St. David's
College Review

The Magazine of the Marist Brothers College, Inanda, Johannesburg

1965

His Eminence Cardinal Owen McCann

With: Bro. Justinian, A. G.; Mgr. J. P. Galvin, V.G.; Fr. J. J. McMorrow, P.P., Woodstock; Mgr. C. J. Lynch,
P.P., Rondebosch; Mr. Walsh, Gentleman - in - waiting.

Dedication

*We respectfully dedicate this issue to
the fond memory of the late Reverend Brother*

EDWIN LEO McGURK

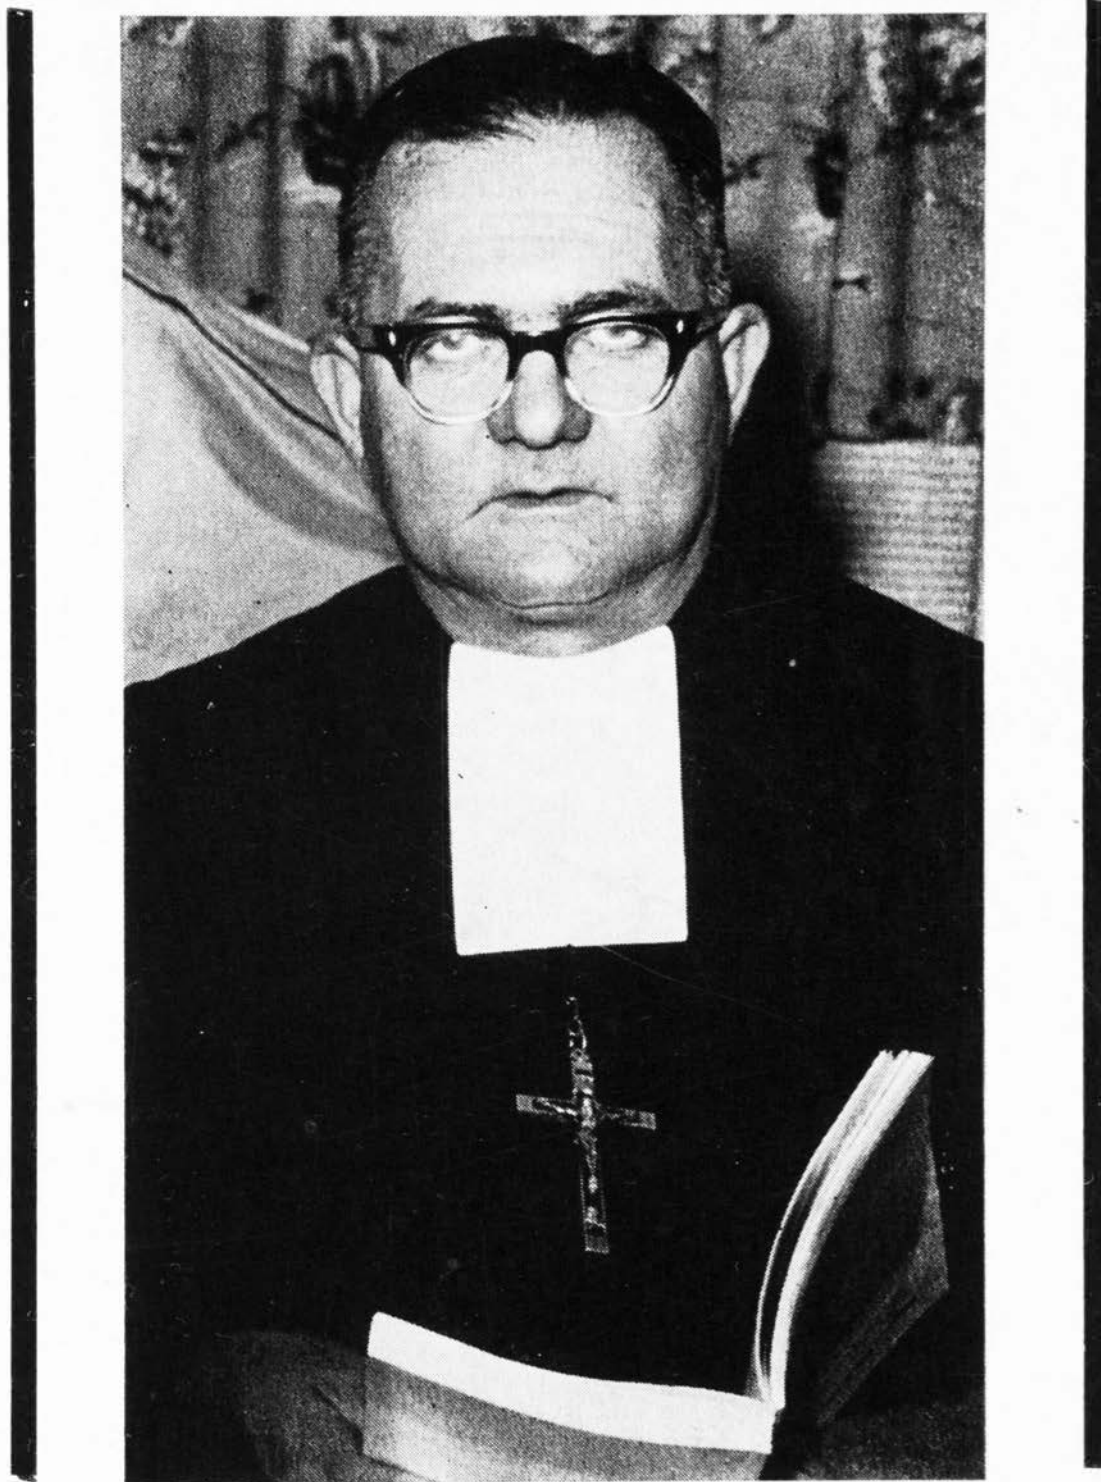

*Principal of St. David's from 1950 to 1956
and Provincial Superior of the Marist Brothers
in South Africa from 1957 to 1964, the first
South African-born Brother to hold this high
honour.*

Requiescat in Pace

Bro. Edwin Leo McGurk

THE sudden passing of Bro. Edwin has left a void in the lives of all who knew him. He was taken in the prime of life when he had already done so much in God's service and had apparently so much more to give. Yet God saw it fit to call him to Himself in a manner which we can only look on as a reward for his years of suffering so heroically borne.

Born in Germiston on 15th of February, 1911, he felt the urge to serve God at an early age and in 1925 he left for the Juniorate in Grugliasco, Italy. He entered the Noviciate in Santa Maria, Italy, in February, 1927, and on the 15th of August of that year he received the holy habit. A year later on the same date he made his first vows in religion.

During the next 37 years he was never known to be idle whether as Teacher, Bursar, Director or Provincial. We were proud when in 1956, Bro. Edwin, after seven years as Principal of St. David's, was appointed Provincial of the Marist Province of South Africa, the first South African Brother to hold this position. During his years as Provincial the Marist Brothers progressed and St. David's progressed and we fondly called him "Edwin of Inanda".

He retired from Provincialship in November 1964 and was appointed Director of the Scholasticate in Stellenbosch. Then on 17th June at the age of 54 he left us for a better world. That morning he had been to Holy Mass and Communion and had made his last confession. Later in the morning he went to bed as he was not feeling well. Shortly afterwards he just faded away without any struggle or pain. It was the feast of Corpus Christi.

A parent.

LEAVING SCHOOL?

We have a lot
to offer you
at the
Standard Bank

**Come in and let's talk
about your career**

If you wish to make a career with a sound future, come and talk to a senior official at the Standard Bank. You will learn that the Standard Bank has many career advantages to offer you.

After comprehensive training at Standard Bank Branches and Training Colleges, you will be able to specialise in one or more of the many fascinating aspects of modern banking.

The Standard Bank Offers You

- A good salary • Good opportunities for promotion • Interesting work • Generous holidays • Excellent working hours and conditions • Lifelong security • Medical benefits • A pension on retirement •

If you would like to learn more about a career in the Bank your nearest Standard Bank manager will be pleased to make an appointment with you.

Reverend Brother Ephrem

Provincial Superior of the Marist Brothers in South Africa

SENIOR SODALITY

JUNIOR SODALITY

The Late Rev. Bro. Raymond

On the 14th July, this year, Brother Raymond died in Pietermaritzburg after a most fruitful sixty three years of life. Brother Raymond came to South Africa in 1920 and taught at Uitenhage, Cape Town and Port Elizabeth. This was followed by 13 years as Principal of Observatory. He was Provincial from 1951 to 1956 when he retired because of ill health. However, he continued to serve God for nine more active years in our training centres at Hibberdene and Pietermaritzburg. To the very end Brother Raymond remained an exemplary religious and a thoroughly conscientious educator.

R. I. P.

Envoys of Mary Immaculate

Operation Charity — catchwords known to every pupil at St. David's from Standard 1 to Matric.

The story of Operation Charity goes back to October, 1964, when the Junior Sodality visited the new Church at Moroka Township. In a way it was merely a visit of interest to the church with the largest accommodation in South Africa. Nevertheless we did bring a few parcels of clothing for the work of Fr. Colman, the parish priest. It was largely due to his enthusiasm and zeal that the construction of the new Church had been made possible, and, in fact, when the school-bus arrived, he was hard at work putting in windows for the yet unfinished building.

It was interesting to see the foundation stone that had been laid by Cardinal Montini (now His Holiness, Pope Paul VI) in 1962. The keener Latin students among the group were able to detect the well-known error on the stone. Fr. Colman was also able to show us the chalice that had been presented by the Holy Father, and the magnificent crucifix donated by Lady Oppenheimer.

And then came the unexpected . . . in the form of a nun. Sister Saint John of the Mercy Sisters persuaded us to visit the adjacent mission school, St. Matthew's. It turned out to be a real eye-opener for most of us to see how a school of several hundred could run with woefully inadequate accommodation and funds. So crowded is the place, that the primary classes have to be run in two shifts, morning and afternoon, for different pupils. We came back admiring the zeal and perseverance of the teachers.

This year it was decided to help them in a generous way. The collection of food, clothing, books and toys lasted for two weeks. It was ably organised by the committee members, P. Young, R. Leahy, B. Stevenson, J. le Vieux and P. O'Byrne. What began as a trickle of donations soon developed into a steady stream.

At the time of writing the 33 members are looking forward to visiting the Regina Mundi Church and the Mission School. With them they will be able to bring over fifty boxes and

parcels of gifts from the school. We thank those who contributed so generously to Operation Charity. They have made our weekly meetings and organisation bear some little visible fruit. May they be rewarded by the invisible gifts of our Creator and by the blessing of His Divine Mother, our Patroness.

—oOo—

Sodality

Our heavenly merits do not rest on our accomplishments but rather on our conduct as a human being. We Sodalists look to Our Lady and try to emulate her life on earth. Thus, we are able to fulfil our primary aim, to inspire a greater devotion to Mary.

In May this year, thirty aspirants were accepted into the society bringing the total to 67. Although it is one of the largest the school has had, the organisation and spirit of co-operation has equalled other years.

Activities arranged by the Sodality have included an Open-air Mass, which was followed by a candle-lit procession through the school grounds to a beautifully decorated May altar. There the new aspirants pledged themselves to Mary and were consecrated.

The talent contest, Sodality's fund-raising function, went off well thanks to Bro. Vincent. Our thanks to Rosebank Convent for allowing us the use of their hall.

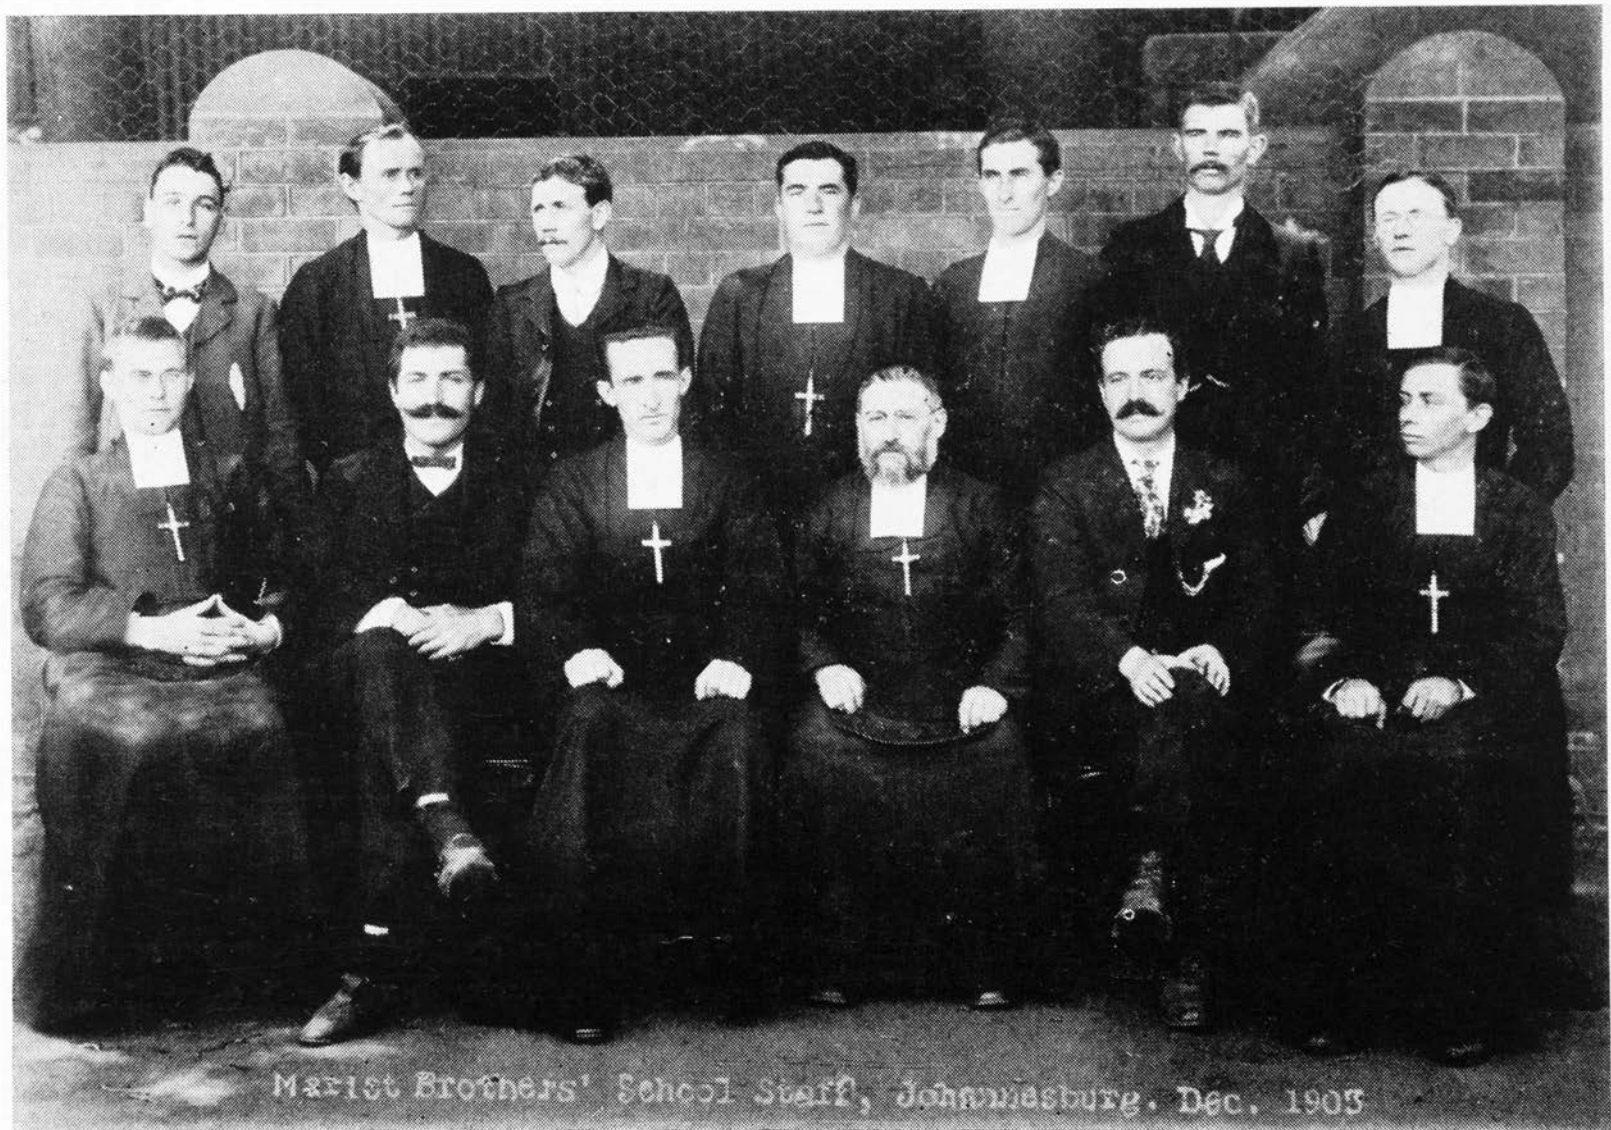

A social with the Legion of Mary girls at Rosebank Convent was arranged for the third term.

The Sodality expresses its sincere thanks to Father Mulligan, the college chaplain, for his assistance during the year.

A. WICKINS.

Bro. Adelarius and Boarders on an outing at the turn of the century.

Mariet Brothers' School Staff, Johannesburg, Dec. 1903

Koch Street Staff, December 1903

KOCH STREET

STORY OF PROGRESS

SEVENTY-SIX years ago on the 24th of September, the first three Marist Brothers arrived by coach in Johannesburg — then a mining town of a mere three years' existence. On the first day of school there were only 14 pupils but this number soon increased and by 1896, less than 10 years later the roll had reached the almost incredible total of 800. With the arrival of more pupils came the erection of buildings to cater for them. At one stage a marquee had to be erected in the school grounds for the overflow.

In 1895 the first Cadet Corps in the Transvaal, then the South African Republic, was formed at the school. The corps was inspected and praised by President Kruger at the Agricultural Show held in Johannesburg in 1895.

The School was justly famed for its gymnastics, and the annual display at either the College or Wanderers Gymnasium was a much appreciated event in the life of Johannesburg people of the 1890's. The Koch Street boys were a prominent feature in the annual Johannesburg Carnival Procession and the processions celebrating Queen Victoria's Jubilee and King Edward's Coronation.

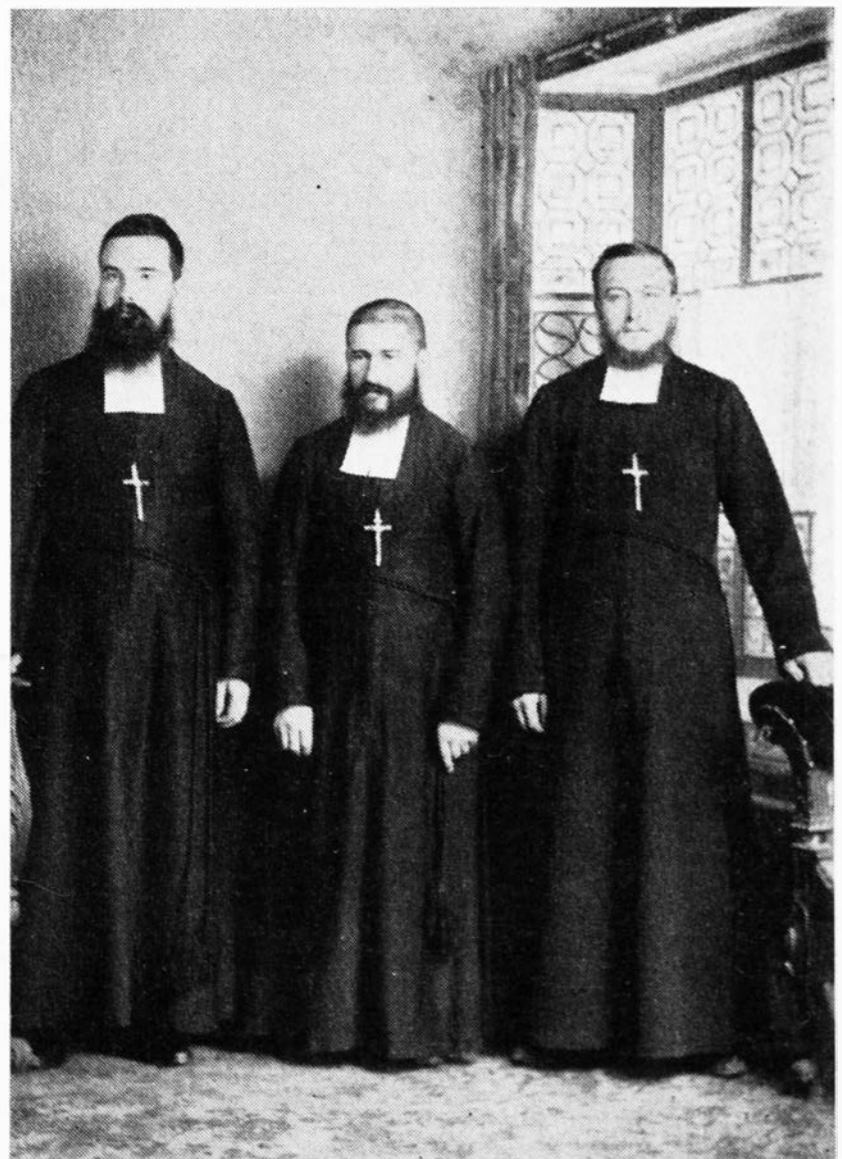

The School had its moments of trouble too, but, in these, too, it always came out on top. At the outbreak of hostilities in 1899 the roll dropped from 800 to 150 pupils. But the school went on and even doubled its activity. During the day the Brothers continued to teach and after school they attended the wounded of both sides in the classrooms vacated by the boys who had left Johannesburg.

In 1894 there appeared the first Matric class in the Transvaal at Koch Street. It consisted of three boys and since there was no Matric centre in the Transvaal, all three of them sat for it at Bloemfontein — all three passed. During the war when travel was dangerous, strings were pulled and Johannesburg was recognised as a Matric centre. The examination papers were brought to Johannesburg under armed escort.

Never did Koch Street cease to prosper. When buildings encroached and its pupils could no longer play in the open veld around the

school, moves were made to obtain a new and bigger property at Observatory and in 1926 the Senior School moved to Observatory. By 1939 Koch Street and Observatory could not take in the large number of applicants and this led to the foundation of St. David's in 1940 just beyond Rosebank.

Now, after thriving for 76 years the old "Mother School" at Koch Street is fast approaching its final hour. But even in its death throes it continues to progress for when Koch Street closes down at the end of this year, figuratively, out of its ashes will arise a new modern school at Linmeyer, which with the other two daughter schools at Observatory and Inanda, will continue the old traditions of Koch Street.

Bros. Dominic, Frederick and Euphrase

HEAD BOY'S MESSAGE

A STILLNESS hovered over the swimming bath. The Gala was just completed and the prizes had been handed out. Brother Anthony then announced the prefects for 1965. This will always be one of the most memorable occasions of my life.

I received the honour of being Head Boy of a great and highly-admired school. I am very proud that my name now is closely associated with St. David's Marist College, Inanda.

On many occasions I was called upon to represent the school at various functions and school dances, which I thoroughly enjoyed. These are some of the more pleasant privileges. My matric year was made considerably easier owing to the co-operation of the Vice-Head, A. Wickins, and the other prefects. Problems which presented themselves were easily overcome.

The major responsibility was to set examples and keep a close check on the behaviour of the pupils, making sure they obeyed the school regulations in dress or otherwise.

I would say that the last year of school for any boy is his best, being admired by the junior boys and also being a school leader. Make the best of Matric!

"Loyalty to the school" is of utmost importance in the duties of a prefect and I think a good motto is "Practice what you preach".

And now may I introduce my fellow students.

MATRIC DANCE

GHOSTS and goblins, skeletons and pumpkins, candlelight and maidens . . . all this add up to the spookiest Matric dance St. David's has ever had.

One half of the boarders dining room was transformed into a mysterious looking grotto where we escorted our dates to a sumptuous dinner prepared by our mothers and served by our fellow students dressed in realistic skeleton costumes.

But all the while we ate, witches and owls, bats and worms beckoned us on to the dance

floor, where hidden musicians strummed hypnotic strains.

Strange as it may seem, even the twist took on strange undertones. We began to suspect we were all turning into junior Draculas and Vampires.

Alas, too soon for us the full moon had appeared in the heavens and the hour of things bewitched was drawing nigh and we silently withdrew to the safety of our homes.

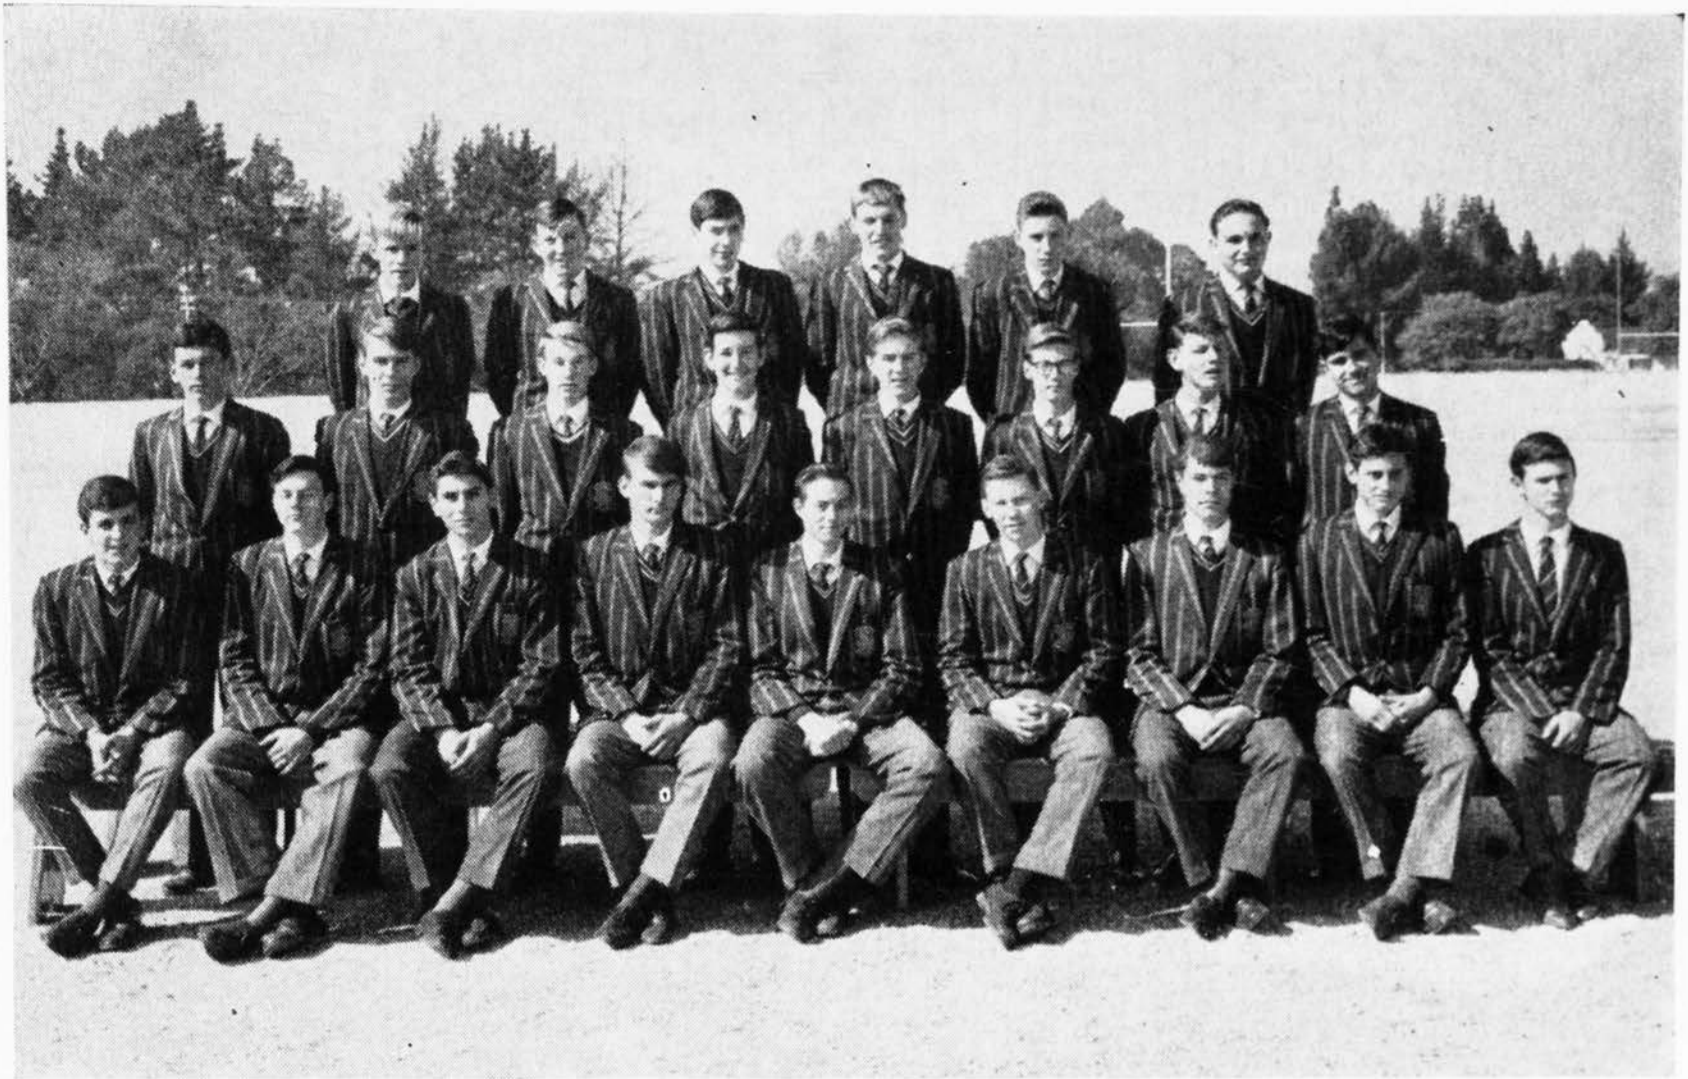

PREFECTS, 1965

DEBATING SOCIETY

One of the most entertaining evenings of the year was during the second term. Bro. Vincent, in charge of our society, organised a parachute debate. Many interesting characters such as Dr. Verwoerd, President De Gaulle, Adolf Hitler, Mrs. Tshombe and a native delivery boy were on view.

As yet two Kolbe debates and two friendlies have been contested with two more, against Parktown Convent and Belgravia in the offing, as well as a junior debate against Rosebank. A victory in the next Kolbe debate, places St. David's in the semi-finals.

St. Rose's Convent of La Rochelle came to Inanda for a Kolbe debate. St. David's speakers who succeeded in winning the night were Lyons, Ray and Noble.

A second Kolbe took place when we entertained Malvern Convent who opposed the motion "Racial peace is more important than Social justice". There is still much doubt in scores of minds as to how the adjudicator managed to award the debate to Malvern by half a point. Ray, Rosenberg and Lindegger were the speakers.

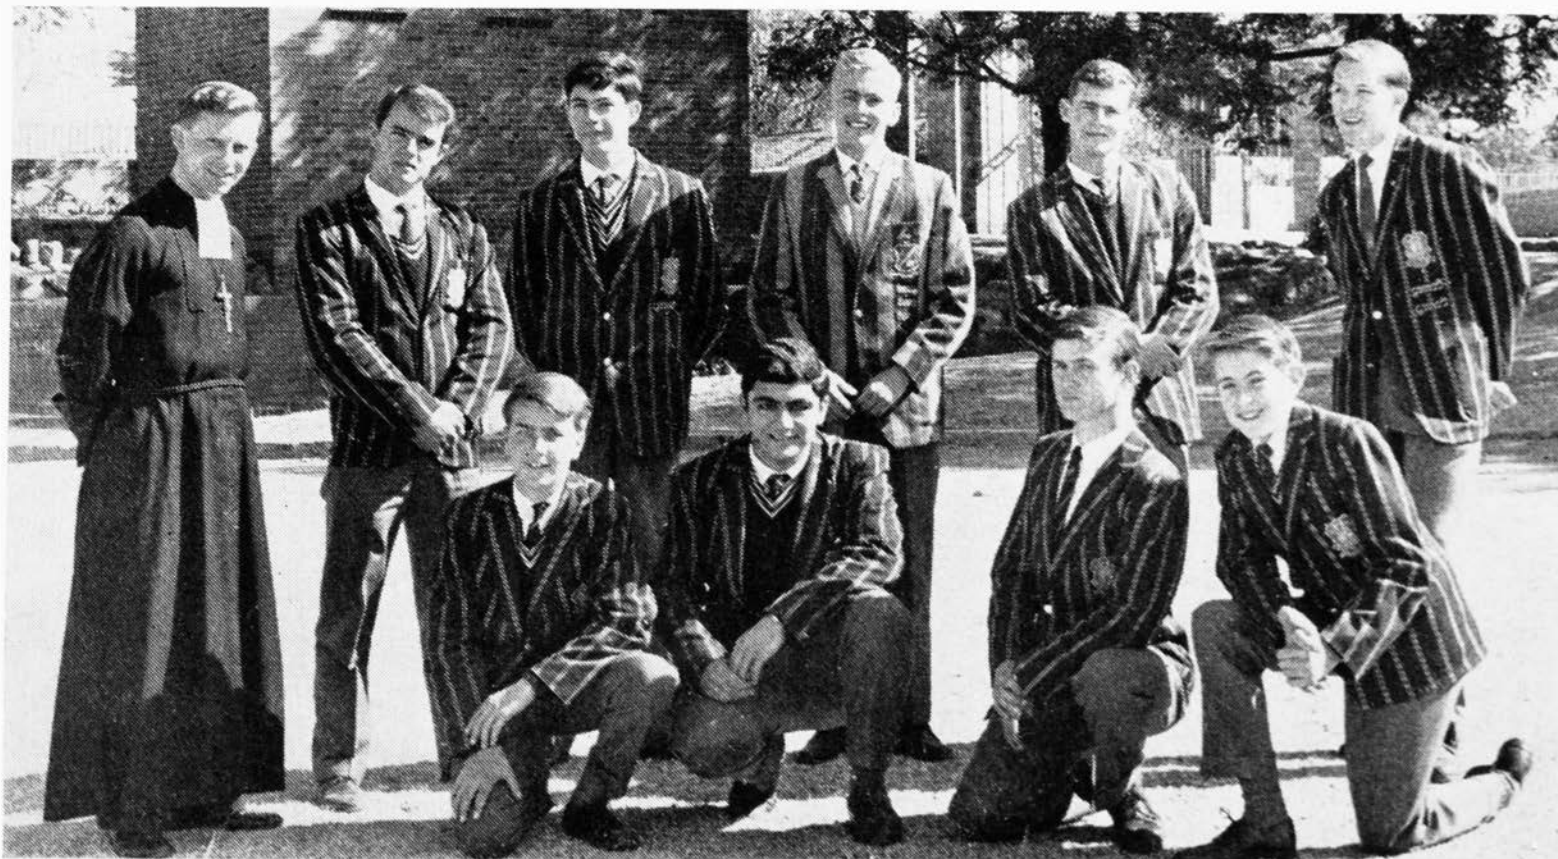

At Observatory, our sister school favoured the government, on the topic "The principle of apartheid is justifiable" and were successful against Ray, Noble and Rosenberg.

So let us hope that our school boys will continue to realise the worth of debating and provide St. David's with more budding orators next year.

... In concluding, may I say that all these facts show resoundingly that the saying: 'The pen is mightier than the sword' is nonsense, and has no reality in fact." These words brought to a close yet another successful St. David's debate. The result was a draw against Rosebank Convent, which seemed a fair result on the topic "The pen is mightier than the sword". Speakers for St. David's, the opposition, were Rosenberg, Ray and Richardson.

The debating year began on March 5th in the college hall with the Best Speaker competition. The event was deservedly won by Patrick Noble, who thus earned his debating scroll. The junior best speaker competition was won by Graham Lindigger.

GAVIN MAYER.

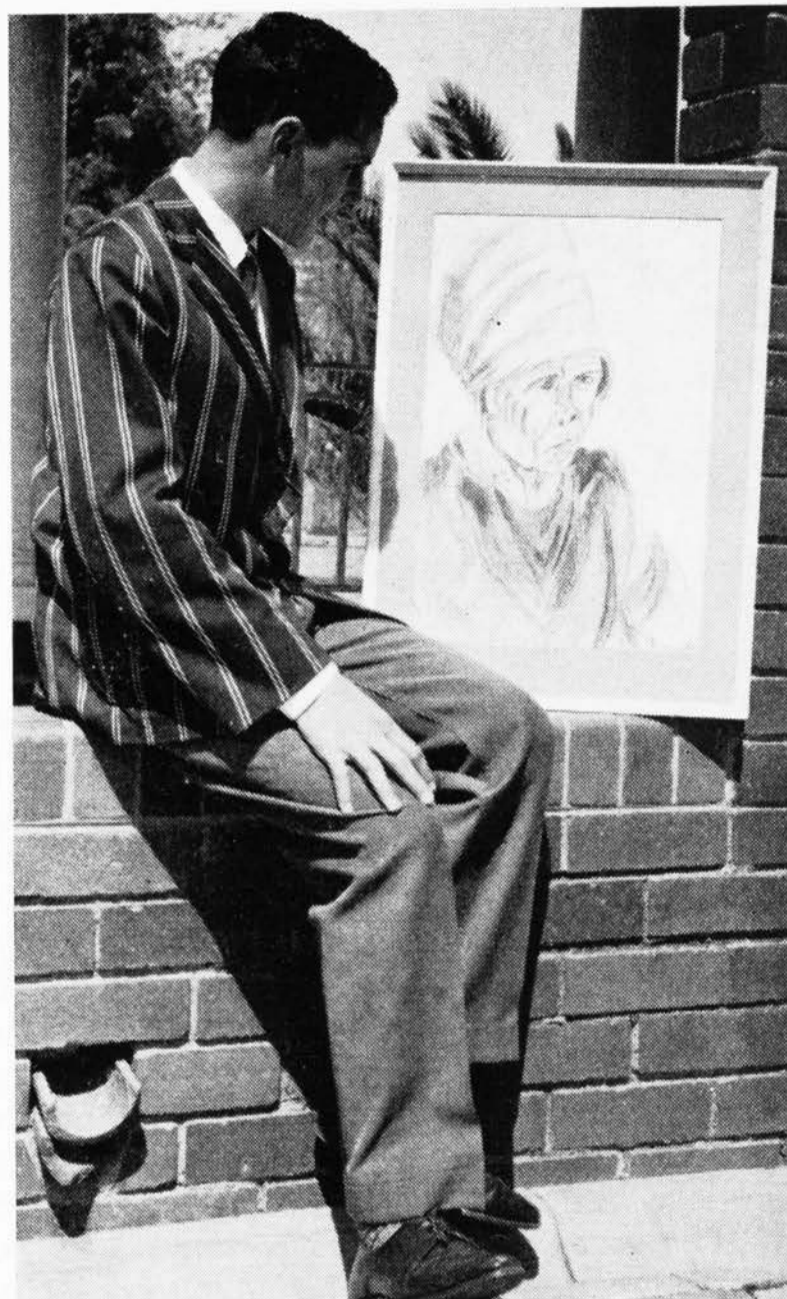

DEBATING TEAM

ART

EACH year, the progress made in the Art Classes at St. David's is outstanding. Mrs. Logan, our Art teacher, works tirelessly in this field to awaken an interest in art amongst the boys to give them an insight into the finer technique of drawing and painting. We feel that her work was more than compensated when we viewed the paintings at the Fifth Annual Art Exhibition which was held at St. David's on September 4th.

There was a wide variety of artistic effort, landscapes, portraits, futuristic and abstract. Mr. Cecil Skotnes once more honoured us by judging the pictures. Unfortunately, he was unable to open the Exhibition as he was overseas putting on a one-man exhibition at Grosvenor Gallery, London.

The Senior Trophy was won for the second successive year by Anthony Tischhauser and was well deserved for his high standard and consistent work. David Wimpey was the runner-up and Roger Wimpey won the Junior Trophy.

We must congratulate all participants, though not gaining trophies their work was excellent and we feel, in the future, these boys can obtain high award in the art world if they continue with their present interest in this creative side of life.

Our grateful thanks are extended to the parents who donated the trophies and to those who helped in so many ways with the exhibition — not forgetting our Ladies Catering Committee who are always to the fore in making our social functions a great success.

All the artwork in this Magazine was done by A. Tischhauser.

CADETS

ALTHOUGH Cadets is still in its infancy at the College, there is keen competition among the platoons and a great deal of progress has been made over the past few months due mainly to the hard work of our Commanding Officer, Bro. Vincent, Mr. Shaw and the six student officers.

During the July holidays, the six student officers namely, E. Ambrosioni, M. Beaumont, J. Buckley-Jones, P. de Kock, M. Ford and J. Steyn, attended an S.O. camp at Germiston and the experience and knowledge gained has enabled them to drill their platoons with enthusiasm and confidence.

Cadet drill is held every Tuesday afternoon and it is an impressive sight to see the cadets on parade in their smart khaki uniforms. An inter-platoon drilling competition is to be held and the winning platoon will receive a trophy.

Next year we intend entering a platoon to compete in the inter-schools cadet competition which is held annually. A cadet band will be formed in the near future and this will help to instil a feeling of pride in the College cadets.

J. BUCKLEY-JONES.

The first cadet corps in the Transvaal was formed at Koch Street in 1895. Here we see
A KOCH STREET CADET COMPANY IN 1903.

ATHLETICS

Inter House Meeting

The crack of the starter's pistol, the pounding of the runners' feet on the track as they race for the turn, the tension of the closing strides as they battle for the tape — all these thrills were present in both our junior and senior track meetings.

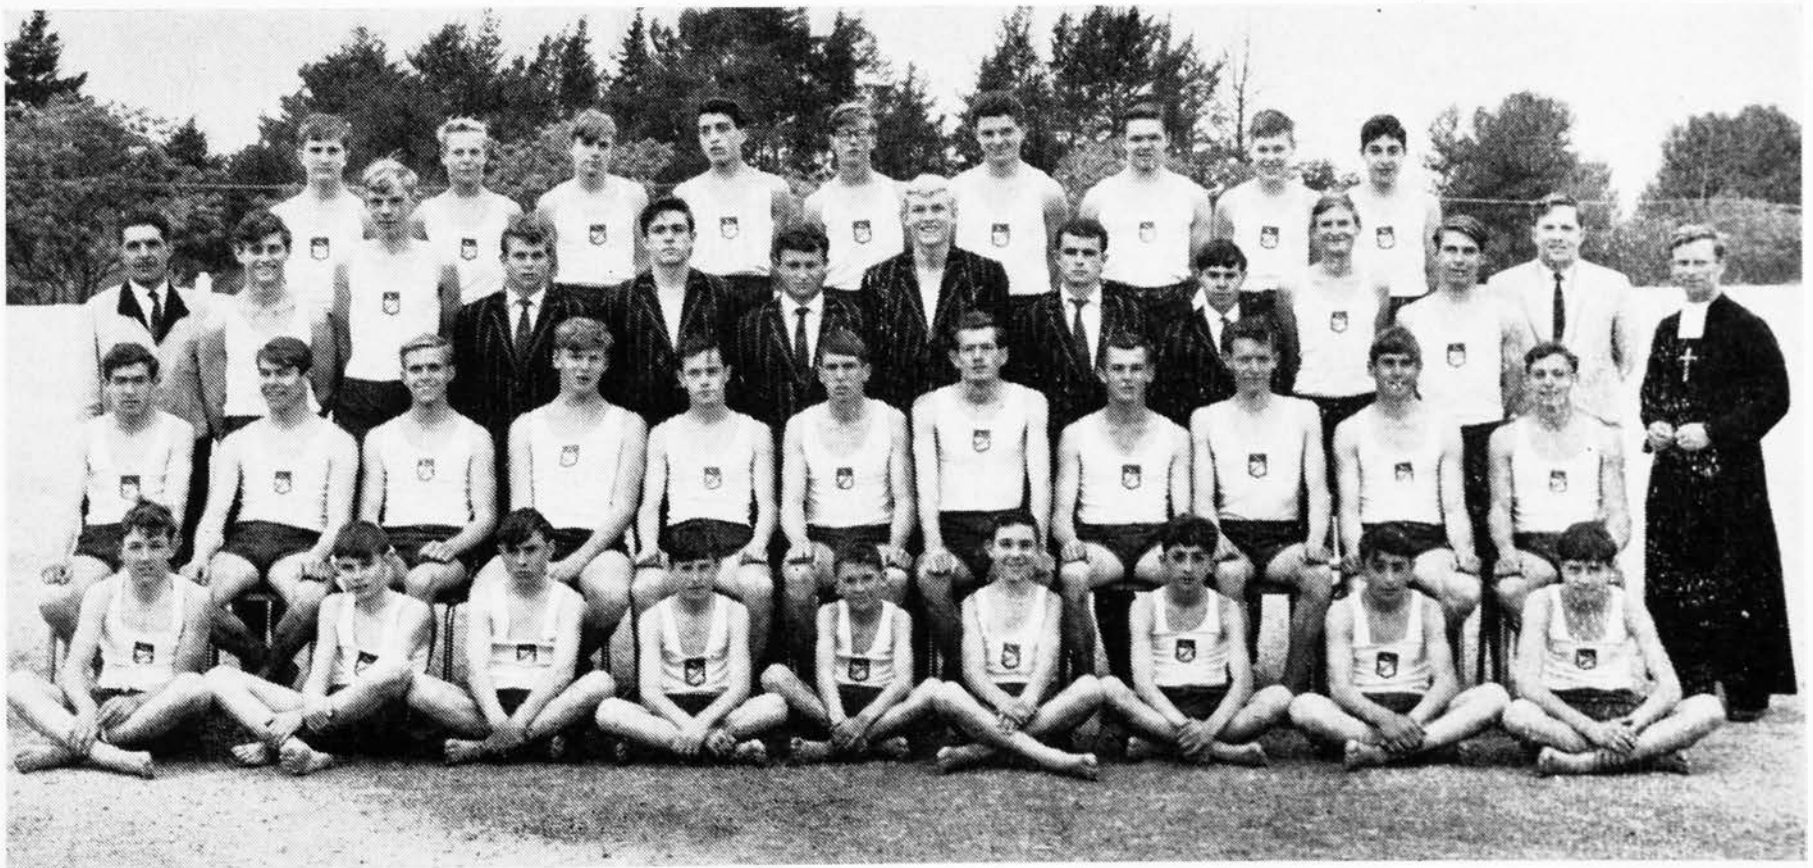

Another milestone was passed in the history of the College when the junior and senior sports were finally separated and were held on the 14th and 21st August respectively. The introduction of the junior meeting lightened the task of the officials at the senior sports considerably but caused the house captains and helpers many grey hairs. The general opinion amongst them was "the little devils just won't listen".

Both the junior and senior meeting were held on a perfect but gusty spring afternoon, bringing to a climax the days of spirited inter-house rivalry. The inter-house competitions

were keenly contested with the aid of ear-piercing war cries, great colourful rosettes and carefully guarded mascots. The perfect condition of the track and the gaily coloured decorations evidenced the fact that the boys and staff had been unflagging in their efforts to make the meeting a success.

Congratulations must be offered to College House, who won both the meetings thus going a grand slam, but praise must go to Bishops House, who in the last two years have crept from fourth to second position and vow to take the laurels from College House next year.

The House captains, Peter Gulle, Peter Loaden, Drummond Robinson and Dennis Tomaselli, who created such enthusiasm, must be thanked but our heartiest congratulations are chiefly to Rev. Bro. Andrew, who so ably organized both these meetings. The P.T.A. and Ladies' Committee are to be commended for their great interest, especially the latter, who, by providing teas, cakes and cool-drinks in the

SENIOR ATHLETIC TEAM

Third Row: Mr. Simaan, C. Bergman, K. Hajek, D. Robinson, M. Smith, D. Tomaselli, A. Dorrestein, G. Meyer, J. Benjamin, P. Gerard, M. Leahy, Mr. Ward, Bro. Vincent.
Second Row: G. Da Matta, E. Ambrosioni, S. Buissine, P. Foaden, A. Wickins, R. Lavery (Captain), D. Strang, P. de Kock, B. Turnbull, T. Lavery, R. Erleigh.
Front: J. Beaumont, E. Macaulay, W. Castle, G. Cogan, N. Mavrodaris, T. Tischhauser, D. Saad, M. Sousmayan, P. Trilivas.

afternoon and the braaivleis in the evening made the day just perfect.

In the weeks preceding the meetings, the juniors, Victor Taeuber and C. Deeb and the seniors Terry Lavery and Tony Wickins broke records in the field events and long distance races. Tony Wickins deserves a special word of praise because he lowered the cross-country record by more than 30 seconds. On the afternoon of the junior sports Victor Taeuber and P. McGurk showed they were juniors with budding athletic futures ahead of them. The senior sports saw the setting up of four new track records by Terry Lavery and the lowering of the mile record by Tony Wickins. The exciting running of Terry Lavery proved a talking point amongst the entire group of spectators.

vs. Observatory

Happy at the new and perfected talent witnessed during our own Inter-House Meetings, we looked into the future with confidence and soon our traditional and keenly contested meeting against Observatory was once more upon us.

Thirteen new records were established, eight by Observatory and 5 by St. David's, worthy reward for the hard training put in by the

athletes of both schools. Outstanding performances were:

Long Jump Open: A. Botes (Observatory), 21' 1½".

Javelin, Under 16: O. Winkler (St. David's), 156' 3".

100 yards, Under 15: T. Lavery (St. David's), 10.5 seconds.

220 yards, Under 15: T. Lavery (St. David's), 22.6 seconds.

120 yards Low Hurdles, Under 15: T. Lavery (St. David's), 14.2 seconds.

The meeting ended, giving St. David's an encouraging win over Observatory by 18 points.

Inter-Catholic High Schools' Athletic Meeting

Thirteen new records were also established at this meeting: five by St. David's, four by Marist Observatory and four by C.B.C. (Pretoria).

We are proud to record some excellent individual performances at the time when athletes were at the peak of fitness:

880 yards, Under 16: M. Neuhuff (C.B.C. Pretoria), 2 min. 6.8 sec.

100 yards, Under 15: T. Lavery (St. David's), 10.3 sec.

120 yards Low Hurdles, Under 15: T. Lavery (St. David's), 13.9 sec.

120 yards, High Hurdles Open: A. Botes (Observatory), 14.4 sec.

220 yards, Under 12: A. Stavrides (C.B.C. Pretoria), 27.8 sec.

220 yards, Under 13: A. Brennon (Observatory), 26.5 sec.

220 yards, Under 15: T. Lavery (St. David's), 22.6 sec.

440 yards, Under 15: B. Turnbull (St. David's), 54.6 sec.

4 x 110 yards Open: Observatory, 44.5 sec.

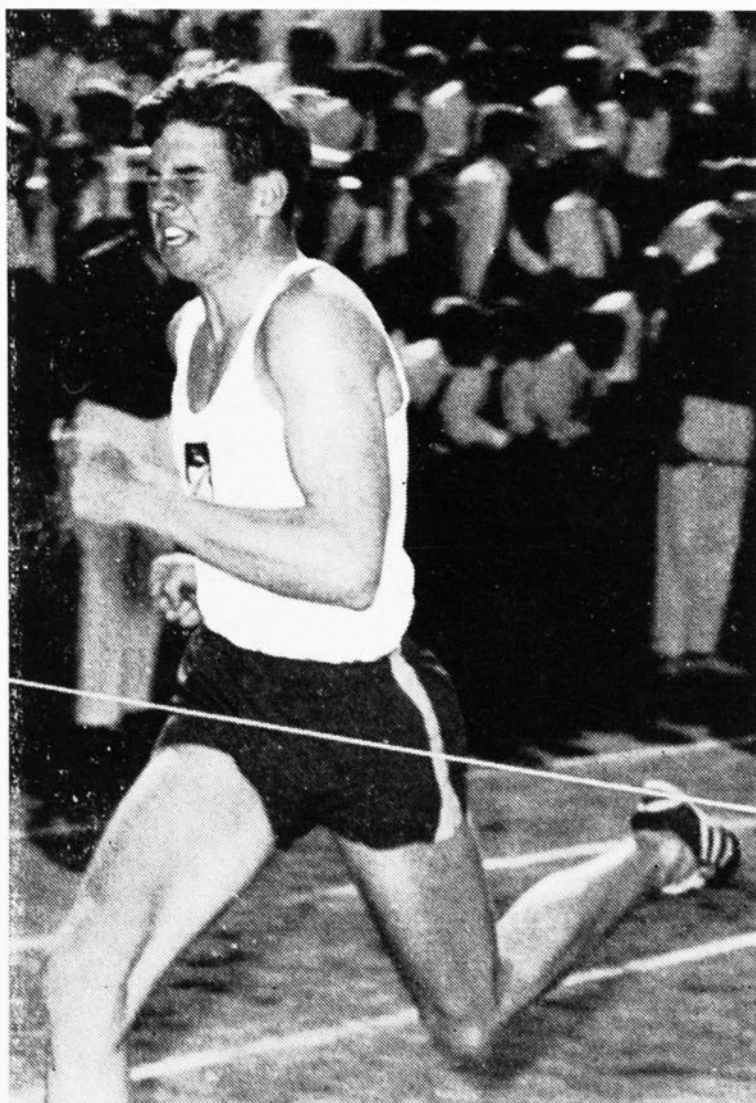

The final result was:

1. St. David's	313	points.
2. Observatory	292	points.
3. C.B.C. (Pretoria)	260	points.
4. C.B.C. (Boksburg)	203	points.
5. Pietersburg	198	points.
6. St. John Bosco	148½	points.
7. De la Salle	132½	points.

Our congratulations to all these schools, particularly to De la Salle, St. John Bosco and Pietersburg Colleges, who although handicapped by small numbers, put up a good fight, thus contributing to a more contested and highly enjoyable meeting.

As we look down the long vista of years that have elapsed since the first memorable athletic meeting and recall the many great athletes who have adorned the track during this period, we should be thankful that we have athletes in the school today comparable with and in a few cases better than the giants of the past.

R. LAVERY.

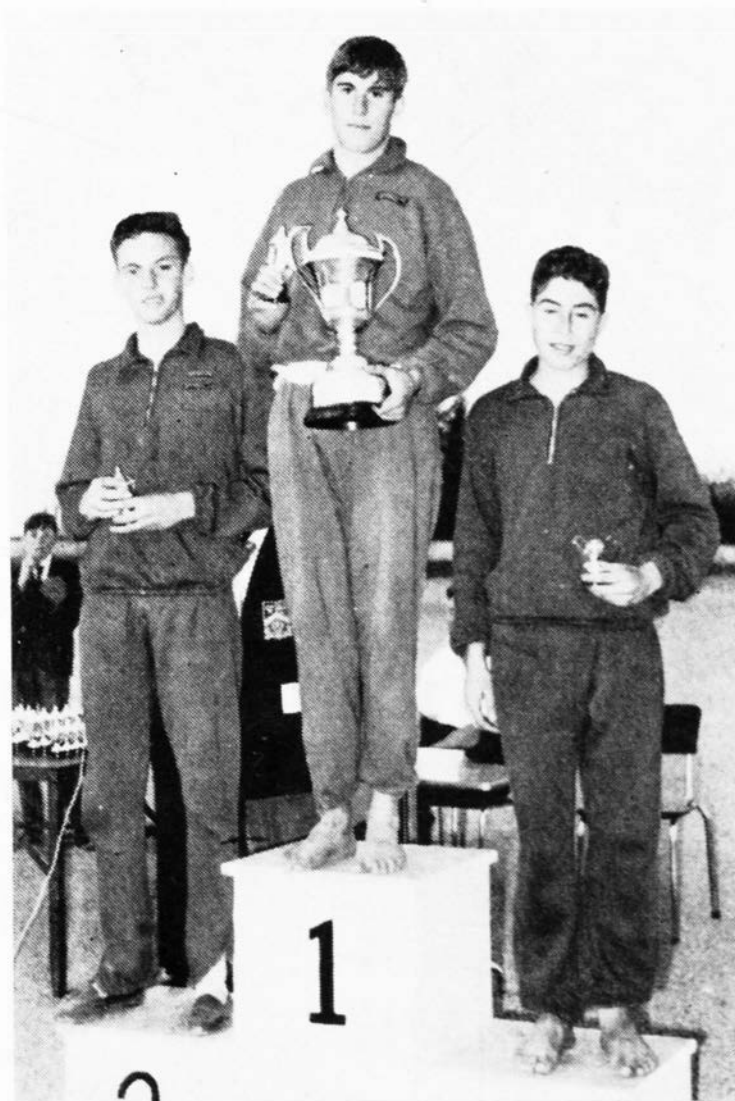

T. Lavery

Terry Lavery, without a doubt, one of the great athletics prospects of the Republic, is in his 15th year. His time of 13.9 sec. for the 120 yards Low Hurdles has been described by enthusiastic articles in the city newspapers as ranking among the world's best. For the 100 yards, he clocks 10.3, while his time of 24.6 sec. for the 220 yards is exceptionally good. A boy of cheerful and modest disposition, he is a keen supporter of all school activities.

Good luck, Terry, for the future!

RUGBY

MAYBE we didn't win so many matches but at any rate we all had a wonderful time. The only thing that marred the season was the unusually high number of injuries. I think I can say that all the parents enjoyed watching this year's rugby, all that is excepting those few mothers who were too scared to watch.

Training this year commenced quite early in the first term and Bro. Liam, with the help of an ex-army officer, Mr. G. K. Shaw, saw to it that the boys were fit. The boys did a circuit training, as our coach called it, which was gruelling for some and a laugh for others. It consisted of such things as carrying each other on our shoulders, frog jumps and hundreds of sprints, which were the most tiring.

This season we lost more matches than we should have but don't worry, for next year I am sure there will be a very good team. The

boys in the team very seldom gave up even against far more powerful teams. On this point we must congratulate them.

The results were as follows:

vs. King Edward's	lost	0	-	19
.. Jeppe	lost	3	-	9
.. C.B.C. Pretoria	won	16	-	5
.. Athlone	won	13	-	8
.. C.B.C. Boksburg	lost	3	-	41
.. Highlands	lost	6	-	12
.. Parktown	lost	5	-	25
.. Observatory	lost	9	-	39
.. Walmer	lost	3	-	21
.. Rondebosch	lost	9	-	11

Three matches were cancelled — Roosevelt, Springs and St. Stithians.

SWIMMING

THIS year's swimming season started off with a shivering Brr! as the boys took the plunge marking the beginning of our season. Training under the supervision of Bro. Vincent, started seriously after the December holidays. Some of our keener swimmers had trained during the holidays and continued their private training during the season. At school a strict schedule was followed which paid dividends. If progress continues as it has, we should soon be on a par with any school in Johannesburg.

Mention must be made of those boys who held their own outside school. Of these L. McGregor did best by coming 2nd in South Africa in the 110 yards backstroke and D. Robinson came 2nd in Transvaal in the 110 yards backstroke.

This year our annual senior School Gala was held at night for the first time in six years.

There was a gay atmosphere and some outstanding swimming was seen. Nine records were broken which shows the improvement in swimming. Osmond narrowly won the gala from College. Records were broken by: D. Robinson (BA. Open); A. Dorrestein (BA. Under 16); J. Hutton (BA. Under 15); L. McGregor (BA. Under 14); K. Shaw (BA. Under 13); A. Plath (BR. Under 14); G. Canning (FS. Under 14); R. Hutton (BU. Under 15); A. Curtin (BU. Under 14).

Our own gala was over but training continued for the Observatory - Inanda gala. As usual there was great rivalry between the schools but Inanda swam to a 108-point victory. Congratulations! A fine ending to a fine season.

D. ROBINSON.

Front: A. Plath, D. Schoombie, J. Goodwin, P. Tischhauser, D. Sterley.

LEIGH MCGREGOR obtained a good second position in the South African Schools 110 yards Backstroke in Kimberley this year. This followed a spate of first places and records in school galas and outside competitions. A hard worker, Leigh sets the example of quiet dedication which is, in itself, the mark of a champion.

AN HONOURABLE COLOURFUL CAREER

ENQUIRE AT YOUR NEAREST POLICE STATION

CRICKET

The continual cracks of the ball on the bat and the occasional sound of falling wickets, signified the beginning of a very successful cricket season. The keenness of the players was shown by the large turnout at practices and the eventual selection of the team was not an easy task for our coaches Mr. Ken Palmer and Bro. Andrew.

Under the captaincy of Denys Tomaselli matches were played every Wednesday and Saturday, and as the season progressed the team moulded into a very successful combination. Due to the shortage of time, draws were inevitable in the first three matches, but thereafter the team clicked into top gear and wins were registered over such schools as St. Stithians, Highlands, C.B.C. Boksburg and Parktown. The Parktown match provided a fitting climax to the season as this was the first time that Marist Bros. College, Inanda, has proved victorious over them. The star of the match was D. Tomaselli, who scored a resounding 91 in 100 minutes. He was ably supported by Shimmin, Stravino, Smith and Rosenberg, who all scored substantially. In the Parktown innings the Inanda bowling and fielding was of an exceptionally high standard due to the great team spirit. Performances worthy of note were the bowling of Smith, Stravino and Buckley-Jones and the wicket-keeping of vice-captain T. Rosenberg, who took three stumpings and one catch.

A word of thanks must be given to Bro. Andrew and Mr. Ken Palmer, whose tireless efforts inspired many a team victory.

MARIST CRICKET WEEK, 1965

THIS year, the Marist Cricket Week took
 place at St. Patrick's College, Walmer, Port
 Elizabeth, during the Michaelmas Vacation.

We were blessed with good weather during
 the first three days, but unfortunately, rain
 made play impossible for the remaining part
 of the week. Nevertheless, a Marist Team was
 selected based on performances achieved dur-
 ing the week:

St. David's vs. C.B.C. (Pretoria)

Stravino, bowled	47
MacIntosh, caught	36
Tomaselli, l.b.w.	96

JUNIOR CRICKET

1st PRIMARY TEAM

This team had a fairly successful season, particularly in the first half of the season. We lost some good players at the end of the year but were left with some very promising cricketers though still somewhat young even for this section. However, they improved with every match and gained much valuable experience which should be of great help to them in the coming season. The boys are very keen and so we expect that we will have a good season. The team consisted of P. Larkin, J. Bensimon, P. Quarmby, A. Deeb, G. Brownlow, V. Taeuber, M. Dalgarno, M. Richardson, A. Nicol, D. Walker and D. Calvert.

A good many of these boys have another year (some two) in the junior cricket and these same have already a good record, so the prospects for the future are not at all bad. There was also a second Primary Team, consisting of boys also bubbling with keenness and very willing to learn; and showing, in the few matches they played, that many of them will take their place in the 1st Primary in the approaching season.

FIRST PRIMARY CRICKET TEAM

Standing: Rev. Bro. Sean, P. Quarmby, M. Dalgarno, A. Deeb, G. Brownlow, V. Taeuber.

Sitting: I. Bensimon, M. Richardson, P. Larkin, A. Nicol, D. Walker.

In Front: D. Calvert.

HOCKEY

THERE was no hockey in the second term as rugby received all the attention but enthusiasm was high when we played our first game against King David's. We were able to field four teams this year and the high standard of hockey for which St. David's is renowned was kept up.

The highlight of the season was the match against Observatory. Tension was high but we romped home winners by three goals.

To wind up this short season, the matriculation students fielded two teams against Parktown Convent. This game proved to be very exciting in more ways than one.

All thanks and praise must go to T. Rosenberg who captained the 1st XI superbly, as well as Brothers Liam and Bosco, who gave up much of their time to organise games. Last and not least, I would like to thank the boys for the enthusiasm and sportmanship which they displayed during this successful season.

Internal League

The internal hockey league roused much interest among the boys. Eleven teams competed in the league and knock-out. The game between two highly spirited teams the "Whiskies" and the "Voddies" ended in a draw since neither was potent enough to out-intoxicate the other.

The undecided "Wotshoemekolits" beat the fast-moving "Cadillacs", while the "Kiwis" came from down under to reach astronomical heights over the "All Stars". Lastly, the eager "Barleys" were off-routed by the "Side Roads". Other teams in this colourful league were the "Bullies" and the "Barbarians".

SQUASH

To work and not to play, is what all teachers say,

To play and not to work, is what all boys pray.

The proximity of the Wanderers squash courts has done a lot to foster this sport. A squash championship was recently held at this club, and potential champions were revealed in each age group. However, due to the lack of suitable courts at other schools, our competition is limited.

Although this sport has the reputation of being the most strenuous in existence, it has a definite appeal to the intellectual mind, because of the intricacies of individual manoeuvres.

Whatever their reason, when squash is announced there is always a mass exodus of potential champs from St. David's to the courts of Wanderers.

TENNIS

Tennis, this splendid game,
Was played by Inanda with little shame,
With much hard playing and little said
We found in the league, we were going ahead
Until at last Parktown we met,
With us on the opposite side of the net
And all looked well, until at last,
Our score by 12 they went slyly past,
So ended our successful run
And placed us on the second rung.

(Apologies to Browning).

The above poem rather aptly sums up the record of the 4 "racqueteers", T. Rosenberg, J. Steyn, D. Hind, and R. Erleigh as regards the tennis league of 1965. Yes, we managed to go through the season losing only one match to Parktown, but adding the scalps of King Edward's, Highlands and Forest to mention a few, to our belt. We congratulate Observatory on their fine win in the Kramer Cup Competition. We look forward to the inter-high competition towards the end of the year in which we will be strong favourites.

The Tennis Championships

The day was bright and sunny, the courts in good condition and the players in top form. The open championship was successfully retained by Terry Rosenberg who outplayed Jan Steyn to the tune of 6-2, 6-3. In the absorbing doubles final T. Rosenberg and R. Erleigh defeated J. Steyn and D. Hind at 12-10 in the final set.

The Under 16 produced a good struggle between R. Erleigh and L. O'Haughey, which the former won in straight sets.

In the Under 14 an exciting tussle was fought between M. Werner and R. Van't Hof, the former winning at 6-3 in the final set, whilst in the Under 12 Gary Simpson proved too experienced for L. Ralphs who put up a good fight. G. Mazaham won the Under 10 title, defeating the smallest of the Simaans, Andrew, in a light-hearted final.

Comment:

A special word of thanks must be given to Bro. Sean, whose untiring efforts and enthusiasm has inspired many a team victory.

T. ROSENBERG.

SOCCER

THIS year the soccer programme was full as it ever will be. Three teams, the Under 12, Under 11 and Under 10 "A" teams, were entered to represent the school in the Inter-School League. All three teams were keen and did quite well in the league. The Under 11 and Under 10 teams should do very well in future years.

During the season the Southern Transvaal Catholic Junior Soccer League was initiated with the aim "of giving as many boys as possible the opportunity to play soccer on Saturday morning." Thus we were able to have "B" and "C" teams in the Under 12, Under 11 and Under 10 age-groups. These teams did remarkably well despite the fact that they sometimes played against "A" teams from the other schools. The boys themselves were most pleased with this new league for at last they could represent their school. We hope that this league will flourish.

Finally there was the Internal Soccer League with matches twice a week. We did not manage to fit in the Cisneros Knock-out League due to preparations for impending athletic meetings but the Werner League was a great success, with Glasgow United coming off as victors.

A new internal league, which was enthusiastically received by the boys of Standards IV and V, was the Moni League. The competition here was keen right to the final game when Leeds beat Gunners. Mr. Montgomery of Germiston Callies very kindly came along to present the trophies and miniatures to the winning teams. A "beano" was given to the winning teams to which the other captains were invited.

We wish to thank Mr. G. Shaw, Mr. Simaan and Mr. John for their very great interest in the boys throughout the season, the parents who came along to support us and the good lady caterers, who had on occasions, to cater for nearly 150 boys twice in a week.

GOLF

THE buzzing and humming of insects was interrupted by a tremendous swipe, a thump and a chunk of flying grass. There was a short silence followed by some mumbling then an outcry of laughter. There, about 10 feet in front of the tee, lay an almost coverless ball with the divot and gleaming white peg a little further on. "Most frustrating game this golf", was the opinion of many of the players.

After all the players had teed off they walked forward into the calmness of the afternoon. As they strolled over the fairway their minds were too busy calculating how to play off the road, or out of the sluit and sometimes off the fairway, to think of their daily school troubles. This relaxation was enjoyed by the members of the school golf club every Wednesday afternoon during the first two terms.

The annual school tournament was held on Sunday, 16th May. The winner, E. Harada, scored 36 Stableford points. He was followed by T. Elliot and T. Eaton. It turned out a most enjoyable afternoon. We would like to express our thanks to the Bryanston Country

Club for allowing us the courtesy of the course and to those parents concerned who helped to make this such a pleasant tournament.

D. TOMASELLI.

'SWAT A LIFE

T'was an elderly mother spider,
Grown gaunt and fierce and grey;
With her little ones crouched beside her,
Who wept as she sang this lay.

Curses on these here swatters,
What kills off all those flies;
For me and my tiny daughters,
Unless we eats, we dies.

Hittin' and slappin' and swattin',
'Tis little else you hear;
And we'll soon be dead and forgotten,
With the cost of living so dear . . .
Poor fly!

DRAMATIC SOCIETY

IT was decided at the beginning of 1965 that the time was ripe to start a dramatic society. Permission was obtained from Bro. Andrew, who was acting-principal at the time. During the course of subsequent meetings, the club acquired the name "Marist Amateur Dramatic Society".

Meanwhile the large numbers at the former meetings had dwindled to a nucleus of about 15 actors and technicians. Play reading and the listening to recordings of famous plays and extracts of plays are held nearly every Friday.

It was rumoured that a play would be produced in the third quarter, but, unfortunately, due to lack of funds, this was impossible. Members have had talks by James White, South African star of stage, screen and radio. A visit to "Jamie Uys Film Studios" is practically on the cards. It is hoped to have other theatre personalities in to give talks before the end of the year.

We are indebted to Mrs. Buchan and Bro. Vincent for their enthusiasm and encouragement in our venture.

M.A.D.S. will be producing two plays in 1966. Best of luck to M.A.D.S. members. Come on parents and pupils — we need your support.

N. McCLEOD.

—oOo—

CHESS

ALTHOUGH the sport of the intellectuals, this game has proved an active source of interest amongst the boys at this school. So strong was the interest that a Chess Society was formed. After the championships games had been held, a team was chosen. We found in our midst a Southern Transvaal Champ. With this formidable team many schools (mainly convents) fell before our blows. However due to imminent examinations our competitors found it too inconvenient to participate — or maybe they were just scared.

PHOTOGRAPHIC CLUB

THE photographic club was started some years ago by Brother Liam. It has reached maximum size for the premises in which it is now situated. The membership is limited to about eight. This is necessary if members are to make full use of the available facilities. The club is in possession of two enlargers, a timer, a drying heater and various other pieces of photographic equipment. Members can join per term. They must supply their own camera and film but they are entitled to the use of the darkroom and the various developing and printing chemicals, printing paper and the tanks and trays necessary for developing.

At most public functions such as athletic meetings, swimming galas, rugby matches and best speakers contests, Brother Liam or a member of the photographic club can be found taking photos. Anybody who wants to, can buy the prints.

We can proudly say that a large number of the photos we have taken, developed and printed, appear in this magazine. In previous years we have also submitted photos.

THE CYCLING CLUB

THIS club has been functioning in the school for several years now and is open to all boarders from Standard VI upwards. Like most other sporting activities, it has its seasons of great activity and its dormant season. Summer is the really active season and during these months the club goes for outings nearly every Saturday or Sunday afternoon. The destination is usually some place of interest and a swimming pool or holiday resort is always a place of interest, particularly after a long ride in the heat.

Among the places visited are: Little Falls, Pines, Halfway-House, Meredale Holiday Resort, Germiston Lake, Florida Lake, Jan Smuts Airport, House of Horrors, Rosedale Holiday Resort, Zoo Lake, Wemmer Pan and just about every Municipal Swimming Bath known to us.

These outings, though sometimes long, are not as tiring as they may seem to some, as the members obtain refreshments at various check-points (that is, cafés, road-houses, tea-rooms, etc). An all-day outing is held every year and the last two years, we spent these days at the Pines and Little Falls respectively.

Now the summer is here again and regular outings recommenced during the last term. All members are looking forward to this after the "fall off" during the winter. No serious accidents have ever taken place yet and we attribute this to the good behaviour of the boys. Let it remain like this — both safe and enjoyable.

3.45 p.m.
 The doors of the science lab are flung open. About 50 spluttering and coughing Science Club members pour out with a violet dirty brown cloud of smoke close to their rear. Artificial respiration is given to the luckless ones who are last out, everyone resumes his seat in the lab - 3.55 p.m. all is well.

This was the result of one of the Club's experiment's, namely the demonstration of a smoke screen. Other experiments performed by Bro.Bosco and club members were demonstrations of the X-Ray tube, the induction coil, electromagnets and electrolysis.

Interesting talks were given by C.Parker on Hoovercraft, A.Gundelfinger on the internal combustion engine, P.Tuffin on T.V. D.Baker made up a quiz to test the knowledge of the members. All material for the lectures was obtained from the growing Science Library.

A highlight of the year was the demonstration by R.Smith of a Go-kart capable of speeds up to 90 m.p.h.

Places of interest that we visited were the airport workshops, Wits. computing centre and S.A.E.C.

PARENTS AND TEACHERS ASSOCIATION

Chairman:	Dr. D. W. P. Lavery.
Vice-Chairman:	H. D. Curtin.
Secretary:	N. McCleod.
Treasurer:	S. V. Schoombie.

AT the Annual General Meeting of Parents, held at the college on March 15th this year, the vacancies caused by the automatic ending of the term of office of four members, were filled. Mrs. D. Beaumont, Mr. N. McCleod, Mr. E. Hannon and Mr. J. P. Richardson were elected to the committee for 1965/66.

The P.T.A. committee has held regular monthly meetings at the college on the second Thursday of each month and the business associated with the P.T.A. was discussed with care and forthrightness.

An innovation introduced this year was to have the Chairlady of the Ladies' Committee as a member of the P.T.A. committee — to ensure close liaison with this important body — the ladies, who form the Ladies' Committee, have undertaken an enormous load of work for the benefit of the boys of St. David's College.

All those refreshing drinks, those cakes, the swop shop and the library are due to the sincere efforts of the ladies of this committee. May God bless them all.

As far as the activities of the P.T.A. are concerned, a brake has been put on many plans envisaged by this committee because of the launching in Johannesburg of the Campaign for the Marist Foundation Memorial Trust which hopes to raise several million rand over the next five years in order to be able to help the various schools in South Africa. Many of these schools require expensive buildings and equipment which the Foundation hopes to be able to supply from the funds it raises in its nation-wide appeal.

As an example we hope that we will obtain our school hall and Science block from this Foundation, even though we were prepared to launch our own local appeal for funds.

During the year, the Pedestrian Robots were installed and are now functioning although it is proposed to move the robot on the opposite pavement down nearer to the one on the school side. This will make the pedestrian crossing safer as scholars will not have their backs to one stream of traffic.

It is hoped that soon permission will be obtained from the Marist headquarters in Rome to commence levelling off the ground to make rugby fields so urgently required. The P.T.A. is subscribing towards the cost and we all hope that a start can be made this year.

The new school flag is being made by a firm and we hope it will be ready for the super Catholic Schools Athletic Meeting on September 25th. The sample sent to us was most impressive.

The P.T.A. hope to institute the annual medical examination of all boys attending St. David's. This suggestion was proposed by Mr. Hannon, who told us that this was common practice in the United States. We are grateful to him for this suggestion and hope to make this part and parcel of the school's scheme for attending to the bodily needs of the scholars.

Mr. Hannon also requested that trained first-aid personnel be present at all rugby matches and this too has been "laid on". Incidentally, we are going to start "First Aid" lectures and demonstrations next year. The course will be supervised by the members of the Red Cross Society.

The P.T.A. has arranged for lectures and demonstrations on Careers Guidance during the year. These talks can be of enormous value to boys leaving school because they show in a practical way the types of careers open to them and what is required to attain the necessary qualification.

We are sorry to report that Ken Palmer, that popular cricket coach, is not returning to South Africa this year. The P.T.A., however, are going to find a replacement for the sole use of the college.

LADIES' COMMITTEE

In March this year the Ladies' Committee was officially resurrected. Descendants of "Gertie's" purchasers, our function is to smooth rough edges, grease metaphorical wheels and keep the P.T.A. informed of what goes on "Mother-wise" at school.

Our Chair is now an automatic member of the P.T.A. during her year of office and she is succeeded annually by her Vice-Chair. This ensures continuity and also helps to keep up a continual supply of new helpers.

I would like to take this opportunity of thanking everybody who has helped in any way over the past year and to appeal to ALL parents who can possibly do so to attend the Annual General Meeting of the Ladies' Sections on February 2, 1966, in the Boarders Dining Room, at which the new committees for 1966 will be elected. Next year's Chair of Ladies' Committee will be my Vice-chair, Mrs. Sewell, and to Helen I extend my very best wishes for a successful year of office and hope that she enjoys it as much as I have done.

MAUREEN HUTTON.

CATERING

VERY soon after the re-opening of school, Mrs. Hutton was elected Chair, with Mrs. Rezek, Vice-chair. They decided that a tea party would be held for all the new mothers so as to bring them into closer contact with the school.

From then on the catering was in full swing. Cricket, swimming, tennis and debating were all well provided for by the respective bodies in charge during the first term.

After the Easter vacation came the tremendous task of providing refreshments after rugby matches. It must have terrified the ladies to see those wolves in packs of 15 coming towards them for "food, glorious food".

Towards the end of the second term arrangements were made for the supper at the Matric dance. I am sure all the boys agree with me that it was the nicest dinner-dance they have been to — thanks to the help of the ladies.

Half way in the third term was the biggest task for the Catering Committee. It was the annual braaivleis after the athletics meeting. Our thanks must go to Mrs. Rezek for her terrific curry and rice and all the other ladies concerned for their part in making it an enjoyable evening.

All the boys will agree that it is thanks to the hard work and self sacrificing of the Ladies' Catering Committee that they have had suitable refreshments and food after sports and occasions and I am sure that they are very grateful to these wonderful ladies who are always behind the scene of every school function providing refreshments for all.

SWOP SHOP

IT was the day "hectic", three days after the start of the school year. The time, 5.30 p.m.. Three ladies slump exhausted into hard chairs. The room is a shambles of old clothes, many striped with yellow in places, trousers, boots, hockey sticks and woollen gloves. Many of these articles are still on the largest table but several lie in disorderly heaps on the floor. On another table books are scattered in chaotic piles. This is the Swop Shop after the first book and clothing sale. Five minutes earlier it had been packed with boys of all sizes and shapes waiting for their books or swops. Many were jostling and shoving through the sea of hot, panting boys. Here was one hiding behind a book-shelf waiting, watching for that crucial opportunity when he would be able to slip on another pair of khaki shorts as his were already a little too tight.

Mrs. Hannon slid under for the third successive time, into the wave of swoppers. After a while a shout for assistance was heard but to no avail. One wonders how she was eventually rescued. Now that they can rest and the ordeal is over for today a breeze, a relaxation comes over the ladies concerned.

"I know what my husband will say", exclaimed Mrs. Tuck. "What did you find to do all day, darling?"

At one stage the old Bursar's office served the functions of two bodies, viz. the Swop Shop and the Library. Something had to be done and quickly, too, as the old cupboard of Mrs. Richardson was on the verge of bursting its seams. Somewhere progress prevailed. From all corners of the room frantic calls for more space were heard. Bro. Anthony sprang into action just in time to stop them erecting a new building.

As new books floated towards the already groaning shelves the squeeze became tighter. The bursting wallets of the ladies helped tremendously towards the final explosion of Mrs. Richardson's cupboard. Boots, shoes, old books, clothes, blazers and a variety of other articles flew across the courtyard. But who was behind all this? Mrs. Hannon had finally appeared from under the pile of clothing.

The Bursar's old office finally became the Swop Shop. This swopping centre is appreciated by one and all as one is able to obtain very reasonable bargains for one's swops and at the same time it helps the school. Well done, ladies.

K. TAUEBER.

IN MEMORIAM

The Swop Shop has Donated a number of books to the Library in memory of the late W. G. Hamilton.

THE LIBRARY

HERE is a piece of history not to be found in any historical tome. It concerns the library. This aid to education is the brainchild of Mrs. Beaumont, Chair of the Ladies' Committee in A.D. 1963. The public were first admitted to the small, almost unknown room — formerly called the Bursar's office — at the beginning of the present school year.

The original dust-covered books come from we know not where, but the Brothers' bookshelves are under strong suspicion. Gradually, the number of books taking their places on the grey steel shelves, or in the glass-fronted wooden bookcases increased, until now, scholars are faced with a formidable array of reference books. For this, we must thank all who responded, and are still responding, so generously to our call; especially the Swop Shop proceeds and Mrs. Sewell's book sale, which had the library as its charitable cause; and the Ladies' Committee for the proceeds of Sale of Stationery.

August 9th was a momentous day for the library. We moved out of the dark little hole which had been home for two terms and took up a new abode in the empty classroom in the junior block. Our precious books were established in a room where they could now breathe. Incidentally the same applied to the librarians.

Six mothers deserve special mention. They have forsaken home and garden to do penance

by spending an afternoon a week, putting up with the quirks of pupils who feel that the library is just not what it should be, due to the conspicuous absence of James Bond, Westerns and other decent literature. The "slaving six" are, in alphabetical order, the Mesdames Bennet, Fritz, Gerard, Killsay, Passmoor and Sewell.

A number of boarders have helped with — well, not exactly the dirty work — moving, sorting, catalogueing and issuing of books. One unsuspecting boy was even roped in to ostensibly sweep up fragments of shattered windowpanes but finished up spring cleaning the place.

At present, the library is open on Mondays, Tuesdays, Thursdays and Fridays from 3.00 p.m. until 5.00 p.m.; and on Wednesdays, access is given from 1 o'clock to 3 o'clock. Up until now pupils from Standards 6-10 (naturally including the teachers, who are among our best clients), have been the favoured people, but Standards 4 and 5 will soon have the freedom of the room, under the strict guidance of their class teachers, as the Standard 4 class is contributing its own private library to the general collection.

We all working in the library, hope you all reading this, will help us help others by boosting our collection above the two . . . er, thousand mark.

J. RICHARDSON.

With the compliments of the . . .

ST. DAVID'S MARIST OLD BOYS ASSOCIATION

Chairman, Trevor Blow; Vice-Chairman, Mike von Guilleaume; Secretary, Steve Muller; Treasurer, Alisdair Laing; Social Committee: Peter Strong, Peter Owen; Magazine Committee: James Tonetti, Ricky Valente. October 23rd saw the actual birth of our Association, this being the date of our first Annual General Meeting. The A.G.M. was preceded by some weeks by a cocktail party held at and sponsored by the school. Considerable interest in the Association was expressed at this party.

Basically the Association exists for these reasons:—

1. Promote the fraternity of Old Boys of this College.
2. To assist needy Old Boys or their dependents.
3. To foster the interest of the College by granting support (financial or otherwise).
4. To establish and administer business for the benefit of the pupils of the College.
5. To propagate the Maristonian movement in the Republic of South Africa.

Since our A.G.M. this is what has been done:— Our monthly “K.G. Get-together” came into being because it was felt that the fraternity would flourish in a congenial atmosphere, conducive to friendly and entertaining discussions. These have proved to be outstandingly successful, members usually retiring from the Golden Spur in the early hours of the morning. “K.G. Get-togethers” take place on the first Wednesday of every month at 8 o’clock. Should a fellow Old Boy reading this be terrified at the thought of buying a round of 20 drinks, the time-honoured rule is “pay-for-your-own”.

Our first official function was held at the Espana Cane Restaurant. This was a roaring success. Sixty “happy” people celebrated the Running of the Bulls and participated in fiery flamencos assisted by dark-eyed señoritas. It is felt that neither the Old Boys nor the Restaurant will forget the occasion.

Three proposed functions in the offing are:—

October 9th — Dinner Dance at the Balalaika Hotel, Sandown.

November 19th — Combined P.T.A./Old Boys Dinner Dance at the Kelvin Grove, Rosebank.

New Year’s Eve — Haunted House Party at Vito Rugani’s country home.

Circulars will be sent out regarding all of these.

It was hoped to do a “Where are they now?” feature referring to a number of Old Boys. Due to lack of time only the Committee members are dealt with here.

Trevor Blow (1952), B.A., LL.B.; married and working at “The world’s easiest place to clothe the family”. Mike von Guilleaume (1953), Married; 1½ children. Studied T.V. and Business Administration. Place of employment (never work), same as Trevor Blow. Steve Muller (1953): Married with three children. Optometrist, who due to ethical reasons may not advertise. Get hold of him through your telephone directory. Al Laing (1956): Recently married; Insurance Assessor. Been playing golf for years but swears he’ll break 100 yet. Peter Strong (1952): Married with three children. Deals in dried milk. Peter Owen (1956): Married with one daughter. Company Secretary. James Tonetti (1954): Single. Mechanical Engineer. With. 1½ years overseas. Refused to comment about his doings then and now. Ricky Valente (1958): Married. Working as Civil Engineering Contractor. Vito Rugani (1954): Married with four children. Doug Wickins (1962): Studying B.Com. at little “red” school-house, but keen on this Association, so there’s hope yet.
