

A MESSAGE FROM THE MARIST BROTHERS

Br Jude Pieterse
THE MARIST SCHOOLS COUNCIL

Branding has become a very popular word in today's business world referring as it does to the promoting of a particular product or service by identifying it with a particular brand. While the five schools in South Africa that belong to the Institute of the Marist Brothers all bear Marist in their names, quite frequently those associated with a particular school are only conscious of that school and not its connection with the other four Marist schools in South Africa and even less to it being one of a family of Marist institutions in 80 countries of the world serving 700,000 young children and young people. The Marist brand is truly international.

The story of the Marist Brother in South Africa goes back to April 1867 when, at the invitation of the Catholic Bishop of Cape Town at the time, a group of five Brothers arrived in Cape Town from France to open a school for boys. Twelve years later, through dint of hard work and with the support of parents and well wishers of the time, the Brothers were able to open a school in Port Elizabeth. This was followed, five years later, by a school in Uitenhage and another five years later in 1889 by a school in Johannesburg. This process of each new establishment growing out of the support and assistance provided by the already existing schools has been the basis of the development of the Marist school network, not only in South Africa but worldwide. The schools and the facilities that are enjoyed today are the fruit of the work of the Brothers, parents and supporters who have gone before us. This support and process continues today through an annual contribution provided by each school to a central fund.

The majority of people, if not all, associated with the five Marist colleges in South Africa know that their local Marist college has a Board of Governors that has the responsibility for the promotion, maintenance and sound control and effective management of the business of the College as a Catholic school according to the principles and the tradition of the Marist Brothers. Fewer will probably be aware of other structures within which a Board of Governors operates. As guardians of the college and its mission, the Board of each college is in fact accountable in the first place to a body known as the Marist Schools Council and, through the Marist Schools Council, to the Provincial Council of the Southern African Province of the Marist Brothers.

For administrative purposes, the Marist World, spanning as it does 80 countries, is divided into "provinces" or semi-independent units, all of which fall under the General Administration of the Institute that is based in Rome. For many years South Africa was a province on its own. In 1999, however, the Brothers and their work in Angola, Malawi, Mozambique, South Africa, Zambia and Zimbabwe came together to form the new Province of Southern Africa.

At the same time, to facilitate the administration of the Marist schools in South Africa, it was decided to set up a new body within South Africa which was to be known as the Marist Schools Council and which would be composed of Brothers and lay people who had a strong association with one of the schools and its rich Marist tradition and vision of education. The Marist Schools Council has the task of promoting the development of the Marist schools within South Africa, providing guidance to the School Boards where requested or necessary and overseeing, on behalf of the Provincial Council, the functioning of the schools. Within the limits of its own authority it delegates certain powers to the school Boards to facilitate the effective functioning of the schools.

The Provincial Council of Southern Africa appoints the members of the Marist Schools Council. Its current members are Adrienne Egbers, Janice Seland, Alan Barbeau, Kevin Brewer, Iain Grieve and Glynn O'Leary and Brs Brendan O'Shea, Christopher Zimmermann, Jude Pieterse and Laurence Morrison. The Council meets three or four times a year or more frequently if needed. Meetings are held on a rotation basis in each of the Colleges to give the Council the opportunity of meeting Board members and to acquaint itself at first hand with the developments and key matters associated with each College. These meetings also give members of the Boards of Governors the opportunity to interact directly with the members of the Council.

FOUNDATION

The St David's Marist Foundation was established in 2006, guided by the vision and values of St Marcellin Champagnat, the founder of the Marist Order in the 18th Century. St Marcellin lived through the turmoil of the French Revolution and grew to become a great educator and a humble leader, founding the Congregation of the Little Brothers of Mary, the origin of the Marist education system. He had a special place in his heart for the poor and the disadvantaged. At his death he left behind 280 Brothers and 48 schools with thousands of students. Today, St David's shares in the rich legacy of St Marcellin. It is one of hundreds of Marist schools, youth institutions and universities around the world that strive to carry on his work, and the St David's Marist Foundation aims to support St David's in this endeavour.

The Foundation is a formal extension of the work started by St Marcellin and perpetuated by the life's work of the Marist Brothers in South Africa. In 2006, the Board of Governors, under the guidance of the Brothers, recognised that in order to secure the long term sustainability of the School and in particular to provide access to Marist education for less financially privileged individuals, a fund would need to be established to support this vision, hence the establishment of the St David's Marist Foundation.

The interceding 5 years have seen many individuals, and some organisations, support this vision through financial donations, each Rand given with a generous heart and a belief that the money would be an investment in the life of a boy and in the life of the School. The Foundation reached a significant milestone in 2011 when it exceeded the R11 million mark in donations received with a further R1 million in committed pledges. This amount excludes the nearly R2 million already allocated to bursaries and scholarships, which currently supports 15 boys in the Preparatory and High School and at University.

The majority of the Foundation funds have been directed to the Endowment Fund and towards the goal of establishing a significant 'war chest'. Centaur Asset Management has invested most of this money on our behalf and between 3 and 5% of this investment has been allocated to bursaries

and scholarships annually. Our investments have realised above anticipated returns, which has been encouraging given the economic climate of 2011.

The more significant growth, however, has been in that of the boys currently being supported by the Foundation. It is a privilege to be able to provide these boys, who have so much potential, with the opportunity to realise this potential and to watch them grow under the care of St David's.

The Foundation voted in a new Chairman in 2011. Robin Smith took over the reins from Thierry Dalais who has been an inspiring Chairman since the inception of the Foundation. Our deepest appreciation goes to Thierry for all he has done to help the Foundation achieve the successes to date. Our sincere thanks also to Mark Wilson, who resigned as a Trustee in 2011, for his time, energy and wisdom.

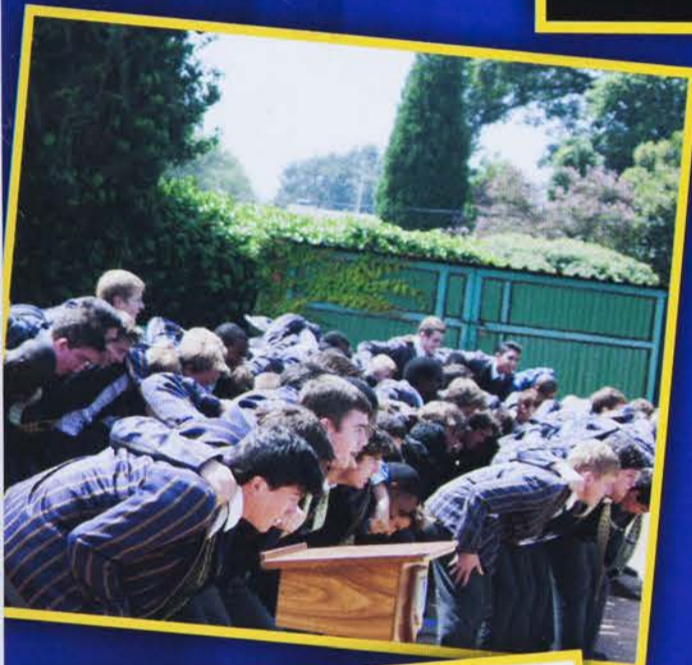

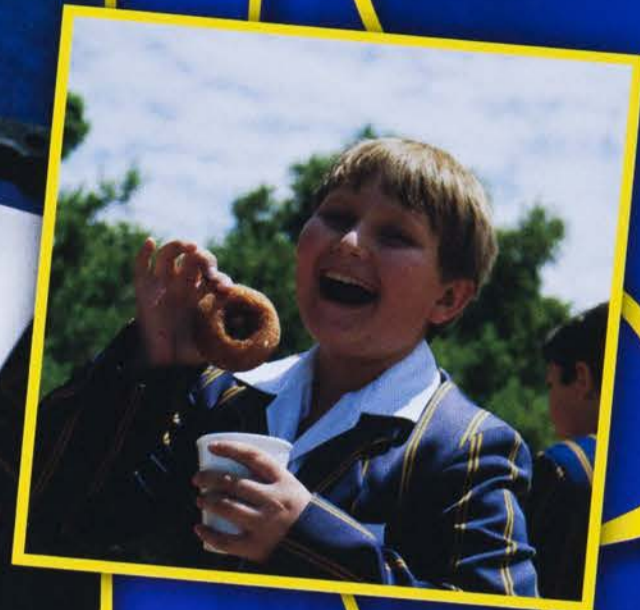

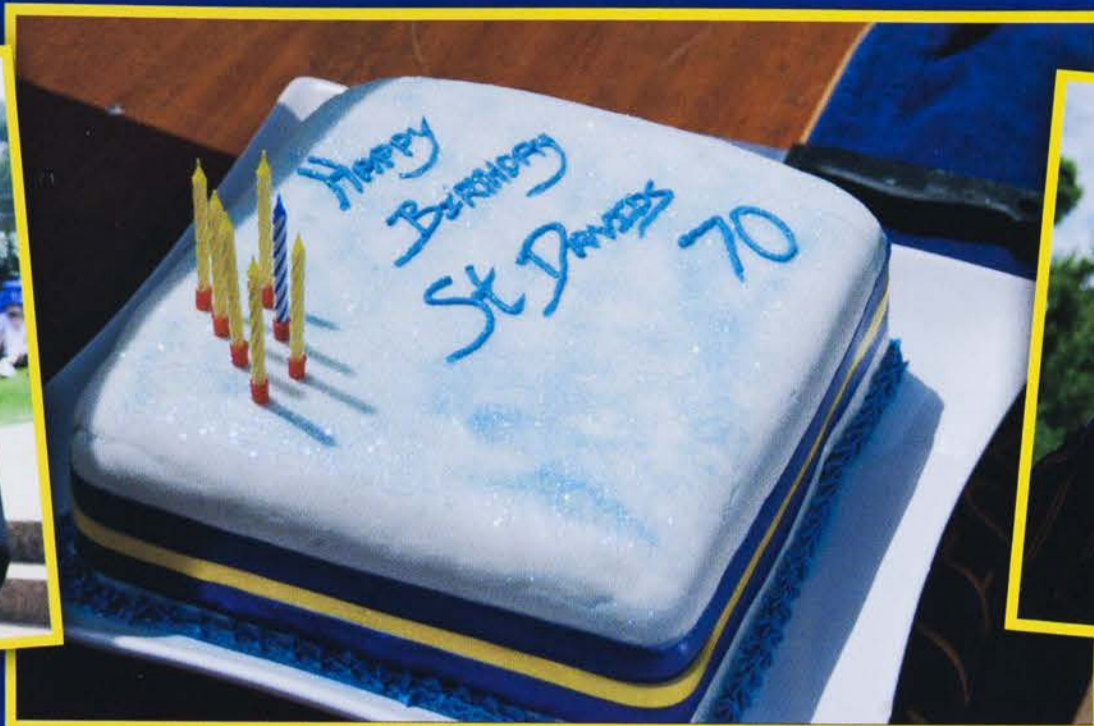

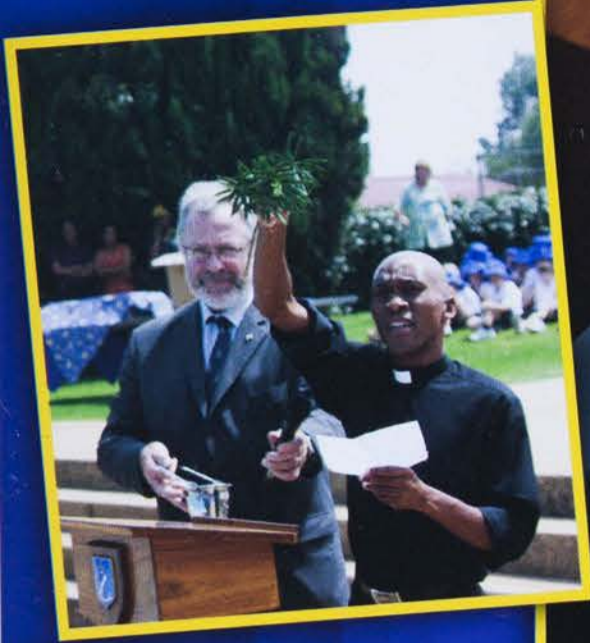

A number of events throughout 2011 aimed at acknowledging donors, and building relationships with the St David's Marist community. These events include the 70th Birthday Dinner, the Old Boys' Reunion Weekend, Old Boys' events in Johannesburg, Grahamstown, Cape Town and London, the Matric Rite of Passage and the PTA/ Old Boy's Golf Day. Special thanks to Mrs. Cheryl King for her organisation and administration of many of these events.

The Foundation remains ever grateful to its generous donors, to the School Board, the Foundation Trustees, the Old Boys' Association and all of the Old Boys, the School and the Marist community for the support and goodwill extended during 2011. We look forward to 2012 and the implementation of the Jubilee Campaign as we move towards the School's 75th birthday in 2016. It continues to be a privilege to work with people who share their time, their resources and their vision with the St David's Marist Inanda Foundation.

Lara Klement
Foundation and Marketing Manager

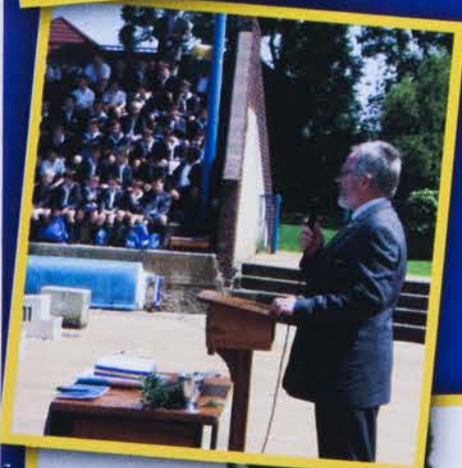

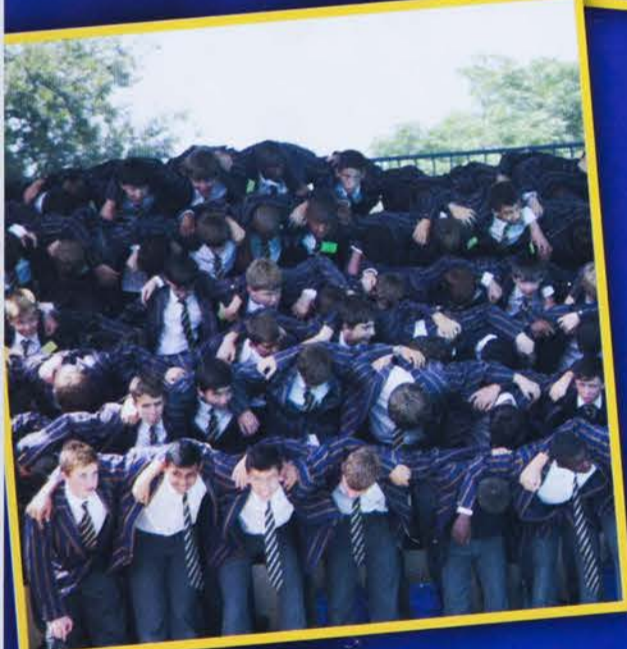

70th Birthday

St David's 70th Birthday

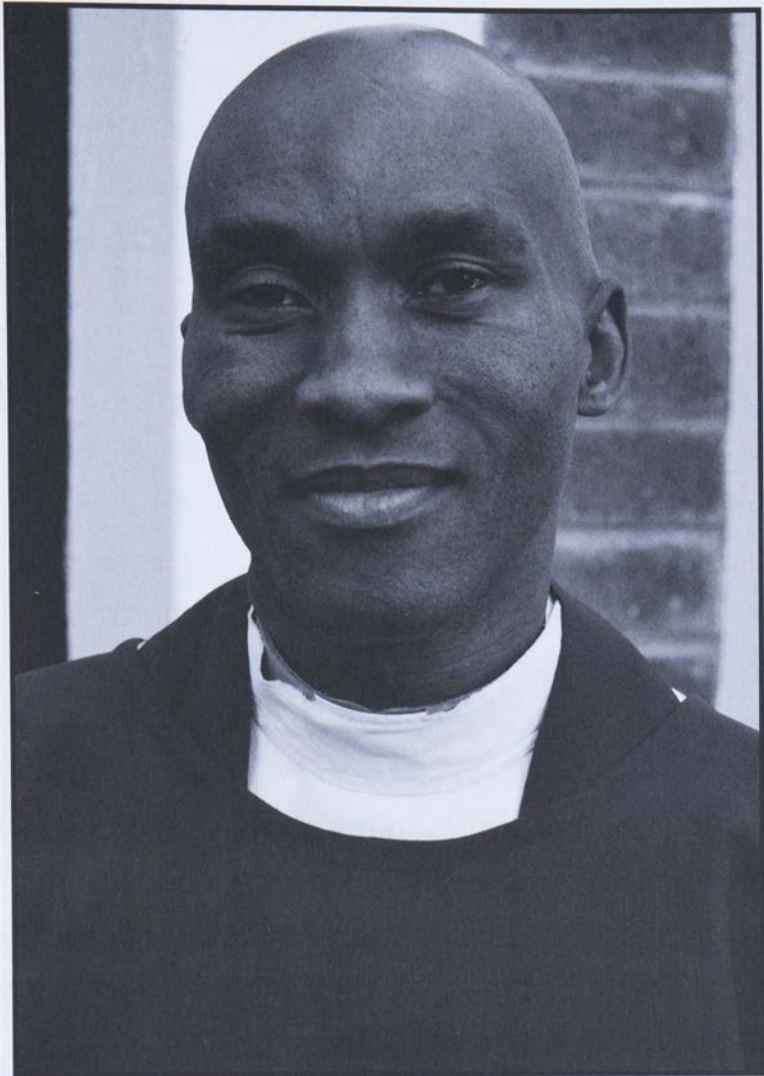

St David's celebrated its 70th Birthday in 2011. This special event was celebrated with a Mass, a cake cutting ceremony and doughnuts and coke for the pupils. Father Teboho blessed the school at the cake cutting ceremony. A black tie dinner dance was held which included Old Boys, parents and staff. The school has made great strides since those early days in 1941 when the school was situated in the peri-urban area of Sandton. We now have 1200 pupils and 200 staff members. One of the significant additions to the school is the beautiful Chapel of Mary which had been anticipated for many years. The St David's family has much to thank those early Brothers' for, particularly their insight.

CHAPLAIN'S NOTES

COURAGE, FAITH AND BELIEF

When you read the following texts: Matthew 14:22-33; Mark 6: 45-52 or John 6:15-21 you will hear the story of Jesus walking on water.

I remember my first day at school many, many years ago. My elder sister took me to school; I was so scared to be left there with people / children I did not know. The previous night had been most exciting. My clothes had been prepared and my books were beautifully covered with my name written on them. My school bag was new, as were my school uniform and shoes. However, that was not important or on my mind when I was taken to school the following day. It was the worst day of my life, and I cried a great deal. My sister, seeing what I was going through, looked at me and said with a smile, Teboho you will enjoy yourself at school with other children, nothing will happen to you and I will come and fetch you after school. I looked at her with disbelief; she smiled and kissed me on my forehead. As soon as she dropped me at school she walked back and a teacher came to fetch me and took me to my class. In the class I asked to sit next to the door so that I could go out whenever I felt unsafe or scared.

When I think about that today, I laugh at myself because there was no need for me to be scared. In fact, I was safer there than in any other place besides being at home. And I think that is what we all go through. We become scared of the unknown, especially in situations where nothing or no one will harm us. Have you been really scared in your life?

The Gospel of Matthew 14:22-33 tells us about the fear that the disciples of Jesus felt. The story indicates to us that even the disciples of Jesus were afraid to be alone they needed Christ to be their pillar and sole provider.

The story goes like this: "Then Jesus made the disciples get into the boat and go on ahead to the other side of the lake, while he sent the people away. After sending the people away, he went up a hill by himself to pray.

When evening came, Jesus was there alone, and by this time the boat was far out in the lake, tossed about by the waves, because the wind was blowing against it. Between three and six o'clock in the morning Jesus came to the disciples, walking on the water. When they saw him walking on the water, they were terrified, "it is a ghost!" they said, and screamed with fear. Jesus spoke to them at once. "Courage!" he said, "It is I. Don't be afraid". Then Peter spoke up, "Lord, if it is really you, order me to come out on the water to you". "Come!" answered Jesus. So Peter got out of the boat and started walking on the water to Jesus. But when he noticed the strong wind, he was afraid and started to sink down in the water, "Save me, Lord!" he cried. At once Jesus reached out and grabbed hold of him and said, "How little faith you have! Why did you doubt?" They both got into the boat, and the wind died down. Then the disciples in the boat worshipped Jesus. "Truly you are the Son of God!" they exclaimed.

In our lives we are afraid of the unknown and sometimes we interpret life for ourselves and we are still afraid of the results. The Disciples of Christ, were afraid and Jesus seeing what was in their hearts said to them, "have courage, it is I". Peter said "Lord if it is you order me to come out on the water to you". Even Peter, after hearing Jesus saying, "It is I", still did not believe that it was Christ, the Son of God. Are we not like Peter? Don't we always doubt Christ's existence and presence? Even though He reveals himself during Mass and Benediction, we still doubt that it is He. And when our life has disaster, turmoil or frustrations, we then ask ourselves; "where is God when it hurts?" This reminds me of a book I once read entitled; "Where is God when it hurts?" This book, written by Philip Yancy, won a Gold Medallion Award and has been an inspirational best seller for over twenty years.

Yancy consoles readers who do not see sense in life and suggests how to reach out to someone in pain even when you don't know what to say. It is a thought provoking book which helps one to accept without blame, anger or fear that which we cannot understand. We try to find God, but we cannot because of our own blindness. God is

CHAPLAIN'S NOTES

everywhere, but we cannot see him because we are blind. And blindness makes us constantly fear the unknown.

Susan Jeffers in her book entitled; "Feel the fear and do it anyway", says fear is a feeling that comes and goes and we should approach it as a challenge because if we don't we will constantly be in fear for the rest of our lives. Going back to my story of being fearful on my first day at school: on that day there were many children at school and many were there for the first time and yet they faced the fear and did it. Again there were many others who had previously faced this same fear, and had moved on to higher grades. We all have the innate power to master our fears but we are not aware of it because it has not been realized. Once we realise this, we can conquer our fear. St. David's Marist has made me realize that the power that God gave me is and will continue to be visible. I had many questions when I first started as chaplain of this beautiful and prestigious school.

The first question I asked myself was, will I cope with the school, my two parishes, studies and sports? I prayed and I felt that God was not listening to my prayers and so I spoke to my spiritual director, who advised me not to take up the post if I was afraid. With all this, a voice inside me said, "What are you afraid of, go for it you will make it, give it all your best, remember it is I, have courage. If you fail then you will know that at least you have tried". The first few months were definitely very difficult especially travelling back and forth to and from school to parish, and delivering homilies for the boys. Difficult and challenging as it was, I managed to conquer my fear and uncertainties. Susan Jeffers taught me to accept my power (within) and be loved.

When I speak about fear it also reminds me of the group that was confirmed at Rosebank parish on the 30th of September 2011. These young men were finding it difficult to attend their extra classes, especially on Thursday mornings where Mr Pat Lenye, (RE Co-ordinator) gave them instruction for confirmation. They were scared because they did not know what was in store for them. I remember on the day of the practice they came with their godparents and parents to listen to the last instructions. They were excited that Confirmation was coming nearer and they were also afraid as to what the Archbishop would ask them. To their amazement, the evening of the 30th September was the most beautiful day of their lives. They excelled and behaved like true St. Marcellin Champagnat boys.

Two days after that, on the 2nd October 2011 we had another superb day at St. Davids chapel of Mary where our Junior Prep boys received their First Holy Communion. They too were very excited and still had that fear deep down in themselves. To be honest with you, I was also scared for them.

The service went beautifully with the professional help of Mrs Cherie Smith, their instructor. That was followed by the Valedictory Mass which was the first time I had celebrated Mass in the chapel of Mary with so many people present, especially parents and friends of the boys. I remember Mr Malcolm Williams saying to me: "these people are professionals in their fields and you are also a professional in your field and today you are going to make us proud". The butterflies in my stomach faded away for a short period of time and I took a long, deep breath. The special moment that will always remain in my mind was when the Grade 12 boys gave their mothers each a rose at the end of Mass. Well done boys!

So fear is not a word that we should be scared of but have faith, because without faith we cannot move mountains. Our faith in God and ourselves should be the driving force behind our reasoning and with that behind us we will conquer the world. We are now approaching or already in the year 2012. Let us conquer and move away from fear of the unknown. God has a plan for each one of us and, with God on our side, nothing is impossible.

I would like to thank the whole staff of St David's for their utmost and untiring support during 2011. 2011 has been a very challenging year but also a very good and exciting year. I believe that 2012, with God on our side, will be a successful year for all of us. Ora et labora.

This is the story of courage, faith and belief.

Fr Teboho Matseke

This year has again been a good one for community service in the High School. Each boy in Grade 10, 11 and 12 is required to do a minimum of 10 hours per year so that by the end of his Matric year, the minimum 30 hours has been accomplished. A vast number of our boys have gone far beyond this and been recognised through awards. It is our aim, however, to sensitise our boys to the fact that there is no greater reward than the knowledge that they have made a difference in the life of another human being.

Community service visits, organised by the school, have included the Alexandra Soup Kitchen, Rena Le Lona in Soweto, Mother Teresa's Home in Yeoville and Headway in Hyde Park. These visits entail engagement with the community through the handing out of soup, cold drinks, bread and tins of food at the Alex Soup Kitchen, teaching computers, Maths and English to the children at the after-school care centre of Rena Le Lona, taking sweets to and giving of time to the orphan children and babies at Mother Teresa's Home as well as assisting the patients at Headway. At the school itself the S.M.I.L.E programme continues on a Wednesday afternoon with the children from Ebony Park being tutored in English by our boys.

Fundraising and collections have been particularly successful this year. In the first term we hosted a Cansa Shavathon at the school and also manned a Shavathon station at the Norwood shopping centre on a Saturday morning. In excess of R40 000 was raised for this worthwhile cause. St David's again participated in the Jacaranda 94.2 Winter Warmer Campaign and more than 300 blankets were collected. Hundreds of food tins were collected on each of our civvies days and distributed at our Soup Kitchen as well as to the Rosebank Parish Soulprovider Programme.

Many of our boys have found their own community service activities during the holidays or over weekends. Three of our boys participated in the Marist Sacred Heart Refugee Holiday Programme in August. We are particularly grateful for the opportunity of visiting Maristcare in the Eastern Cape also over the August holidays. This visit was undertaken by eight of our Matric boys in the first week of the holidays.

We congratulate Chris Sexwale for achieving Specific Honours in the category of Community Service. He was the first boy to achieve this honour at St David's, to our knowledge, and we thank him for the example he has set for our Marist community.

St David's Service Camp 2011 Addo

In the true Marist spirit, with simplicity, humility and love of work, the few remaining Brothers do today what Champagnat did in rural France in the early 19th Century. They selflessly serve the impoverished and destitute in rural Eastern Cape.

On the first Sunday of the August holidays, a group of 11 St. David's representatives took the never ending road on a monotonous 13 hour journey to Addo. At Addo we were very generously and well hosted by Br. Christopher and the Mercy Sisters on their little property.

The objectives of our stay were: to paint the classrooms of a little school that Br. Christopher oversees, to deliver gifts from St. David's and to observe the work done by the Marist Brothers and the Mercy Sisters in the area.

Each morning began with reflection and prayer in the beautiful little chapel on the Brothers' property. Br. Christopher reminded us that Nelson Mandela said that no one is born hating another person. Mandela said that hate is learned and if we can learn to hate then we can also learn to love. Br. Christopher reminded us that education in schools and in the family is vital as it is here where children can learn to love. Br. Christopher said that our mission for the week of our visit would be to bring a little bit of joy and a little bit of hope to the people whom we would meet.

The first two days of the service camp were spent in hard but fruitful labour as the boys painted the classrooms of one of the small Catholic schools that Br. Christopher oversees.

As these two days were school holidays, the children were not at school. The task was tiring but the burden was lightened by the opportunity to observe and interact with the local children who came to play at the school. Although obviously poor and with very few material possessions, they were confident and friendly and they live an enviously simple life where they are able to roam barefoot around the healthy countryside and play simple and energetic games. There was laughter and joy. Although the work of painting was long and difficult, the colourful end result brightened up the classrooms and it was rewarding to help the children who have so little to look forward to.

The third day encompassed visits to two small crèches run by two Mercy Sisters who work in conjunction with the Brothers. One of the crèches is in a poor area which is a combination of new RDP houses and old shacks. The other crèche is in an informal settlement. Both of these crèches are beautifully maintained and they provide a safe haven for the small children who would otherwise be roaming the neighbourhood, mostly unsupervised. The crèches also provide a place where the children are able to get a good meal and a good grounding for later education.

Two other schools that the Brothers supervise were also visited and soccer balls that were donated to St. David's by FNB were given to these schools. Like almost all boys around the world, the boys of this area have massive eagerness and enthusiasm for soccer but their soccer fields are in terrible condition.

On this day, a visit was also paid to the school that the St. David's boys had painted. Gifts from St. David's were handed out, new soccer balls, stationery and hundreds of worksheets that the Prep teachers had kindly donated. The beanies which the St. David's community had so generously knitted and donated were very well received.

On the fourth day of the Service Camp, we visited the impressive Brother's house in Uitenhage. Here we met Br. Claude, a French-Canadian with a wonderful sense of humour. He and Br. Christopher took us to the immensely impoverished Joe Slovo informal settlement. They gave us a guided tour and we met the people who, with the Brothers' assistance, operate a soup kitchen for the hungry people of this sad place. It was good to see how the Brothers were welcomed in this grim place and how the children flocked to Br. Claude, perhaps as the impoverished children of the French Revolution would have flocked to Marcellin Champagnat. Although these were the most shocking conditions that we witnessed, it was inspiring to see the dignity with which many of these people carried themselves. Their simple but basic goodness shone through even in the dreadful circumstances.

There was also a little bit of fun as we saw elephants, were not afraid of the lions, saw the sights of Port Elizabeth and the sea. We also saw the new Nelson Mandela stadium. We played on the children's slide and we rode in the bus.

Our challenge at St. David's is to support the Brothers and the Mercy Sisters in their wonderful work, especially as their work is so specifically Marist, as it is about providing education for the destitute.

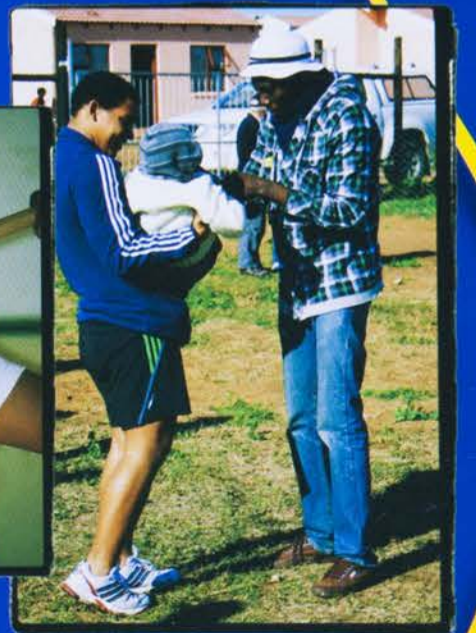

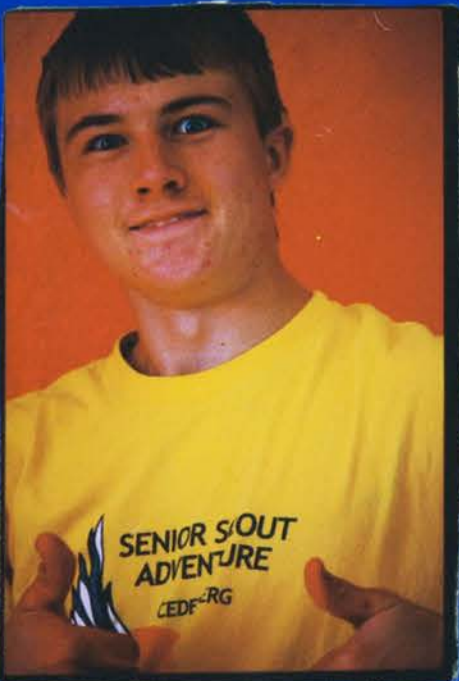

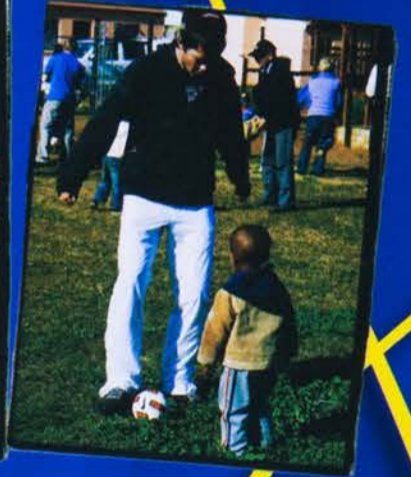

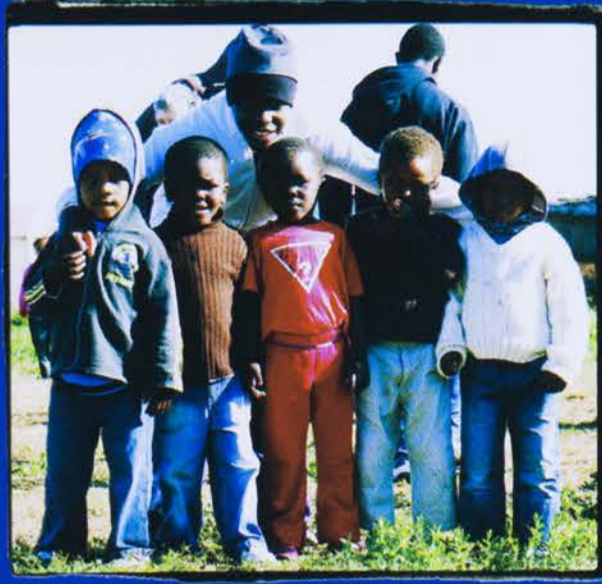

The work that we accomplished during our week's visit was but a drop in the ocean. The struggle would appear hopeless but we are reminded by the prayer of St. Teresa of Avila that, Christ has no body now but ours, no hands, no feet on earth but ours and we are called to look upon the world with compassion.

Sunday's River's Valley Service Ideas for the Future

- Soup kitchen
- Boys teaching-life skills
- Games day
- Fly down-length of road journey makes it risky
- Bigger group-basic accommodation would then be necessary
- Football court
- Kids in crèche outing-beach, dolphinarium
- Old boys involved-year group get together

CO-WORKERS REPORT

Co-Workers Report for 2011

The co-workers with the assistance of Mrs. Hatfield and Mrs. Cryer have had a most productive and successful year. Our main thrust has been to support Gallo Manor Nursery School. It consists of three classes ranging in age from three to six years of age. We are also involved with the "Just One Child" children's home.

The year got off to a good start with a major book drive. Thanks to the generosity of the St. David's community, we were able to provide an extensive collection of books for their library. Each child was also given an embroidered library book bag to encourage them to take home books on a daily basis. There were also a variety of toys, games and puzzles in the collection.

The boys interact with the children by organizing games, creating sing-songs and reading stories to them. Some of the children from the children's home, "Just One Child", require assistance with their homework which our boys have eagerly provided. At Easter time we had an Easter party from the funds raised through the raffles at the Inter-House swimming gala and Inter-House athletics. The

children from "Just One Child" came to enjoy our school concert with us. They were provided with lunch.

The following boys can be congratulated on receiving their co-workers badges: Terrance Hertz, Chesney Cilliers, Jordan Sacks, Morne Roos, Ross Ferguson, Thabo Fokane, Jaya Curtis, Thapelo Letsoalo, Michael Coetzee, Thabani Mlalazi, Lionel Mlilo, Massimo Rizzo, Simon Haddon, Duncan Mackenzie, Matthew Roos and Deen Boomgaard.

Our farewell party was celebrated at the end of November. Each child going up to Grade One was given a stationery pack and a chair bag. The younger children were given educational toys. The children's home joined us and also received stationery packs. The children also received party packs and played games. The co-workers found it difficult to say goodbye as they had become so fond of the children over the course of the year. As Matthew Roos wrote, "Co-workers was a life changing experience. It was wonderful to spend time with children less fortunate than ourselves. The smiles on the children's faces are priceless. Thank you for giving me the opportunity of making a difference in the community!"

SALT OF THE EARTH

SALT OF THE EARTH 2011 Queen Alexandra Retirement Home

The Salt of the Earth boys, together with Mrs Moorhouse and Mrs Nieman, visit the senior citizen residents of The Queen Alexandra Retirement Home regularly throughout the year. These visits from our friendly boys means so much to the residents. Mrs Jacobson and her son eagerly greet our boys with a packet of biscuits to be shared while catching up on the news of what has happened in the boys' school days.

The boys visit the residents in frail care, and then move on to the more 'able-bodied' residents for chats and laughs. Sadly this year one of the boys favourite passed away at the age of 99 – Mr Locke, a pilot in the 2nd World War. We serve tea and biscuits to the residents before returning to school.

At Easter we treated the residents to one of the famous St David's teas, giving each of them a face cloth in the shape of an Easter Bunny with a marshmallow Easter egg inside. The eggs were nice and soft and much appreciated by the senior citizens.

On one of our visits, one of the residents mentioned that the library at the Home was very limited so we put out an appeal to the St David's community for donations of 2nd hand books. We received an influx of books which we took to the Home and immediately tripled the size of their library. Thank you to all who contributed.

The manager of the Home, Joan Buchanan, asked us if we could assist the Home with new bins for the bathrooms. Using some of the money that we had fundraised by selling raffle tickets at the Interhouse Gala, Interhouse Athletics and selling biscuits on Mandela Day, we were able to purchase 24 bins from Westpak to donate to the Home. The staff was very grateful for our donation.

Mrs Koti, one of the frail-care residents, who is bed-bound, is an avid crocheter and we have continued to take her bags of wool that are generously donated. We also take knee rug blankets as they are donated to us.

At the end of November we will be having a Christmas tea, where we hope, with the generous donations from the Grade 7 families, to be able to give each resident a Christmas gift of a soap, body lotion or shaving cream; face cloth AND a box of biscuits or sweets which are soft and easily chewed and swallowed or dried fruit.

I know that I, on a personal level, take away so much from my visits to the home and it pleases me so much to see how well the boys respond to the 'old folk' and vice versa. Thank you for the opportunity to give back to the community.

Mrs L Moorhouse

Salt of the Earth Report 2011

Almost every week this year, the Salt of the Earth boys went, with Mrs Moorhouse and Mrs Nieman to visit the senior citizens that reside at The Queen Alexandra Old Age Home in Orange Grove. These visits that I have participated in have always been something that I have looked forward to. During these visits, these senior citizens always treated us with immense kindness. They were always happy to chat with us or answer questions.

Sadly these visits have come to an end as we draw to a close of 2011. To me, as well as all the other boys, these visits have meant a great deal as we feel that we are brightening up the day of the people at The Queen Alexandra in Orange Grove.

I wish all the senior citizens, as well as the very kind staff members, at The Queen Alexandra Old Age Home, a very joyous Christmas and a prosperous New Year.

Crabby Old Man

What do you see nurses? ... What do you see?
What are you thinking ... When you're looking at me?
A crabby old man ... Not very wise,
Uncertain of habit ... With faraway eyes?

Who dribbles his food ... And makes no reply.
When you say in a loud voice ... 'I do wish you'd try!'
Who seems not to notice. ... The things that you do.
And forever is losing ... A sock or shoe?

Who, resisting or not ... Lets you do as you will,
With bathing and feeding ... The long day to fill?
Is that what you're thinking? ... That what you see?
Then open your eyes, nurse ... You're not looking at me.

I'll tell you who I am ... As I sit here so still,
As I do at your bidding, ... As I eat at your will.
I'm a small child of Ten ... With a father and mother,
Brothers and sisters ... Who love one another.

A young boy of Sixteen ... With wings on his feet.
Dreaming that soon now ... Lover he'll meet.
A groom soon at Twenty ... My heart gives a leap.
Remembering, the vows ... That I promised to keep.

At Twenty-Five, now ... I have young of my own.
Who need me to guide ... And a secure happy home.
A man of Thirty ... My young now grown fast,
Bound to each other ... With ties that should last.

At Forty, my young sons ... Have grown and are gone,
But my woman's beside me ... To see I don't mourn.
At Fifty, once more, babies play 'round my knee,
Again, we know children ... My loved one and me.

Dark days are upon me ... My wife is now dead.
I look at the future ... Shudder with dread.
For my young are all rearing ... Young of their own.
And I think of the years ... And the love that I've known

I'm now an old man ... And nature is cruel.
Tis jest to make old age ... Look like a fool.
The body, it crumbles ... Grace and vigour, depart.
There is now a stone ... Where I once had a heart.

But inside this old carcass ... A young guy still dwells,
And now and again ... My battered heart swells.
I remember the joys ... I remember the pain.
And I'm loving and living ... Life over again.

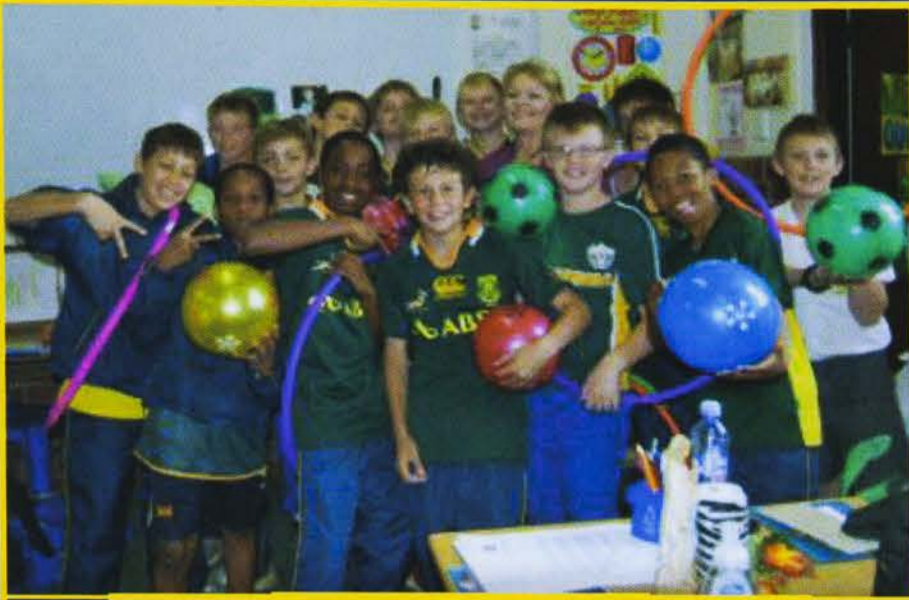

I think of the years, all too few ... Gone too fast.
And accept the stark fact ... That nothing can last.
So open your eyes, people ... Open and see.
Not a crabby old man ... Look closer ... see ME!!

PREP OUTREACH

OUTREACH TO LEROME

Visit to Lerome

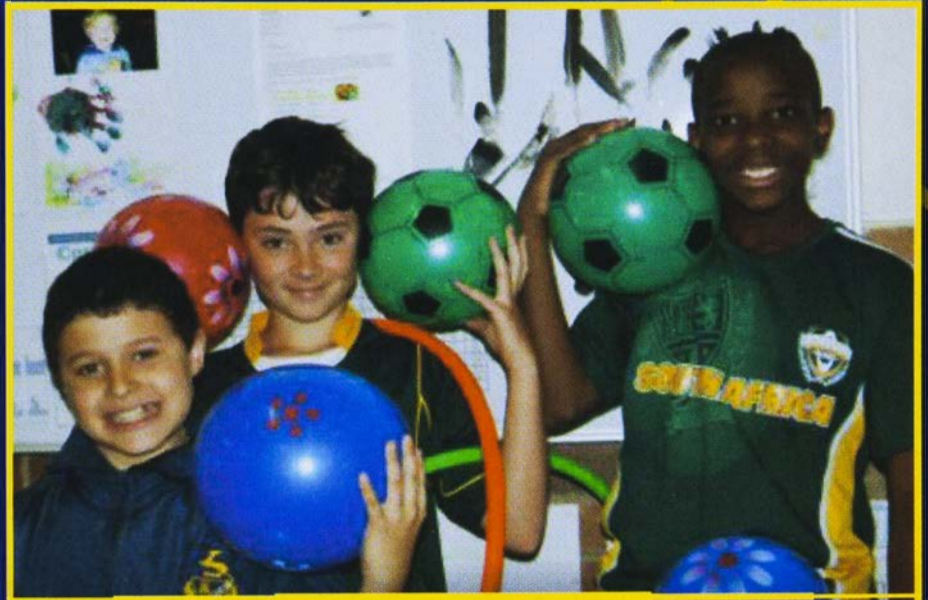

By: Roberto Borrageiro - 18 October 2011

At the beginning of my Gr6 year, Mrs G told us about the Lerome Parish which is one of the poorest parishes in South Africa. Mrs G made a promise to the people at Lerome, that each year she would try and help them with contributions and donations from the St David's GR6 boys. She asked who was interested in helping to raise some money.

My friends and I got together and stood outside the tuckshop during break asking for donations towards Lerome. Mrs G asked Jared Boden and me to count the money. When we finished counting the money, we had raised close to R1,000. After a few weeks of collecting money, Mrs G told us the target was R3,000. After a few more weeks we reached and passed the target. A few days before the trip to Lerome, we had raised about R10,000. My friends and I was so happy that we exceeded our target and that we made our teacher proud of us!

I looked forward to going to Lerome and we left at 5:30 in the morning. When we arrived at Lerome, I was proud to see the St David's badge on the Christ the King Lerome street sign. I was also proud because we had raised a lot of money to help those people that are less fortunate than us. We attended Mass and I noticed that their holy water was in a small plastic bowl. The church was full because everyone came to meet us.

After Mass, we handed out the old clothes, books, shoes and toys that we had collected. It made me feel really good and special to be able to give things away and to put a smile on their faces. I remember

especially baby Kyle's face when I gave him my old jeep! He so loved his new toy. I gave my favourite Schumacher shirt to another boy who had such a big smile on his face. It made me feel so happy to see them smile.

Everyone left the church that day with a big smile on their face. On the bus ride home, I thought about how lucky we St David's boys are to have such a beautiful school and a roof over our head. I would definitely do it again!!!

Trip to Lerome

I enjoyed the trip to Lerome because on the bus trip we were missing the rugby match but luckily Alan brought his ipad and drifter so we got to watch the first half. When we got to Lerome we went through to the church and as we got there we unpacked all the gifts to the people of Lerome.

During the Mass the people always sang and played these instruments that they made themselves. In the church it was very hot and Mandla fainted. After the Mass we gave all the children party packs and everyone came to get some clothes and toys for their families.

After the Church service we were lucky enough to go to the Pilansburg Reserve and we saw a lot of elephant. We had a picnic with everyone and we saw a snake close up in a tree on a trail. The whole day was great!

CHAMPAGNAT DAY

Champagnat Day

On Friday we had Champagnat celebrations. We went on the giant slide. We went lots of times. It was fun! Then we saw Joshua. He wanted to go on the giant slide but he got scared before he went down. Matthew and I went on the mechanical bull. I broke the record for the longest on. We saw Joshua again. He was so kind. He gave me ten bucks for a hot chocolate. It was the best hot chocolate ever! Yesterday we had doughnuts and coke after Mass.

JOSEPHA SIZANI

Champagnat Day

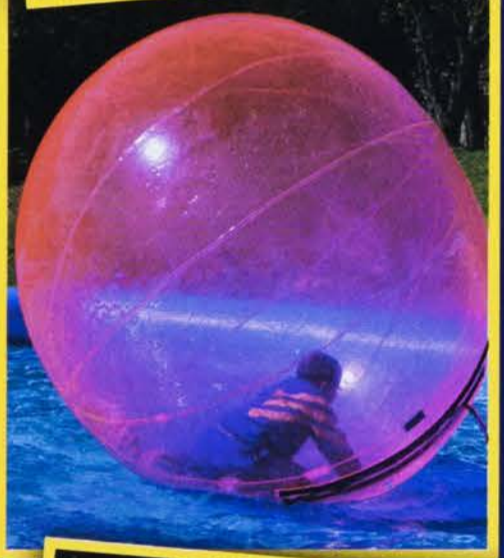

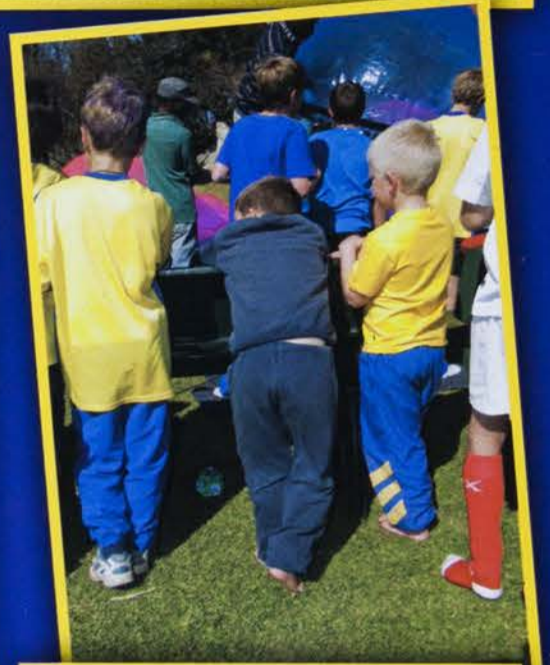

Yesterday it was Champagnat Day. We celebrated it at the pool. We got coke and doughnuts and had Mass. It was fun. It was spitting with rain. The matric boys each had to bring a Grade One boy. They brought them half way around the pool. On Friday we had a fun-fair. I paired up with Luke. We bought R150 worth of tickets. We bought pancakes, sweets, drinks, hot dogs and toys but we spent most of it on rides. There was a giant slide, an indoor parachute, waterballs and a mechanical bull.

GARETH COWARD

Champagnat Day

Yesterday was the 6 June. We had a special Mass and then coke and doughnuts. St Marcellin created the Marist Brothers. On Friday I went on the giant slide, the waterballs, the parachute and the bungee jump. I bought a croissant and a drink. We had fun on the mechanical bull. We played soccer and went home.

HEADMASTER'S REPORT

Mr R Wilson

"I have a dream..."

I wonder how many of us know more than those four immortal words from a speech which was delivered on the steps at the Lincoln Memorial in Washington D.C. on August 28, 1963? In this day and age: I wonder how many young adults or school children even know who delivered what must rank amongst the most powerful speeches in history?

Of course, Martin Luther King spoke those words and they have resonated ever since. What started off as one man's fervent desire to wish for racial equality, social justice and the uplifting of the poor in the USA took on far further reaching significance across the world. It ended, with King praying for the day when the citizens of the USA could all sing out the words of the old spiritual: "Free at last, free at last. Thank God Almighty, we are free at last."

This speech became a rallying cry, a touchstone and an inspiration for millions.

I too have a dream. I am, however, just an ordinary man who is blessed by working in an extraordinary school with extraordinary people. I too have a dream, and whilst it may not be on the same scale of grandeur as the dream of Martin Luther King: it is as important to me as his dream was to him. Martin Luther King's dream was for a better future, mine is of the present. Martin Luther's dream was about the USA in particular and indirectly, the world in general. My dream is about this school. Martin Luther King's speech ultimately cost him his life – I sincerely hope that mine here tonight, will not!

I cannot help feeling a huge sense of pride in our school. One of the weekly highlights of my position is taking prospective parents around the campus, this after I have given them a thorough overview of who we are and what it is we try to accomplish with our young Marist men. I always hasten to add that I am, of course, naturally biased but that in my opinion the boys themselves are better at school marketing than I am. We then walk around and pop into classrooms and such is the spirit, friendliness and positive energy exuded by the staff and boys: that I don't have to say too much more thereafter. Yes - I am an ordinary man but I work in an extraordinary school and I - am living my dream.

When looking into the crystal ball at the future of St David's, I see the most exciting times. All too often we are measured against our main rival schools in the Northern Suburbs but I believe such comparisons are odious. We have no desire to be like anyone else, we just want to be the happiest and best St David's that we can be. When I glance back at the journey over the past 15 years, I never cease to be amazed by the development and the positive changes we have made and that by a quirk of human nature: we all too often just take for granted. Of course it takes people of action and courage to turn dreams into reality, but that is an attribute which has never been found wanting in this school.

At his Prize Giving, my colleague Malcolm Williams spoke passionately about Steve Jobs, the founding father of Apple, a man who undoubtedly had the ability to convert his dreams into reality. People like Jobs, Richard Branson and Bill Gates are quite special as they seem to have the ability, drive and focus to be able to do this on a continuous basis. They also seem to avoid having a 'mission accomplished!' mindset. For them - there are always new dreams.....

I wonder how many of us have 'bucket lists' – things we'd like to do whilst we're still around? How many of us will convert those bucket lists into reality, or will they just remain fanciful thoughts? Bucket lists are like dreams. Three things on my personal bucket list include: playing a round of golf at Augusta, driving a Ferrari for a day and having Willy Castle wear a Liverpool shirt and sing, "You'll never walk alone," to me! Two of the three are possibly achievable. I think we all know which one isn't! I'm sure his response will be: 'Dream on!'

It would seem that while most people spend most of their lives struggling to earn a living, a much smaller number seem to have everything going their way. Instead of just earning a living, the smaller group is busily working at building and enjoying a fortune and a future. Everything just seems to work out for them. And here sits the much larger group, wondering how life can be so unfair, so complicated and unjust. What's the major difference

HEADMASTER'S REPORT

between the little group with so much and the larger group with so little? Despite all of the factors that affect our lives, like the kind of parents we have, the schools we attended, the part of the country we grew up in, none of these factors has as much potential power for affecting our futures as our ability to dream. The smaller successful group have learned how to convert those dreams into reality.

Dreams are a projection of the kind of life you want to lead. Dreams can drive you. They can make you skip over obstacles. When you allow your dreams to pull you along, they unleash a creative force that can overpower any obstacle in your path. To unleash this power, though, your dreams must be well defined. A fuzzy future has little pulling power. Well-defined dreams are not fuzzy - wishes are fuzzy. To really achieve your dreams, to really have your future plans pull you forward, your dreams must be vivid.

We've all got to be dreamers: parents, teachers and you my boys. We've got to learn to envision the desired future. We've got to see the summit while we're in dark valleys. We've got to see the finish line while we're running the race. We've got to hear the cheers of success when we're in the middle of a mammoth project, and we've got to be willing to put ourselves through the paces of doing the uncomfortable until it becomes comfortable, because that's how you realize your dreams.

A couple of weeks ago, we took the Grade 7 group aside and outlined what was going to happen over their last few weeks in the school and also what our expectations of them were going to be. We also emphasised that as Grade 7 year groups go: theirs has been one of the finest in recent years. This group of young men have given much to their school and in the process achieved much. Their accomplishments in the fields of academics, sport and cultural pursuits are praiseworthy. They are the winners of 7 academic scholarships to high schools including our own and they have 17 Area or Provincial sportsmen in their ranks. Matthew Roos and Rowan Mockler also served the Mini City Council with distinction.

More than that however, these boys have conducted themselves in a manner befitting of St David's boys and we are justifiably proud of them. Whilst they have already achieved much, the bigger part of their lives still lies ahead. I dare these competent boys to be dreamers; I challenge them to strive to fulfil their dreams.

I would like our Grade 7's in particular, to listen to the following true story for it beautifully highlights what it is I am trying to convey to you:

One rainy afternoon, an outwardly unremarkable 15 year old boy named John Goddard sat down at his kitchen table. He couldn't go outside to play with his friends because of the weather. He was bored, so he found a writing pad and wrote at the top "My life list."

Under that heading, there were eleven different categories and under those categories he wrote 127 goals – things he would like to do in his life. Some were quite straightforward to achieve – others were hugely ambitious.

These are a few he wanted to:

- Explore:** The 8 major rivers of the world including the Amazon, Nile and Yangtzi.
- Climb:** The world's 15 greatest mountains.
- Visit:** Every country in the world (there are 203 and at the last count he had 4 to go!).
- Learn:** to fly a plane.
- Make:** a career as a doctor in medicine and as an explorer.
- Photograph:** nature's most beautiful sights around the world.
- Explore:** the 10 greatest underwater sites in the world.
- Visit:** the most amazing wonders of the world including The Great Wall of China, Taj Mahal, Ayer's Rock, Easter Islands, and the North and South Poles.
- Swim in:** The world's 6 greatest lakes.

He also wanted to accomplish the following:

- Dive in a submarine,
 - Land and take off from an aircraft carrier,
 - Ride an elephant, camel and an ostrich.
 - Fly in an airship, glider and hot air balloon.
 - Do a parachute jump.
 - Learn to play flute and violin,
 - Photograph all the great beasts of the world including whales.
 - Star in a Tarzan movie.
 - Read the entire Encyclopaedia Britannica (over 10 thousand pages!)
 - Sail around the world – (which he has done 4 times)
 - Visit the moon.
-and so on!

John Goddard is now 86 years old and has achieved 114 of his 127 childhood goals. He hasn't been to the moon, or starred in a Tarzan movie, but some of the other goals, which you and I would not even dream of attempting – he has accomplished. His person motto is: "To dare - is to do, to fear - is to fail."

Why do I tell you this story? For two reasons: I personally found it fascinating! I'm one of those people who watch the Comrades Marathon or Argus Cycle Tour on television

HEADMASTER'S REPORT

and then say to myself "Hmmm... I'd like to try that!" but I NEVER even make a start at doing so! (Maybe I am more ordinary than I would care to admit?) I wonder how many of us harbour those secret goals and dreams but don't write them down, or even take the first step in trying to accomplish them?

The real reason I tell this story though is that I hope that you, the boys in front of me, especially the Grade 7's, will not be afraid to try and 'live your dreams.' Boys, if you want to do anything in life – don't be afraid to try. The biggest mistake we all make is thinking of reasons why we can't do things, instead of working out how we CAN actually do them.

I hope you all have BIG dreams and that you possess the fortitude to make many of them come true!

Yes, I am living my dream in a school which has achieved so much in the past year. As you are aware, 2011 is our school's 70th year of existence. To celebrate this milestone we put on a drama production celebrating those 7 decades through song and commentary. Every boy from Grade 4 – 7 had a part.

Our academic results have once again been impressive and in the National AMESA JET Maths challenge Jared Land was the only child in the country to achieve 100%.

Our sporting results on the whole have also been pleasing. Our Tennis players won the Sun City Inter-schools Championships for the 4th time in succession and our canoeists retained their South African Primary Schools Sprint Championship for the second successive year.

Our depth in swimming was once again evident as our 'A' team were victorious in the season ending Prestige Gala for a record 13th consecutive time and by a record margin of 58 points. They remain unbeaten in any gala for the same period of time – 13 years! Our 'B' team too won their section of the Prestige by 52 points.

Our sporting win rate overall this year is greater than The Springboks, Proteas or Bafana Bafana and certainly greater than the current Liverpool team – which might not be saying much!

To my staff, I once again thank you for your hard work this year, for your investment in the boys and for being a teacher in this school. By your collective, herculean efforts, you make my job easier and so much more enjoyable. Tonight, we bid farewell to Mrs Clare Hedding who is retiring, Mr Page who is relocating to the Cape and Miss Kirsty van der Westhuizen who has been appointed as Head of Music at St Peter's in Nelspruit. We thank each

one of them for their dedication and input into our school. I especially thank Mr Page for acceding to hand out our special prizes tonight.

To Mr Greeff, Mr Williams, the Board and my long suffering wife Gerry - I thank you for your wise counsel and unstinting support.

To you, the parents, who so willingly support us in terms of time and contribution to our Outreach programmes, thank you. You are making a huge difference in the lives of the less fortunate and in so doing you are demonstrating to your sons the importance of having a philanthropic attitude in life.

And finally, to you the young men of the Prep school – thank you for being the boys you are. Your value to this school lies far beyond your academic, sporting or cultural achievements. Your value lies in your uniqueness, your spirit, your love of life and the zest you bring here each day. Remain the fine young men you are and have BIG dreams.

I usually end my speech with an Irish Blessing, but tonight I ask your indulgence as I deviate slightly. An Irishman named Muldoon lived alone in the countryside with only a pet dog named Rooney for company. One day Rooney passed away, and Muldoon went to the parish priest and asked, "Father, my dog is dead, could ya' be saying' a Mass for the poor creature?"

Father Patrick replied, "I'm afraid not; we cannot have services for an animal in our church, but there are some Baptists down the lane, and there's no telling what they believe. Maybe they'll do something for the creature."

Muldoon said, "I'll go right away Father. Do ya think EUR 50 000 is enough to donate to them for the service?"

Father Patrick exclaimed, "Begorragh! Why didn't ya tell me the dog was Catholic?"

I have a dream and a prayer that next year will be even better and even happier than this wonderful year has been.

I wish you a Blessed and Happy Christmas.

Thank you.

Leopard

Leopards weigh 70-180 pounds with a body length of 4-6 feet. Leopards are strong tree climbers. Leopards hunt on land and in water-they are great swimmers. Leopards are solitary animals. The leopards does not normally chase its prey. Leopards are nocturnal predators. Leopards are well know for their cream and gold spotted fur, but some leopards have black fur with dark spots. These black leopards are often mistaken for panthers

UMSHADO WESIZULU ZULU WEDDING

BY: KYLE FORD

1. LABOLA

- a) Labola is paid by the groom using cows.
- b) Labola is paid by using 11 cows or money. Sometimes if the groom is rich the brides parents will take the advantage.

2. UKUVUMA ABAKHWENYANA

- a) This function is done by the bride and bride's parents. They will prepare the wedding for the bride's and groom's village if everyone comes to the wedding. There is no invitation required as everyone is welcomed to the celebration.
- b) Some people like to have two weddings, the first is a Western wedding held in a church while the second is a Zulu wedding held at the village. The Zulu wedding is done at the bride's village.

3. UMSHADO

- a) After the church, the bride and groom then change clothing and wear their traditional clothes. The groom will wear skin loincloth. The bride will wear traditional headaddresses, beaded necklaces and soft leather aprons. When two Zulu people marry each other, the marriage unites two people. It also unites two families. During the wedding, traditional dancing is an important part. Sometimes, the relatives of the bride and of the groom compete to see who can dance the best.
- b) "We bhuti, we bhuti, bhuti mina ngi hamba nawa hamba nawa" are the chorus lines of the wedding song. You can listen and view to Ndihamba Nawe - Wedding Song On YouTube.

LIBRARY

Library Report 2011

The past year has been filled with lots of fun and activity for the boys, with boys visiting the library daily to borrow a favourite title.

Our Reading Alive Week began with a talk given by Mrs West in the viewing room to our moms giving them some guidelines to help them instil a love of reading in their sons. Book Character Day saw our Grade 1, 2 and 3 boys and some staff dressed as their favourite characters from Literature and had the opportunity to model their costumes for their peers. Each boy had to bring the book that featured their chosen character and tell their class about the book or the character.

As part of the Reading Alive Week's activities, the Grade 4 pupils had a "picnic" in the library with moms coming in to read stories to small groups of boys. Our Grade 7 pupils chose stories or poems to read to the younger boys in Grade 2 and 3.

The ever popular Hooked-on-Books presented an animated, highly amusing show for the whole school. Their production features excerpts from popular children's literature and they cleverly draw the boys in to the point where they just have to know what happens next in the story. Subsequently there was a rush on the library for the books showcased.

To promote and encourage the older boys to read, we got them to write reviews on their favourite titles and post

them onto their own class 'Weebly' website. This proved very popular as the boys could share their reading with their peers.

Our annual Zulu Fireside Tales proved an enormous hit. Thisha Nkosi enthralled us with her Zulu folk tales around the fire while Mrs West and Malcolm Williams presented some excerpts from Roald Dahl's Revolting Rhymes for the parents. They also drew parents in, to read some amusing nonsense rhymes.

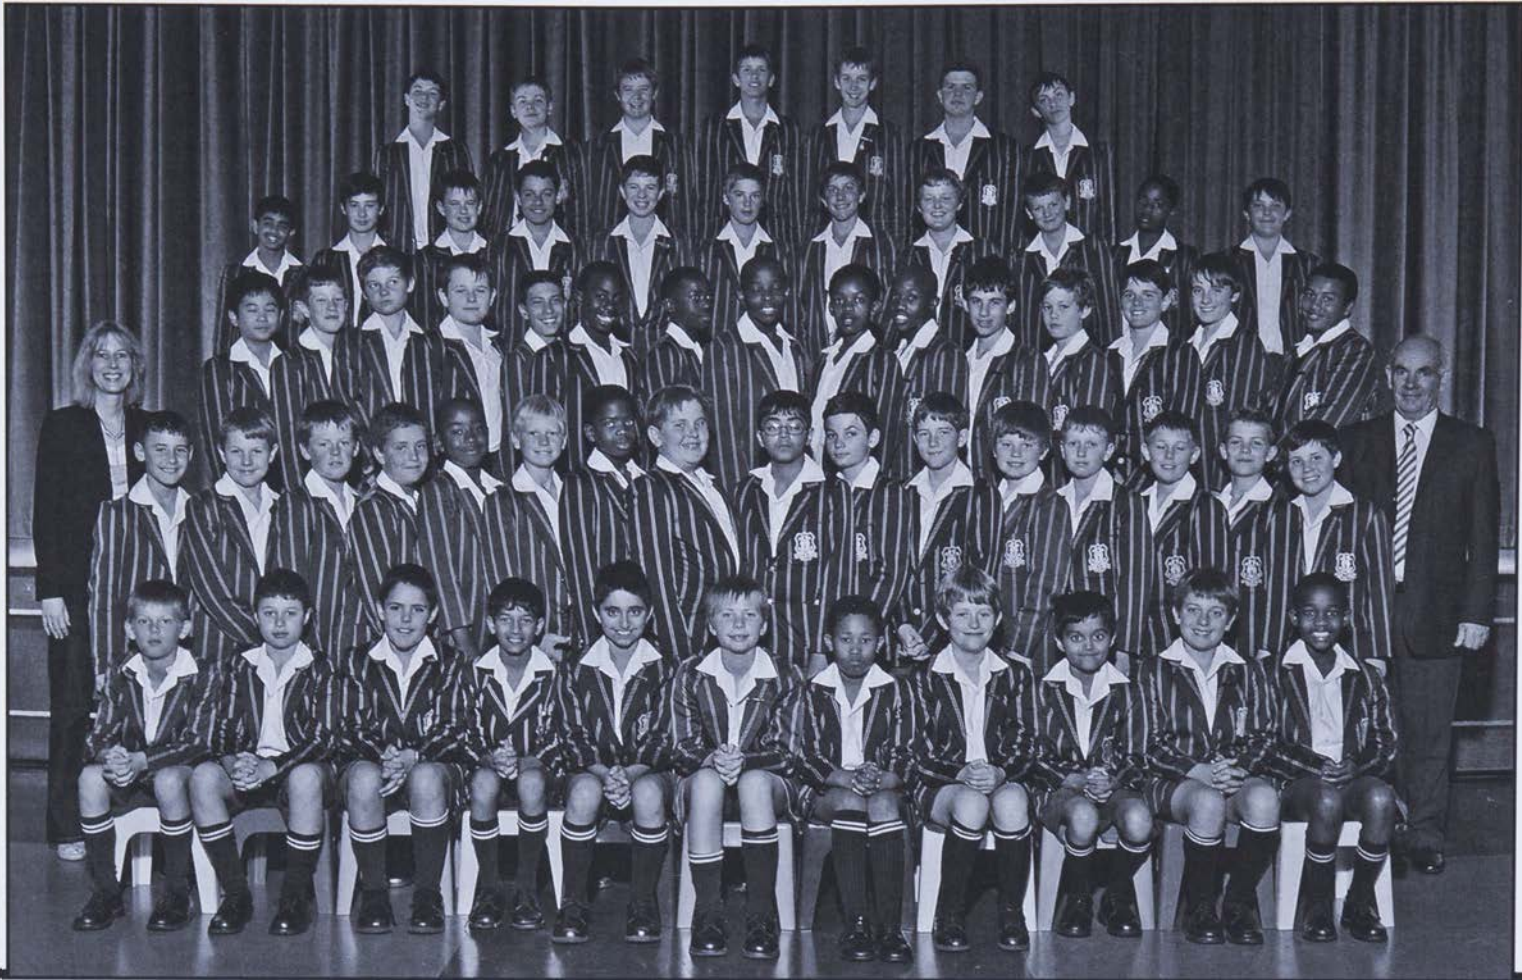

A new "Super Champ Challenge" was introduced for the Grade 3 pupils where they were given a number of challenges to complete. One of them, "The Book Wise" challenge proved to be very successful. It was encouraging to see so many boys receiving their "Book Wise" challenge certificate.

Four of our Grade 6 and 7 boys, Joshua Van Der Velden, James Horsfal, Danya'l Mayet and James Hancock took part in an inter schools General Knowledge quiz hosted by Brescia House. Their teams came 1st, 2nd and 3rd and the boys had a great time working with boys and girls from the other schools.

Most popular titles in the library this year were: the 'Diary of a Wimpy Kid' books; 'Beast Quest'; the Bear Grylls True adventure volumes; the 'Cherub' and 'Henderson's boys' series; and the Percy Jackson novels. This proves that no matter what our age, we all enjoy a good laugh, lots of thrills and spills and some high intrigue!

MUSIC DEPARTMENT REPORT

Events during the year included two very successful Music Soirees, one in the first term and one in the third term. We combined the Prep and High Schools in both performances, with many talented soloists as well as our Choirs, Marimba Bands and Drumming group performing. We are thrilled that audience attendance continues to grow with each Soiree.

A number of Music pupils played Trinity Guildhall, Rockschooll, and Associated Board of Royal Schools Music exams in May, June, and September this year, on Piano, Saxophone, Trumpet, Trombone, Guitar, and Drums. It is pleasing to see the number of boys entering for these external exams increasing each year, with very pleasing results – many boys achieved Merits (above 75%) or Distinctions (above 85%) for their exams.

Our Choirs and Bands also participated in and performed at numerous events this year – please refer to the individual reports for each group.

Well done to all of our Music pupils on excellent performances throughout the year – it is so exciting to see the enthusiasm that the boys have for making music. Keep it up, boys!

Ms Belinda de Villiers
Director of Music and Drama

PREP SCHOOL CHOIRS

EVERY CHILD CAN SING!

The Grade 2 and 3 choir consisted of 33 talented and enthusiastic boys this year. This part of our Music department is developing at a steady pace and our Senior Prep Choir will certainly benefit from this in the future. Thank you for your commitment, boys! See you in one of the choirs next year.

For the first time our Grade 4 and 5, and 6 and 7 choirs were amalgamated into one Senior Prep Choir, finally realising a dream we have had for some time. This means we now have beautiful Treble voices and rich Alto (and some Tenor and Bass) voices in one choir.

It has been a very busy year with performances at numerous occasions. We started the year with a one day choir “camp” at school and ended with a very special Carol Service.

Our two choir leaders, Nicholas Daras and Massimo Rizzo did a sterling job. Thank you, gentlemen!

To our very talented and dedicated Grade 7's: Thank you for all your hard work. We shall miss you next year. May you always sing!

Mrs Susanne Human and Mr Ron Thackwell

Prep Marimba Bands

This year saw the growth of 2 new marimba bands in the Prep School. The 4 bands were made up in age groups from under 10's through to Opens. All 4 bands received the opportunity to play in the Music Soirees and the boys showcased their talents in the various age groups.

The under 12 and Open Marimbas Bands were invited to play at St David's 70th Birthday which was a most prestigious event. The Open Band took part in the St Stithian's Marimba Festival for the first time and proved to be top standard. With over 40 boys having the opportunity to now play Marimbas in the Prep School, this ensemble is quickly growing.

Ms Kirsty van der Westhuizen

PREP SCHOOL PLAY AROUND ST DAVID'S IN 70 YEARS

Seven decades. 300 boys on stage. Proud and surprised parents.

For the school's 70th birthday we decided to stage a musical about the past 70 years in and around St David's. All Grade 4 – 7 boys were involved, making it the biggest Prep School production ever staged. The boys worked very hard and really did themselves proud. The Grade 6 and 7 boys, who took on the lead roles were excellent in their interpretations of the characters.

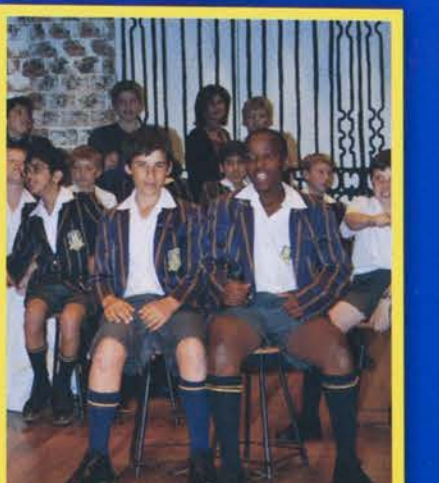

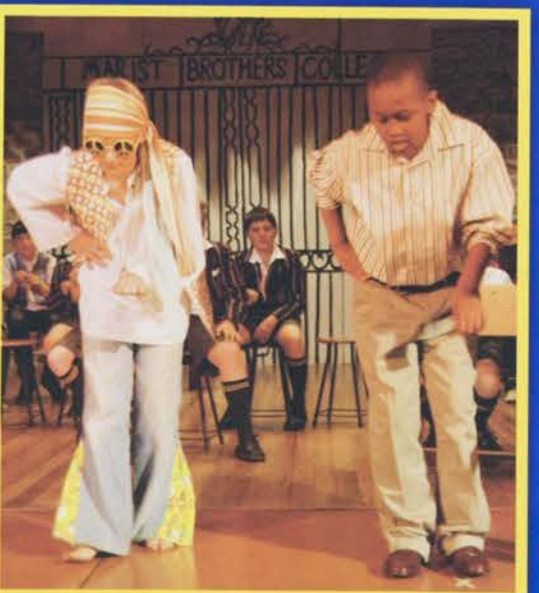

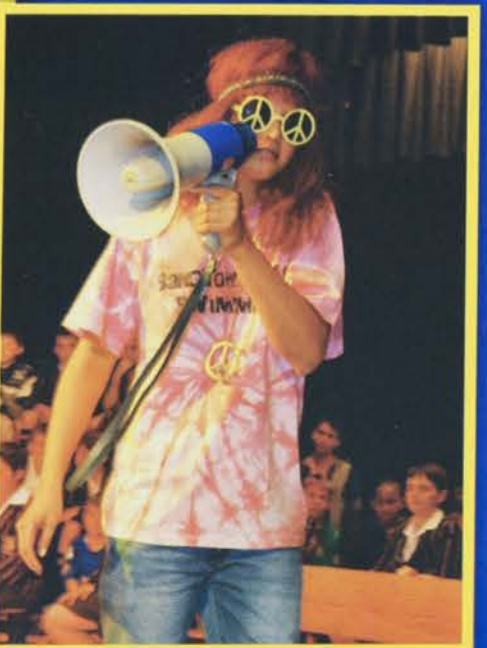

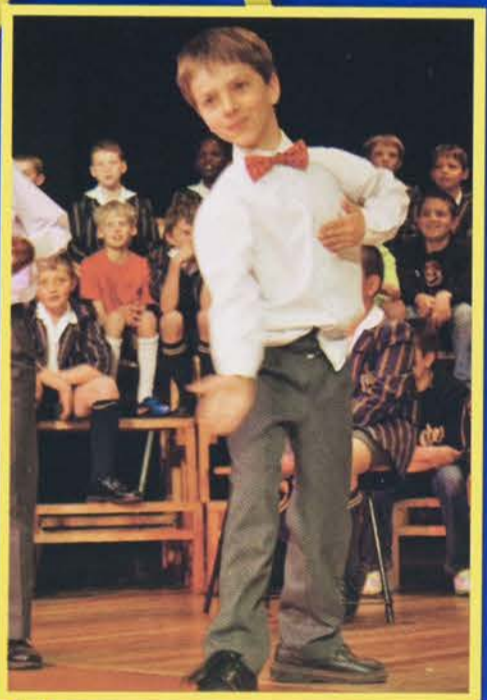

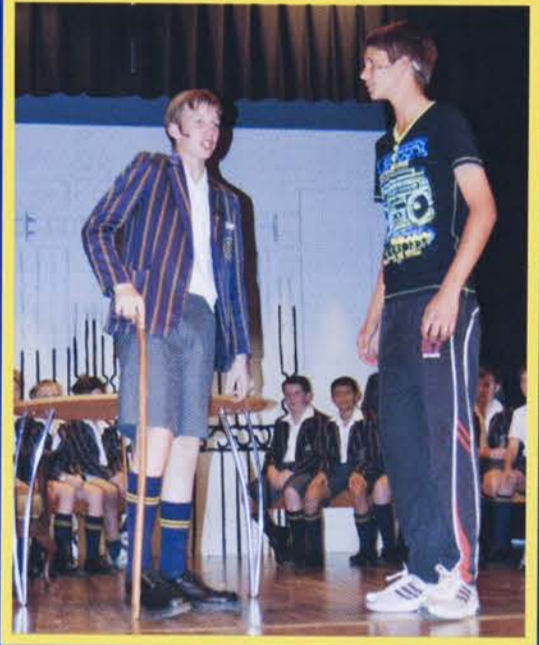

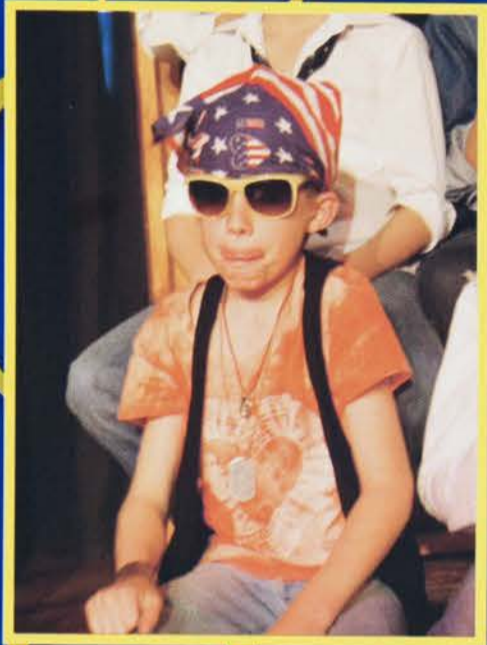

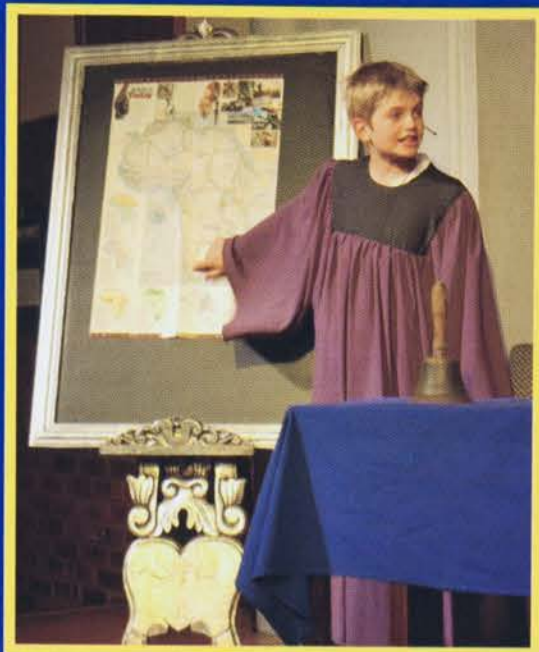

There were many highlights: the Grade 4 “Jitterbug” dancers, the Grade 5 costumes and wigs, the Grade 6 hair inspection song, the Grade 7 percussion number, staff appearing on stage and often using ad lib (which kept the more serious actors on their toes), the finale with 300 boys on stage together...

The boys' talents and enjoyment were evident in every one of the three performances, which were watched by many proud parents.

GRADE 1

The Grade 1N boys were asked these questions.
If they saved a jar of money what would they do with it.....

Troy Ackermann

I would spend it on lots of different toys to play with them.

Trent Bartlett

I would spend it on a big goal because that is my favourite sport.

Conor Buck

I would save it in the bank to buy a car when I'm big.

Junior Chalumbira

I would use the money to go to Disney Land.

Angelo De Aguiar

I would spend it on a guitar because I want to play music.

Dominic Di Nicola

I would buy a ticket to watch rugby at the Lion's stadium because my dad goes a lot and I don't.

Jasper Druce

I would buy Lego because I like to build interesting things.

Ryan Du Chenne

I would buy a rugby ball because so that when my friends come over we could play rugby.

Luca Ferreira

I would buy a remote control motorbike.

Liam Graham

I would spend it on my house because the roof is chipped.

Simon Henson

I would buy some more Lego because I want to build a Lego city.

Adam Jack

I would buy a cricket bat so that I can play cricket with my brother.

Carlton Karani

I would get a toy plane to play.

Dayne Levick

I am going to keep it to spend on a house when I'm older.

Matthew Miller

I would give it to the poor children so that they can buy food and clothes.

Alessandro Nahman

I would save it so that I can keep it if I don't make a lot of money when I'm older.

Joshua Povall

I would buy a cricket bat to give to a kid in Zimbabwe in a poor school.

Nicholas Robinson

I would get a Swiss army knife so I could use it when I go camping.

Nicholas Rundle

I would put it in the bank to give to charity later on.

Tigran Sennett

I would give it the other schools that don't have money to make their school better.

JOSHUA MILLAR - My First Holy Communion

On Saturday I went to a retreat. It was fun. We had baton races, watched a movie and had a break. We had orange juice. My dad gave me my Jesus cross and chain. On Sunday I went to do my First Holy Communion. I liked my candle. My mother loved her flower. My cousin gave me a Lego City police station. My gran gave me a beautiful rosary which is now in a safe.

MATTHEW ANDERSON - My Weekend News

I went to the show but they did not let my dog in the show. We drove and we found a place that was called Mabula. It was fun. We slept there. We went on a game drive. I saw the white rhino, an ostrich, a zebra, buck, impala and more. Then we went for dinner and danced the Zulu dance.

JOSHUA STREVER - My August Holidays

On the 20th of August we flew to Umtata airport. We had to drive for two hours in the car to get to Umgazi. I was very happy that I was there. I had lunch and then I went fishing and I had a fun time. The next day I played nine games of pool and I won eight games. Then I had breakfast.

Books Alive Week

On Tuesday night I went with my friend to the Fireside Tales. It was really fun and after the stories, we got hot chocolate with a marshmallow. On Wednesday we saw Hooked On Books. It was really nice. On Friday I dressed up as Diary of a Wimpy Kid. After that I went to the picnic. I had hot chocolate and a gingerbread man. The story was nice. I liked it a lot.

Matthew Bowman

James' Worst Day

James woke up and watched a bit of tv. Then he went outside to wash Mom's car because it was very dirty. He put some soap on the car and washed it. Then he put some soap on the back and front of the car. When he was finished, he went into the house. When he came back out, some rain came down with big drops. Then he had to clean it again. He said, "This was never my favourite job!"

Happiness is:

The weekend.
When it's your birthday.
Getting breakfast in bed.
Helping charities.
Getting a wii for your birthday.

Getting 100% in a big test.

Winning an ipod in a competition.

Seeing India win the ICC World Cup.

Meeting the whole Indian cricket team!

Boredom is:

Waiting at the thatch for your mom when it's raining.

Doing dictionary work at break.

Shopping for hours.

Never getting past a certain level on Wii.

Getting a haircut.

Doing your brother's homework.

When it's been raining for days!

Reading the same word over and over again.

James Adelaine

Humour is:

When you hear a funny joke.
When you kick a ball and miss.
When you see funny clowns.
When someone falls asleep
at school.
When your dog eats your
ice cream.

Adam De Agrela

Happiness is:

A public holiday.
Going to the movies.
Getting a new puppy.
When you can play
on the computer.
When it's your birthday.
Making a new friend!

Parents

My mom is special because she has a sense of humour. She takes time to do stuff with me. She understands my troubles and works to make me happy. My mom is the reason I am who I am today. She is super fun!

My dad is special because he is rough and tough and he is super funny. He is the reason I do sport. My dad is caring.

Christopher Rains

My mom is special because she is the only mom that can cook wonderful food. She supports me in all that I do. I love my mom because she is always happy.

My dad is special because he never gives up. He also spends a lot of money on holiday places, rugby and cricket matches.

Peter Hancock

My mom is special because she is humorous and cool. She is also very generous and gives to the poor whenever she has the chance. She will go to the ends of the world to keep me going.

My dad is special because he keeps our family going. He works long hours so I can be healthy and he will do all he can to protect me. He is a very nice man who loves me.

My Sheep Pig Book Review:

I enjoyed the book because it has taught me and perhaps some of my friends to not judge a book by its cover, to achieve my goals and to try my best.

I really enjoyed the part where Babe protected his sheep friends from the rustlers and that taught me to help my friends in need. I want to tell my family members to read this amazing part at Christmas.

The characters I liked best were Ma and Babe because they were the leaders of the animals on the farm and they were kind, helpful and cared about the farm.

I recommend this book to other children of my age because: they will find the book interesting and when we are adults we will look up to this book and remember how wonderful the book was to us in Grade 4.

Contagious Laugh

One day I was sitting in class doing maths. All of a sudden, from the back of the class, came a huge laugh. It was Odi Mokoro laughing. Someone had fallen off their chair. Next thing you know, Odi starts laughing. This is the contagious laugh of my friend.

Odi is very short like me. He likes soccer very much. One day he wants to be a professional soccer player. He plays mid fielder, and scores lots of goals. One time when we played our first match against Saint Peters, we both scored very good goals. We beat them 5-2. He plays for Old Parks under twelve B team, but he is an under eleven. This year he will go to England for soccer.

Odi has a sister, a brother, a father and a mother. I have never been to his house before, but might one day. Everyone likes Odi's laugh. They say that hearing him laugh makes them laugh too. His laugh is very loud and very funny. The more he laughs, the more we laugh, and then the more he laughs. He especially laughs when we say words in a funny way. I have a nickname for him and he has one for me. I call him Totsobe, and he calls me A.B.

Odi is a cool guy. Sometimes he makes me laugh so much I get dots. This isn't good, but at least he makes us happy.

Dylan De Nobrega

Joe Who?

Everyone knows him as Joe and anyone who meets him for the first time will notice Joe. He's got that unique look about him. His name is Joseph Sabbagh. He is 11 years old and is in grade 5E at St David's Marist Inanda. He has got a very good personality and he is always calm in every situation. Even when he's supposed to be angry, you can't really tell. He is always calm and collected.

Joseph is playful but yet clever and creative in class. He is one of the top students in class. I can describe him as a master of all trades. Most things just come easy to him without even trying hard. He swims like a duck, he runs like wind and he has got a very good ball skills. He makes friends very easily as a result he is friends with lots of guys at school.

His favourite sport at school is soccer. He is also good in athletics and he is in a swimming team. His local favourite soccer team is Kaiser Chiefs and his favourite overseas soccer team is Chelsea. He is one of the fastest guys in the grade. All I can say about Joe is that he is a very good sportsman and I see him going far in life. If he likes something, he gives it his all.

Wandile Bhembe

The Sports Fanatic

He loves soccer! He's crazy about soccer! that's one way of describing Wandile. Wandile is good at soccer, he is so good that he is in the first team at school

and for his club, Beaulue Tigers which is in Midrand. Actually, Wandi is a good sportsman. He is also good at cricket and is in the B team which is good considering that he does not enjoy it, at least that is what he told me. Last year Wandi played touch rugby with me but this year he said that he is going to play full contact rugby. This is a surprise to me because he is so skinny. Mr Wa, as I like to call him is not that good at swimming but he tries.

Mr Wa looks like any ordinary eleven year old. He has black hair and a small nose, he says his nose looks like a bull's nose. He has brown eyes and very light brown skin which just lights up his whole face.

Wandi has an interesting personality. He is an introvert at school but at home he is an extrovert - weird don't you think? Wandi is a thoughtful guy. If I were to say to him that I forgot my lunch at home, he would (without me asking) give me some of his lunch which is what a good friend would do. Mr Wa is a funny guy sometimes, well mostly at his house he says things that are funny without trying to be. You should meet him one day.

Mokgosi Mothibi

I have a crazy friend

One of the strangest things about my friend is that he likes school. He's actually a fan of school. He has to be a Liverpool supporter to be that mad! My friend's name is Ewan Thorpe. Ewan is funny, crazy and makes everyone laugh by making up funny languages and speaking them with a funny accent.

He is a fan of Liverpool, Barcelona and a team he made up – they play every single sport he can imagine in his head. Ewan likes soccer, cricket and Ewan Ball. Ewan ball is a game like stingers - as you can see Ewan likes making up things. Ewan is also an amazing swimmer.

Ewan is very tall and has big ears. He has brown hair and eyes. He is very chicken like. Ewan acts like a spastic chicken, always running around making funny noises. Ewan is very skinny even though he eats like a horse.

The stupidest thing Ewan has ever done is to hit himself in the head and cracked his head open. I like my friend Ewan. He's a great friend to have.

Connor Greyling

Tall Boy!!!!!!

War!! It's what Chris loves to play. War is a thing that inspires Chris to be what he is today. He has an annoying sister who is tall for her age in fact their whole family is tall. He has brown hair, apparently no glasses and has big ears.

If you make him angry he might just jump on you and hit you like crazy. If you get him the idea of wedgies well you better run for your life! The games he likes are: Dawn of War, RuneScape, Battlefield 2, Command and Conquer and Age of Empires Asian Dynasties. He is very good at computers which explain all the games he plays. He loves reading and if you ever see

him he might be walking and reading. Hopefully he might hit a tree or something or better yet fall into a swimming pool.

Shane Liou

Jethro the great goalie

The ball is travelling through the air, it looks like it may be unstoppable but no, the keeper gets a glove to it! The person I am speaking about is my best friend Jethro who is in the same class as me at my school, St David's Marist Inanda. You might mistake Jethro for me because he is also blonde and everyone we know thinks we are brothers as we look similar except he is much skinnier than me. That is probable because he is a vegetarian and a fussy one at that.

Jethro plays goalie for club and school. He is A team keeper for club and I would hate to play without him in the goals. He comes first in class for most subjects and when my gran was reading the weebly site she said she doesn't want to see Jethro's name as the prize winner for every subject. It is about time I get a few says my gran.

Jethro reads a lot like me and also reads the same books as me. The only series he doesn't like that I do is the Percy Jackson series. We both like joke books and the Harry Potter series. I am glad he lives down the road from me because now I get to see a lot of him. We often play at each other's houses.

We sit next to each other in every class except for Afrikaans and Mr Eyeles, our teacher's class where he sits next to Christopher Skinner. Jethro has a good sense of humour, he is cool and he is a loyal and caring friend.

Amazing Place

During the first week of the holidays I was invited by Jason Lawrenson and his Mom Helen, to a farm in Doorinkop. The farm had lots of hills, two waterfalls, a river and lots of game and birds. It was very wild and beautiful and so nice to be out of the city.

We went on lots of game drives in the morning and saw a lot of game. We saw giraffe, zebra, kudu, blesbok, gemsbok, wild pigs, and lots of other small buck and animals. One day when we were hiking, we were bitten by lots of ants and we also cut ourselves on the rocks when we were climbing. Luckily there were aloe plants and we could heal our sores.

We also went horse riding and went up the hills and in the rivers which was really exciting. One day we went to a waterfall and decided to go for a swim. The water was freezing, but we still swam and played in the water. We climbed up the rocks and jumped into the water. We also skipped stones across the water. It was a lot of fun.

On the way back we saw a naughty wild pig and had to walk past very slowly so it would not chase us, it was a bit scary. We also used to go riding on our bikes, it was so nice to be able to just ride anywhere and to see the animals and ride on sand roads and

in the bush. At night we would make a fire and sit around it and roast marshmallows and have drinks. We were always laughing and playing and it was one of the best holidays that I have ever had.

I'm not always happy

My teacher thinks I am always happy (it is his opinion). I hate to break it to you I actually do get sad. I am sad when ever my mom gets angry. I feel she sometimes is not always fair. My mom has what you call selective hearing (according to my dad and me) and on top of that, she is stricter than what Hitler ever could have been. I do believe that she would have been a very good sergeant major. She sometimes unfairly shouts at me when my sister did all the nonsense. In my opinion that's not really fear!! I shall now tell you the main reason why my mom, as she would say, will one day, burst a blood vessel in her head of anger. She cannot stand human beings that waste their time and apparently that is I, when she gets home in the evenings and my homework has not been finished. Oh and lets not forget, watching T.V and playing play station, is the worst sin to commit in our house hold!! How terribly unfair is this not! In fairness to her, we are allowed to watch T.V and play station when we have friends over. This is why I cannot live without having friends over.

Jurgens Swart

Be Happy

I am happy when everybody is happy and laughing. But let me tell you, I only laugh at things that are funny. I used to be happy when we used to play games and watch funny videos on Fridays in class. Sometimes in class someone will say something funny and we all laugh including Mr Eyles. We don't play games that much anymore because some boys can't behave. We just watch funny videos now. I am happy when we are all having fun playing in and outside of classroom. I am also happy when I get good marks on my report and make it to a good team in cricket, soccer and rugby.

I am happy during school holidays when I play my play station games and ride my bicycle with my friends. I also enjoy holidays by the beach because I can swim all day long without worrying about my school work. I am happy to spend my holidays with my brother and my parents. On my birthday party I get lots of gifts and most of my friends celebrate with me. This brings me real happiness. My birthday comes a day before that of Mr. Nelson Mandela that brings happiness to all people in our country. I am also happy when I give clothes and shoes to the needy children. This helps me to be responsible and care about others. I worry less because I want to be happy most of the time - be happy!

Happiness

I am the most happy when I play soccer outside in the garden, when there is practice and matches. I also love swimming in summer. They are my favourite sports and I really enjoy them. I now like rugby too. My favourite time is school holidays when I see my friends, go ten pin bowling and go to movies and don't have to wake up early in the morning or do homework which I am doing now!!

The subjects at school that make me happy are, Geography, History, Art, PE and Music, because they are creative, planning, looking into the past and physical. I really like playing with my friends at break and also doing sports with them after school.

I like it when my Dad does not have to go away for work because then we are all together as a family. I love it when we have family lunches with my Grandparents and my Aunt, Uncle and cousins and special friends, it is always noisy and busy and lots of fun. I am actually happy every day because I have very special parents that love me, I go to the best school, have lots of friends and two very cute Jack Russels that are always very happy when I come home every day.

Happy Moments

I get very happy when I am sitting on the grass waiting for my line to go as fast as lightning, having the fight of my life as I reel in a monster of a fish. Once when I went fishing in Botswana, I caught thousands of small Tiger Fish, they were between 2.3Kg and 2,9Kg.

Early on the third morning of our holiday, we were trying to talk silently and you know how hard that is! We had caught so many fish that the bottom of the boat, that it looked like a mass of shifting silver. Then for a second, after all that action, everything went completely quiet. I was concentrating hard on my rod, when my father gave me a huge fright! He slapped a Tiger Fish onto my shoulder; I jumped out of my skin and gave a yell. Just then my reel started going berserk. Then, my father's friend grabbed me, stopping me from flying overboard.

I fought for half an hour, then, the fish made a smart

GRADE 5

decision! By running into the reeds the fish tried to escape. It fought bravely but couldn't let him do that, or my line would be messed up for sure.

I felt the fear raging up through my body, then I made a fierce strike and he turned around. I fought for another fifteen minutes. Finally, I reeled it in. I was so weak that I fell in the bloody water, at the bottom of the boat. I was so pleased I caught such a beautiful fish; it was a 5Kg Tiger Fish. Everybody was shocked! I caught such a big fish and that it made me famous for a few days. In fact mine was the biggest catch of the trip.

When I was Younger

The day had finally arrived when I was going to do my first cycle rally. I had just been invested as a cub and this was my first official competition as part of the River trail troop. I had set my alarm to go off at 4:30 am because I didn't want to be late for the 8 o'clock roll call. It was a cold winter's morning so I made extra sure that I was wearing enough layers of clothes to keep warm. After battling to get my bike into my mom's sports car we finally managed and headed off to Delta Park. We arrived with plenty of time to spare. There were lots of cubs from all over the country and I was excited to get started.

8 o'clock drew closer and closer and before I knew it, I had my helmet on, I was at the front of the queue, I had been given my number and I was set to go and impress my cub master and the other cubs.

The whistle blew and I was off the cold wind blowing in my face. I was first a distance from the others my heart was pounding and my hands were sweating. I was doing it, I was winning I could see the finishing line. This was my big moment. My chance to show my skill WHEN! out of the blue the unthinkable happened. My worst nightmare started to come true my bike started to shudder and shake it seemed to have a mind of its own.

No matter how hard I try to steer it. My bike was heading straight off the track 1 2 3 4 boys sped past me. Before I knew I was flying through the air holding only onto my handle bars which had now come off my bike. As I landed on the ground my heart sank, my dream had been crushed, I had come first, first from the back.

The Real Me

My family is good and loyal. They do the right things and help others in need. My dad works hard and my mother is the one who stays at home and looks after us. My sister is going to University and my brother is in Grade 9 and he plays waterpolo.

My dream is to be a ranger or a vet because I want to help the animals from getting poached and to help animals from getting sick or hurt.

I will be working, when I'm older, in a business to help my family. I would like to be working with animals and with nature and that is to be a ranger.

One thing that I would change in the world would be corruption because I think our country is going backwards. Maybe in five years' time from now South Africa might be like Zimbabwe, and maybe we will be forced to fight for freedom from those corrupt officials.

I love cricket because it is a team sport. I love nature because it is beautiful and the power of it is astonishing. I love waterpolo because there is a lot to do and you have to swim really hard.

I fear being high up and looking down. It makes me scared and it feels like I'm going to fall.

I hate bullies because they upset other people and they don't care about other people's feelings. I especially hate people who say horrible words to make other people sad about themselves. I also hate people that kill animals, especially the Rhino

poachers, they should go to jail forever! People who litter just make our planet worse and they create pollution which is killing our world.

From black and white to colour and sound
There is laughter, laughter all around
From Bollywood to Hollywood it's all there
Then it must be everywhere
Famous movies like "Sorcerer's Apprentice"
From all the popcorn they eat
they'll need the dentist
From the blood in the movie "Red"
Some people can't go to bed
Come to cinema and included you will see

Feather

I've got a cat called Feather
Who was given to me by Heather
He's a very grumpy cat
Who always sleeps on the mat
He's covered with fur
And when I stroke him he loves to purr

Feather loves to eat
But if he eats too much he gets into a mood
He hates our neighbours
And their old cat Wally
Also their black Labrador who goes by the name of
Molly

Feather just hates those two
Too bad they hate him too!
When Wally comes inside, Feather will not hide
But when Molly comes inside
Feather runs upstairs and cries and cries and cries!

Feather is a funny cat
Who always sleeps on the mat
We love him so very much
Even though he hates to be touched!

Adults

Adults are so mad, they started the World Wars and
how do they come up with all these mean school laws!

They think they're so big bossing us around acting like
kings with their great big crowns.

They never stop talking actually thinking that we care
but if we're caught not listening they'll give us the
stare.

Adults are heartless their hearts stone cold they're also
very old I'm so surprised they haven't began to mould!

Adults aren't always mean sometimes even nice but
don't ever hug them you might get head lice!

It's like they forgot they were children once but I don't
think they know but who can actually blame them that
was about twenty centuries ago!

At then end of the day I guess adults are OK but what
worries me the most I might be like them one day!!

Here he comes, down the hall,
Big, strong and tall.
People scream from everywhere,
They back away with an awful scare.
If he comes for you, you're in trouble,
He'll leap up and squish you like a BUBBLE.

He'll flick you so hard on the ear,
That to your eyes it will bring a tear.
With a dreadful, evil grin,
He bends your arm like a thin piece of tin.

My Concrete Poem

Tornadoes go around and round
and are deadly when
They touch the ground.
Volcanoes hide in plain sight
But when ready can give a deadly fight.
If the ground gives a great shake
You may just be in for an earthquake.
Tsunamis don't give us any warning
But when they strike many are left mourning.
There is nothing we can do
To keep Mother Nature
Away for each and
Every day she
Has her Say!

Prep Cricket Report 2011

Despite fielding slightly less teams in 2011, the usual enthusiasm for cricket remained immense. Time and space were the old enemies, denying boys as much opportunity for match play as they would like. A number of imbalanced mid-week fixtures added to frustrations.

Much time is spent in the blistering sun in an effort to hone the skills of our boys but in particular, patience and discipline are key ingredients that still need to be developed in the boys.

Mixed results were obtained through the age groups. In the 1st XI, Daniel Bregman-Frangos and Ross Ferguson

were consistently successful with the bat and Ferguson was also a standout with his beautifully rhythmic fast bowling. Rowan Mockler, the 1st XI captain also enjoyed success with bat and ball and all three of these boys talents were recognised by selection to the Far North Area team. Here, Mockler's leadership abilities were acknowledged by his selection as the Area captain.

Once again, the 1st XI and Under 11 A tour during the mid-term break in the 3rd term was a highlight of the year, matches were played against Penryn, White River and St. Benedict's. It was all very worthwhile and a fantastic experience for the boys even though watching the rugby World Cup final had to be sacrificed for a long journey back from a very hot White River!
