The 1820 Settlers should have stayed at home” | Won |
| Rosebank Convent | “The prohibition of gambling is not justified” | Won |
| Edenvale Convent | “I am the master of my fate, I am the captain of my soul” | Lost |

The chief virtue of this year's Kolbe Team is their readiness to learn and to make a very thorough preparation.

We would like to thank Parktown West Convent of Mercy, and Edenvale Convent for providing us with an Opposition in practice Debates. These helped considerably in preparing for the Kolbe Debates against Mayfair Convent and Rosebank Convent respectively.

General

From the above it can be seen that we enjoyed a good deal of success in public speaking competitions this year. However public speaking does not yet receive the prominence it should in this school. Far too many boys are Matriculating with very little experience in public speaking. There are several reasons for this:

- (i) Spoken English does not yet receive any more than token acknowledgment from examining boards;
- (ii) Debating and Public Speaking contests are for the few — a high standard attained in them can be very deceptive — for it gives no indication of the speaking ability of the bulk of pupils at a school.

We hope in future years to remedy this situation by an increased attention to oral work in the English classes, by frequent internal debates and external debates that involve several teams on the same occasion. Parents have a very valuable role to play in this matter. Their attendance at debates and speech contests will impress upon the boys the importance of this aspect of school life.

The Business Game

SOMETHING NEW for the Matriculants this year... The National Council for Chartered Accountants in co-operation with International Computer Limited introduced for the first time in the Republic an Inter-High School Business Game. A similar competition held in England last year was most successful, the winning school being Downside Benedictine College, one of the leading Catholic boarding Colleges in the country.

The game is intended to give senior boys an insight into the functioning of the directors of a manufacturing and marketing company. In short, it is a computer-based management exercise, which is sometimes used in actual management training.

Three teams play at a time, the winner being the one which makes most profit in “two years” of simulated business. Policies for a “quarter” are entered on to a decision form covering such items as selling price of product, and capital allocations for plant, for

marketing and for research and development. When the computer is fed with the data from three teams, it simulates three months of business, and issues a report to each competitor. This statement details the overall state of the market, as well as the financial position of the firm. At any stage (except after the “annual report” issued after four periods) the condition of rivals remains a matter of guesswork.

During the first term, then, 27 schools from all parts of the country competed in nine games. The nine winners were to play a further three games in the second term, leaving only three teams to compete in the final. Our team was matched with Helpmekaar and Parktown Boys' High schools. The arrival of the reports from I.C.L. was always keenly anticipated and meetings were lively (sometimes quite heated) especially in the early stages. Though our R3.5 million profit was not enough to beat either of our competitors, the boys learnt much during the two months. Our congratulations go to Helpmekaar (R8.9 million) and to the national winners, Clapham College, and our thanks to the organisers for the valuable experience.

The St. David's team was constituted as follows:

Managing Director: A. Morris with A. Kriseman (assistant)
Finance: I. Weir with D. Hare-Bowers (assistant)
Production: A. Band with P. Dawes (assistant)

Research and Development:

G. Brauning with A. Thompson (assistant)

Sales:

T. Sewell with P. Murray (assistant)

Alternatives:

B. Havenga and P. Rule

Business Game

Rev. Br. Bosco, A. Thompson, G. Brauning, P. Dawes, A. Band, A. Morris, T. Kriseman, D. Hare-Bowers, P. Rule, I. Weir, T. Sewell, P. Murray.

“A Song in the Air”

IN MAY THIS YEAR the College staged a highly successful Variety Concert at the Sandown Civic Hall, under the title “A Song in the Air”. Over 200 boys took part.

The co-operation and practical assistance of Mrs. Kempster were invaluable in the preparation of the Junior School items. Happy musical numbers were presented by Mrs. W. Schaafsma and her Grade 1's and Miss P. Fookes with her Grade 2's, while from Stds. 1 and 2 Mrs. Drust selected and trained a polished Speech Choir. Three beautiful choirs from Stds. 3, 4 and 5 were trained by Mr. Drummond Bell to sing the Alpine “Song of the Grapes” and delightful excerpts from “The Boy Mozart”.

Much of the credit for the musical direction of the rest of the show must go to Mrs. R. Liebman who trained senior boys to perform a highly unusual and very beautiful Greek Dance, and who, together with Mrs. Knezovich, accompanied the swinging song

selections of the Junior and Senior Boarders and the Std. 6 and 7 choir. Several of the items were prepared largely by the boys themselves. There were guitarist — vocalists a-plenty — Jody Olenik and Terry Asbury (accompanied by vocalist Costa John) Flavio Maraschin and Andrew Morris, and Colin Rezek who performed solo. Flavio also proved himself a fine entertainer with the piano accordion. Five boys who had a lot of fun entertaining the audience were the “Muchachos” — M. Harris, K. McPherson, J. Harrewyn, J. Stavrou and G. Hunter. Stephen Smith danced the Flamenco, and skits were presented by C. Figueredo, S. and N. Butcher, J. da Canha, and C. Stanley. The humorous item of C. Dalton and P. Karakashian brought the house down but Philip Karakashian was even more outstanding when accompanying himself on the guitar for Greek, Spanish and Jewish folk-songs. He has since been offered an audition by the S.A.B.C. In more classical vein, we had Mrs. Liebman and Mr. B. McKenzie at the keyboard, and the show ended with a military version (by the Senior Boarders) of “Old King Cole”.

Our comperes were Mr. David Brown and Mr. Paddy O'Byrne of the S.A.B.C. To them and to all who helped to make the show a success we are most grateful, especially the Ladies' Committee, Mr. Liebman, G. Simpson and K. Sprenger and their backstage team, and most of all the teachers, parents and pupils for their spirit and co-operation. The show was very ably produced and directed by Brother Denis.

Rev. Br. Denis conducting the Std. 6 and 7 Choir.

Art Exhibition

OUR ANNUAL ART EXHIBITION was held on prize-giving day. The dining-room was used to exhibit hundreds of pictures, and gave much pleasure to the parents, especially to those whose sons' pictures were on display. Mr. Cecil Skotnes, the well-known

South African sculptor and artist, once more honoured us by judging the pictures and giving a talk to the parents.

Mrs. Logan, our art teacher, deserves great credit for her continual hard work, and her rapport with the children.

Next year we are hoping to have a combined Senior Junior Art exhibition, with the idea of finding the latent talent which must obviously be present in a school of this size.

Cadets

OUR RESULTS in the Inter-School Cadet Competition, Johannesburg Central Zone were:

| | | | | | |
|-----------------|----|----|----|----|-----|
| Dress | .. | .. | .. | .. | 2nd |
| Student Officer | .. | .. | .. | .. | 2nd |
| Drill | .. | .. | .. | .. | 4th |
| Overall Result | .. | .. | .. | .. | 3rd |

These results clearly reflect the very high standard which the school platoon achieved this year. This success can be attributed firstly to the sheer hard work the cadets put into their preparation and secondly to the invaluable assistance and encouragement of Mrs. M.

Cadet Inspection.

Moni. By the time the competition was held the platoon had developed into a smart, well-disciplined and well-dressed squad. Our efforts were rewarded when we were placed third after coming eighth the previous year.

Preparations began in May for the Annual Inspection Parade at which the salute is taken by the Officer Commanding Witwatersrand Command. Unfortunately, owing to an oversight, the representative of the Army did not attend, but, nevertheless, the parade was held as planned. Brother Anthony complimented the Battalion on their fine turnout and drill which, he said, were indicative of the many hours of hard work which had been put into the parade.

This year the Battalion was privileged to have the assistance of Mr. Rhodes of the South African Police College. Under his expert guidance the Battalion benefited greatly and for this we are very grateful and we wish him success in his term as cadet master at the College.

To Brother Timothy we offer our sincere thanks for the efficient manner in which he organised the cadets. For the magnificent way in which they helped and encouraged us the cadets surely owe Mrs. M. Moni and the other ladies who worked in the armoury a great debt of gratitude. For this, we offer them our sincere thanks and appreciation.

GREGORY CANNING

The Cadet Band

ALL WHO LIVE in the vicinity of the College are aware of the assiduity of the almost daily band practices that take place in the early hours of the morning and again till late in the evening.

However this year we struggled with new music that is difficult and of a very high standard. Other schools faced with the same situation chose to withdraw from the Band Competition with the result that out of the usual 12 entries there were only six. Were it not for the assistance of Mr. Summers (who was bandmaster for the first two terms of this year) and the constant drive and tact of Mr. Rhodes we would also

have had to withdraw. We would like to thank both these gentlemen sincerely.

The band contributes much to important school functions as well as competing in the Competition. This year we performed at the colourful Senior Swimming Gala and at both the Senior and Junior Athletics Meetings.

On behalf of the band and also on my own behalf I would like to thank the ladies who maintain the Armoury (especially Mrs. Moni and Mrs. England) for the very hard work they did for us. Mrs. Sarbutt must also be thanked for the efficient way in which the Armoury was run this year.

J. MONI

 FRONT ROW: E. England, J. Sadowski, R. Guassardo, J. Martin, J. McCormack.
 DRUM-MAJOR: J. Moni.

Cadet Officers

BACK ROW: R. van't Hof, D. Saad, R. Robinson, H. Eaton, R. Marneweck, C. Carr.
 FRONT ROW: G. Canning, E. Valente, K. Shaw, P. Cudmore, G. Cogan, I. Weir, J. da Canha.

Cricket

1ST XI

Versus Highlands North

The first game of the season proved very successful. Putting Highlands North in to bat we had them out for a meagre 58 (Williams 6-19, Cudmore 3-21 and Quarmby 1-19).

St. David's replied with 111 for 3 declared, with Robinson 39, Miranda 19 and Williams 19.

Batting again, Highlands North crashed to 18 for 5 (Williams 2-5, Cudmore 2-10).

Result: St. David's won on the first innings.

Versus C.B.C. Pretoria

St. David's won the toss and put C.B.C. in to bat. C.B.C. were all out for 138 (Quarmby, 4-36 and Williams, Marneweck and Cudmore each took two wickets).

St. David's replied with 187 for 6 with Williams 51, Robinson 53 not out, and G. Marneweck 21 not out.

Result: St. David's won.

Versus K.E.S.

In this important game St. David's won the toss and put K.E.S. in to bat. After having K.E.S. 106 for 6 we let them slip to 206 for 7 (Williams 3-33, Quarmby 2-56).

However St. David's middle-order batting collapsed with Robinson 51, making the most in a total of 124.

Result: St. David's lost by 82 runs.

Versus De La Salle

St. David's won the toss and put De La Salle in to bat. St. David's bowled badly and let De La Salle get to 60 without loss. St. David's, however, recovered getting De La Salle out for 85 (Quarmby 6-36 and Cudmore 4-16). Unfortunately rain washed out play at this stage.

Result: Match drawn.

Versus Athlone

St. David's won the toss again and put Athlone in to bat. Athlone were all out for 117 with Marneweck

3-26 and Cudmore, Williams and Quarmby taking two wickets each.

St. David's replied with 120 for 4 with Cudmore 45 and Marneweck 30 scoring freely.

Result: St. David's won by 6 wickets.

Versus Jeppe

For the first time St. David's lost the loss and were put in to bat on a softish wicket. The side started badly with St. David's being 30 for 3, recovering to 93 for 3 and then collapsing to reach 121 all out. Cudmore 37 and Richardson in his first game batted well for 14.

Jeppe replied with 200 for 7 and then put St. David's in to bat again, but St. David's played out time to 40 for 2.

Result: St. David's lost on the first innings.

Versus St. John's

The side played very badly in this Wednesday fixture dropping numerous catches to let St. John's total 139 for 5. St. David's batting collapsed with Cudmore (36 not out) the only batsman offering any resistance in a total of 72 for 7.

Result: Match drawn.

Versus Parktown

St. David's won the toss and put Parktown in to bat. However, after having Parktown 39 for 3 we let them slip until they declared at 196.

St. David's, however, fought back led by a brilliant century, but fell short of the Parktown total getting 177 for 4 at close of play.

Result: Match drawn.

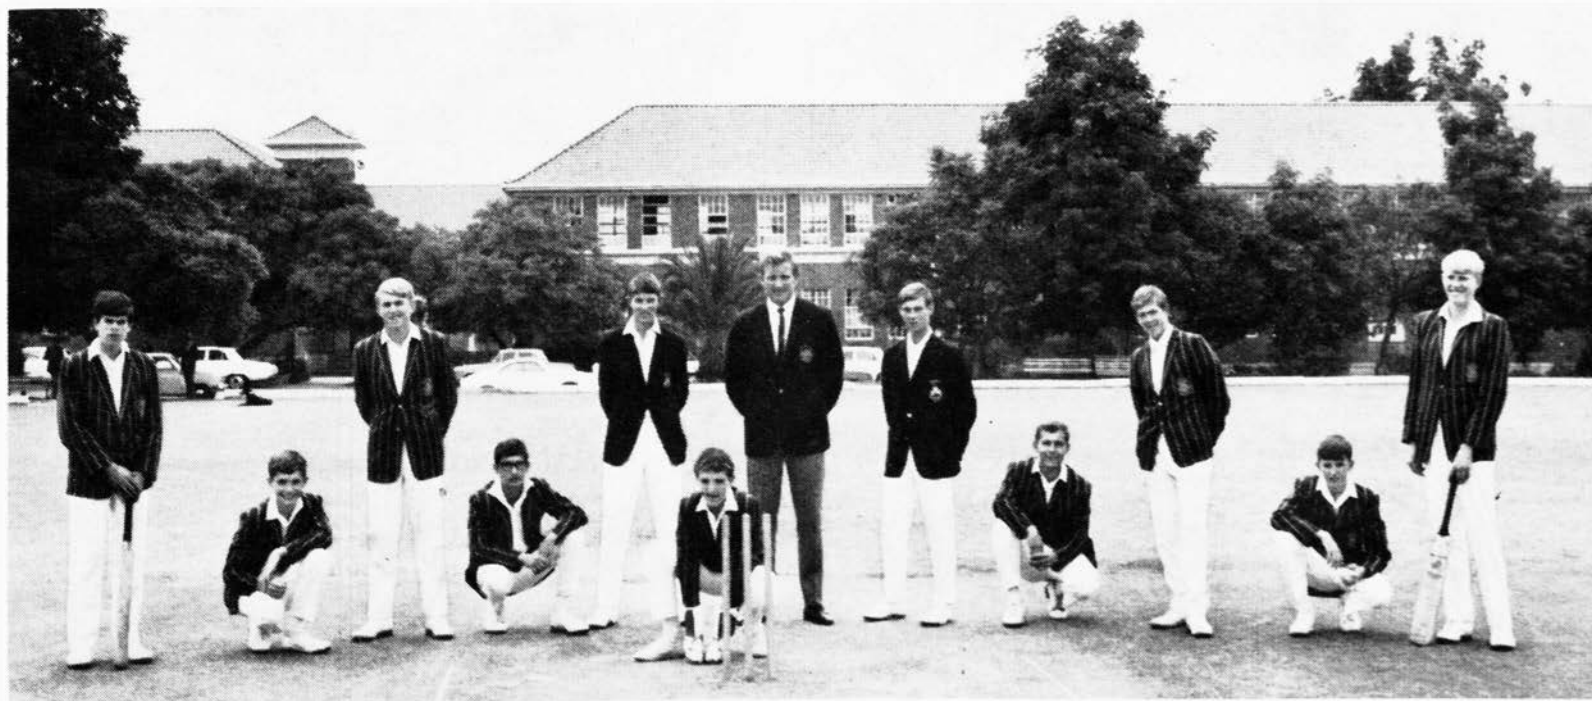

Versus Marist Observatory

Here it was our misfortune to lose the toss after it had been raining all night and we were put in to bat. The pitch played up and St. David's were all out for 103.

The pitch had by this time dried out and we started the fight back. Observatory could not withstand the magnificent spirit of the St. David's side and tumbled for 68 with Quarmby 4-27, Williams 4-15 and Cudmore 2-13 taking the wickets. The fielding was excellent and Br. Anthony commented that the spirit was the best he had ever seen.

Result: Won by 35 runs.

P. CUDMORE

Second XI Cricket

Summary of games played

| | |
|-----------------------|-------------------|
| vs Highlands North | lost by 51 runs |
| vs C.B.C. Pretoria | won by 8 wickets |
| vs K.E.S. | lost by 9 wickets |
| vs Athlone | lost by 6 wickets |
| vs Jeppe | lost by 8 wickets |
| vs St. John's | match drawn |
| vs Parktown | lost by 6 wickets |
| vs Marist Observatory | won by 9 wickets |

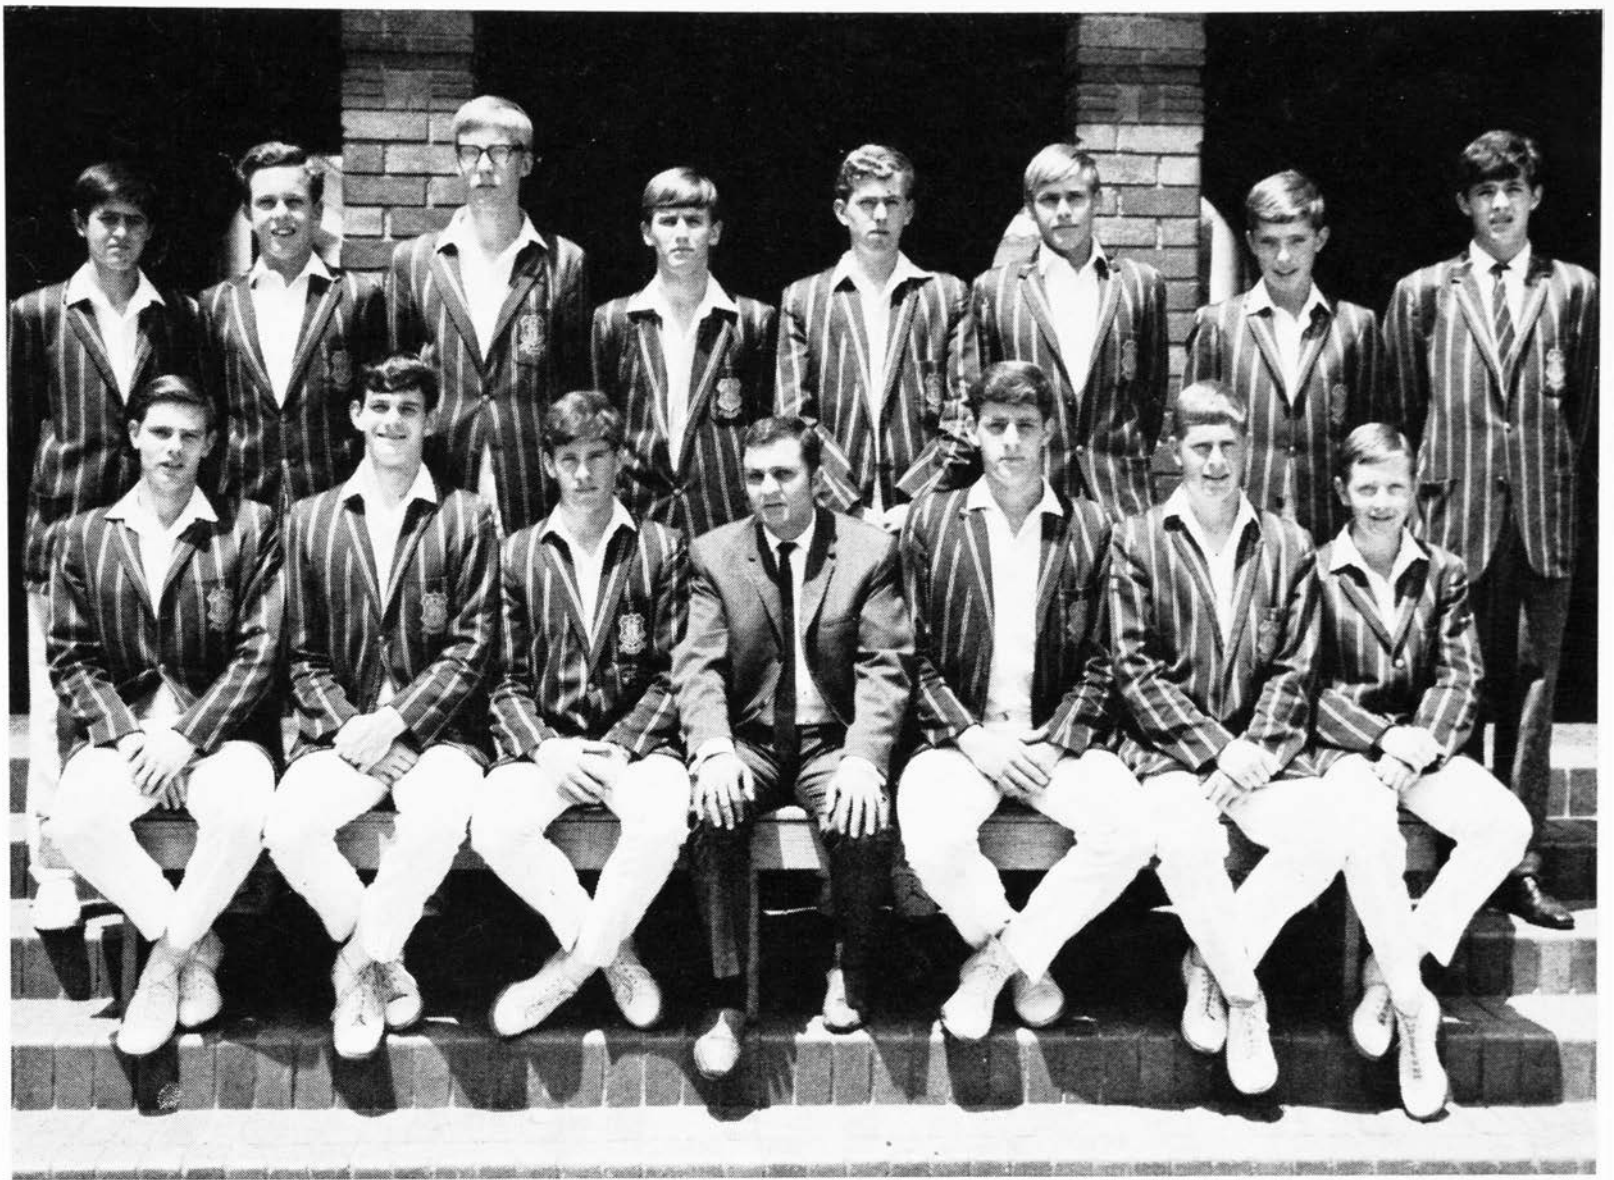

It can be seen from these results that this was a poor season. In the majority of matches we were outclassed by superior teams. A few of the players are worthy of individual mention:

G. Cogan, the Captain, always a trier who set a good example to his team mates;

N. Butcher who batted well and whose talent led to his selection for the 1st XI;

T. Stanley, a promising all-rounder.

With greater perseverance in the coming season the standard of our 2nd XI could be raised and we could thus meet the opposing teams on more equal terms.

Second XI

STANDING: C. Miranda, J. von Holdt, A. Morris, C. Carr, T. Stanley, S. Wyskowski, G. Marneweck, M. Guidici (Scorer).
 SITTING: E. Macaulay, G. Wright, G. Cogan (Captain), Mr. F. Kalify, F. Cattich, R. Sant, K. Ralphs.

Third XI

BACK ROW: L. Saad, M. Cox, D. Constantinides, K. Ralphs, G. Dunsford-White, D. Hussey, J. Anderson.
 FRONT ROW: J. Stavrou, R. Sant, J. da Canha, Rev. Br. Vincent, J. Lee, P. Mons, K. Taub (Scorer).

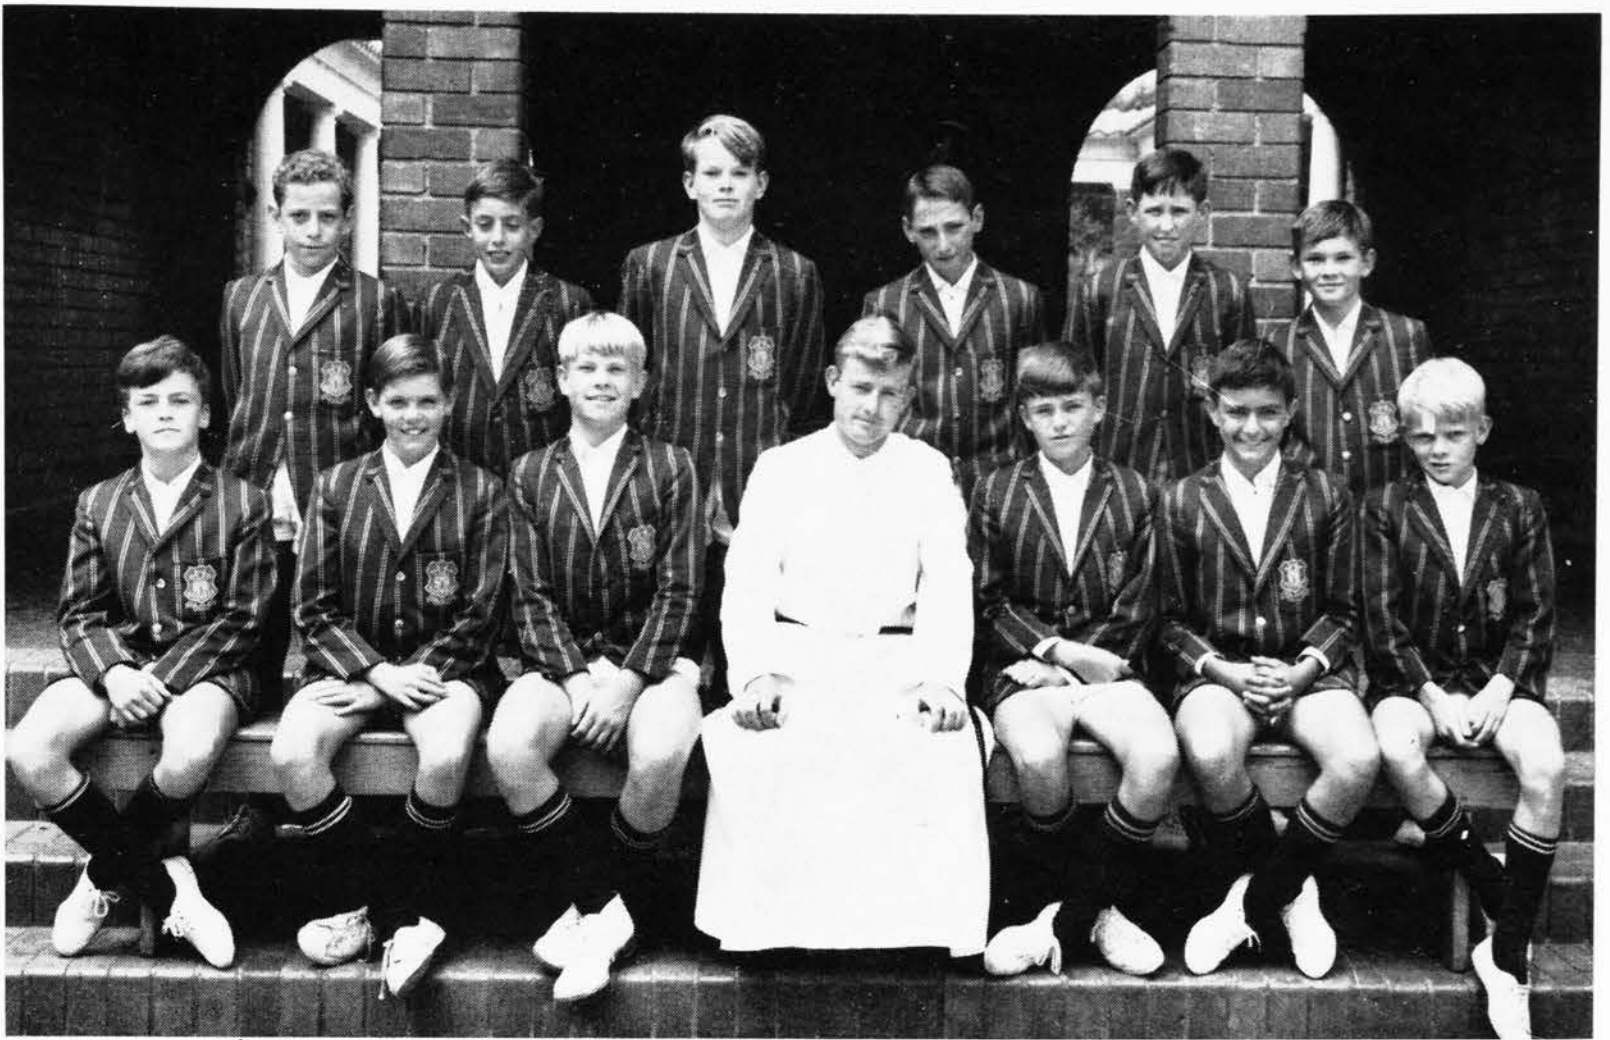

U/15 Cricket Team

STANDING: *J. Convery, N. Meyer, C. Wright, T. Droste, D. Anderson.*
 SITTING: *K. O'Mahony, H. Curtis, I. Bensimon, Mr. P. Greenway, A. Joelson, C. Seed, C. Stanley.*
 SEATED ON THE GROUND: *G. Simpson.*

U/14 Cricket Team

BACK ROW: *C. Eb, S. Butcher, N. Sprenger, L. Ralphs, M. Shaw, M. Spencer.*
 FRONT ROW: *R. Hilson, L. Kourie, C. Cudmore, Rev. Br. Michael, P. Harrison, A. Simmons, J. Stanley.*

U/13 "B" Cricket Team

BACK ROW: *H. Franks, A. Simaan, S. Martin, J. Eisenhammer, C. Viljoen, M. Griffiths.*
 FRONT ROW: *M. Waterkeyn, D. Young, R. Will, Rev. Br. Joseph, G. Howard, R. Kahn, C. Sagar.*

U/13 A Cricket Team

BACK ROW: *R. Adair, V. O'Mahony, K. Ives, I. Jones, G. Seymour, P. Sutej.*
 CENTRE ROW: *G. Boyes-Varley, M. Saad, D. Schatz, Rev. Br. Denis, M. de Pima, D. Seed, R. McNaughton.*
 ON GROUND: *P. Riskowitz (Scorer).*

Under 13A Cricket

THERE IS A GREAT DEAL OF TALENT in this little side, more than their results perhaps indicate, as they have not yet acquired an aggressive attitude to their game. Beaten narrowly by Highlands North and comfortably by King Edwards, they rallied well to defeat C.B.C. Pretoria and Athlone, and reached their peak with a nine-wickets win over Jeppe. The matches against St. John's and Marist Observatory were drawn, and rain unfortunately washed out the

Parktown, De La Salle, and St. Stithian's fixtures.

Most successful among the batsmen were Robin Adair and Desmond Schatz, but there is great promise in Gary Seymour, as well as Ian Jones, Raymond McNaughton, and Vincent O'Mahony. Michael da Pinna and Michael Saad formed a useful opening attack and were well supported by Ian Jones. Best of the spinners were R. Adair and G. Seymour, while David Seed bowled very accurately. Other regular players for the "A" side were Gregory Boyes-Varley, Kevin Ives and less often Paul Sutej.

Swimming

October — November, 1968

Owing to examinations swimming takes second place to studies during the last term. However, we acquitted ourselves well, winning two of the three Galas. We comfortably beat Jeppe and Athlone, but failed to beat K.E.S. However the margin was reduced.

January — March, 1969

A very successful season. We gained five victories out of six. Although we lost to K.E.S. it was by a very reduced margin. I would like to congratulate the team on the fine spirit it showed under the guidance of Rev. Br. Timothy.

Congratulations to Jeffrey Harrison on being chosen to represent Transvaal Schools at the Inter-Provincial Championships for the second time. Congratulations to the Under 14 relay team who brought home a

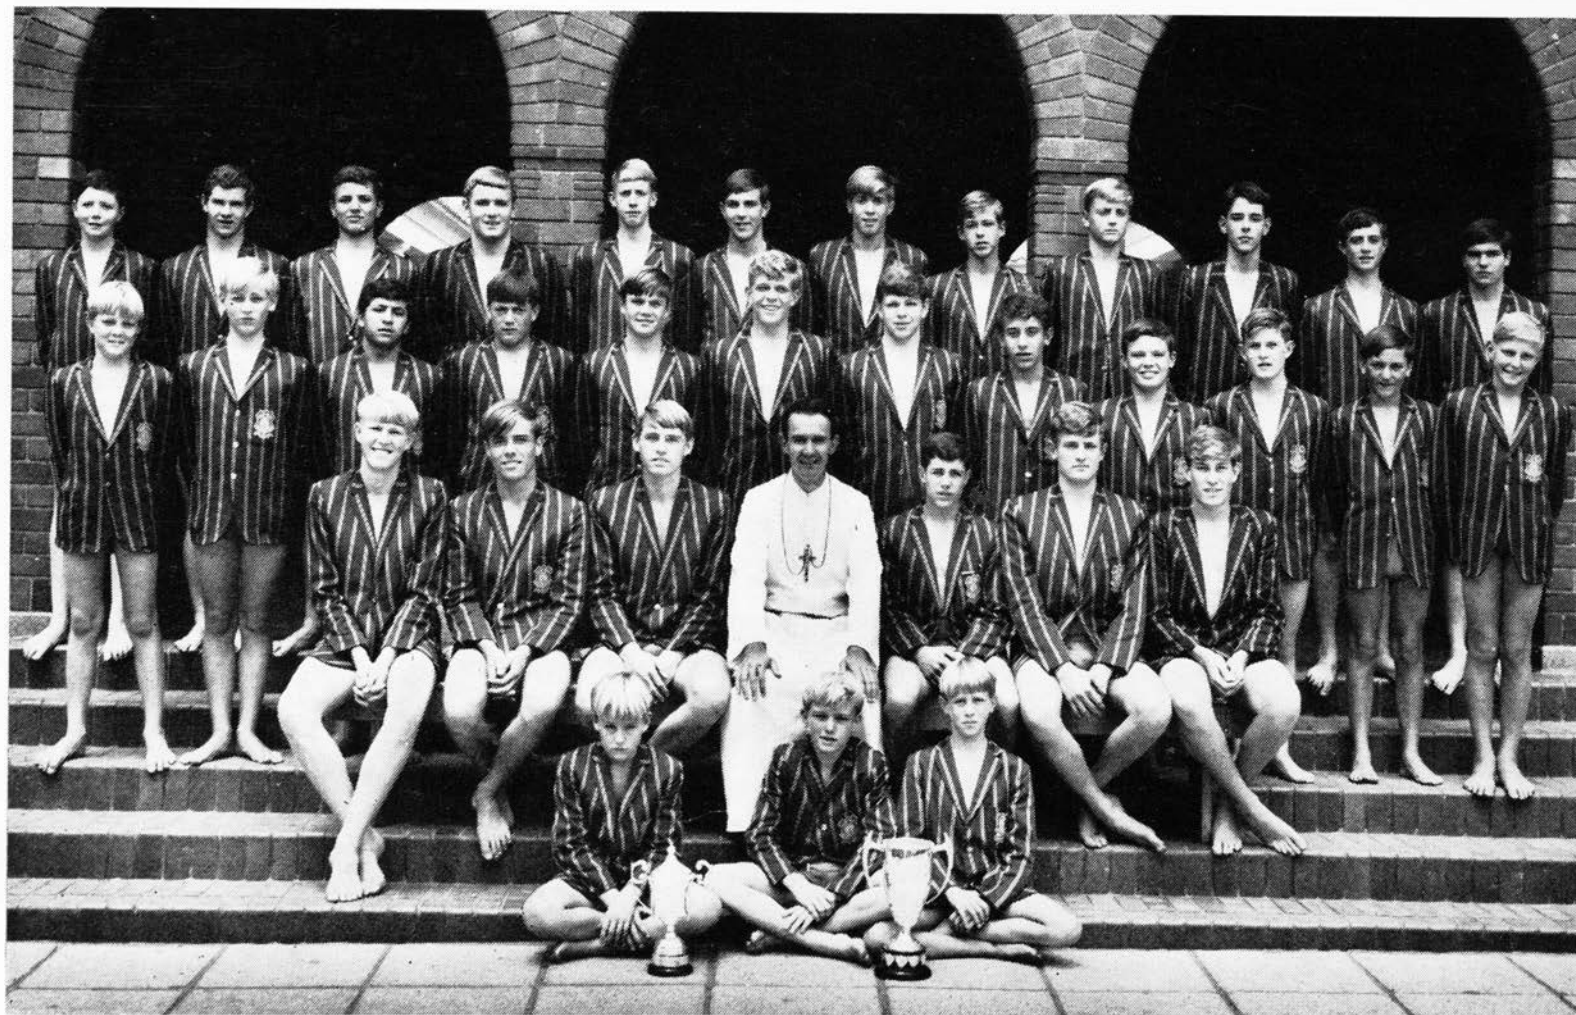

Trophy from the North-Eastern Schools Gala, and to those who won events in Transvaal Age-Group Galas.

On behalf of the team I would like to congratulate our captain, Keith Shaw, who broke the South African record for 110 yards Backstroke.

To Lee McGreagor, an Old Boy, go our sincere congratulations on becoming a double Springbok, for swimming and surf-lifesaving.

Gala versus Athlone — 3rd February

The first Inter-School Gala of the season was against Athlone at the College. Indicative of the potential of the swimmers was the fact that five new school records were set up. T. van Heerden started the romp by breaking the U/14 Butterfly record, followed by J. Harrison's two fine swims breaking the 100 yards U/16 Butterfly and Freestyle. The powerful Under 16 team broke the Medley record. N. Reith won the Under 13 Freestyle in his first swim for the senior school.

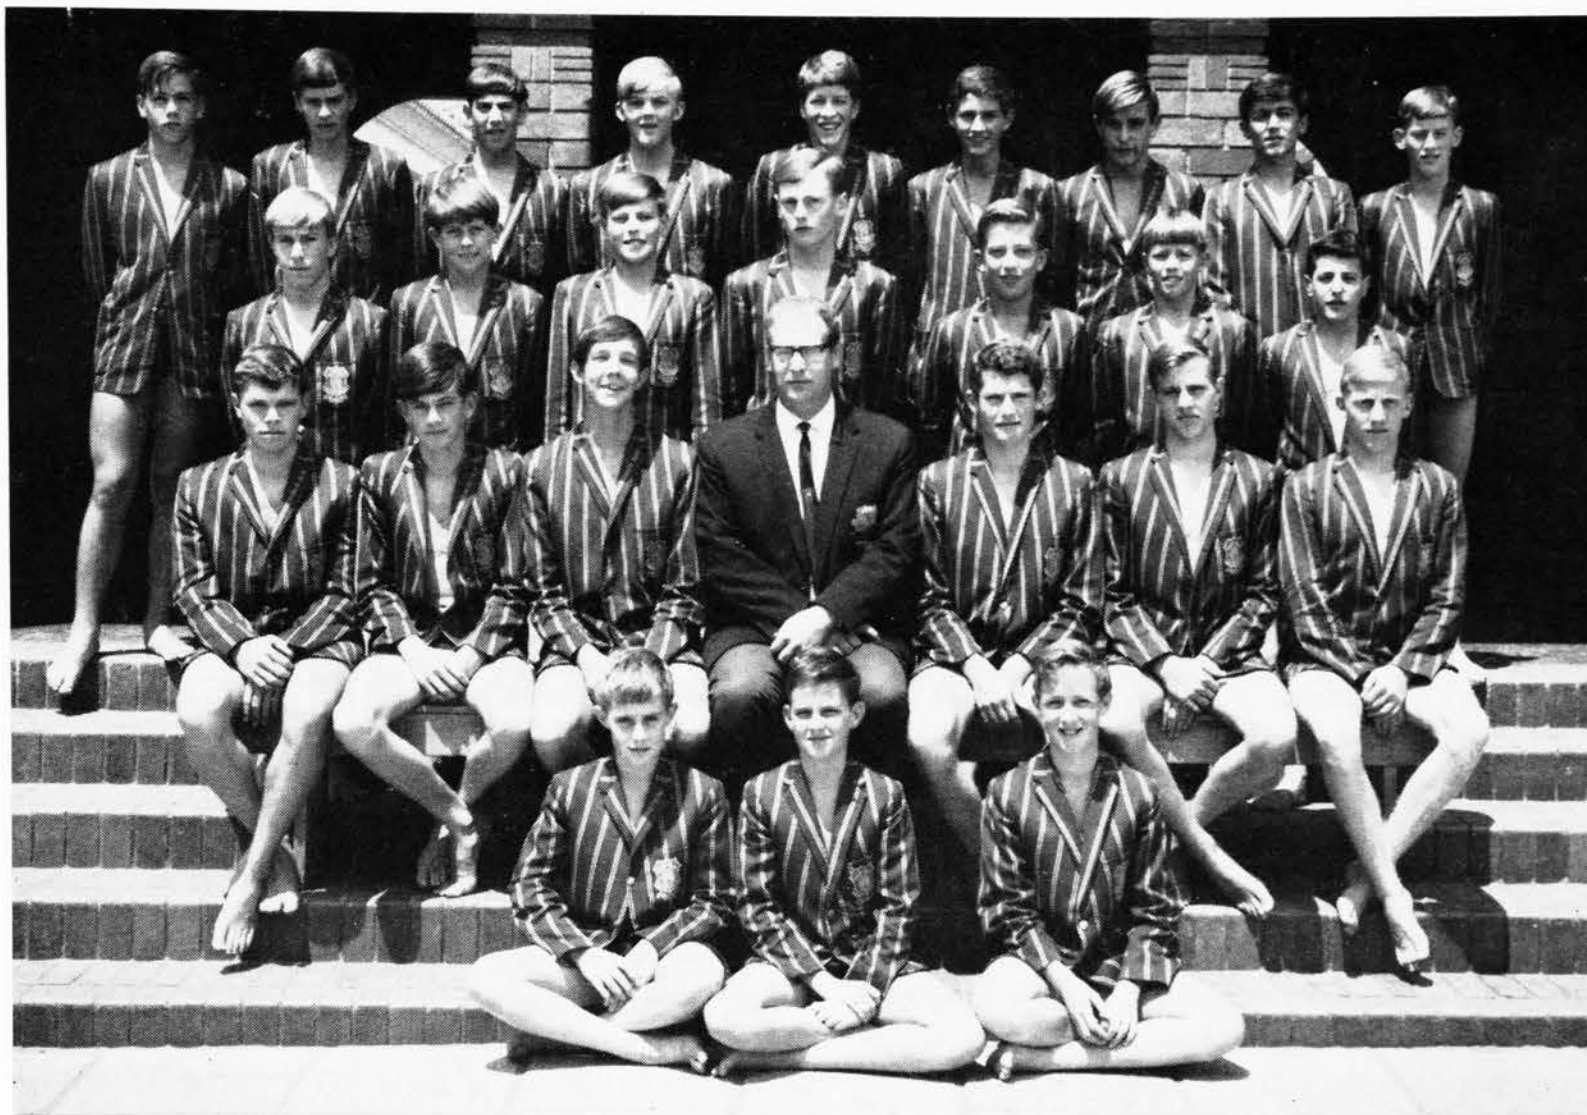

"A" Swimming Team

BACK ROW: L. Ralphs, J. Harrison, J. Stavrou, K. Small, E. England, K. Ryan, P. Daniels, M. Richardson, T. Gohdes, M. Richardson, S. Lardner-Burke, V. Tauber.

CENTRE ROW: T. Rumpelt, C. Rezek, B. McNamara, M. Sewell, T. van Heerden, G. Breslawsky, L. Kourie, N. Reith, G. Bush, H. Hull, R. Joelson.

FRONT ROW: P. Quarmby, G. Hunter, K. Shaw (Captain), Rev. Br. Timothy, D. Sterley (Vice-Captain), J. Moni, G. Marchant.

SEATED ON THE GROUND: P. Raymond, K. King, P. McCullagh.

"B" Swimming Team

FOURTH ROW: L. Raymond, V. Christoforos, C. Coutsides, P. Elliott, P. Tuck, P. McGurk, M. Raymond, P. Haggiyames, P. Benson.
 THIRD ROW: P. Halstead, M. Schilperoort, A. Joelson, A. Ramsay, H. Hull, K. Geraghty, E. Sterley.
 SECOND ROW: G. Kockott (Captain), J. Harrewyn, N. Naylor, Mr. L. Fernhead, I. van Selm, P. Raab, C. Boreham.
 FRONT ROW: N. Waters, C. Stephens, D. Forster.

Result: St. David's 127 points
 Athlone 95 points

Gala versus K.E.S. — 10th February

This was the Gala of the season. Swimming against a powerful team of several Springboks, we fared reasonably well to lose by a margin of 30 points. G. Hunter swam well to win the Open 100 yards Freestyle and J. Harrison again excelled in the Butterfly and Freestyle. A new find, H. Hull, won the U/13 Breaststroke. The U/16 relay team was again victorious.

Result: St. David's 96 points
 K.E.S. 126 points

Gala versus Jeppe — 17th February

This was a fine victory. The team swam well as a whole. All Backstroke events were won by St. David's. Peter Daniels and John Moni swam exciting races in the Open and Under 16 events. The Under 16 Backstroke was also won by J. Moni. Keith Shaw and J. Harrison won two events, and the latter broke a record in the Under 16 Butterfly. Only one relay was lost by St. David's.

Result: St. David's 145 points
 Jeppe 77 points

Gala versus Parktown — 24th February

This was the fourth Gala of the season and our third victory. The steadiness of the Under 15 age-group again showed up in the performances by P. Quarmby and G. Marchant. Keith Shaw won the 500 yards Open Freestyle and the 100 yards Backstroke. J. Harrison again won the Butterfly and Freestyle

Under 16. Other noteworthy performances were by T. van Heerden U/14 and J. Moni U/16.

Result: St. David's 129 points
 Parktown 93 points

Inter-House Gala — Saturday, 1st March

At the Inter-House Gala amidst the blue, green, red and yellow we saw some of the best swimming of the season. In all, eight records were broken.

The following new records were established:

50 yards Under 16 Butterfly 27.2 sec.
 J. Harrison
 220 yards Under 16 Breaststroke 2 min. 59.8 sec.
 J. Moni
 220 yards Under 16 Freestyle 2 min. 18.3 sec.
 J. Harrison
 100 yards Under 16 Freestyle 52.6 sec.
 J. Harrison
 100 yards Under 16 Breaststroke 69.0 sec.
 J. Moni
 100 yards Open Backstroke 65.4 sec.
 K. Shaw
 4 x 50 yards Individual Medley Open 2min. 17.0sec.
 J. Harrison
 4 x 25 yards Junior Medley 57.8 sec.
 Bishops House.

Final Position of Houses

First: Osmond House 163 points
 Second: Benedict House 122 points
 Third: Bishops House 110 points
 Fourth: College House 108 points

| Under 16 | Medley Relay | 53.1 sec. St. David's |

Result of Water Polo:

Observatory 8 Inanda 5

Final Point Position:

Inanda 155½ points Observatory 108½ points

Gala versus St. Stithians — 12th March

Bringing an impressive end to the season was our finest victory — that against St. Stithian's. St. David's obtained first place in all but five events. Congratulations to J. Harrison who remained unbeaten in the Under 16 Butterfly and Freestyle events throughout the season. The U/13 age group showed a marked improvement with good performances by N. Reith, H. Hull and Junior, S. Goldberg.

D. STERLEY

Gala versus Marist Observatory — Sunday 9th March

The annual gala against Marist Observatory showed a very friendly spirit between our sister school and ourselves.

Encouraged by the enthusiastic support of the entire senior school St. David's swept ahead. St. David's won all but three of the relays.

"B" Team Gala Results:

3rd February, 1969 — versus Athlone:

Athlone 103 St. David's 110 points

10th February, 1969 — versus K.E.S.:

K.E.S. 128 St. David's 89 points

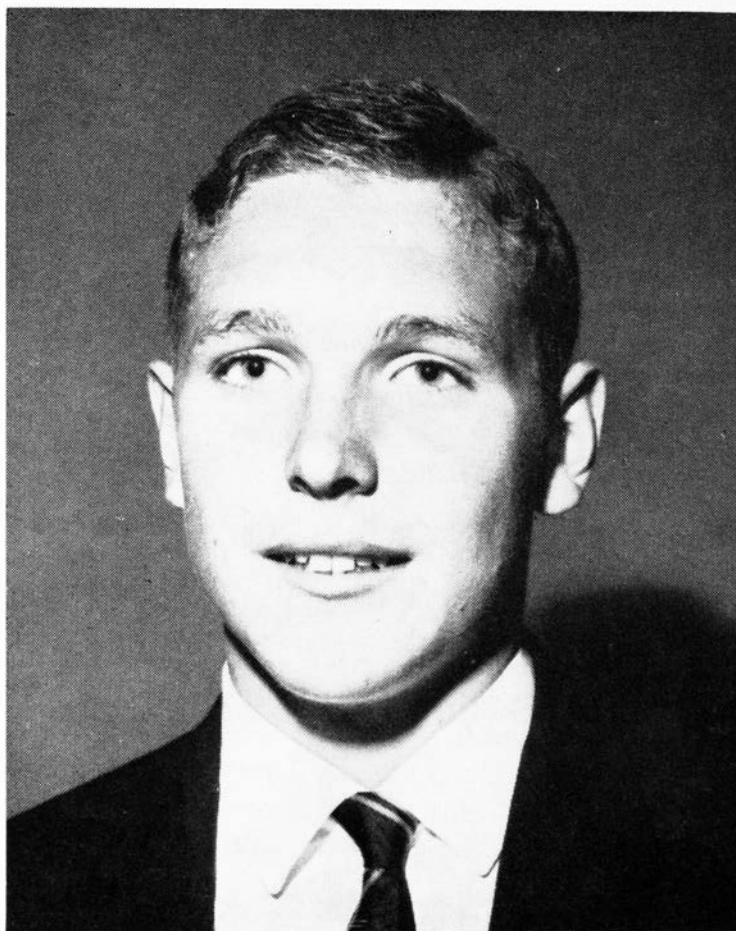

17th February, 1969 — versus Jeppe:

Jeppe 90 St. David's 126 points

Bob Campbell chats to Springbok swimmers shortly before they left for overseas tour. On the right, closest to the camera is Lee McGregor a past pupil of St. David's.

PHOTO BY COURTESY "SUNDAY EXPRESS"

Lee McGregor, the College's second Springbok swimmer, selected to tour Europe, July 1969.

Rugby

First XV

THIS WAS A VERY YOUNG SIDE which showed willingness to work hard and hence improved all the time. Lack of experience and some bad luck dogged the team, but the tremendous spirit helped to turn this into a very pleasant rugby season.

Five scrolls were awarded for outstanding play to J. de Canha, F. Cattich, G. Cogan, R. Robinson and K. Shaw. Perhaps, F. Cattich deserves special mention as his determined leadership in the pack led to many exciting recoveries.

An overall picture of the season shows that though more matches were lost than won, all the games were closely contested.

Played: 14; Won: 4; Drawn: 2; Lost: 9; Points: For 196 — Against 216.

vs. King David's — Result: won 24-9

This was the first game of the season, and proved a rather easy victory.

vs. St. Alban's: Result: lost 19-23

Here some fine play by St. Alban's backs soon put us in arrears, but as was to prove the case in many later games, St. David's put in a fine finish, scoring 14 points in the last 20 minutes.

vs. K.E.S.: Result: lost 14-25

After a very poor start the team finally woke up with only 15 minutes to go. At that moment 0-25 down, the whole team burst into action and scored four tries of which J. Williams converted one. A truly

memorable try was scored by P. Cudmore who ran from his own line to score far out in the corner.

vs. Jeppe: Result: lost 15-22

Here the tremendous power of the Jeppe forwards proved too much for us and after leading for a large part of the match, St. David's were finally beaten 15-22. However, the team put up a remarkable performance against one of the best schoolboy teams in Johannesburg.

vs. Roosevelt: Result: lost 15-20

This was a poor game marred by frequent penalties, in which Roosevelt finally got the upper hand.

vs. C.B.C. Pretoria: Result: draw 6-6

Here we played well below standard, and only managed to draw 6-6. C. Dalton was unfortunately injured, which was a blow to the side. He was proving to be a wing capable of tremendous acceleration, and had already scored beautiful tries against Jeppe and C.B.C.

vs. Parktown: Result: lost 6-19

A closely contested match which was eventually won by Parktown, whose fine back play outmatched ours.

vs. St. Charles: Result: draw 6-6

The forwards gave the backs plenty of the ball in this game, but the backs failed to make use of it. G. Cogan scored a fine unconverted try, and J. Peel goaled a penalty to make up St. David's six points.

vs. St. Joseph's: Result: lost 9-11

G. Cogan was again the star of this match, with J. de Canha doing sterling work in the loose scrums. Unluckily the penalty kicking of J. Peel was badly off otherwise we could easily have been victorious. Full praise to St. Joseph's for their magnificent try that gave them the victory.

First XV Rugby

BACK ROW: J. Williams, J. Boyden, I. Sutton, C. Assad.

CENTRE ROW: Rev. Br. Michael, G. Cogan, J. Williamson, J. Harrewyn, K. Small, E. Macaulay, J. Peel, Rev. Br. Denis.

FRONT ROW: E. Valente, K. Shaw, F. Cattich, P. Cudmore, P. Sarbutt, R. Robinson, J. da Canha.

vs. Highlands North: Result: lost 6-8

This was a keenly fought game, played in very wet conditions. Trailing 3-8, the three points coming from the boot of J. Williams, we managed to score in the last minute when R. Robinson dived on a loose ball. The conversion was missed and the game lost.

vs. C.B.C. Boksburg: Result: won 21-8

Here very clever play by R. Marneweck at fly-half opened up opportunities for the backs who snatched them. E. Macaulay and J. Williams at centre combined well and paved the way for three tries. J. Williams was on form with his boot and scored the points to give us victory.

vs. Marist Observatory: Result: lost 9-13

Once again we lost to our keenest rivals, but this was a game that could have gone either way. J. Williams was once again on form with his boot and scored six of the eight points. But what was particularly

impressive was the determined tackling and hard running of J. Williamson on the right wing.

vs. St. Stithian's: Result: won 11-9

This was one of the most exciting matches of the season in which J. de Canha, R. Robinson and K. Small shone. Closely contested right till the end it was J. Williams who goaled a penalty and gave us the lead and victory.

vs. Springs: Result: lost 12-26

Here St. David's really let themselves down and Springs, taking full advantage of our mistakes, were easy winners.

vs. Athlone: Result: won 17-8

This was a game which exploded into action from the first kick-off when E. Valente went bursting through the opposition forwards to give his backs an overlap. K. Small on the left wing was pulled down just short of the line. G. Cogan and J. Peel played sterling games and paved the way for a fine victory.

Marist Rugby Teams assembled for the Rugby Weekend — May 1969

BROTHERS IN THE FRONT ROW (FROM LEFT TO RIGHT): Rev. Brs. Neil, Anthony Swanson, Jude, Cyril, Dermot, Rudolf, Anthony, Denis, Michael.

Second XV Rugby

BACK ROW: Rev. Br. Michael, D. Antonie, D. Constantinides, J. Stavrou, G. Kockott, D. Bergman, M. Harris, M. Joseph, Rev. Br. Denis.
FRONT ROW: P. Karakashian, H. Eaton, I. Weir, D. Saad (Captain), G. Hunter, R. Sant, R. Marneweck.

Third XV

THIS TEAM enjoyed a successful season under the captainship of G. O'Leary at scrum-half. The games were played with plenty of spirit, the forwards excelling themselves on many occasions. Prominent among them were J. Deeb (Vice-Captain and flank), A. Chemaly (on the loose head), L. Saad (the hooker who scored several opportunist tries), C. Ferreira (flank), D. Hare-Bowers (8th man) and D. Wimpey (lock). N. Mavrodaris played many fine games from the fly-half position, feeding his back-line and kicking ahead judiciously as required. C. Figueriedo at centre ran determinedly at all times, G. Janssen's speed was an asset on the wing and so too was G. Hunter's hard tackling in the full pack position. The victories over

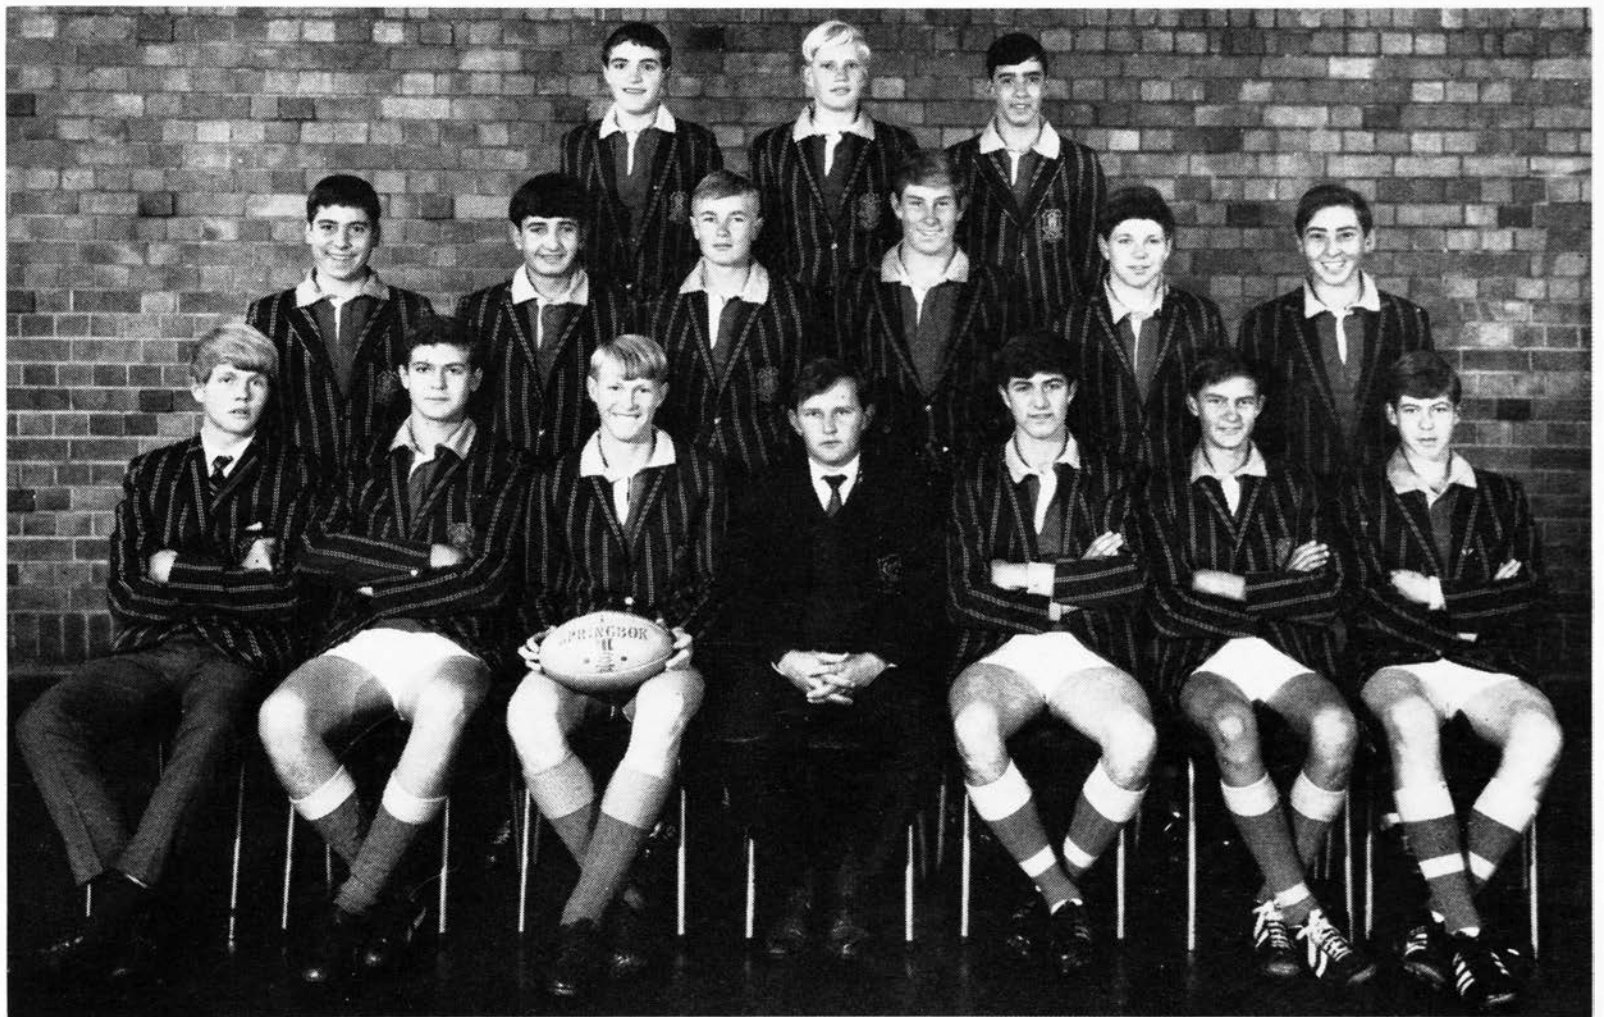

K.E.S., Parktown, Observatory and St. Stithian's were the highlights of the season.

Played 13, won 9, drew 1, lost 3.

Points for — 115 Points against — 67

Fourth XV

THE FOURTH TEAM under the captaincy of G. Roach won eight of its thirteen matches. P. Murray, a new-comer to the game, developed into a tigerish forward as the term progressed. G. Dunsford-White and C. Carr were prominent in picking up the loose ball. A. Ralphs and P. Scott played well in the back line, and so too did E. Sterley and A. Simaan. The biggest victories were against Boys' Town (24-3), Springs (17-0) and C.B.C. Pretoria (16-3).

U/15 Rugby

BACK ROW: I. Bensimon, R. Wimpey, D. Shepherd.

CENTRE ROW: N. Salomides, G. Nichas, N. Meyer, G. Marshant, G. Breslawky, B. Deeb.

FRONT ROW: M. Ager, J. Schmidt, P. Quarmby, Mr. P. Greenway, S. Trupos, C. Wright, M. Richardson.

U/15 "A" Rugby

Captain: P. Quarmby Vice-Captain: S. Trupos

THE UNDER FIFTEEN A RUGBY TEAM had quite a successful season considering that injuries befell three of the best players, Marc Ager, Spiro Trupos and John Halstead.

We got off to a good start by beating St. Alban's 10-5. Outstanding players were J. Halstead, I. Bensimon and S. Trupos. The former two each scored tries and Trupos converted both. We then astounded most by an 8-0 victory over K.E.S. Tries were scored by P. Quarmby and G. Nichas.

The following three matches were defeats for us (Jeppe 3-9; St. John's 8-12; and Roosevelt 3-11) but

S. Trupos was able to play in the next matches. We beat C.B.C. Pretoria 23-0; Parktown 23-0; Highlands North 36-0 and C.B.C. Boksburg 6-3. In these matches very valuable players were S. Trupos; G. Nichas; B. Deeb; N. Salomides; J. Halstead; N. Shepherd; P. Quarmby and G. Breslawsky.

This was the first year that this team beat Marist Observatory, (8-0). We were rather lucky to beat St. Stithians for they were a much bigger and stronger team than we. We beat them only through determination and fighting spirit. The final score was 5-3. This was the first match the St. Stithian's team had lost since U/13.

In the last two matches of the season we recorded victories over Springs (18-8) and Athlone (12-0).

The outstanding players of the season were I. Bensimon, S. Trupos, G. Nichas and N. Shepherd, but this report would not be complete if mention was not made of those who played consistently throughout the season but were unlucky not to score tries. These were: G. Marchant, R. Wimpey, J. Schmidt, G. Wright, N. Meyer and D. Walker.

Our final analysis was: played 13, won 10, lost 3
Points for — 173 Points against — 51

We would like to thank our coach, Mr. P. Greenway for the time he spent with us, and Mr. P. Stringer for his help at the beginning of the season.

P. QUARMBY

U/14 Rugby

BACK ROW: R. Cattich, M. Maroun, J. Young, G. Leath, A. Ramsay, L. Saad, M. John.

CENTRE ROW: R. Harding, C. Eb (Captain), T. van Heerden (Captain), Rev. Br. Timothy, L. Kourie, L. Raymond, P. Haggiyannes.

FRONT ROW: K. Geraghty, C. Rezek, P. McGurk.

U/14 "A" Rugby

THIS RUGBY COMBINATION again had a successful season, winning 11 of the 14 games played, drawing one and losing two. It had the further distinction of scoring 252 points with only 40 against.

The team is characterised by an extremely powerful pack of strong-running backline. The pack with a very strong front row of A. Ramsay, L. Kourie and M. Maroun, hard working locks in R. Harding and L. Raymond and fast, efficient loose forwards in T. van Heerden, C. Rezek and G. Leath dominated most opponents and was never itself dominated. The half-back combination of K. Geraghty and R. Cattich

progressed well during the season. At scrum-half K. Geraghty learnt when and how to break and R. Cattich at fly-half developed the ability to dictate a game. L. Saad and D. Deeb are two hard-running, penetrative centres with great potential. They still have to master the timing of their passes and not to try to force the gap which does not exist. P. Haggiyannes, a forward last season, has developed into a strong running wing with good potential. Owing to loss of form and injury three boys played on the other wing. They are M. John, P. McGurk and W. Colton. At full-back J. Young developed steadily. A deadly tackler and a good kicker of the ball, his handling and ability to read a game, however, must still improve. An unfortunate injury kept C. Eb out of rugby for most of the season. He did, however, show great interest in the team being always present to assist at practices and to great support at the matches.

T. van Heerden proved a great captain. From the 8th-man position he inspired his team mates by his fearlessness, speed to the loose ball and his love of the game. He was the top try scorer with 15 tries to his credit, being closely followed by D. Deeb with 12 tries. Mention must be made of A. Ramsay who was the top points scorer. He scored 79 points, all with his boot. A truly great achievement.

U/13 Rugby

BACK ROW: *A. Pinheiro, I. Jones, K. Ives, C. Viljoen, V. O'Mahony, N. Reith, D. Schatz.*
 CENTRE ROW: *R. Kahn, P. Ruzzene, R. Will, M. Saad (Captain), M. de Pinna, D. Seed, G. Seymour.*
 FRONT ROW: *Smith, A. Simaan, F. Allem.*

Under 13 "A" Rugby

IT IS THE AMBITION of every team to beat the U/13's for the Efficiency Cup. This year the competition was most keen. The "A" did not retain the Cup; their record was beaten by that of the U/13 "B".

However their record is the best ever achieved by any U/13 Team at the College. They lost two matches, scored 233 points and gave away only 36 points in 14 matches.

This was not a star-studded team; they owe their success to solid play. The chief scorers were D. Allem (kicker), A. Simaan, M. de Pinna, and M. Saad (who scored 150 of the 233 points!).

Michael Saad, the Captain was a source of inspiration to his team and was the outstanding player. Others who merit mention were the Vice-Captain, R. Will, P. Ruzzene (front row), A. Simaan at scrum half and M. de Pinna on the wing. D. Allem (U/12) was the very successful kicker for the team. The most improved player of the season was D. Schatz.

A special word of thanks must go to Mr. N. Simaan who was once again the very hardworking and enthusiastic coach of the team. The Brothers are very grateful to him for the generous way in which he sacrifices much of his time to coach the boys in their first year of rugby.

Under 13 "B" Rugby

THE EFFICIENCY CUP was won by this team. Under the able captaincy of M. Griffiths, the team played 11 matches, of which they won ten and lost one.

The outstanding players were Ian Jones at centre, and Raymond Joelson at fly-half, who also scored many points with his boot.

U/13 "B" Rugby Team

WINNERS OF THE EFFICIENCY CUP — *Rev. Br. Michael presents the Cup to M. Griffiths (the Captain).*
 BACK ROW: *W. Sagar, R. Joelson, M. Lamusse, D. Foster, M. Waterkeyn.*
 MIDDLE ROW: *A. Mazaham, C. Viljoen, G. Howard, H. Hull, P. Esnouf, N. Robinson, M. Jacobs.*
 FRONT ROW: *H. Franks, J. Marsay, M. Rumpelt.*

Athletics

Captain: C. Dalton
Vice-Captain: B. Stephens

27th Inter-House Meeting — 9th August, 1969

AFTER THE PRE-CONTESTED events Benedict was in the lead followed by Osmond, College and Bishop's. Bishop's won the Cross-Country team event and Benedict came second. A. Marsay won the individual event with a record time of 20 mins. 25.3 secs.

Unlike last year Saturday dawned sunny and clear skies greeted athletes and spectators. Unfortunately a strong headwind blowing down the 100 metres straight caused times to be far below expectation. Victor Ludorum was C. Dalton.

Good performances were recorded by:

| | | | |
|---------------|------|---------|--------------------|
| M. Saad | U/13 | 100 m | 13.1 sec. (record) |
| M. Saad | U/13 | 200 m | 26.8 sec. (record) |
| M. Saad | U/13 | 400 m | 61.6 sec. (record) |
| J. Williamson | U/16 | 200 m | 23.5 sec. (record) |
| R. Will | U/13 | Hurdles | 12.1 sec. |
| D. Deeb | U/14 | Javelin | 38.91 m (record) |

| | | | |
|-------------|------|-----------|---------------------------|
| B. Stephens | Open | 1,500 m | 4 min. 22.0 sec. (record) |
| F. Cattich | Open | High Jump | 1.74 m (record) |
| T. Marsay | U/16 | 800 m | 2 min. 10.0 sec. (record) |

Result:

| | |
|----------|------------|
| Benedict | 254 points |
| College | 243 points |
| Osmond | 193 points |
| Bishop's | 187 points |

13th August, 1969 — vs. Athlone Boys High School

Owing to last year's defeat by Athlone the newly-picked Athletics Team were filled with determination to gain victory this year.

By winning the majority of events we gained a 71-point victory. Good performances by: C. Dalton, J. Williamson, M. Ager, M. Saad and S. Trupos who won all their events.

Result:

| | |
|---------|------------|
| Athlone | 121 points |
| Inanda | 192 points |

23rd August, 1969 — vs. Marist Observatory

After excellent performances put up by our field event section we were leading Observatory by 21 points.

On Saturday the Athletes put on the pressure and we increased our lead in every event. This year we found our team had more depth as we not only gained firsts, but seconds and thirds as well. Again C. Dalton, J. Williamson, M. Ager, S. Trupos and M. Saad were unbeaten.

Good performances:

| | | | |
|----------------|------|------------|-----------------------------------|
| T. van Heerden | U/14 | Discus | 116'5" (new rec.) |
| J. Williamson | U/16 | 100 m | 11.2 sec. |
| S. Trupos | U/15 | 1,500 m | 4 min. 49 sec. |
| A. Marsay | | Open Cross | 20 min. 30.1 sec. (new record) |

| | |
|----------------------------|------------|
| Result: Observatory | 156 points |
| St. David's | 229 points |

27th August, 1969 — vs. C.B.C. Boksburg

Again a very successful day. We returned having won all but two events. The majority of the Athletes continued their unbeaten records.

| | |
|--------------------------------|------------|
| Result: C.B.C. Boksburg | 64 points |
| St. David's | 183 points |

3rd September, 1969 — Combined Marist vs. Parktown Boys High School

After a most pleasant and relaxing long week-end we returned to school rather unfit. The Athletes returned good times, but some unbeaten athletes suffered defeat for the first time. Only S. Trupos, M. Ager, J. Williamson and T. Marsay returned unbeaten.

| | |
|--------------------------------|------------|
| Result: Combined Marist | 139 points |
| Parktown B.H.S. | 158 points |

6th September, 1969 — Combined Marist vs. King Edward VII High School

A little disappointed by our defeat at the hands of Parktown we were filled with determination to beat King Edward's for the first time. After a day of excellent performances and some expert running we came out the victors for the first time in the history of the School.

Good performances: M. Ager and S. Trupos maintained their unbeaten record.

| | |
|-------------------------------------|-------------|
| Result: King Edward VII H.S. | 131½ points |
| Combined Marist | 144½ points |

10th September, 1969 — Triangular Meeting vs. Jeppe and Northview

Jeppe were stronger than we anticipated, but we

managed to overcome them and Northview.

Again the majority of our athletes returned unbeaten. Unfortunately S. Trupos lost for the first time in the season. Now all our athletes had been beaten once.

| | |
|---------------------------|------------|
| Result: Jeppe H.S. | 85 points |
| Northview | 58 points |
| St. David's | 111 points |

13th September, 1969 — Inter Catholic High School Athletics Meeting

In the morning the field events took place at St. David's. Unfortunately we did not measure up to the other teams in the field events and at lunch time we were lying fourth.

In the afternoon, helped on by the excellent spirit of our boys, we managed to decrease this deficit and after an exciting afternoon we emerged winners by a margin of 23 points.

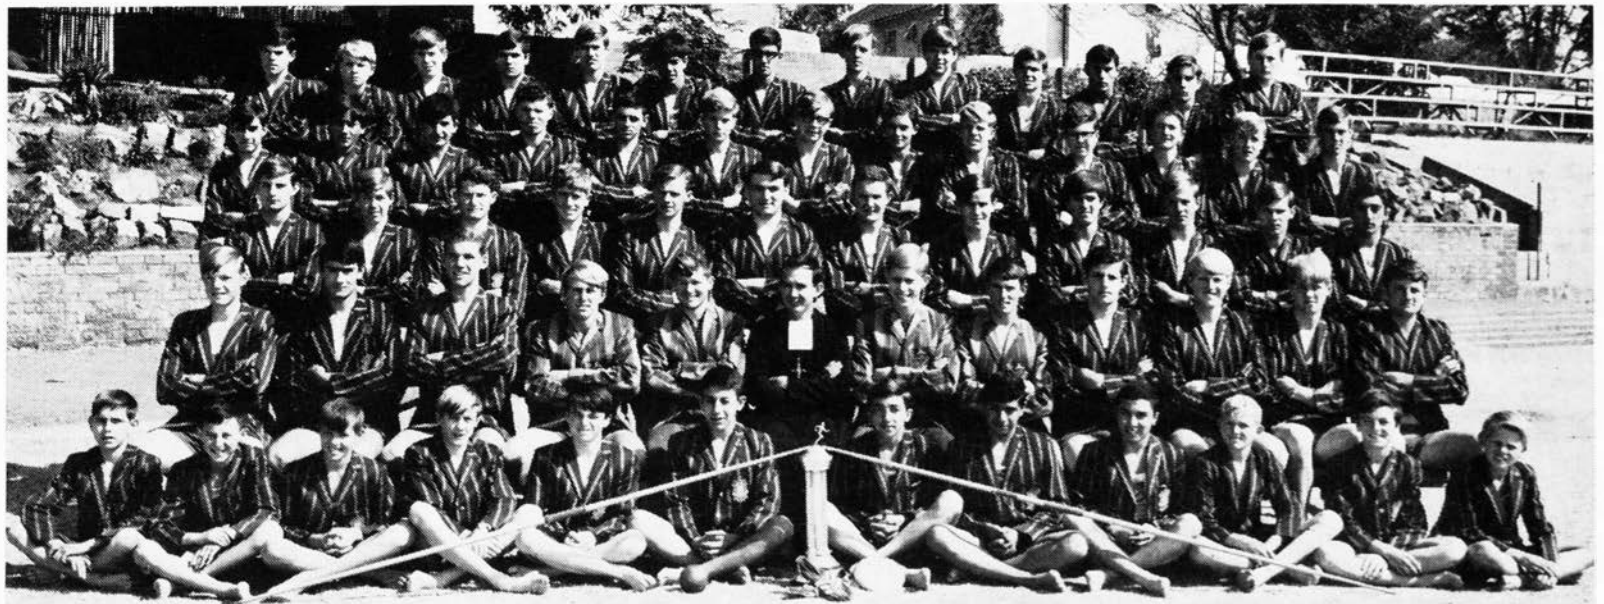

Good performances: C. Dalton, J. Williamson, M. Ager, M. Saad, B. Stephens, A. Marsay, T. Marsay, S. Trupos and T. Finch who won all their events in good times.

| | |
|----------------------------|-------------|
| Result: St. David's | 327½ points |
| Marist Observatory | 304½ points |
| C.B.C. Kimberley | 299½ points |
| C.B.C. Pretoria | 290 points |
| B.C.C. Pietersburg | 242 points |
| De La Salle | 189½ points |
| B.C.C. Klerksdorp | 182 points |
| Boys Town | 104 points |

Congratulations to all our athletes on their fine performance during the season and also to C. Dalton, F. Cattich, A. Marsay and B. Stephens who received "Athletics" scrolls.

This team returned the best results in the history of the school. Thanks must be extended to Br. Timothy for his excellent organisation and training. I would also like to thank the boys who competed this year for their fine spirit. The spirit of our supporters was a great credit to the College.

C. DALTON

Senior Athletics Team

FIFTH ROW: L. Miranda, R. Will, T. Marsay, V. Tauber, T. Finch, C. Figueredo, J. Peel, M. de Pinna, G. Breslawsky, M. Sewell, C. Assad, D. Hussey, A. Ramsay.
 FOURTH ROW: N. Shepherd, D. Deeb, G. Nichas, G. Kockott, P. Scott, R. Marneweck, G. Jamsens, P. Mons, T. van Heerden, C. Seed, T. Maher, N. Meyer, J. Williams.
 THIRD ROW: J. Williamson, M. Richardson, I. van Selmi, A. Marsay, J. de Pinna, E. Valente, I. Weir, C. Wells, S. Trupos, P. Raab, E. Macaulay, D. Saad.
 SECOND ROW: T. Droste, A. Deeb, P. Sarbutt, R. Robinson, C. Dalton, Rev. Br. Timothy, B. Stephens, P. Cudmore, F. Cattich, P. Quarmby, M. Ager, J. Moni.
 FRONT ROW: J. Marsay, D. Schatz, K. Geraghty, K. O'Mahony, D. Walker, L. Kourie, M. Saad, C. Rzecek, L. Saad, P. McGurk, M. Waterkeyn, C. Sagar.

Tennis

Schools' League

AT THE BEGINNING OF THE YEAR a tennis ladder was drawn up to determine the two teams.

The First Team consisted of:

1. R. van't Hof (Captain)
2. M. Raymond
3. A. Morris
4. R. Robinson (Vice-Captain)
5. J. von Holdt
6. D. Mazaham

The team started off in second section and did extremely well. The results were as follows:

| | | |
|------------------------|-----|------|
| vs. Hill High "A" | won | 8-4 |
| vs. Parktown "B" | won | 11-1 |
| vs. Greenside "A" | won | 8-4 |
| vs. Northview "B" | won | 10-2 |
| vs. St. Benedict's "A" | won | 8-4 |
| vs. Roosevelt "A" | won | 7-5 |

Thus having won all the matches the first team was promoted to first section. M. Raymond and R. Robinson as a doubles combination did very well as they did not lose a single match. In the singles R. van't Hof was undefeated and D. Mazaham only lost one match.

The second team, playing in fourth section also did well and were duly promoted to third section. This is the first time that the school has been represented in the 1st and 3rd sections.

During the next tennis term the teams were changed as R. van't Hof was injured. The first team results were very poor and next year it may be relegated to second section again. The results were as follows:

| | | |
|-------------------------|------|------|
| vs. K.E.S. "A" | lost | 2-10 |
| vs. Northview "A" | lost | 3-9 |
| vs. King David "A" | drew | 6-6 |
| vs. Parktown "A" | lost | 1-11 |
| vs. Highlands North "A" | lost | 2-10 |
| vs. Jeppe "A" | lost | 2-10 |

J. von Holdt who lost only one match was the outstanding player in the singles.

The second team did not do well in the third section and may be demoted to fourth section.

Tennis Championships

The school tennis championships were played on Sunday, 4th May. It was very cold in the morning, but many parents came to watch. The tennis courts were repaired by Mrs. Simaan and new nets were bought for the occasion. The tuck-shop was open all day and the ladies committee supplied hot-dogs and toasted cheese.

The Open Singles Championship was won by R. van't Hof who beat M. Raymond in the final. The final score was 6-3, 4-6, 6-3 and this is a good indication of the long battle that took place. The U/16 final was won by J. von Holdt who beat D. Mazaham 6-2, 6-3. The U/14 champion G. Seymour, who beat C. Mazaham 6-2, 6-2, should prove a valuable asset to the school's tennis in a few years.

The Open doubles was won by R. van't Hof and A. Morris who beat M. Raymond and R. Robinson 6-3, 7-5. J. von Holdt partnered N. Butcher to beat D. Mazaham and J. Smale for the U/16 doubles title. G. Seymour and D. Schatz won the U/14 doubles title beating M. Griffiths and H. Franks 6-2, 9-7.

Kramer Cup

This annual tennis match against Marist Observatory was played on Sunday, 10th August, at Observatory.

First Tennis Team

STANDING: M. Raymond, R. Robinson, R. van't Hof (Captain), A. Morris, Mr. J. Done.

KNEELING: J. von Holdt, D. Mazaham.

The senior team consisting of M. Raymond, A. Morris, J. von Holdt and R. Robinson was determined to beat the Observatory team, but unfortunately lost by two games. The junior team (U/14), however, consisting of G. Seymour, D. Schatz, H. Franks and C. Mazaham, beat the Observatory team by a considerable margin and thus the final score was in our favour and we won the Kramer Cup for the first time in six years!

The results were as follows:

1. M. Raymond *vs.* Observatory No. 1 lost 3-6
2. A. Morris *vs.* Observatory No. 2 lost 4-5
3. R. Robinson *vs.* Observatory No. 3 won 6-3
4. J. von Holdt *vs.* Observatory No. 4 won 5-4

Singles:

Doubles:

1. M. Raymond and R. Robinson *vs.* Observatory
No. 1 lost 4-5
No. 2 won 6-3
2. A. Morris and J. von Holdt *vs.* Observatory
No. 1 lost 4-5
No. 2 lost 4-5

Junior Singles:

1. G. Seymour *vs.* Observatory No. 1 won 8-1
2. C. Mazaham *vs.* Observatory No. 2 won 9-0
3. D. Schatz *vs.* Observatory No. 3 won 6-3
4. M. Griffiths *vs.* Observatory No. 4 won 7-2

Junior Doubles:

1. G. Seymour and D. Schatz *vs.* Observatory
No. 1 won 8-1
No. 2 won 8-1
2. M. Griffiths and C. Mazaham *vs.* Observatory
No. 1 won 6-3
No. 2. won 7-2

Final Score: Observatory 48 games
St. David's 96 games

We would like to thank Observatory for the very enjoyable day and also for the teas provided.

Thus the tennis was brought to a successful end, but these good results would never have been achieved were it not for the support given by our tennis master, Mr. Done. Thank you, sir! R. VAN'T HOF

Hockey

AS IN RECENT YEARS the hockey league and knock-out competitions were closely contested. Games on the new fields were much more satisfactory: both on account of the size of the playing areas, and on account of the purchase of sturdy steel posts designed to be student-proof. The wooden structures built in 1965 had not survived the last nine-month lay-off. Winners of the Werner (league) and Jarvis (knock-out) Trophies were "The Pippletizers" and the "Zappers United" captained by J. de Canha and E. Marneweck respectively.

Towards the end of the season, our fields were graced by the presence of players from Parktown, Maryvale and Rosebank convents. On each occasion the gentlemen proved victorious.

Table Tennis

WITH THE FURNISHING of the basement, it has been possible to provide two tables for the use of the boarders. Much enjoyment has followed. Inspired by the enthusiasm of G. Simpson (well-known in Transvaal table tennis) a table tennis club is well on the way to establishment. An evening was arranged at which several South African top players demonstrated their talents to an appreciative audience.

Second Tennis Team

G. Simpson, G. Seymour, N. Butcher, D. Hare-Bowers, D. Bergman, J. Lee (Captain), Mr. J. Done.

Literary Contributions

THE STORM

by Bryn Price — Std. 6 i

*The sky exploded a wave of falling water
The trees rocked in the rough wind.
The dam broke in a bulging torrent of pent up force.
A mountain of water swept over the house; the windows
broke, the cupboards fell.
We climbed into the attic still the water rose.*

CHILDREN IN A PLAY GROUND

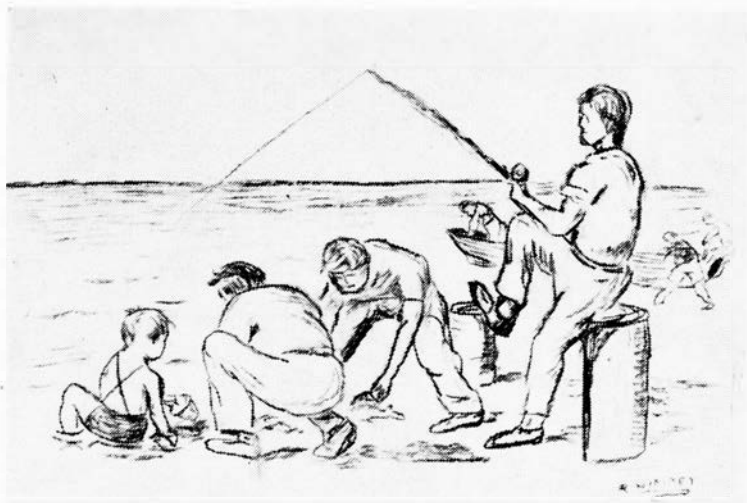

S. Scaccabarozzi — Std. 6 a

*I saw the sad.
I saw the lonely
looking at the playful with envy.
And there —
I saw the flashing eyes of the clever.
I saw the cruel having fun, hurting animals.
And in the corner, was the clever-brain
studying as hard as he could.
And which am I,
cruel, sad, or clever, or may I be all, or none.*

THE PLAYGROUND

J. Osborn — Std. 6A

*I saw a bloody fight —
prefects to the rescue.
I saw a muddy game —
future angry mothers.
I saw them running;
kicking a ball or playing war.
Down comes the rain;
they don't even see,
until it starts to pour.
Then comes the mad rush
to get inside.
"Silence." Peace once again.*

R. Wimpey — Std. 8

MACHINERY

Paul Henman — Std. 6A

*Ceaselessly,
It carries on through the night,
while Mere Man sleeps.
Unlike man, unlike animal —
it feels naught.
Fed on earth's black-gold, oil.
Runs smoothly with no need of rest,
throbs on, throbs on, taking the place
of Mere Man.
Ceaselessly.*

THE ASSASSINATION of the PRESIDENT

P. Golombick — Std. 6A

*Silently, watching the road below,
he took cover behind a chimney.
Round the bend came the President's car,
Crowds milling around him,
Clear shot now impossible.
Patiently he waited for the car to stop
And the crowd to calm.
Then he stood up in the car,
And thanked them for coming.
As he turned to face the crowd,
The assassin aimed,
and fired.*

THE STORM

S. Goodey — Std. 7A

THE WHOLE DAY had been dull and overcast. Thunder roared and lightning flashed; the rain came crashing down. Torrents of mud rushed down the garden leaving narrow paths. The sweet fresh smell of the rain was beautiful. The flowers, trees and grass lowered their heads before the mighty rain. Slowly the rain eased off; the storm had passed and left the humble houses wet.

ASTRO-JET

is the best way to the moon.

The cow, we are assured by Mother Goose jumped over the moon. It must have been a rough trip! The poor cow had no air, no water and no green grass to chew along the way!

We can do *much* better than that! We can get you and your family to the glorious moon in the quiet comfort of an air-conditioned cabin; we provide you with superb meals prepared by our continental chef.

We can't promise you any green cheese, just the unforgettable experience of walking on the mountains of the desolate and magnificent moon!

BOOK NOW at ASTEROID TRAVEL AGENCY,
P.O. BOX 110121,
WASHINGTON, D.C. U.S.A.

TO THE MOON

H. Curtis — Std. 7A

*The firing button was pressed,
and we ascended,
the crowd roared,
as one man,
as we hurried,
through the air,
With increasing speed.
Finally we were out of the earth's strong pull
and,
we were alone,
in the stillness,
of space.
After two hours,
we finally saw our destination —
in the distance,
was,
the unexplored,
frightening,
most beautiful
moon.*

Mozambique Expedition

(Std. IX — *Biology Class*) — P. Scott — Std. 9

A THOUGHT EARLY IN THE YEAR became a reality when the International Truck and Trailer squealed slowly down the darkness of the College driveway. This was the termination of weeks of preparation mainly by Mr. and Mrs. Fearnhead, and to some extent the Standard Nine Biology class. There were passports to be obtained, inoculations to be had, equipment to be collected and made. The purpose of this winter expedition was to collect marine specimens and to study natural habitat.

It was a night of broken sleep, punctuated by the glare of passing cars, the aura of service stations, and the squeal of the loose trailer, which caused a delay and breakfast in Nelspruit. After a smooth passage over the border, and a humid afternoon, we reached our destination early in the evening. Chidenguele, some 150 miles north of Lourenco Marques, is a small village lining the main highway.

Our objective was a clearing below the lighthouse, but it was too much to hope for. Soft sand — wheels spin — stuck! The full moon shining over the smooth lagoon provided the light, the ravenous mosquitoes provided the goad, and we provided the willing labour. We spent the night at an alternative camp site under the stars on the beach. Determination, speed and a detour across the veld the following day brought us to the living quarters of the lighthouse keeper, some 200 feet below the lighthouse. Here we were informed that our destination was the best part of one mile through the most fly-populated, insect-ridden, thorn-infested, dense stretch of sub-tropical jungle on the Portuguese East Coast. And that whole trailer to be cleared and conveyed. Slipping and sliding, grunting and groaning, sticky and sweating we made our way.

The following days flowed with an alarming rapidity, and soon, we established a routine in the way of camp life. We began with the volunteering of Cook's helpers for each day. Before long we had gathered a horde of interested spectators, and from their ranks we selected one of the oldest, an intelligent looking piccanin with an unpronounceable name, to be nicknamed "Number One". Their services proved invaluable. On our first free morning we received our first lesson in skin-diving, and the use of the snorkel is in itself an art. Below the surface, one is in a different world, the world of the graceful and lazy movements of the variety of multicoloured fish, and the slow waving of the sea-weed and anemonies. The more proficient among us quickly adapted themselves to the netting of marine specimens, and the swish of the passing swells was often broken by cries of, "Look, sir!"

The afternoons were our free periods. We devoted these to the wary hunting of snakes, the bottling of spiders, surf-fishing, or merely lazing in the sun listening to the radio. Of course there were the special times such as the time a game of football was organised, until all concerned retired injured; or the picking of coconuts, when one of the more agile of us scaled the slippery surface of one of those curved palms lining the lagoons. Another popular occasion was the obtaining of fresh water! Two fifteen gallon containers were

THE FIGHT

Robert Tine — Std. 7A

*From his corner dancing,
 Jumping, prancing, leaping,
 diving, this way, that.
 "I'll kill him, I'll kill him."
 My right up slowly, parry my left.
 Tire him out.
 Parry, Parry, tire him out.
 I'm going to win.
 I've got to win.
 Try again.
 Then my world was red.
 The lights danced,
 the ring spun,
 8, 9, 10 . . .
 "A new winner and champion" he blared.*

dragged up the steep path to the lighthouse, and there filled with water. This action involved climbing the lighthouse to admire the scenery, borrowing the keeper's binoculars and spilling as much water as we could. The return journey was a race to see which group could drag their heavy container down the treacherous route lined with thorn bushes, and reach the camp first.

The evenings of our stay coincided with the rising of the full moon, and were spent on the rocks searching either for crayfish or for trapped specimens. This was followed by a mad torchlight chase along the water-line catching crabs. Other nights were spent round the campfire, identifying the fish caught that day, singing songs accompanied by guitar, playing poker, or just discussion and recollections.

This was one holiday we are not likely to forget in a hurry, and on behalf of those on the expedition sincere thanks to Mr. and Mrs. Fearnhead for the organisation and for the excellent menus that were provided.

DARKNESS AT SEVEN

Richard Guassardo — Std. 9

FOR THREE WEEKS NOW I had been on this case. I had probed, followed many a wild goose chase and had definitely got nowhere. My luck had changed in the last few days though. Through one of my contacts, I had learnt where Max Mundy was hiding and that he planned to escape today. That was why I listened to the weather forecast with such care. Darkness at seven today. I had heard all I wanted, but could I rely on it? The opportunity was too great to be missed.

Around 1 o'clock I telephoned my superior and described the set up. Although sceptical, he agreed. I was to take up my position on Long Beach, some one hundred yards wide and four miles long. My prey, as it were, Mundy, was hiding in a hut in the middle of the beach. In order to escape, he would have to cross the beach, steal a boat, traverse the lake and board a train to freedom on the other side. I would be between him and the boat — an effective obstacle, I hoped. If the forecast held, everything would be fine; if not, I would be exposed like a fly on the wall.

The minutes crept by as dusk ever so slowly approached. A cool wind sprang up and the fine, white sand stung and irritated my already strained eyes. The beach was deserted, and all I could hear was the monotonous lapping of small waves on the shore which added to the tension. I watched the swooping motion of a gull and wondered again, with apprehension, what the outcome would be; death for Mundy or me? There was a sudden, sharp noise behind me, and I swung round. Nobody. Perhaps something loose in one of the boats. Squirming down further into the sand, I looked for more adequate camouflage and shelter. The sea was a mass of dazzling gold glass stretching infinitely.

In the distance I heard a dog bark and tensed.

Suddenly he was there, walking quickly, kicking up eddies of sand and glancing furtively. I looked at my watch and the sky. Some sunset at seven! The sun wasn't even down yet. It was light; he was coming and I would get it. I could have shot him but the

significant little man behind the desk was adamant that I bring him back alive. Mundy was near now. I could see him clearly; eyes crossed with fear and determination; mouth set in a thin line. He would see me cowering in the sand in a few seconds — and he was armed.

Thinking that I would never hear another forecast, I stood up, gun in hand. Mundy jerked to a halt. I walked forward, sweat dripping down my back. He snarled something inaudible, whipped out his gun and fired. Something hit me in the stomach with terrific force; I fell backwards, my eyes were blurred and could not focus. Where was he? I twisted around and saw a vague shape near what I imagined was the boats, and emptied my gun at it.

My vision cleared, but pain enveloped me in a thick, swirling, red cloud. There was Max lying half in the boat. I looked up and saw the gull in the sky, free and full of vitality, and damned all forecasts. I fell forward, face in the sand, and spoke to God.

AWAKE IN THE DARK

Dillon Hare-Bowers — Std. 10

THE LIGHT GLARED FEEBLY at the paper on the board. Three sets of eyes followed a finger tracing a course down a river. The finger stopped. That was the target. It was to be destroyed at any cost. The three men stood silently around the table at the Australian command in the Burmese jungle. The flame of the lamp flickered, trying to reach ever upwards.

"Well sergeants, that's your target. Think you can make it?"

"Yes Sir."

The flame died. The night was long. Each kept to his own thoughts. The past, the present and the future. The night was hot, not like the cool breeze back home.

Those rolling plains dotted with cattle. That used to be a fine ranch. The days when we were kids and played by the river, swam in the pool, fished and played "hookey" from school. The scenes flashed

vividly past. The first day I met Sue. Oh, but what a girl. The day in the church. Sue with her black flowing hair contrasted against the brilliant white of her wedding dress. The children playing by the river on the ranch. Just like my childhood days. And then the war!!

"Oh go to sleep, get to sleep. For pity sake you need the rest. You won't sleep for the next couple of nights." A body rolls around restlessly. Side to side. Head tossing and turning. "Those days before the war." The memories flow back continuously. Years of past came tumbling on. Always coming. On and on.

"Stop, oh please stop!" The brain groans, buckling like a piece of steel. Trying to win a losing battle. The steel cable stretches, thinner, thinner.

The mind works on. The dread of today. Fighting men of flesh and blood; men like yourself. Wanting to live, but never knowing when your turn will come. Shooting men; for what? Destroying things, why? Can't men live in peace. Why must the laymen do the dirty work for the politicians sitting in their little white houses? Why doesn't politician face politician, armed to the teeth, fighting to the death in an arena; for the whole world to watch and laugh at?

The windmills of the mind continue to work. Turning, forever turning.

"Must get to sleep, got to sleep."

What of the future, will we still be living to be pensioned? In a few days we might be dead. Dead forever; what a thought. Sprawled somewhere in the jungle. Drilled with lead. What a stupid game. Must blow up a bridge. What for? To delay Japanese troops from reaching the front. A crazy game. A game for the mental. Whose mental? Me mental? No, never. Can't believe that.

The route; what route are we going to take? How are we going to blow up the bridge? If the Japs get us we've had it. Tortured? Couldn't take that. Must kill myself.

The sun creeps over the jungle. The camp comes to life.

"How did you sleep last night?"

"Like a top. Didn't have a thought on my mind." The face is the colour of ash. The windmills start to turn again. "How long can I keep this up?"

ON BLIND COURAGE

D. Bergman — Std. 10

*Who could forget that bloody battle
When men's blind passion and wrathful hate
Ruled supreme;
On redden mounts their pawing boots strive
With heaving chests and blazing eyes,
Strike — shoot — kill,
They vent their rage
Mid wailing mortars and deathly shrieks
Urging allies in deathly throes
Torn — ripped — bloody,
They turn the page
Of history, with sinuous ridged veins,
In clawing hands clutching burning reins,
They force their way mid sobbing rasps
Till on Lesunge they stand at last;
Victorious.*

WATER MUSIC

Andrew Morris — Std. 10

AN INCANDESCENT, ferocious, vivid silence rent the virgin sky — revealing the world still, stark and naked. Close on its heels, the thunderous tumult of the gods fighting above lolled and rolled around the hills. The wall of life-giving force tumbled down with a deafening hiss soon to gauge out paths and rivulets to flee from its creator in the terror of confusion.

They tinkled away — some seeped down — under. The surface would flash with colour next day.

The rivulets collected — sped on with a chirp — formed streams which giggled from the slopes like children playing hide and seek. The streams conglomerated — the giggles changed to raucous laughter — to a roar.

The rocks were wrecked, the boulders pushed on ahead like marsh-mallows by a kitten. There was a cliff — the torrent lashed on — it was vomited over — it hit the plain below with a bellow that shook the ground, which sent white rainbow froth high into the air, which reverberated its fearful overtones in the chasms of their stomachs.

The men in the field paused, leaning on their ploughs and hoes, smiling at the distant drumming. The blessed sound — the saviour of the patient; the crops would be plentiful.

As the froth bubbled away, the girls bathed their sleek, tanned bodies in the icy tinklets that shimmered in the plastering heat. There the river streaked past with a whoosh — as a silver rocket from a booming catapult — it was now a pressing silence. Here the plop of fish, after an instant of wild glee and rebelliousness — the flopping back under the sliding silence, came as the crash of huge cymbals in a solemn cathedral.

The boom was getting louder!

The river slipped, glided, joined without a protest of any sort. The sea — strengthened — beat out its grotesque frenzy on the cliffs with relentless and remorseless regularity — spinning towers of exploding soapy cream into the ever blue sky — a symphony many come far to hear.

1969

B. J. Havenga — Std. 10

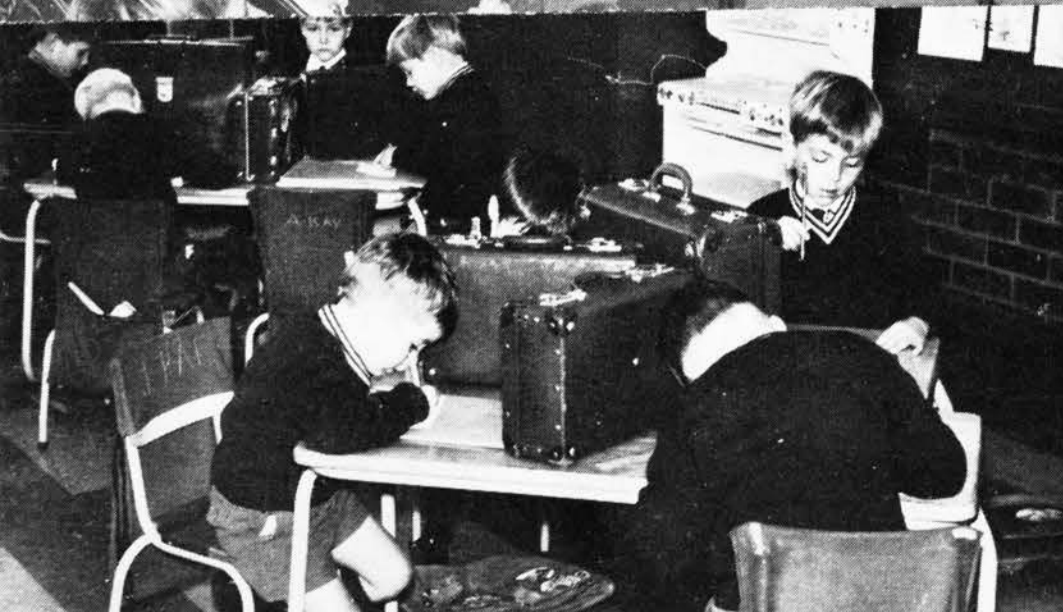

*What plaque is this
imbedded in the pock-marked grey?
A triumph? An inspiration?
Or meaningless epitaph?
What treads?
Joyous leaps or dying stagger?
I cry out for an answer!
Carved faces, or giant or failure
I know not, stare, but are dumb.
Then realisation . . .
No answer lies here
Not in laser or multi-coloured flag
nor in any other relic
but in the blue splendour rising
slowly from the void.
I think, I long for the truth.
Is this a dream fulfilled?
A destination?
Or is it the mark of a beginning end
. . . and revelation:
It is in progress a key
In complacency a shroud.*

Junior School

Junior School Monitors

BACK ROW: J. Kourie, A. Haggiyannis, K. Nicol, P. Vonk, T. Kaiser.
FRONT ROW: P. Kennedy, C. Richardson, Mrs. V. Kempster (Headmistress), J. P. Dhondt, M. Ross.

St. Joseph's Guild

ST. JOSEPH'S GUILD, which comprises the Std. 5 and 5a pupils, is a very active group of scholars. A spirit of willingness and eagerness exists among them. They aim at performing acts of charity among the less privileged.

Through their efforts, the Junior School has been able to contribute substantial sums to the Fund for Starving Children of Biafra and towards salaries for teachers in the Missions. "Operation Clothing" has resulted in the collection of a considerable quantity of goods for distribution in the Ofcolaco Mission in the Northern Transvaal.

May St. Joseph bless their efforts and inculcate in them a love for their fellow-beings of all races and creeds.

An Education for Others

STD. II BOYS are contributing towards a campaign to assist the St. John Berchman's School (Holy Family Sisters) at Orlando East. The importance of education to these children can hardly be over-estimated. Std. II have adopted three families, which means they are paying the school fees — R1 per family for three families every month.

Grade One Activities

LEFT HAND COLUMN (FROM TOP TO BOTTOM):

1. One group at a writing lesson.
2. Having fun with blocks.
3. Intently listening to a Noddy story read by Mrs. W. Schaafsma.
4. The June "Exams" in progress!

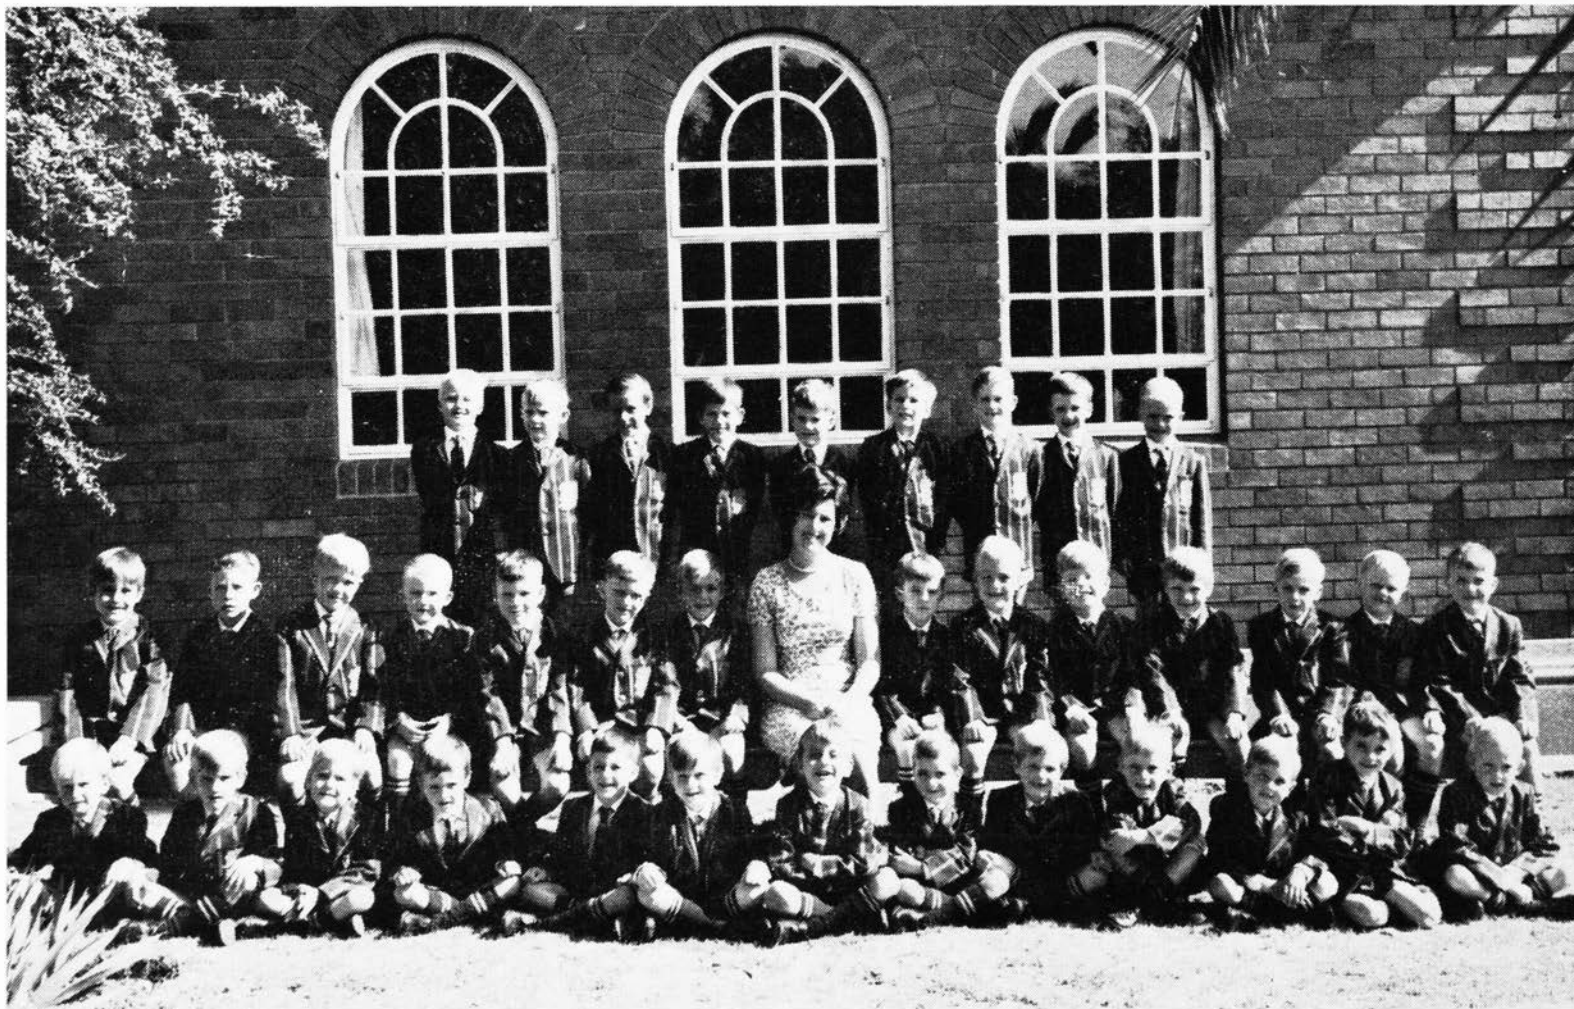

RIGHT HAND COLUMN (FROM TOP TO BOTTOM):

1. I.T.A. (Initial Teaching Alphabet). This is the second year we have used this method of teaching reading.
2. More fun with blocks.
3. Every Monday after lunch is an Art period. This is some of the work done by the Class.
4. "Sing-a-long" time.

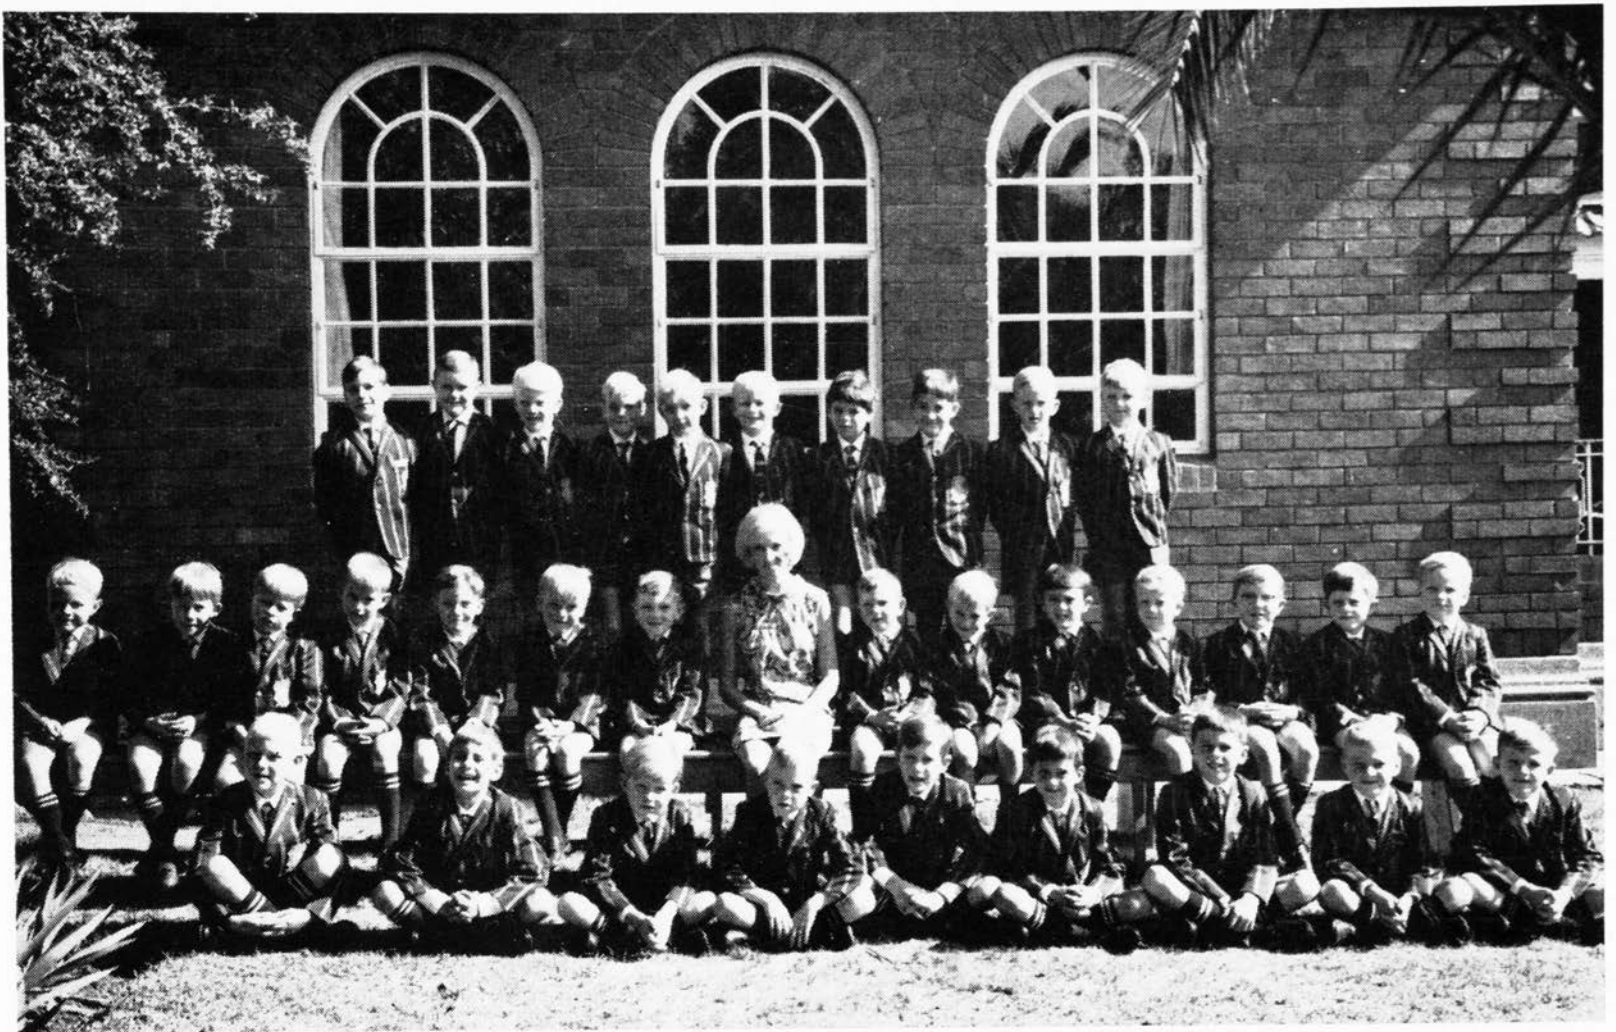

Guild of St. Joseph

BACK ROW: R. Adair, J. Brown, K. Nicol, J. Rowlinson, P. Ward, M. Jacob, P. Vonk, E. Billenkamp, W. Krupski.

Literary Contributions

THE CRAB

A. Seebregts — Std. 2

THE CRAB has sharp claws, there are eight claws. The two front claws are divided into two parts. It has two big eyes. It is nearly round with a hard shell to protect it. It crawls with the six legs.

It lives in a hole in the banks of rivers, they make one entrance and a few other tunnels going in all directions.

They play about on the bottom or else come up to the top, and cling to anything floating about the river. Sometimes crabs fight with each other.

THE SHREW

THE SHREW is a small sort of mouse which has a long nose, and great speed and its jaws always moving. Our teacher told us a story about him. A boy found a shrew and put it in a cage with a white rat while he got its cage.

Then suddenly a screeching of rage and the shrew was across the cage snapping and biting at the white rat and got it at the neck and killed it and ate the rat up.

And his friend who kept snakes and fed them on mice. One day he gave a reptile a shrew instead of a mouse.

WATCH YOUR STEP

Paul Bannister — Std. 3

*Don't cross the street
On a bike or feet
Unless you know
It's safe to go.*

BY

William Cray STD.5A.

OUR TRIP TO PLUTO

Paul Tangney — Std. 3

AS WE LANDED ON PLUTO, the hatch of our space craft slowly opened and we looked out. It looked different from earth with holes all over. We saw a hatch lifting up, then a blue man getting out. He had big ears, a television mast and read our minds.

We spoke a little while he called his children who didn't look like they were eggheads. Then we walked further and saw a notice:

DO NOT
DISTURB
THE RABBITS

Then we saw a big hairy thing that looked like a rabbit. After a little more exploring we returned to our space craft.

THE GNAT

R. Berman — Std. 3

*I am a dancer of the sky,
I love with crowds of friends to fly,
Rising,
Falling,
Humming,
Singing,
Over streamlets deftly winging,
Always with a merry crowd
Looking like a fairy cloud.
Up!
Down!
Now away,
All the happy lifelong day.*

DANGER IN THE BUNDU

P. M. Kennedy — Std. 5

THE NIGHT WAS COLD, and it was raining cats and dogs. That cold, wet Kenyan night I shall never forget.

My father and I were on a hunting expedition. We were sitting in our tent, next to a small forest. Suddenly there was a huge flash of lightning, which was succeeded by deafening thunder.

We then heard a cracking sound, which was from a falling tree. We peeped out from our tent, only to see a huge tree descending on us. We froze to the ground for a few seconds, then tore open the flaps of the tent as hastily as we could. Then we started running. We stumbled through the pitch-dark jungle, tripping over the roots of trees, and slipping through the slimy mud. We ran and ran until we came to a dimly-lit hut. Here, wet and tired, we were given food by a friendly African. Then we settled down for the night.

The next morning we went to collect our few belongings. Luckily, they were not too burnt, as the driving rain had extinguished the flames.

We finally returned after sleeping the night in the new tent we had had to buy, as the other one was completely destroyed. It was a terrifying experience; one I shall never forget.

P. Hartley — Std. 5

*There was a young lady whose name was Bright,
Who always travelled faster than light.
One morning she started in the usual way
And returned the previous night.*

Swimming

Swimming Periods

ALL THE CLASSES in the Primary School have regular swimming lessons given by Mr. Andre van Asselt. The aim of these lessons is that every boy learn how to swim. Those who are particularly good at swimming receive further training after school and swim for the school's Swimming Team.

Inter-House Galas

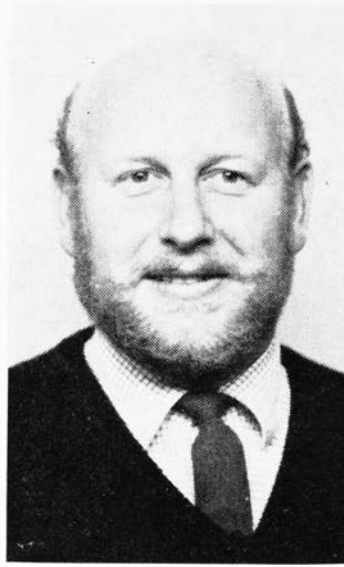

This year two primary Galas were held once more — the idea is to make it possible for every boy to compete, and for parents to watch the Gala in relative comfort. The attendance of parents would seem to fully justify the idea.

At the **Lower Primary**, the following awards were made:

- U/7 Age Group (D. Mandy Trophy) —
D. Winternitz (T)
- U/8 Age Group (Wilson Trophy) —
S. Kingsley-Jones (C)
- U/9 Age Group (J. Stodel Trophy) —
P. Moni (C)

The House positions were as follows:

- 1st: College with 67 points
- 2nd: Bishops with 61½ points
- 3rd: Benedict with 49 points
- 4th: Osmond with 45½ points

Mr. G. Kingsley-Jones who coaches the Primary Swimming Team.

Paul Napier-Jameson who swam for Transvaal Primary Schools.

At the **Upper Primary Gala**, awards were made to the following:

- U/10 Age Group (J. Stodel Trophy) —
P. Napier-Jameson, V. Connaway
- U/11 Age Group (Richardson Trophy) —
S. Cochrane
- U/12 Age Group (F. Gerard Trophy) —
J. Kourie
- Open Age Group (P. Moni Trophy) —
J. Goldberg
- Open Relay Team (Costa John Trophy) —
Benedict House
- Junior Inter-House (Hutton Trophy) —
College House

Junior Swimming Team

BACK ROW: V. Connaway, C. Bruchhausen, A. Marsay, S. Cochrane, T. Ryan, J. Dryden, T. Kaiser, P. Napier-Jameson, O. Cachia.
CENTRE ROW: L. Kourie, K. Hawkins, R. Senatore, R. Teifel, S. Kingsley-Johnes, R. Cachia, K. McGurk, C. Hinton, D. Rosenzweig,
F. Tilley, R. Zent, P. Riley.
FRONT ROW: J. Kourie, P. Moni, C. Zweigenthal, A. van den Handel, M. Rethman, M. Ross, Rev. Br. Patrick, P. Zille, E. Seed, J. Goldberg,
J. Barnes, B. Ross, S. Pilkington-Williams.

A new trophy presented this year by an anonymous donor is the **Br. Urban Trophy** for Junior Diving. The first award was made to W. Cray.

At the end of the Upper Primary Gala the House positions were as follows:

- 1st: College with 180½ points
- 2nd: Benedict with 168 points
- 3rd: Osmond with 164 points
- 4th: Bishop's with 131½ points

Primary Swimming Team

Under the enthusiastic and tireless coaching of Mr. Geoff Kingsley-Jones the Junior Swimming Team has made considerable progress. Entering the Primary School's Swimming League for the first time, we were placed in the "B" Section, where (in combination with St. Theresa's Convent, Rosebank) we have won all our Galas by a very comfortable margin. We have been victorious against the following schools: Brescia House, Northcliff; H. A. Jack, Bryanston; Bryneven;

Fairways; Roosevelt and Sandown. We hope to be in the "A" Section next year.

We were invited to participate in the Regional Gala held at Paterson Park on 18th March. Our combined team excelled themselves and much credit must go to the girls of Rosebank Convent who obtained a 1st place in almost every girl's event. The final results of this Gala were as follows:

| | |
|-------------------------------|-------------|
| St. David's and St. Theresa's | 182 points |
| K.E.P.S. and J.G.P.S. | 163 points |
| Fairways | 68 points |
| Houghton | 102½ points |
| H. A. Jack | 59 points |
| St. Vincent's | 44½ points |

In the Inter-Area Gala at Ellis Park the following boys acquitted themselves very well: S. Kingsley-Jones, J. Kourie and P. Napier-Jameson. The following boys also participated in this Gala: T. Kaiser, B. Ross and V. Connaway.

Once again, sincere thanks to Mr. Kingsley-Jones for all his hard work.

First Primary Cricket

BACK ROW: B. Tilley, L. Joelson, S. Bendall, R. McNaughton, J. Gibson, K. Nicol.
 CENTRE ROW: F. Allem, R. Adair (Captain), Mr. S. Smyth, J. Kourie, R. Macmillan.
 FRONT ROW: R. Eb, P. Riskowitz, V. Laliou, R. Martin.

Cricket

First Team Primary

THE TEAM FOR 1969 was ably captained by Robin Adair and had a good enjoyable term's cricket, in spite of the results which were a little disappointing, in that we won only three matches as compared with six lost.

Thanks are due to Brother Joseph and Brother Vincent for umpiring many of the games and to Peter Riskowitz for wielding the pen when he was not actually playing.

The batting figures reveal that the side's top-scoring bats are those of Fulton Allem (average 13), Joel Kourie and Stuart Bendall (average 14), Raymond McNaughton (average 15) and Robin Adair, who had an average score of 20, with scores of 60 and 63 to his credit.

When one looks at the bowling averages, Joel Kourie emerges with an average of 12 runs per wicket, Ronald Eb 10, Stuart Bendall 9 and Robin Adair again on top with the very impressive average of 7.

Other regular players in the side were Martin Nicol (who kept wicket) John Gibson, and Brian Tilley, Rissel MacMillan and Victor Laliou played most of the matches. The occasional players were Wunder, Joelson and Riskowitz.

Second Primary Cricket

BACK ROW: R. Berman, N. Harding, D. Curnow, J. Lebos, G. Shaw, R. Meikle.
 CENTRE ROW: P. Ralphs, A. McCartney, Mr. D. Keyter, D. Dunsford-White, E. von Oppell.
 FRONT: M. Berger (Scorer), C. Zent.

First Primary Results

| Name | No. of Innings | Not out | Highest Score | Total | Average |
|------------|----------------|---------|---------------|-------|---------|
| McNaughton | 12 | 2 | 86 not out | 273 | 27.3 |
| Bendall | 12 | 3 | 55 | 165 | 18.3 |
| Adair | 12 | 0 | 63 | 217 | 18.0 |
| Allem | 11 | 4 | 95 | 95 | 13.2 |
| Kouric | 12 | 3 | 42 not out | 126 | 11.4 |
| Eb | 13 | 0 | 26 | 113 | 8.6 |
| Gibson | 10 | 3 | 17 not out | 58 | 8.2 |
| Nicol | 8 | 1 | 8 not out | 13 | 1.7 |
| Martin | 7 | 1 | 4 | 7 | 1.1 |
| McMillan | 3 | 2 | 1 not out | 1 | 1 |
| Tilley | 4 | 1 | 1 not out | 1 | 0.3 |
| Lalieu | 4 | 1 | 1 | 1 | 0.3 |

| Name | Overs | Maidens | Runs | Wickets | Average |
|------------|-------|---------|------|---------|---------|
| Adair | 114 | 34 | 256 | 38 | 6.7 |
| Bendall | 108.3 | 30 | 235 | 26 | 9.03 |
| Eb | 71.3 | 20 | 145 | 16 | 9.06 |
| Kouric | 65.3 | 13 | 189 | 17 | 11.1 |
| McNaughton | 55 | 8 | 142 | 11 | 12.9 |
| Allem | 19 | 3 | 44 | 3 | 14.6 |
| Gibson | 11 | 4 | 21 | 1 | 21.0 |

Results of all the matches:

versus:

- St. Paul's — Draw
- Fairways — Won by 44 runs
- H. A. Jack — Lost by 3 wickets
- Orange Grove — Won by 6 wickets
- Fairmont — Lost by 29 runs
- Bramley — Draw
- Linmeyer — Won by 6 wickets
- St. Paul's — Lost by 10 runs
- H. A. Jack — Lost by 47 runs
- St. Henry's — Won by 6 wickets
- St. Henry's — Draw
- King David — Won by 6 wickets
- Bramley — Won by 7 wickets

Won — 6 Lost — 4 Drew — 3

FRONT ROW: V. Laliou, M. Livshitz.

Tennis

1969 HAS BEEN MOST FRUITFUL for Junior Tennis. We entered two tennis teams in the Primary School League and to date these have proved themselves worthy opponents even against such stiff opposition as King David's!

The May Championships went off splendidly with many surprises. One being the top seeds for the Under 10 doubles being knocked out first round! My thanks to Ronnie van't Hof who organised everything so beautifully on the final day.

A very special thanks to Mrs. Betty Ross who has given so much help in every possible way.

Lastly, many thanks to the Ladies Catering Committee.

Mrs. ANNE WATSON

"B" Tennis Team

BACK ROW: B. Ross, P. de St. Croix, Mrs. Watson, L. Joelson, J. Gibson.
FRONT ROW: R. Berman, F. Allem, N. Morgan.

Soccer

CENTRE ROW: *R. Eb, R. Adair.*

FRONT ROW: *J. Kourie, E. Nichas, P. Benson, N. Morgan, A. Haggiyannes, C. Richardson, E. Deeb.*

ON GROUND: *A. van den Handel.*

Under 10 and under 11 Soccer

The Brothers take this opportunity of thanking Mr. Frank Hurly for coaching the U/11 Soccer Team once again this year. His help is very much appreciated.

The Ladies of the Catering Committee also deserve sincere thanks for their services — often rendered at very short notice.

The Captain, M. Morgan and Vice-Captain, J. Kourie are to be congratulated on their leadership and fighting spirit during the season.

This is the second year that this team has been coached by Mr. Morgan and we congratulate him on the success they have enjoyed under his guidance.

Under 12 Soccer

This team had a very successful season, playing twelve matches, winning ten, drawing two. They scored an average of 8-10 goals per match and won their section.

In the quarter-finals of the sectional play-off they lost to King David Linksfield, who went on to win the cup.

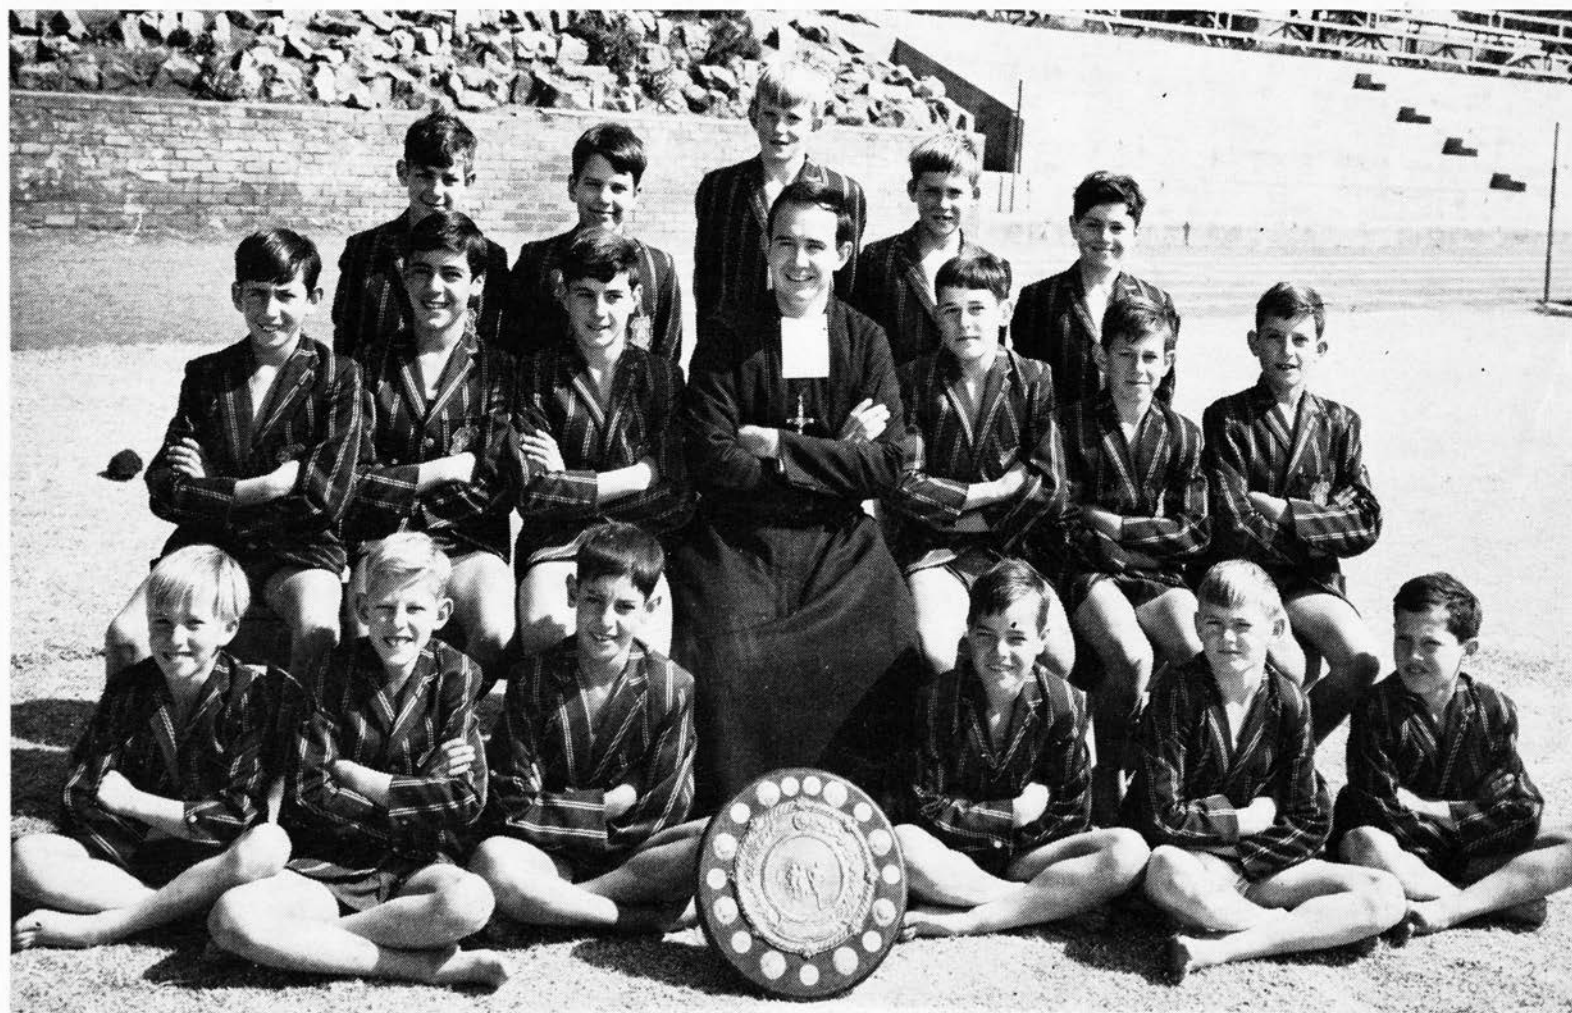

Internal Leagues:

Both the Moni League and the Werner League were held with great enthusiasm this year. This meant that about 300 of the Primary School boys were able to take part in a weekly game of soccer.

Athletics

| | | | |
|---|--------------------------|---------------------|---|
| U/6 | 50 metres | — 9.8" | (E. Maraschin, 1969) |

| Open | Age Group | (Br. Pius Cup) | S. Bendall |
| The final points position was as follows: | | | |
| 1st | College House | with 223 points | |
| 2nd | Benedict House | with 216 points | |
| 3rd | Osmond House | with 195½ points | |
| 4th | The Bishop's House | with 182½ points | |

THE JUNIOR ATHLETICS MEETING was held on Sunday 3rd August this year. It was the first time we have held it on a Sunday and it proved to be a good idea as there was a record attendance of parents and friends. As this is the third year that we have run metre distances records were established on the basis of the best times over three years. They are as follows:

Junior Athletics Team

BACK ROW: M. Livschitz, V. Connaway, R. McLay, W. Sagar, D. Cohn.
 CENTRE ROW: E. Deeb, P. Haggiyannis, V. O'Mahony, Rev. Br. Timothy, C. Richardson, R. Eb, P. Whitbread.
 FRONT ROW: E. von Oppel, R. Mason, E. Caroch, J. Hilyard, K. McGurk, M. Whitbread.

Parent-Teacher Association

THE 9TH ANNUAL GENERAL MEETING of the Association was held on the 17th of December at the College and in the election conducted by the members of the Committee, the following were elected:

- Mr. J. V. Andersen
- Mr. R. C. B. Denham
- Mr. M. Rae
- Mr. M. Ross

These members together with Mr. P. J. Banahan, Mr. J. Boyes-Varley, Mr. N. Simaan and Mrs. D. Sagar (all deemed re-elected in accordance with the constitution), Brother Anthony, Brother Denis, the Ladies Catering Committee chairman Mrs. J. Ryan and Mr. A. Smith (a member *ex officio* as Old Boys Representative), formed the Association's management for the current year.

At the first committee meeting Mr. M. Rae was elected Chairman of the Committee. Mr. N. Simaan was elected Vice-Chairman and Mr. R. Denham was elected to perform the dual role of Secretary and Treasurer. The under-mentioned members were appointed to control the various sub-committees constituted as follows:

- Building/Grounds:* Mr. P. J. Banahan
- Entertainment:* Mr. M. Ross
- Fund Raising:* Mr. N. Simaan
- Newsletter/Publicity:* Mrs. D. Sagar
- Roads/Expropriation:* Mr. J. V. Andersen
- Sport:* Mr. J. Boyes-Varley
- Ladies Committees:* Mrs. J. Ryan

During this year, two main projects have continued to receive the attention of your committee, namely, the development of playing fields and the construction of the new Science Wing.

We are pleased to report that work related to the establishment and preparation of the sports-fields is

nearing completion. Members of the Committee were recently engaged in the task of pegging-out the last playing-fields and levelling of the area is now in progress. Your committee has also financed the purchase of a heavy-duty lawnmower and other lesser items of equipment essential to the maintenance of the College grounds. The problem of watering remains to be solved, but the sinking of additional bore-holes cannot be contemplated at this stage on account of the cost likely to be incurred. Preliminary work associated with the proposed Science Building has not been accomplished without complication. Your Committee has assisted the College in its negotiations with the Peri-Urban Areas (now Sandton) Council and in this connection a special word of thanks is due to Adv. P. A. Paizes for his advice and guidance and to Messrs. V. Andersen and P. Banahan who have set aside so much time for this project. Happily, the feasibility of the Council's requirements as to the siting of the proposed building has been tested and found acceptable so that the College is now free to submit building plans for approval. The Architect, Prof. J. Fassler is presently engaged in the preparation of detailed drawings and the services of prominent Electrical and Structural Consultants have been retained. It is hoped therefore, that before the end of 1970 the Science Wing will be nearing completion.

This year witnessed the inauguration of our Sunday film evenings. Three of these performances have been held so far and we are indebted to Mr. M. Ross for organisation of these shows. Mr. Ross, we must mention, has donated an aerial photograph of the College to the Headmaster and it is intended to mount a more expansive version near the main entrance to the school suitably annotated to serve as guide to the various sections of the school complex.

Brother Anthony and Mr. Simaan have completed a further year of office as Trustees of the St. David's College Trust Fund and your Chairman has acted as Secretary. A cheese and wine party was held in March for the purpose of explaining the function of the Fund to new parents and once again, a number of parents kindly volunteered as canvassers of contributions. Monies solicited in this manner have been augmented during the year by the proceeds of a raffle and by the July Sweep Stake the organisation of which was

Parent-Teacher Association Committee

BACK ROW: Mr. R. Denham, Mr. M. Ross, Mr. P. J. Banahan, Mr. B. J. Boyes-Varley.

FRONT ROW: Mrs. D. Sagar, Mr. M. Rae (Chairman), Rev. Br. Anthony, Mr. N. Simaan (Vice-Chairman), Mrs. J. Ryan.

the responsibility of Mr. Simaan, ably assisted accounting-wise by Mrs. Buckley-Jones.

Our News Letter continues to be edited by Mrs. Sagar and this Committee is most appreciative of her efforts in collating and presenting material to the parents through this important medium. Mrs. Sagar also heads a small team of ladies in the handling of the sale of new books and out of profits the "Book Sale" Committee was able to donate a Hi-fi record player to the school library.

On assumption of office, this Committee set its mind towards seeking a solution to the problem of accommodating internal traffic and it was decided that, with the permission of the College, an attempt would be made to route the traffic-flow through the exit from the school leading to 1st Avenue. It thus became essential that the approach to this exit be suitably surfaced and having declined two tenders for this work which were considered inordinately high, a working party was duly organised from within the Committee to perform the task of laying two "concrete strips". Other measures introduced involved the barricading of the northern entrance to the main gate, the closure of the communicating lane adjacent to the primary school, the erection of wire-lines and of traffic signs and the establishment of a one-way traffic route from the northernmost entrance to the centre gate. After a trial period, however, it was decided to reopen the main gate entirely and to remove the wire separation lines so that now parents are under no compulsion to utilise the 1st Avenue exit; travel along the communicating lane between the schools is restricted to service vehicles only during school hours; traffic entering the school through the northern gate is obliged to follow the one-way course to the centre gate; and a 10 m.p.h. speed limit has been imposed. The problem of traffic control will continue to receive your committee's attention although it is generally considered that with the co-operation of parents, the measures adopted have improved the conditions.

In the realm of sport, your Committee has presented

a rugby scrumming-machine and goal post pads to the College, and with the assistance of co-opted parents has assisted the Brothers in the organisation of school sporting events, in coaching activities and of course, with the ever-popular "domestic" sporting occasions — this year's "Fathers' Cricket Day" was held on the 16th March, arrangements having again been initiated and controlled by Mr. Boyes-Varley. A number of parents volunteered their services to the Riding Club in March and immediately set about applying their efforts towards improving the administration and operation of the Club. The results of their endeavours are already apparent. The paddock area (fenced by means of a loan from this Committee) having been cleared of timber, is now being grassed whilst the stables now have a more presentable appearance. A riding uniform devised by the Club Committee has been approved and the services of a qualified riding instructor are now available to our boys. Mr. M. Sterkowitz was succeeded as convenor recently by Mr. B. Hewitt and to these parents and their fellow Committee members we must record our gratitude.

Our Ladies' Committee, assisted by Mr. Ross, has been instrumental in procuring a dish-washing machine, crockery, and a food-waste disposer on behalf of the school and this gesture is indeed praiseworthy. The various Sub-Committees of "Book Sales", "Cadets", "Catering", "Library", "Swop" and "Tuck" under the Chairmanship of Mesdames D. Sagar, M. Moni, J. Ryan, L. van Deventer, D. Walker and G. Duncan have maintained a high standard of proficiency in the performance of their functions and the P.T.A. Committee desires to express its appreciation of the voluntary services thus rendered on behalf of the College.

In conclusion, this Committee wishes to extend its sincere thanks to so many parents who by their active interest, enthusiasm and encouragement have contributed materially to the work of this Committee in an increasing sphere of involvement. M. RAE,

Chairman

Ladies' Committee

LEFT INSET: Mrs. L. van Deventer (Library).

RIGHT INSET: Mrs. M. Moni (Cadets).

FROM LEFT TO RIGHT: Mrs. G. Duncan (Tuck), Mrs. J. Ryan (Catering), Mrs. M. Walker (Swop).

Ladies' Catering Committee

AT THE MEETING OF ALL MOTHERS held at the beginning of the year we had a wonderful response to our call for help and the result has been a most successful year with a committee of fifteen enthusiastic and efficient mothers.

I am most grateful to these ladies for their friendly co-operation and support throughout the year. Besides the regular sports meetings and the annual events they have attended to the catering at the Cheese and Wine party for new parents, the concert produced by Br. Denis and at the "Walkathon".

Just before going to press a dishwashing machine and food disposal unit have been installed in the school kitchen and crockery with the school's name and crest is also being imported. This has been purchased by the Ladies' Committee with a surplus accumulated from the Catering Levy since its inception three years ago and for this we have to thank the parents who made this possible.

Mrs. Maureen Rae is Vice-Chair and will be taking over next year. Mothers who would like to help should volunteer at the meeting of all mothers which is held early in the first term each year.

Mrs. J. RYAN,
Chairlady.

Ladies' Catering Committee

BACK ROW: Mesdames Moni, Ashby, Curnow, O'Brien, McGurk, Ralphs, Simmons.
FRONT ROW: Mesdames Meier, Ross, Cray, Ryan, Rae, Hamilton, Rey.

Swop Shop

IT CAN, I THINK, be safely said that the Swop Shop is of considerable benefit to the parents and the school. In case there are some parents who are not aware of how we function, here is a brief explanation. We accept any item of school uniform, provided it is in good condition. The owner/seller receives 90 per cent of the amount for which the item is sold, and the remainder goes to school funds. In order that the Shop can operate satisfactorily, it is essential that adequate stocks are available at all times, so parents are requested to send in all school clothing which

their sons no longer need. The Swop Shop also sells second hand school books which are available at the beginning of each school year.

I would like to express my grateful thanks to a very keen and hard-working Committee: Mesdames Scanes, Lee, Rostin, Waterkeyn, Siddall, Curnow, Convery, Kelly and Riley. Thanks also to Mesdames Finch and Ralphs, neither of whom unfortunately could finish their year. A warm welcome to Mrs. Jean Banahan who has very kindly helped us out—Jean is a past Chairlady, so a very great asset to our Committee.

Mrs. Helen Scanes will be in the Chair for 1970. I wish her and the Committee a very happy and successful year.

Mrs. M. WALKER

Tuck Shop

NOTWITHSTANDING increased turnover through the introduction of new lines in our Tuck Shop, sales tax made its inevitable inroad into our profits and I envisage a slight fall in profits for the present school year. The introduction of new lines, however, resulted in additional work for my gallant band of ladies who have given so freely and generously of their time. To those thirty ladies I say a very warm and sincere thank you. So much can be done by so many, but it is always left to the willing few. I would like to add a very special word of thanks to those who gave of their time over weekends and during evening functions.

In conclusion I would like to wish my successor, Jill Denham, a very happy year in office and I hope that Marist mothers will give a thought to the service which the Tuck Shop provides for their boys and rally round Jill thus ensuring for her a trouble-free year as far as helpers are concerned.

GRETA DUNCAN

Cadets Committee

THIS YEAR a new Committee was established to cater for the needs of the Cadet Band and Cadets. These ladies are in the Armoury every Monday after school and every Friday during big break. They assist the Boarders with mending (of uniforms) that could not otherwise be done and exchange clothing that is either too worn or too small. They worked specially hard before the Band Competition and Cadet Inspection to ensure that the turnout was faultless.

Mrs. M. MONI,
Chairlady

Trust Fund

TO DATE THE TRUST FUND stands at R20,000. All those who have been generous in supporting the Trust Fund have the deep appreciation of the Marist Brothers. These monies will be used to further the progress of St. David's College, so all those who have contributed and are still continuing will have a special interest and stake in the future of the school.

St. David's Marist Old Boys Association

OUR OLD BOYS ASSOCIATION was primarily constituted in order to promote the fraternity of the old boys of the college. This it attempts to carry out by, among other things, to organise social, sporting and cultural activities for the old boys.

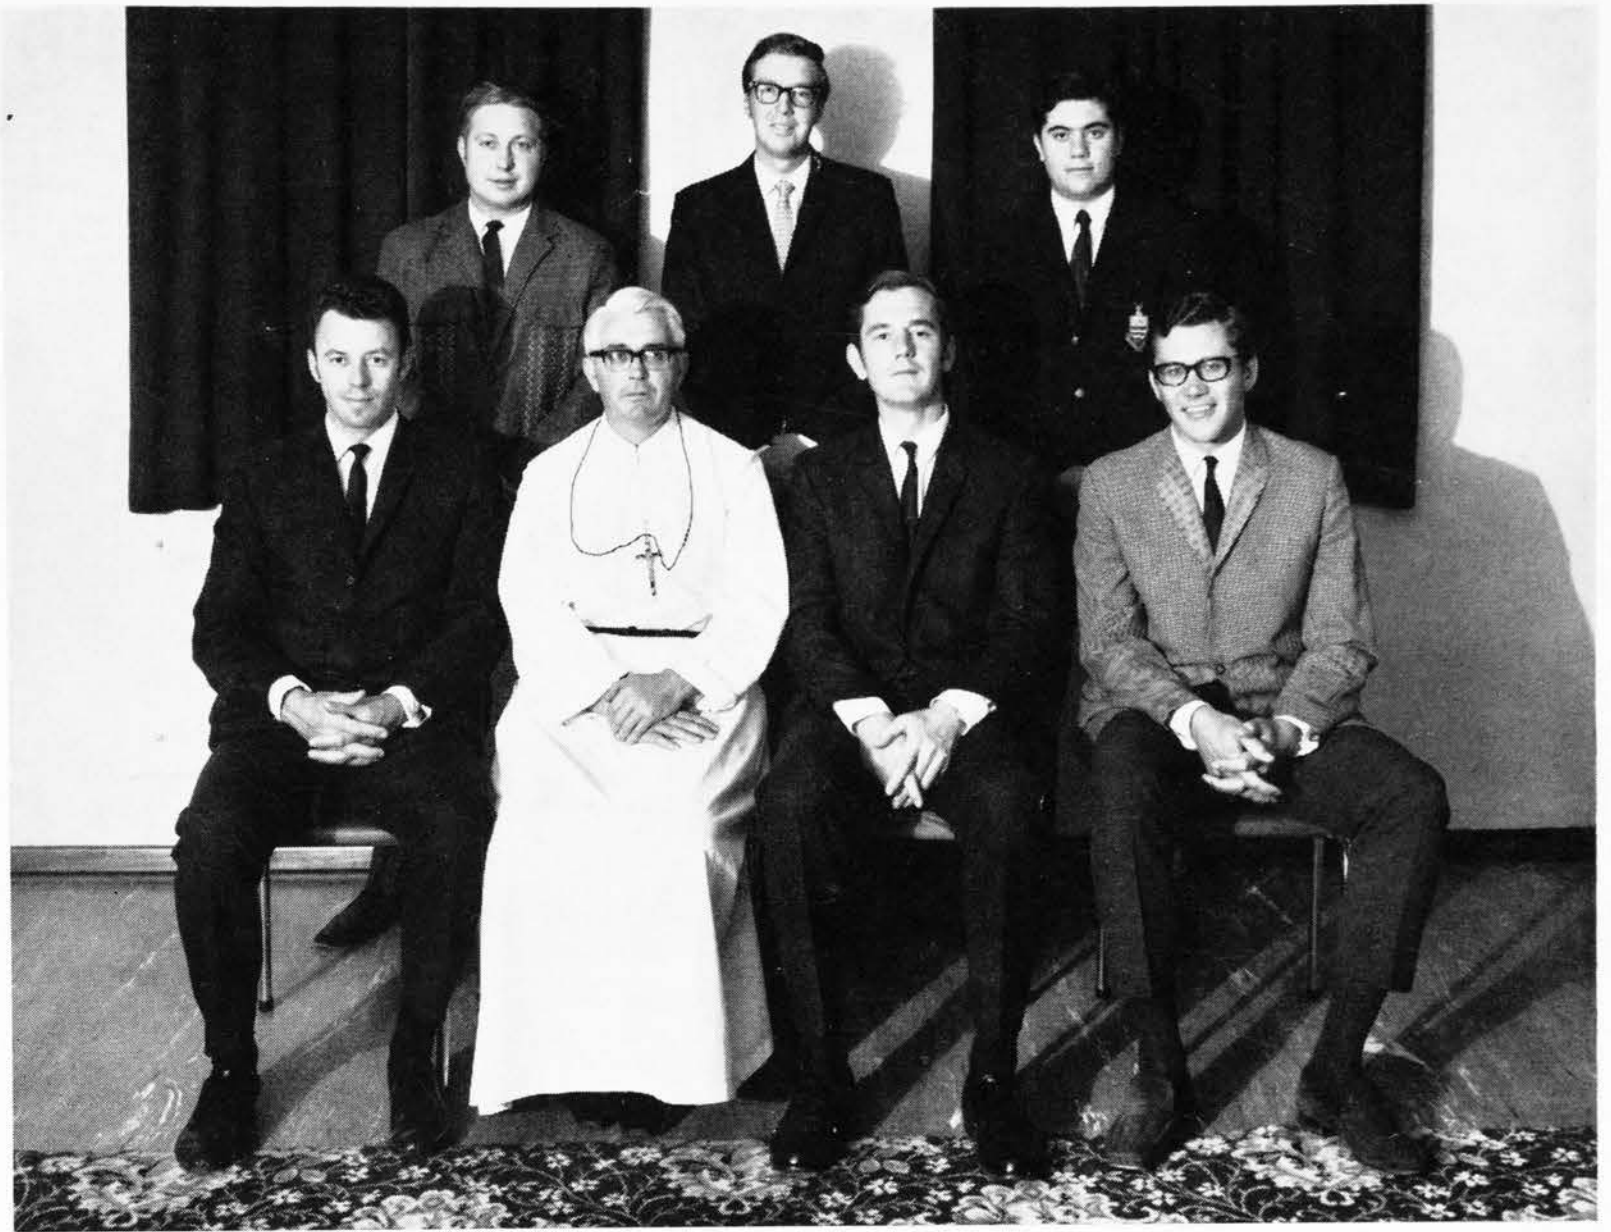

The highlight of the social calendar is the annual dinner dance, which this year was held on 6th June at the Capri Hotel. About 200 old boys and friends attended, and the evening was a great success.

During May, the old boys played tennis and hockey against the College, the hockey match ending in an exciting draw, and the old boys just managing to beat the College at tennis. It was a most enjoyable afternoon and was followed by a braaivleis in the evening.

The post-1963 old boys took on a very fit College First XV during June, and ran out winners in a most entertaining game of rugby.

The Marist Speakers, which was established last year, has grown tremendously and has become very popular amongst the old boys. Assisted by such experienced speakers as Pat and Kevin Commins of the Wanderers Toastmasters, the Marist Speakers Group is producing fluent and capable speakers, as well as providing a lot of fun for the participants.

In the coming year, we propose organising more functions which will involve the Matrics of the College. In this way, the matrics can meet more of the old boys and not feel "isolated" when leaving school. Obviously, the Association cannot function effectively without the support of the old boys, and therefore we make a special appeal to all those finishing school this year to join the association without delay. Further particulars about the Old Boys Association may be obtained by dropping a line to P.O. Box 7116, Johannesburg, or phoning Jack Kamps at 704-4602.

Welcome

At the time of going to print, we welcome to the Province Rev. Br. Miguel Preciado, F.M.S., from the Western Province of Mexico. Brother is highly qualified in Mathematics: he has taught in several of the Marist Colleges in Mexico and has lectured in Mathematics at the Central University in Mexico in Mexico City, prior to his departure for South Africa. He is co-author of the Mathematics text books used in the first three years of High School in Mexico. On his arrival in this Province he was appointed to St. David's College where he is at present studying English.

We take this opportunity of thanking Brother for volunteering to work in this Province and we hope that he will enjoy many happy years with us. At the same time we express our gratitude to his Province for making the sacrifice of such a highly qualified and talented man!
